

Suncrest Nurseries Inc.

Plant Catalog for 2017

This is a comprehensive listing of the plants we expect to offer during the year 2017.

You'll find a slightly different format this year. In the first and largest section, plants are listed in simple alphabetic order. Each entry includes a capsule description, followed by prices for each container size to be offered in 2017. A new inclusion is quart containers, first offered in spring of 2016. All quart prices are "net", shown by an "N" following the actual price. You will also see this notation for a few premium items in other sizes.

Following the main section are listings for plants of three important geographical areas: California, Australia and South Africa. These are followed by listings of specific plant categories that are important components of the Suncrest collection: The bamboos, ferns, grasses and grasslike plants, and succulents. We hope that this new arrangement will make it easier for you to find the plants you're after, along with companion plants for similar climates and landscape uses.

Each section also uses two-letter codes at the left margin of individual entries to mark California natives and plants of other selected geographical origins. California natives, our single most important geographical group, are marked with a CN. Those of other western states are shown by a WE. Plants of the Mediterranean region are marked with an ME. Australian plants have an AU. NZ is used for the plants of New Zealand. And those of South and southern Africa are designated with an SA.

Many plant selections are available only briefly each year, generally during their regular flowering season. There will be additions, as new plants enter the production stream. You will find these in our weekly availability lists. Please call us whenever you have questions regarding future availability, and we'll give you our best estimates.

Name	Description
------	-------------

General Listing, One and Five Gallon Stock

ABELIA

Family: Caprifoliaceae (Honeysuckle Fam.) Plant Type(s): Shrubs
To 6', spreading; gold-variegated leaves.

x grandiflora 'Aurea'

ABUTILON

Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs

'Blushing Belle' TM--staked	SCN. 2"+ soft salmon/rose fls on 3-4' compact shrub.
'Cygnets' TM--staked	SCN hybrid. 2-3" snow white bells are abundant.
'Golden Ballerina' TM--staked	6'+. Wide 3" golden bells in full clusters.
'Green-eyed Lady' TM--staked	SCN. Tall habit. Bright red fls. face out, green "eyes".
'Halo'--staked	Spreading, compact habit, pale apricot bells.
'Lemon Drop' TM--staked	5', v. compact. Dark leaves; bright yellow narrow bells.
megapotamicum 'Teardrop'--stkd.	Erect to 6'. Narrow lvs; pendant red calyx, ylw petals.
'Moonchimes'--staked	Dwarf plant; large, soft yellow flowers.
'Moonlight Magic' TM--staked	Dwarf plant; vivid lightest yellow flowers.
'Nabob'--staked	Hybrid with stout stems, large dark lvs, deep red flowers.
'Painted Bells' TM--staked	SCN. Large megapotamicum type. Fls gold, orange-rose. 6'.
^{CN} palmeri	Native shrublet, 2-3'. Furry grey lvs, bright apricot fls.
'Rosa Linda' TM--staked	6'. Vivid "hot rose" fls have dark center, green eyes.
'Savitzii'	Dense, slender-stemmed; cream-variegated lvs. Orange fls.
'Soft Sunrise' TM--staked	4-5'. Flowers open salmon, age to pink. Floriferous.
'Tiger Eye'--staked	6-8'+. Shiny green leaves, pendant orange fls, red veining.
'Twilight Waltz' TM--staked	SCN. Compact. Flaring 3" salmon to soft rose bells.
'Victor Reiter'--staked	To 6'+. Large dark leaves. Huge open bright orange flowers.
'White Parasol'--staked	Large dark leaves, black stems; broad, pure white flowers.
'Wild Child' TM--staked	6'+. Large dark leaves, screaming rose fls, v. floriferous.

ACACIA

Family: Fabaceae (Pea Family) Plant Type(s): Trees and Shrubs
20'. Cascade wattle. V. narrow dk grn long lvs, yellow fls.

^{AU} adunca

Name	Description
^{AU} cognata Cousin Itt PP#25133	2-3' high, 4-6' wide. Draping stems, narrow leaves.
^{AU} howittii	20'. Small dark green lvs, drooping stems. Yellow fls.
^{AU} iteaphylla	Willow wattle. Shrub to 10', very narrow lvs. Yellow fls.
^{AU} redolens 'Low Boy'	1-2'h/10'+w. Firm grey-green lvs, fragrant fls, spring.
ACAENA	Family: Rosaceae (Rose Family) Plant Type(s): Herbaceous Perennials
^{NZ} saccaticupula 'Blue Haze'	Ferny blue grey mat, dark red prickly seed heads, pale fls.
ACANTHUS	Family: Acanthaceae (Acanthus Family) Plant Type(s): Herbaceous Perennials
^{ME} mollis	Bear's breech. Shiny lobed large leaves. White-lav. fls.
^{ME} mollis 'Albus'	Bear's breech. Glossy dark green lvs; white fls, bracts.
'Morning Candle'	Hybrid bear's breech. Dense flower spike, dark green lvs.
^{ME} spinosus	Deep green lvs; pink and white fls, bright red-violet hood.
ACER	Family: Sapindaceae (Soapberry Family) Plant Type(s): Trees and Shrubs
^{CN} circinatum	Vine maple; 12-15'. Dainty leaves, good fall color.
^{CN} macrophyllum	To 35'. CA big-leaf maple. Yellow leaves in fall.
ACHILLEA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
'Appleblossom'	Ferny green mat; flat heads, dark pink fls. age white.
'Crackadoo'	2'. Low feathery green lvs; soft orange fls. turn golden.
'Credo'	30". Low feathery green lvs, heads of lemon yellow fls.
filipendulina 'Coronation Gold'	Fernleaf yarrow; 2-3' stiff stems, heads of yellow fls.
'Hoffnung'	Yarrow. Ferny green mat; apricot fls. age creamy yellow.
x kellereri	6-10"; bright grey stems & leaves, pure white flowers.
'Little Moonshine' PPAF	12-14". Grey leaves, bright yellow fl. heads. Compact.
^{CN} millefolium--Black Butte	White fls. on erect stems, spreading mats. CA seed strain.
^{CN} millefolium 'Calistoga'	2'. Feathery grey lvs, white fls. in broad heads. Spreading.
millefolium 'Cameo'	Common yarrow; peach flower heads age soft pink.
millefolium 'Fireland'	Ferny green mat; flat heads, orange red flowers.
^{CN} millefolium--High Sierra dwarf	Light green ferny lvs, white flowers. CA mtn strain.
millefolium 'La Luna'	SCN selection. Bright soft yellow fls, ferny green lvs.
^{CN} millefolium--Palisades, taller sel.	Green ferny lvs, broad mats; 1-2' stems, white fls.
^{CN} millefolium 'Pink Island Form'	Broad mats; 1-2' stems, bright pink flowers.
millefolium 'Red Beauty'	Dark green leaves; 1-2' stems; dark red flowers.
millefolium 'Red Velvet'	Yarrow. Dark rosy red flowers stay bright; green leaves.
millefolium 'Rosa Maria'	SCN. Deepest rose fls. in flat heads; dark blue-green lvs.
millefolium 'Snowsport'	Common yarrow; dissected leaves, broad flower heads.
^{CN} millefolium 'Sonoma Coast'	Compact, to 12"; bright green lvs, broad white fl. heads.
Moon Dust TM PP#25838	12-14". Soft yellow fls over grey ferny lvs; long bloom.
'Moonshine'	Grey leaves; large yellow flower heads.
'Paprika'	Matting; dark green leaves, 1-2' stems, dark orange flowers.
'Salmon Beauty'	1-2' flower stems; dark pink fading to salmon flowers.
'Summerwine'	Dark green leaves; 1-2' stems; dark red flowers.
'Sunbeam'	Stiffly erect fl. stems to 2', bright yellow flat fl. heads.
'Terracotta'	1-2' fl. stems; grey leaves, orange fls. fade yellow.
^{ME} tomentosa 'King George'	Dwarf yarrow; grey-green mats, cream-yellow flowers.
^{ME} tomentosa 'Maynard's Gold'	Broad carpets, grey-green leaves, bright yellow flowers.
'Weser River Sandstone'	Ferny green mat; dark coral fls. fade cream.
ACHNATHERUM (SEE STIPA)	Family: Poaceae Plant Type(s): Grasses
species	

Name	Description
ACONITUM carmichaelii 'Arendsii'	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials Monkshood. Blue purple hooded fls, late summer.
ACORUS gramineus 'Golden Edge' gramineus 'Licorice' gramineus 'Masamune' gramineus 'Ogon' gramineus 'Pusillus Variegatus'	Family: Araceae (Arum Family) Plant Type(s): Herbaceous Perennials 6-8". Fans of shiny leaves striped green and golden yellow. Sweet flag. To 6". Clumps of green aromatic leaves. Sweet flag. To 12". White striped variegated leaves. Sweet flag; clone with bright yellow variegated lvs. Sweet flag. Dwarf, cream variegated selection.
ACTINIDIA deliciosa 'Tomura' deliciosa 'Vincent'	Family: Actinidiaceae (Kiwi Family) Plant Type(s): Vines Kiwi. Large leaves, cream fls. Male. Fall color. Kiwi. Large leaves, cream fls, fuzzy fruits. Female.
ADENANTHOS ^{AU} cuneatus 'Coral Drift' ^{AU} x cunninghamii ^{AU} sericea ^{AU} 'Silver Haze'	Family: Proteaceae (Protea Family) Plant Type(s): Shrubs UCSC/Koala. 2-3'h/3-5'w. Blue grey lvs, pink new growth. 3-6'. Billowy spreading mound, silvery blue green lvs. Woollybush. 8'+. Silky grey leaves. Orange tube flowers. 4-6'. Silver divided lvs, small red fls spring. UCSC/Koala.
ADENOPHORA 'Amethyst' liliifolia	Family: Campanulaceae (Bellflower Family) Plant Type(s): Herbaceous Perennials 3'. Erect stems with large, bright lavender bell flowers. Ladybells. Campanula ally; tall stems, purple bells.
ADIANTUM ^{CN} capillus-veneris ^{CN} pedatum venustum	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns Southern maidenhair; lacy fronds to 1'+. Five-finger fern; large hand-like fronds. Himalayan maidenhair; lacy fronds to 1'+, semi-evergreen.
AEONIUM ^{ME} arboreum 'Purpureum' ^{ME} haworthii	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials Round red-purple rosettes on sturdy stems. Yellow fls. Pinwheel. 1-2'. Many blue-green 3" rosettes, well branched.
AESCULUS ^{CN} californica	Family: Sapindaceae (Soapberry Family) Plant Type(s): Trees and Shrubs California buckeye. White-pink flower candles in spring.
AGAPANTHUS ^{SA} africanus 'Lapis' ^{SA} 'Batik' ^{SA} Brilliant Blue PP#25966 ^{SA} 'Glowbelle' ^{SA} 'Mood Indigo' ^{SA} orientalis 'Flore Pleno' ^{SA} orientalis 'Henryi' ^{SA} orientalis 'Peter Pan' ^{SA} orientalis 'Tinkerbelle' ^{SA} orientalis 'Winterdwarf' ^{SA} 'Petite Blue' ^{SA} 'Purple Cloud' ^{SA} 'Storm Cloud' ^{SA} Twister PP#25519	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials 1'+. Evergreen, dense. Bright blue fls, long bloom. 30". Medium blue fls with pale interior. 18-20". Semi-evergreen, bright blue fls, summer. Low lvs, vivid blue flowers on 30" stems, midsummer. Stems to 3'+; many deep violet flowers, summer. Deciduous. Full-sized selection; double lavender blue flowers. 18" flower stem, white flowers. Dwarf selection. 1' leaves. Dwarf lily of the Nile. Medium blue flowers on 18" stems. Similar to 'Peter Pan'; cream variegated leaves, blue fls. WGN sel. 6-10" leaves, lavender blue flowers 1' stem. 1'+, low foliage clumps. Vivid blue purple fls. Deciduous. 3'+. Deep purple drooping flowers, summer. Robust hybrid. 4' stems, midnight-blue drooping flowers. 3'. Semi-deciduous. White fls. with blue base.

Name	Description
AGAPETES 'Ludgvn Cross' serpens	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs 3'; narrow, shiny leaves; red-checkered bells. Snakly stems, narrow shiny leaves, bright red bells.
AGASTACHE aurantiaca 'Blue Fortune' 'Burning Rose' cana x rupestris 'Kudos Ambrosia' PP#25614 'Kudos Coral' PP#25613 'Kudos Gold' PP#26410 'Kudos Mandarin' PP#25381 'Kudos Yellow' PP#26563 mexicana 'Sangria' 'Peachy Keen' PP#25886 'Purple Haze' 'Ruby Lights' rugosa 'Golden Jubilee' 'Shimmering Clouds' 'Summer Glow' PP#20980 'Summer Sunset' PP#23623 'Vivid'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials Soft orange fls. on 2' stems, low light green aromatic lvs. To 2'. Purple flushed leaves, dense heads of blue fls. To 2', branching. Clusters of 1" purplish rose flowers. To 2'. Aromatic leaves. Bright pink fls in summer. 20". Orange buds open to pink fls in dense clusters. 20". Dense spikes of vivid coral red flowers. 20". Dense spikes of golden orange flowers. 20". Bright orange flowers in dense spikes. 2'. Bright yellow flowers in dense spikes. Fl. stems to 4'; rosy red fls. Lemon scented leaves. 2'. Spikes of peachy orange fls over aromatic leaves. 3'. Bright blue purple fls in dense heads, lvs/purple flush. 3'+. Narrow grey leaves, clusters of rich rose flowers. 2'. Aromatic golden lvs; dense deep blue purple spikes. Bushy, to 2'; fragrant leaves, copper buds, deep pink fls. 2'. Golden yellow fls in dense spikes, summer-fall. 14". Orange fls in dense spikes, aromatic lvs. 3'+. Mexicana hybrid with deep rose purple flowers.
AGAVE attenuata attenuata 'Ray of Light' PP#21854 'Blue Glow' bracteosa 'Calamar' 'Cream Spike' geminiflora x leopoldii nizandensis ovatifolia 'Frosty Blue' x romanii 'Shadow Dancer' vilmoriniana	Family: Agavaceae (Agave Family) Plant Type(s): Succulent Perennials Fox tail agave, to 4-5'. Pale green leaves. Pale green leaves have cream edge. To 4'. 2'. Single blue rosette, red edges, spine tip. 18" pale green rosette. 3-5' spike, white fls. Slow. 4"high, 12" wide. Blue grey leaves edged cream. 2'. Narrow firm lvs form dense spiky mound. 1'h/w. Lvs edged with curly white hairs. Tight habit. 12-18". Narrow green lvs, central yellow stripe. Green fls. Solitary blue rosette to 3'. 10' fl. spike. 8"h/1'w. Firm green lvs w/dark edges, cream interior. Octopus agave. Large, low fleshy rosettes, flower stem 10'.
AKEBIA quinata 'Alba' quinata 'Rosea'	Family: Lardizabalaceae (Lardizabala Fam.) Plant Type(s): Vines Semi-evergreen vine. 5-parted leaves, fragrant white fls. Semi-evergreen vine. 5-parted lvs., fragrant rose-pink fls.
ALBUCA ^{SA} humilis ^{SA} maxima ^{SA} shawii	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials 1'. Green lvs; upfacing fragrant white bells, green stripes. Sturdy stem to 5'. Green and white bell flowers. 18". Yellow nodding fls. Grassy green low leaves.
ALCHEMILLA mollis 'Auslese'	Family: Rosaceae (Rose Family) Plant Type(s): Herbaceous Perennials 1' hummock of large, round soft green lvs, tiny yellow fls.
ALLIUM ^{CN} unifolium	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Showy native; 1-2' stems, dark pink flowers, spring.

Name	Description
ALOE	Family: Aloeaceae (Aloe Family) Plant Type(s): Succulent Peren., Shrubs
^{SA} arborescens	Torch aloe. To 6'. Spikes of orange flowers in winter.
^{SA} arborescens--yellow fl.	Torch aloe. To 6'. Spikes of yellow fls in winter.
^{SA} 'Blue Elf'	15-18" clump. Blue green leaves, orange red flowers.
^{SA} cooperi	Grass aloe, to 18". Coral fls. in summer, low green leaves.
^{SA} dorotheae	Sunset aloe. To 8", new lvs red/orange in sun.
^{SA} fosteri	2' rosette, streaked green lvs. Fl. stem to 5', orange fls.
^{SA} humilis	Spider aloe. 8" rosette, bumpy grey-green lvs. Orange fls.
^{SA} 'Johnson's Hybrid'	To 1'. Bright orange fl. spikes for many months, spreading.
^{SA} striata	Rosette of wide grey grn lvs; orange fls on 2' spike.
^{SA} striatula	To 5'; clumping; dark green lvs, yellow fl. spikes, summer.
^{SA} 'White Fox'	To 20" h/w. Pale green rosettes streaked shining white.
ALOYSIA	Family: Verbenaceae (Verbena Family) Plant Type(s): Shrubs
triphylla	Lemon verbena. Picturesque trunks, fragrant leaves.
virgata	Erect, 8'+. Narrow lvs, spicily fragrant white fls, spikes.
ALPINIA	Family: Zingiberaceae (Ginger Family) Plant Type(s): Herbaceous Perennials
zerumbet (A. speciosa)	Shell ginger; purple-tinged lvs, white&red fragrant flowers.
zerumbet (speciosa) 'Variegata'	Shell ginger; yellow-variegated leaves.
ALSTROEMERIA	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials
aurea	Stems to 3'+. Golden yellow flowers.
'Casablanca'	Robust, to 3'+. Large white flowers, dark markings.
'Coral Dwarf'	Dense, to 18-24". Large coral flowers, white margins.
'Diana'	Dwarf, to 12-18". Large creamy buff fls, pink markings.
'Henry's Violet'	Florists' type; 2-3'; broad leaves, large bicolored flowers.
'Hermana Chica'	12". Lush lvs, large white fls, pink markings, flush.
hookeri	4-8" flower stem. Dwarf, narrow leaves, broad pink flowers.
hybrid--coral pink	3'. Abundant clusters of bright coral pink flowers.
hybrid--orange with yellow	Vivid light orange flowers, yellow blotch. 3'+.
hybrid--red	3'+. Peruvian lily. Bright red flowers.
hybrid--white w/rose	White flowers, with rose pink blotches, bold striping.
'Indian Summer'	Red and yellow fls. over chocolate brown leaves.
'Jupiter'	Tall, prolific. Large vivid purplish rose flowers.
'Meyer's Red'	To 3'+; lush fol.; large rose-red flowers.
'Meyer's White'	F. Meyer hbd.; large white flowers with black markings.
'Rachel'	F. Meyer hbd; lush foliage; large violet flowers.
'Red Valley'	3'. Vivid orange red flowers, yellow throat.
'Sussex Gold'	3'+h. Large orange flowers w/dk.markings, glossy foliage.
'The Third Harmonic'	Robust, to 4'+; flowers orange & buff.
'Tricolor'	Peruvian lily. Fls. light & dark pink, with yellow.
ALYOGYNE	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs
^{AU} huegelii 'Monterey Bay'	5'. Airy shrub has green leaves, large deep lilac flowers.
ALYSSUM	Family: Brassicaceae (Mustard Family) Plant Type(s): Herbaceous Perennials
montanum 'Tekara'	4"h. Low mat, grey lvs. Bright yellow fls, spring.
ANACYCLUS	Family: Asteraceae (Sunflower Family) Plant Type(s):
pyrethrum var. depressus 'Silberkissen'	Matting daisy; ferny lvs, white fls, red buds.

Name	Description
ANEMANTHELE ^{NZ} lessoniana (Stipa arundinacea)	Family: Poaceae (Grass Family) Plant Type(s): Grasses Graceful, evergreen orange and green grass, 2'+.
ANEMONE hup. japonica 'September Charm' x hybrida 'Honorine Jobert' x hybrida 'Pamina' x hybrida 'Prince Henry' x hybrida 'Queen Charlotte' x hybrida 'Whirlwind' magellanica sylvestris Wild Swan TM PP#23132	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials Japanese anem. 2' flower stem. Sgl. pink-mauve fls. To 3' flower stems. Large white flowers w/pink beneath. Windflower; 2-3'h. stem of double dark pink flowers. Japanese anemone. Rose-red semi-double flowers. Japanese anemone; 2'+h. Semi-double light pink flowers. Japanese anemone. 2'+ flower stem. Semi-double white fls. Clumping, to 1'. Soft yellow flowers, cottony fruits. Snowdrop anemone; white flowers spring-fall. 20". White flowers, blue petal back. Very long blm.
ANEMOPSIS ^{CN} californica	Family: Saururaceae (Lizard's Tail Family) Plant Type(s): Herbaceous Perennials Yerba manza; broad carpets, large white fls. Rhizomatous.
ANIGOZANTHOS ^{AU} 'Big Red' ^{AU} 'Bush Dawn' ^{AU} 'Bush Ranger' ^{AU} 'Bush Sunset' ^{AU} 'Bush Tango' ^{AU} 'Bush Tenacity' ^{AU} 'Cape Aurora' ^{AU} 'Cape Red Lead' ^{AU} 'Dwarf Pink' ^{AU} 'Kiwi Mist' ^{AU} 'Orange Cross' ^{AU} 'Pink Joey' ^{AU} 'Ruby Velvet' ^{AU} 'Tequila Sunrise' ^{AU} 'Yellow Gem'	Family: Haemodoraceae (Bloodroot Family) Plant Type(s): Herbaceous Perennials Kangaroo paw. To 5'+. Red flowers. To 5'. Yellow fuzzy flowers on erect stems. Kangaroo paw. To 1'+. Orange red flowers. Kangaroo paw. 4'. Bright red fuzzy flowers. To 5'. Orange fuzzy flowers, green leaves to 2'. To 2'. Gold & yellow flowers on red stems. Compact clump,sts to 18", yellow fuzzy flowers. 20". Deep red fuzzy flowers over green iris-like lvs. Deep pink fuzzy fls. on stems to 2'. 4-5'. Red stems and buds, green interior on flowers. To 5'. Kangaroo paw; dark green lvs, orange flowers. Kangaroo paw; dark green leaves, pink flowers. Kangaroo paw. 2' leaves, red flowers on 3' stems. 5'+. Orange furry flowers on tall stems. 4-5'. Kangaroo paw, furry yellow flowers.
ANISODONTEA ^{SA} x hypomandarum 'Tara's Pink' ^{SA} 'Strybing Beauty'	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs 4'+. Lobed lvs, bright pink fls. for months. 5'. Bright rosy red fls, dense habit. Long bloom.
ANTIRRHINUM ^{ME} hispanicum 'Roseum' ^{ME} sempervirens	Family: Plantaginaceae (Plantain Family) Plant Type(s): Subshrubs to Annuals 1'. Dense mound; light pink "snapdragon" flowers. Low, dense. Broad grey-green leaves, white "snapdragons".
AQUILEGIA 'Adelaide Addison' 'Black Beauty' ^{WE} caerulea ^{WE} chrysantha ^{CN} eximia ^{CN} formosa 'Maroon Madness' 'Northern Lights'	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials To 2'. Sprays of double blue flowers with white center. Near black, broadly flared flowers on tall stems. Rocky Mountain columbine; blue&white flowers. Golden columbine; 3' flower stems, profuse yellow flowers. Red and yellow pendant fls. over lacy leaves. Western columbine; red & yellow flowers. Robust, to 2'+. Masses of large maroon flowers. Stocky plants. Floriferous. Fls bright blue with white.

Name	Description
'Pink Petticoats'	Graceful, heavy blooming; broad pink & white fls.
sibirica	Fl. stems to 30". Masses of blue purple flowers in spring.
'Snow Baby'	8-12", compact. Large clusters, upfacing white fls.
'Storm Dancer'	Lush, large flowers in shades of maroon, dark purple, blue.
vulgaris 'Woodside Gold'	Columbine. Gold splash leaves, purple/white fls.
x semiaquilegia 'Night Dancer'	SCN. Showy. Dwarf plant, lacy foliage, many purple fls.
ARABIS	Family: Brassicaceae (Mustard Family) Plant Type(s): Herbaceous Perennials
caucasica 'Variegata'	Rockcross. Tight mound variegated lvs, white flowers.
ARALIA	Family: Araliaceae (Ivy Family) Plant Type(s): Shrubs and Perennials
^{CN} californica	Elk clover. To 6'. Wide lush div'd green leaves, cream fls.
ARBUTUS	Family: Ericaceae (Heath Family) Plant Type(s): Trees and Shrubs
^{WE} arizonica	Arizona madrone, to 30'+. Dark green lvs, white to pink fls.
^{ME} 'Marina'	50'+t. Glossy dark green leaves. Pink&white fls, red fruits.
^{ME} 'Marina'--standard	50'+t. Glossy dark green lvs. Pink&white fls, orange fruits.
^{CN} menziesii	Madrone; native tree; white fls, red fruit, cinnamon bark.
ARCTOSTAPHYLOS	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs and Small Trees
^{CN} 'Austin Griffiths'	To 8'h/w. Dense. Greyish green lvs, light pink fls.
^{CN} bakeri 'Louis Edmunds'	To 6'; broad grey-green leaves, deep pink flowers.
^{CN} densiflora 'Howard McMinn'	4-6', bushy; shiny leaves, white & pink flowers.
^{CN} densiflora 'Sentinel'	3-5', bushy; grey-green leaves, pale pink flowers.
^{CN} edmundsii 'Bert Johnson'	To 2'h/6'w. Little Sur manz. Bronze new leaves.
^{CN} edmundsii 'Big Sur'	3-5'. Mounding habit. Masses of white fls. w/pink base.
^{CN} edmundsii 'Carmel Sur'	Fast, dense. 10"h x 6'w, bronzy new foliage, white flowers.
^{CN} edmundsii 'Rosy Dawn'	Manzanita gndcvr., to 12"x6', Taylor intro. Red leaf edges.
^{CN} 'Emerald Carpet'	Compact, prostrate; shiny leaves, white flowers.
^{CN} hookeri 'Bright Beauty'	4-5'h, 8'+w. Bright green lvs, dense mound. White flowers.
^{CN} hookeri 'Buxifolia'	Low, compact, small-leaved selection with white flowers.
^{CN} hookeri 'Ken Taylor'	Prostrate selection 15"h/6'w. Dense habit.
^{CN} hookeri 'Wayside'	3.5' h x 8' w. White flowers, grey-green leaves.
^{CN} 'John Dourley'	Hybrid manzanita; 2'h/8'w. Bronze tint-leaves, pink fls.
^{CN} 'Lester Rowntree'	Shrub/small tree. Purplish trunks, white fls w/pink base.
^{CN} 'Lutsko's Pink'	4-6'h/w. Densiflora hyb. Dark stems, green lvs; pink fls.
^{CN} manzanita 'Dr. Hurd'	Parry manzanita. 10'+; spreading canopy, dark green lvs.
^{CN} manzanita 'St. Helena'	Parry manzanita. To 10'+; stout, wide-spreading, white fls.
^{CN} morroensis	5-6' high, 8' wide. Rounded grey leaves, white fls. Dense.
^{CN} morroensis--compact form	4'. Compact, dense. Small lvs bright grey, white flowers.
^{CN} nummularia--selected form	Low, compact. Round, shiny green leaves, white flowers.
^{CN} 'Pacific Mist'	30" high/10' wide. Narrow grey leaves, few white flowers.
^{CN} pajaroensis 'Paradise'	To 12'. Pajaro manz. Dark pink flowers, bronze leaves.
^{CN} pajaroensis 'Warren Roberts'	Pajaro manz; 6'h/10'w, red new leaves, pink flowers.
^{CN} purissima 'Vandenberg'	3'h/8'+w; bright green leaves, white flowers.
^{CN} refugioensis	To 10'+, upright, bushy. Red new growth. White fls.
^{CN} rudis 'Vandenberg'	WGN sel; bushy, to 5'; bronze tips, pink flowers.
^{CN} silvicola 'Grey Eagle'	Silverleaf manz. 5'+. Chalk grey leaves, white fls. spring.
^{CN} [stanfordiana]	6-8'. Smooth dark trunks, green lvs, pink fls.
^{CN} 'Sunset'	4-5'h/w. Bronze new leaves; pinkish white flowers.
^{CN} uva-ursi 'Green Supreme'	6"h x 8'+w. Dense, with bright green lvs, pinkish white fls.
^{CN} uva-ursi 'Pt. Reyes'	Dark green lvs, 8"h x 10'w. Red fruit. Disease resistant.

Name	Description
^{CN} uva-ursi 'Radiant'	Fast. Light green leaves, 10"high x 10'wide. White fls.
^{CN} uva-ursi 'San Bruno Mountain'	Low, spreading. Thick leaves, pink flowers, large berries.
^{CN} uva-ursi 'Tom's Point'	Lush habit, dark shiny leaves, white flowers, red berries.
^{WE} uva-ursi 'Wood's Compact'	3-6"h/6'w. Dense, lush. White flowers, deep red berries.
^{CN} viridissima 'White Cloud'	Tilden intro. Sturdy trunks, furry sts, broad lvs, white fls.
ARCTOTIS	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
'Pink Sugar' PPAF	12". Silver leaves, many mid-pink fls, orange center.
Pumpkin Pie PP#14732	12" high. Silver leaves, dark orange fls. Long bloom.
'Sun Spot Orange' PP#14667	Mats of silver leaves, red orange daisy flowers.
ARISTEA	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{SA} dichotoma	Iris-like leaves; mound to 12", bright blue fls for months.
^{SA} major	Iris-like leaves; bright blue fls. on 5-6' stems, summer.
ARISTIDA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{WE} purpurea	Clumps w/narrow blue-green lvs., airy purplish fls.
ARMERIA	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Herbaceous Perennials
maritima 'Bloodstone'	Sea pink. Lush green mat, dark rose flowers.
^{CN} maritima--native form	Low grassy mound; light pink fls. in round heads.
maritima 'Rubrifolia'	Low cushion with burgundy lvs. in winter, pink spring fls.
'Pink Lusitanica'	6-10", compact. Balls of deep pink flowers atop 6" stems.
ARONIA	Family: Rosaceae (Rose Family) Plant Type(s): Trees and Shrubs
melanocarpa 'Viking'	Black chokecherry. 4-6'. Large dark fruits. Suckering.
ARTEMISIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs and Perennials
^{ME} absinthium 'Huntington'	Wormwood. To 3'+. Shiny silver aromatic divided lvs.
^{CN} arbuscula	Low sagebrush. Mounding shrub to 12", grey-white leaves.
^{CN} californica 'Canyon Gray'	Low, spreading California sagebrush. Aromatic silver leaves.
^{CN} douglasiana	Mugwort. Aromatic green lvs w/white undersides. Spreading.
^{ME} pedemontana	Small scale flat mat with silky silver, furred leaves.
'Powis Castle'	To 3'+, spreading; large grey, dissected leaves.
^{CN} pycnocephala 'David's Choice'	Sandhill sage; nearly prostrate; furry white foliage.
schmidtiana 'Silver Mound'	Matting perennial; soft, silvery leaves.
'Sea Foam'	18"h/2'w. Subshrub with silvery, tightly interlaced wiry lvs.
^{CN} tridentata var. vaseyana	Sagebrush. This form to 4', bushy, silvery foliage.
ARUM	Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials
^{ME} palaestinum	Calla relative; to 18"; large dark lvs, deep maroon spathe.
ARUNDINARIA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
gigantea	Canebrake bamboo. Eastern U.S. native to 15', lush leaves.
ARUNDO	Family: Poaceae (Grass Family) Plant Type(s): Grasses
donax 'Golden Chain'	5-7'. Lush erect grass, gold edge, green center leaves.
ASARUM	Family: Aristolochiaceae (Birthwort Family) Plant Type(s): Herbaceous Perennials
^{CN} caudatum	Wild ginger; carpets of heart-shaped leaves, dark fls.
^{CN} lemmonii	Wild ginger from Sierra. Low dark green lvs; chocolate fls.
splendens 'Quicksilver'	Large leaves mottled silver; red purple fls.

Name	Description
ASCLEPIAS curassavica--gold curassavica 'Wildfire' ^{CN} eriocarpa ^{CN} fascicularis ^{CN} speciosa tuberosa	Family: Asclepiadaceae (Milkweed Family) Plant Type(s): Herbaceous Perennials Milkweed. 3' flower stems, golden yellow fls. Scarlet milkweed. Red flushed lvs. Dark red & yellow fls. Woollypod milkweed. 3-4'. Broad grey-grn lvs, cream fls. Milkweed. 3'+ slender stems, narrow lvs; white scented fls. 3'+. Large, furry grey lvs, clusters of cream/pink fls. Butterfly weed; 1-2' stems, bright orange heads.
ASPARAGUS ^{SA} densiflorus 'Myers' ^{SA} 'Tidy Tim' ^{SA} virgatus	Family: Liliaceae (Lily Family) Plant Type(s): Fernlike Perennials 2' stiff stems, brushes of needle-like fluffy foliage. 12". Tight green fluffy tufts. Compact groundcover. 3'. Feathery evergreen perennial, smooth stems. Spreading.
ASPHODELINE ^{ME} lutea	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials 2-4' stems; narrow, drooping leaves; yellow starry flowers.
ASPIDISTRA elatior 'Milky Way'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Durable dark green lvs have white spots, streaks.
ASTELIA ^{NZ} banksii ^{NZ} chathamica 'Silver Spear' ^{NZ} nivicola 'Red Gem'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Clumping, with long, narrow silver lvs; spikes, creamy fls. Clumping, to 4'; silvery sword-shaped leaves. Clumping, with silky bromeliad-like leaves.
ASTER ^{CN} chilensis 'Point St. George' ^{CN} chilensis 'Purple Haze' x frikartii 'Moench' tataricus 'Jindai'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Low California aster, spreading. Lavender fls. SBBG intro. To 2'. Bright lavender fls in fall, spreads. Bushy, to 2'. Large lavender blue flowers, summer-fall. Big leaves, broad heads of lavender fls in fall on 4' stems.
ASTERISCUS ^{ME} 'Gold Coin'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Clumping daisy; dark, narrow leaves; golden flowers.
ATHANASIA pinnata	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs 3-4'. Stiff stems, finely divided grey lvs, lime fl. heads.
ATHYRIUM 'Ghost' 'Godzilla' niponicum 'Ursula's Red' niponicum var. pictum	Family: Athyriaceae (Athyrium Family) Plant Type(s): Ferns 30". Upright silvery fronds mature grey. Hybrid. Deciduous. 3'h/6'w. Erect silvery fronds. Hybrid of Jap. painted fern. COPF. Painted fern; 1' red-purple, green + silvery fronds. Painted fern; 1' purple, green + silvery fronds.
ATRIPLEX ^{CN} lentiformis ssp. breweri ^{CN} lentiformis 'Naomi'	Family: Chenopodiaceae (Goosefoot Fam.) Plant Type(s): Shrubs Quail bush. To 7'. Silvery lvs on arching stems; good hedge. To 7'. Great hedge, especially large silver leaves.
AUCUBA japonica 'Mr. Goldstrike'	Family: Garryaceae (Silktassel Family) Plant Type(s): Shrubs 6'. Green lvs heavily speckled with gold. Shade.
AZALEADENDRON 'Hardjizer's Beauty'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs Bushy, to 4'+; bronze-green leaves, dark pink flowers.

Name	Description
AZARA microphylla microphylla 'Variegata'	Family: Salicaceae (Willow Family) Plant Type(s): Shrubs To 10'+; sprays of slender branches; small shiny leaves. To 10'+; sprays of slender branches; cream varieg. leaves.
BABIANA ^{SA} 'Blue Gem' ^{SA} 'Midnight Strain'	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Baboon flower; dark blue-purple flowers. 18". Seed strain, dark blue to purple flowers, spring.
BACCHARIS magellanica ^{CN} pilularis 'Pigeon Point' ^{CN} pilularis 'Twin Peaks #2'	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs 4" high, 4' wide. Small shiny green leaves, stem roots. 1-2'h/6'w. Dwarf coyote brush. Rounded bright green leaves. 2'h/6'w. Mounding habit. Grey-green leaves.
BALLOTA ^{ME} pseudodictamnus	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs 18"h/w. Dense mound. White flowers, furry grey-green lvs.
BAMBUSA glaucescens 'Alphonse Karr' glaucescens 'Golden Goddess' glaucescens 'Rivierorum' oldhamii textilis tuldooides ventricosa	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Tightly clumping; stems striped with orange & pink. 8'+t. Tightly clumping, with yellowish stems, small lvs. 6-8' high. Arching 1/4" culms, tiny leaves. Clumping timber bamboo; to 40'; large dark leaves. 15-20't. Clumping. Blue-green culms to 2" wide. 8" lvs. 15-40'. Punting pole bamboo, clumping. Green culms to 2" wide. Buddha's belly bamboo; 20-40' high. Culms to 2" diameter.
BAPTISIA australis 'Brownie Points' PP#26624 leucantha leucophaea minor 'Purple Smoke' sphaerocarpa	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials To 3', peren. clump. 3-parted leaves, blue-purple flowers. To 3'. Spikes of caramel brown flowers. To 3', clumping. 3-parted lvs, white flowers, purple base. To 2'. Pale grey-green leaves; creamy yellow fls. spring. To 2'. Spikes of blue fls. in spring make round black pods. 3-4'. Erect clumps have dark stems, purple pea fls. To 3'. Dense erect clumps, spikes of yellow fls, round pods.
BAUMEA ^{NZ} rubiginosa 'Variegata'	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges To 18". Stiff, narrow yellow-striped lvs. Erect, spreading.
BEGONIA boliviensis 'Irene Nuss'	Family: Begoniaceae (Begonia Family) Plant Type(s): Shrubs and Perennials Vivid orange fls in summer on 2' stems. Tuberous. To 6-8'. Dark green lvs; red undersides. Bright coral fls.
BERBERIDOPSIS corallina--staked	Family: Berberidopsidaceae (Berberid. Fam.) Plant Type(s): Vines Shrub/vine with satiny toothed leaves, 1/2" crimson flowers.
BERBERIS darwinii darwinii 'Sunglow' x stenophylla 'Irwinii' thunbergii 'Aurea Nana' thunbergii 'Gold Ring' thunbergii 'Helmond Pillar'	Family: Berberidaceae (Barberry Family) Plant Type(s): Shrubs 5'+. Evergreen, holly-like, dark green leaves, gold flowers. Floriferous. Dark golden orange fls, shiny deep green lvs. To 3' h. Prickly small leaves, gold flowers, blue fruit. 2-3'. Bright golden leaves all season; orange fall color. To 6'. Purple leaves with gold highlit border. Narrow columnar habit to 5'h/2'w. Dark red leaves.

Name	Description
thunbergii 'Rose Glow'	5'+. Pink-variegated new growth matures red-purple.
wilsonii--dwarf	2-3'. Grey green lvs, new lvs pink, red berries, fall.
BERGENIA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
'Baby Doll'	Clumping, with broad lvs; short stems with bright pink fls.
'Bressingham Ruby'	Wide leaves deep red in winter. Rosy red fls, spring.
'Bressingham White'	Saxifrage. Broad mats, large thick lvs, white fl. clusters.
ciliata	Clumping, w/ broad lvs with ciliate margins. Pink/white fls.
emeiensis 'Rose Blush'	Broad shiny leaves; nodding pale pink bell flowers.
emeiensis 'Snow Chimes' COPF	Broad leaves; nodding white flowers age light pink.
'Rotblum'	Shiny red-tinged leaves, red flowers.
'Sakura'	12"+. Large vivid pink fls. Green lvs redden w/cold.
'Silberlicht'	18"fl stem. Shiny round green lvs. White fls. age pale pink.
BERLANDIERA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{WE} lyrata	Chocolate scent daisy. Yellow fls, night blooming.
BERZELIA	Family: Bruniaceae (Brunia Family) Plant Type(s): Shrubs
^{SA} lanuginosa	Buttonbush. Erect shrub, tiny green lvs, round white fls.
BESCHORNERIA	Family: Agavaceae (Agave Family) Plant Type(s): Herbaceous Perennials
albiflora	Trunk to 6'. Shiny green lvs; fl. stems pink, cream fls.
yuccoides	Yucca-like perennial; pink stems, red & green flowers.
yuccoides Flamingo Glow PP#22162	Grey green lvs, yellow ctr. 6' rose pink fl. stem.
BIDENS	Family: Asteraceae (Sunflower Family) Plant Type(s): Perennials and Annuals
'Hawaiian Flare Passion Red'	18"h/3'w. Many cheery red flowers edged yellow.
BIGNONIA	Family: Bignoniaceae (Trumpet Vine Fam.) Plant Type(s): Vines
capreolata 'Tangerine Beauty'	Lush vine with glossy green leaves, orange trumpet fls.
BLECHNUM	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns
chilense	To 3'+. Dark green fronds, creeping rhizomes. Evergreen.
^{NZ} occidentale	1-2'. New fronds salmon pink, spreading clumps.
^{NZ} penna-marina	To 6"h. Bronze new fronds. Small-leaves, carpeting.
^{CN} spicant	Deer fern; dark green narrow fronds+erect fertile fronds.
BOLAX	Family: Apiaceae (Carrot Family) Plant Type(s): Herbaceous Perennials
glebaria	Tight low hard mat; shiny dissected leaves, tiny flowers.
BORINDA	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
boliana	Loose clumps; to 20'+; blue stems, lacy sprays of lvs.
fungosa 'Chocolate'	To 10', fountainlike. Chocolate stems, lush sprays of lvs.
fungosa 'Maroon'	To 10', fountainlike. Maroon stems, lush sprays of lvs.
fungosa 'Oficina'	To 10'+, clumping; fountainlike, with dark stems. Lush.
nujiangensis	To 15'. Slender leaves, stems. Reddish sheaths. Clumping.
BORONIA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} 'Carousel'	6'high, 4'wide. Dark green lvs, rose pink bells. UCSC/Koala.
^{AU} crenulata 'Shark's Bay'	To 3', spreading. Small aromatic lvs, small bright pink fls.
^{AU} heterophylla	3-5', bushy; dissected leaves, dark pink flowers.
^{AU} 'Lipstick'	Vivid rose-purple bells on erect vase-shaped shrub.

Name	Description
^{AU} megastigma 'Hot Chocolate'	SCN. Nodding shiny red brown & yellow fragrant fls.
^{AU} megastigma 'Jack Maguire's Red'	UCSC/Koala. 3-4' tall. 1/2" dark red fragrant fls.
^{AU} megastigma 'Lutea'	2-3'. Fragrant yellow nodding fls in spring.
^{AU} molloyae 'Mother's Day'	4'. Green aromatic lvs, rose red fls in spring.
BOUTELOUA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{WE} gracilis	Blue grama. Leaves to 8". Grey eyelash-like flowers.
^{WE} gracilis 'Blonde Ambition' PP#22049	Blue grama. Lvs to 1', fl stems to 30". Blonde fls.
BOUVARDIA	Family: Rubiaceae (Madder Family) Plant Type(s): Shrubs and Perennials
^{WE} ternifolia	Subshrub to 3'. Soft green lvs, vivid red-orange fls. fall.
BRACHYCHITON	Family: Malvaceae (Mallow Family) Plant Type(s): Trees and Shrubs
^{AU} acerifolius	Australian flame tree, to 40'. Bright red flowers. Tender.
^{AU} populneus	Bottle tree. Green lvs, thick trunk, cream fls, summer.
BRAVOA	Family: Agavaceae (Agave Family) Plant Type(s): Tuberous Perennials
geminiflora	Tuberose ally; 2' stems, orange-red flowers, summer.
BRIZA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
media	Quaking grass; dense green clumps, ornamental fls.
BRODIAEA	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
^{CN} californica	Tall, to 2'. Bright violet flowers spring-summer.
^{CN} elegans	Harvest brodiaea. 8-18" stems; blue purple fls, spring.
BRUGMANSIA	Family: Solanaceae (Nightshade Family) Plant Type(s): Shrubs
'Betty Marshall'	Angel's trumpet. Compact form; large cream-white flowers.
'Charles Grimaldi'	Angel's trumpet; large orange-yellow flowers.
'Ecuador Pink'	Angel's trumpet; large fragrant clear pink flowers.
x insignis 'Pink'	Angel's trumpet. Large pink flowers.
'Jamaican Yellow'	Angel's trumpet. Large golden fls. lighten to soft yellow.
sang. 'Inca Princess' x vulcanicola	Sturdy treelike shrub, with light peachy fls.
BRUNIA	Family: Bruniaceae (Brunia Family) Plant Type(s): Shrubs
^{SA} albiflora	Coffee bush. Erect, w/tight heads, white fls. Great cut.
BRUNNERA	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials
macrophylla 'Silver Heart' PP#24685	Thick silver leaves, green veining. Blue fls.
BUDDLEJA	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Shrubs
alternifolia 'Argentea'	Arching, to 10'+. Narrow grey lvs, short lavender clusters.
davidii 'Attraction'	6-8'h/w. Vivid red violet flowers, long bloom.
davidii 'Black Knight'	Summer lilac; to 10'+; spikes of dark purple flowers.
davidii 'Ellen's Blue'	6-8'. Dark lavender blue fls. all summer; greyish leaves.
x pikei 'Hever'	Spreading shrub; rounded clusters of lilac-pink fls.
x weyeriana 'Honeycomb'	Spreading shrub; roundish heads of golden fls.
BULBINE	Family: Liliaceae (Lily Family) Plant Type(s): Succulent Perennials
^{SA} frutescens	Clumping succulent, narrow green lvs; spikes of yellow fls.
^{SA} frutescens 'Hallmark'	Many trailing stems. Succulent leaves. Orange flowers.
BULBINELLA	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials
^{SA} robusta	Shiny narrow leaves, bright yellow "torches" winter-spring. www.suncrestnurseries.com

Name	Description
BUXUS ^{ME} sempervirens 'Graham Blandy' ^{ME} sempervirens 'Skywalker' PP#22977 ^{ME} sempervirens--variegated	Family: Buxaceae (Boxwood Family) Plant Type(s): Shrubs Very columnar boxwood, 18" wide. Green leaves. 15'h/5'w. Fast growing for a boxwood. Green lvs. Slow, compact English boxwood. Cream variegation.
CALAMAGROSTIS acutiflora 'Karl Foerster' ('Stricta') acutiflora 'Overdam' brachytricha ^{CN} foliosa ^{CN} nutkaensis	Family: Poaceae (Grass Family) Plant Type(s): Grasses Very green grass, erect stems of purplish fls. Feather reed grass. To 2'+; white-variegated leaves. To 30". Bright green lvs., clumping. Yellow in fall. Low blue-green clumps about 1'; arching fl. stems. Pacific reed grass. Wide bright green lvs, clumping, to 4'.
CALAMINTHA nepeta 'White Cloud'	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals 1'+. Soft green aromatic leaves, many tiny white flowers.
CALANDRINIA spectabilis	Family: Montiaceae (Miner's Lettuce Fam.) Plant Type(s): Perennials and Annuals Wide, succulent blue-grey leaves; rose purple fls. summer.
CALCEOLARIA integrifolia	Family: Calceolariaceae (Purse Flower Fam.) Plant Type(s): Shrubs and Perennials 18" subshrub. Bright yellow pouched flowers in summer.
CALLIRHOE ^{WE} involucrata	Family: Malvaceae (Mallow Family) Plant Type(s): Perennials and Annuals Winecup. Spreading, low. Vivid 2" rose purple flowers.
CALLISTEMON ^{AU} 'Cane's Hybrid' ^{AU} 'Little John' ^{AU} 'Mauve Mist' ^{AU} 'Taree Pink' ^{AU} viminalis 'Neon Pink' ^{AU} viminalis Red Alert TM PP#25673 ^{AU} viminalis Slim TM PP#24444	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs UCSC/Koala. To 10', bushy. Pale pink fls. Silky new lvs. Bottlebrush; dwarf, 3' round, dense. Red flowers. Bottlebrush; 6-10'. Mauve-pink brushes in summer. 6-9'. Pink new leaves age to grey. Pale pink fls. 10'. Green lvs, bright deep pink fls. Bottle Pop TM. 6'+. Red new leaves are vivid for months. 6-9' high, 3-4' wide. Narrow form of bottlebrush. Red fls.
CALLUNA vulgaris 'Allegra' vulgaris 'Dark Beauty' vulgaris 'Firefly' vulgaris 'Fort Bragg' vulgaris 'H. E. Beale' vulgaris 'Silver Knight' vulgaris 'Spring Torch' vulgaris 'Velvet Fascination' vulgaris 'Winter Chocolate'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs 18"high/2'wide. Dark green leaves, ruby red flowers, summer. Scotch heather; 10"h/18"w. Dark green lvs, semi-dbl red fls. Scotch heather; 18"h/2'w. Gold/orange/red lvs, mauve fls. 12" high, 18" wide. Golden lvs, orange winter. Lavender fls. Scotch heather; double flowers of soft pink. 18" high, 2' wide. Grey lvs, lavender fls, summer. Upright. Scotch heather. New lvs. scarlet; lav.-pink fls. summer. 20". Soft silvery green leaves, spikes of white fls. Red leaf tips spring, bronze in winter. Lavender flowers.
CALOCEDRUS ^{CN} decurrens	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees Incense cedar, 40'+. Fragrant red bark, sprays of flat lvs.
CALOTHAMNUS ^{AU} villosus	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs 4-6'. Erect stems, soft hairy grey-grn needle lvs. Red fls.
CALYCANTHUS ^{CN} occidentalis	Family: Calycanthaceae (Spicebush Family) Plant Type(s): Shrubs Spice bush; 8' native w/large leaves, dark red flowers.

Name	Description
CALYLOPHUS ^{WE} drummondianus ^{WE} hartwegii 'Texas Gold'	Family: Onagraceae (Evening Primrose Fam.) Plant Type(s): Herbaceous Perennials Low mound. Dark narrow leaves, bright yellow flowers. Low spreading mound; bright yellow fls, narrow green leaves.
CALYSTEZIA ^{CN} macrostegia var. cyclo. 'Candy Cane'	Family: Convolvulaceae (Morning Glory F.) Plant Type(s): Vines and Perennials Coastal morning glory; 2-3" white & pink fls.
CAMELLIA 'Cinnamon Cindy' 'Crimson Candles' forrestii 'Golden Spangles' 'High Fragrance' japonica 'Black Magic' japonica 'Hanafuki' japonica 'Hanami Gasa' japonica 'Holly Bright' japonica 'Kujaku Tsubaki' japonica 'Midnight Magic' japonica 'Osakazuki' japonica 'Shin-akebono' japonica 'Tama Peacock' japonica 'Unryu' ja. v. quercifolia 'Pink Mermaid' COPF ja. v. quer. Pointed red buds, 3" sgl. rose red fls. Red new lvs. To 6'+; small shiny lvs, bronze new growth, frag. cream fls. 6'. Dk green lvs have lt yellow centers. Sgl rose pink fls. Erect habit, glossy lvs, fragrant pink peony-form flowers. Semi-double rose form fls. are dark glossy red. Erect habit. Semi-double, large soft pink cupped fls, shiny green leaves. Snow camellia. Double white rose form, striped rose red. Compact, w/shiny sawtoothed lvs, semi-dbl salmon-red fls. Peacock camellia. Drooping sgl red tubular fls/white mkg's. Large deep red peony form flower. Ruffled petals. Higo type. Single rose pink fls, dark green leaves. Weeping habit; large cupped light pink flowers. Pendulous growth, deep red semidouble fls with pale edge. Contorted stems carry single rose red flowers. 6'+. Unusual "fan tip" dark green lvs; pink fls. 6'+. Unusual "fan tip" dark green lvs; white fls. 8'. Single 2" rose pink fragrant fls, small lvs. Fall blm. Graceful, small-leaved species. Fragrant white bells. Deep pink single fls. Graceful, small-leaved, open habit. Very dark red semi-double fls; small lvs, erect habit. Tea. To 6'+. Dark shiny leaves, small white flowers. Graceful habit; small fragrant pink peony-form flowers. Small peony form fl; lt. pink inner, dark pink outer petals. To 15'+; willowy stems, small shiny lvs, fragrant white fls. Single fragrant 3" fls alternate pink and white petals.
CAMISSONIOPSIS ^{CN} cheiranthifolia	Family: Onagraceae (Evening Primrose Fam.) Plant Type(s): Herbaceous Perennials Beach evening primrose. Matting, with grey lvs, yellow fls.
CAMPANULA 'Birch Hybrid' ^{ME} garganica 'Dickson's Gold' glomerata 'Alba' glomerata 'Caroline' glomerata 'Joan Elliott' glomerata var. acaulis glomerata var. acaulis 'Snowball' poscharskyana 'Alba' poscharskyana 'Blue Waterfall' PP#13161 poscharskyana--dark form poscharskyana 'Lisduggan' x pulloides 'Jelly Bells' PP#20843	Family: Campanulaceae (Bellflower Family) Plant Type(s): Herbaceous Perennials Vigorous, floriferous. Low green clump, purple flowers. Low, clumping. Gold leaves; light blue flowers. Clumping, to 1'. Tight clusters of white flowers. Low green lvs; erect 1' stems w/ tight clusters of pink fls. Large leaves, 1-2' stems, clustered purple flowers. Low, compact; dense clusters of purple flowers. SCN sel. Low, compact; dense clusters of white fls. Serbian bellflower. To 1'h. Near-white star flowers. Serbian bellflower. To 6" h. Lg. blue fls. Serbian bellflower. To 1'h. Dark blue-lilac star flowers. Serbian bellflower. To 1' h. Lavender-pink star flowers. 8". Masses of blue violet bells. Great in pots.

Name	Description
punctata 'Silver Bells'	Purple flushed leaves, low and spreading. Lt. pink bells.
rotundifolia 'Snowy Bells'	SCN sel. Low, slender-stemmed plant, white flowers.
'Sarastro'	Pendant blue purple bells over 2" long; slowly spreading.

CAMPSIS

x tagliabuana 'Madame Galen'

Family: Bignoniaceae (Trumpet Vine Fam.) Plant Type(s): Vines
Trumpet creeper; large red, orange & yellow flowers.

CANNA

Name	Description
'Australia'	5'+. Deep red-purple leaves; vivid orange-red flowers.
'Black Knight'	To 5'+. Dark chocolate leaves; red flowers in summer.
'Blushing Bride'	To 5'+. Green leaves, warm pink fls, fine yellow edge.
x ehemannii	6'. Lush green leaves, pendant dark rose bell flowers.
'Electric Rose'	3-4'. Bright rose pink flowers held over lush green leaves.
'Harvest Moon'	5'+. Lush green leaves; lemon yellow flowers.
'Intrigue'	To 8'+. Purple-tinged leaves, showy orange flowers.
'Jungle Flame'	5'+. Vivid orange fls have narrow petals, lush green leaves.
'Louis Cottin'	4'+. New leaves bronze; apricot fls.
'Mango Melange'	4-5'. Dark green shiny leaves; bright orange red flowers.
'Oiseau de Feu'	To 5'. Large dark green leaves, many bright red flowers.
'Peach Parfait'	To 3'+. Lush green leaves; fls. are shades of peach.
'Pretoria'	To 6'+. Huge yellow-lined leaves, bright orange flowers.
'Ra'	To 5'. Blue-green leaves, bright yellow flowers.
'Red Rocket'	5-6'. Dark green lvs w/ purple veins, flush. Large red fls.
'Red Stripes'	4-6'h. Huge dark leaves, dark red margins. Small orange fls.
'Richard Wallace'	To 5'. Green leaves; bright yellow flowers.
'Rosalita'	5'. Lush green leaves, bright coral pink flowers.
'Spotti'	5'. Wide green leaves; yellow fls speckled red.
'Stuttgart'	5'+. White and green lvs, pale orange flowers. Part shade.
'Sunshine'	5'. Lush green leaves, bright yellow fls, orange flecks.
'Taney'	Water canna. To 6'. Bluish leaves, dark orange flowers.
'Transvaal Beauty'	6'+. Green leaves, bright yellow and red flowers.

CANNOMOIS

^{SA} grandis

Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
Clumps to 10'. Thick erect culms, drooping fine foliage.

CANTUA

buxifolia 'Hot Pants'--staked

Family: Polemoniaceae (Phlox Family) Plant Type(s): Shrubs
6'+; open habit; clusters of vivid "hot pink" tubular fls.

CAREX

Name	Description
^{NZ} albula 'Frosted Curls'	New Zealand hair sedge; silvery green, 1'+ curly pigtail tip.
brunnea (elegantissima) 'Variegata'	To 1'+; dense clumps; cream-yellow varieg. lvs.
^{NZ} comans 'Amazon Mist'	Light creamy green hummocks to 1'. Very narrow lvs.
^{NZ} comans 'Olive Oil'	Reddish hummocks to 1'. Long trailing stems.
divulsa	Eurasian grey sedge; to 2'; deep green leaves.
dolichostachya 'Kaga Nishiki'	Mounding; green leaves have golden edges.
elata 'Bowles' Golden'	Golden sedge. Dense, to 2'+. Yellow leaves, green centers.
flacca (glauca)	Blue sedge; to 1'+; leaves bright blue-grey, spreading.
laxiculmis 'Hobb' Bunny Blue TM	8-12". Evergreen, spreading. Wide blue-green lvs.
morrowii 'Gold Band'	Wide, green leaves with gold edges have firm texture.
morrowii 'Ice Dance'	Shiny green lvs have cream edges; rhizomatous form.
oshimensis 'Evergold'	8-12" fountain. Soft yellow-variegated leaves.
^{CN} pansa	Low, dense, spreading native sedge. Glossy green leaves.

Name	Description
^{CN} <i>praegracilis</i>	Western meadow sedge. Rhizomatous, lawn substitute.
^{CN} <i>spissa</i>	San Diego sedge. Upright blue grey clumps to 4'+.
^{NZ} <i>tenuiculmis</i>	Clumping, 1'h/2'+w. Shiny bronze leaves with red highlights.
^{NZ} <i>tenuiculmis</i> 'Cappucino'	Clumping, 1'h/2'+w. Shiny chocolate lvs with red highlights.
^{NZ} <i>testacea</i>	1'+ sedge. Olive green with orange tips.
^{NZ} <i>trifida</i> 'Rekohu Sunrise' PP#20512	2-3'. Evergreen. Weeping green lvs, gold edges.
^{CN} <i>tumulicola</i>	10". Dark green narrow leaves. Loose mound..

CARPENTERIA

Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs

^{CN} <i>californica</i>	Bush anemone. 6-12'h+w. Bushy. Fragrant white flowers.
^{CN} <i>californica</i> 'Elizabeth'	Bush anemone. 8-12'h. Clusters of many white fragrant fls.

CARYOPTERIS

Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs

<i>x clandonensis</i> Blue Empire TM	3'. Grey-green lvs. Dark blue fls in summer.
<i>x clandonensis</i> Grand Bleu TM PP#17837	3'. Deep green lvs, dk violet fls, summer-fall.
'Good as Gold' PP#26035	3-4'. Gold flushed green lvs, blue fls in summer.

CASSIA

Family: Fabaceae (Pea Family) Plant Type(s): Trees to Annuals

^{AU} <i>phyllodinea</i>	5-6'. Narrow silver leaves, yellow fls in spring.
----------------------------------	---

CATANANCHE

Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials

^{ME} <i>caerulea</i>	Cupid's dart. 2" blue flowers on wiry stems, low leaves.
-------------------------------	--

CEANOTHUS

Family: Rhamnaceae (Buckthorn Family) Plant Type(s): Shrubs and Small Trees

^{CN} 'Blue Cloud'	8-12'h/w. Shiny green leaves; sky blue fls are profuse.
^{CN} 'Blue Ray'	10' high, 15' wide. Dark textured leaves; deep blue fls. SCN.
^{CN} 'Blue Ray'--staked	Broad textured lvs; deep blue fls. SCN. Robust, to 10'+.
^{CN} 'Centennial'	1'+x10'. Small dark leaves, vivid blue flowers.
^{CN} 'Concha'	Arching 6', dark narrow lvs; electric blue flowers, spring.
^{CN} <i>cuneatus</i> --excellent form	Buckbrush. Stiff arching stems, tiny lvs, scented cream fls.
^{CN} 'Dark Star'	6'x12'; small leaves, masses of cobalt-blue flowers.
^{CN} <i>dentatus</i> 'Bluette'	3-5'+, spreading. Small lvs, slender stems, brt blue fls.
^{CN} <i>foliosus</i> 'Berryhill'	3'?; tiny, shiny leaves, small blue flower clusters.
^{CN} 'Frosty Blue'	8'+. Rounded shrub/small tree, blue fls in spring.
'Gloire de Versailles'	To 12'; open habit, large light blue fl clusters. Deciduous.
^{CN} <i>gloriosus</i> 'Anchor Bay'	To 3' h. Dense mound, lg. shiny leaves, lav. fls. in spring.
^{CN} <i>gloriosus</i> 'Heart's Desire'	Pt. Reyes cean.; 6"h/4-6'w, dark shiny leaves, lav-blue fls.
^{CN} <i>gloriosus</i> v. <i>exaltatus</i> 'Emily Brown'	3'h/10'w; mounding; holly-like leaves, purple fls.
^{CN} <i>gloriosus</i> v. <i>porrectus</i> 'Mt. Vision'	1-2' high, 7' wide. Bright blue fls, small lvs.
^{CN} <i>hearstiorum</i>	6"h/10'w. Narrow, textured aromatic lvs, bright blue fls.
^{CN} <i>impressus</i> 'Puget Blue'	To 5'+, spreading. Small puckered lvs, lavender-blue fls.
^{CN} <i>impressus</i> 'Vandenberg'	WGN. 3'. Small-leaved selection. Bright blue flower puffs.
^{CN} 'Joan Mirov'	CA lilac. Dark blue flowers coat 3'h/10'w shrub.
^{CN} 'Joyce Coulter'	4'h/6'w. 3" medium blue fragrant flower clusters.
^{CN} 'Julia Phelps'	6'h/12'w; dense, with small leaves, electric blue flowers.
^{CN} <i>maritimus</i> 'Frosty Dawn'	2'h/3'w. Carpeting habit, greyish lvs., dark blue fl.
^{CN} <i>maritimus</i> 'Pt. Sierra'	2'h/3'w. Carpeting habit, greyish leaves, purple flowers.
^{CN} <i>maritimus</i> 'Valley Violet'	2' high, 4' wide. Vivid violet flowers, compact form.
^{CN} 'Midnight Magic'	3' high/5'+ wide. Dark green leaves, deep blue fls. SCN hyb.
^{CN} 'Owlswood Blue'	10-20'; shiny large lvs; long spikes of rich blue flowers.
<i>x pallidus</i> 'Marie Simon'	5'+. Upright. Bright green lvs; fluffy pink fl. Deciduous.
^{CN} <i>papillosus</i> [x <i>thyrsiflorus</i>]	8' high/wide. Small dark grn crinkled lvs, bright blue fls.

Name	Description
^{CN} 'Ray Hartman'	10-20'; large, dark leaves, masses of blue flowers.
^{CN} 'Ray Hartman'--staked columns	10-20'; large, dark leaves, masses of blue flowers.
^{CN} rigidus 'Sapphire'	4-6'. Dark blue fls coat sturdy branches, spring. Small lvs.
^{CN} rigidus 'Snowball'	Low, mounding; dense growth; small white flowers.
^{CN} 'Starbright'	6'+h/w. Dark grn textured 1" lvs, pink buds, vivid blue fls.
^{CN} 'Sunbird'	To 6'h/10'w. Dark shiny lvs, bright blue fls, heavy bloom.
^{CN} thyrsoiflorus 'Arroyo de la Cruz'	WGN selection; mounding to 5'x10'; blue flowers.
^{CN} thyrsoiflorus 'Bixby Bridge'	To 8' +. Wide green leaves. Bright blue fls.
^{CN} thyrsoiflorus 'Skylark'	5' dome, late bloom, rich blue flowers.
^{CN} thyrsoiflorus 'Snow Flurry'	6-20'; dense growth, shiny leaves, white flowers.
^{CN} thyrsoiflorus var. griseus 'Carmel Creeper'	Spreading to 20'+; large shiny leaves, light blue fls.
^{CN} thyrsoiflorus var. griseus 'Diamond Heights'	1' high/4-5' wide. Yellow varieg. lvs; pale blue fls.
^{CN} thyrsoiflorus var. griseus 'Kurt Zadnik'	5' high, 8-10'wide. Dark green lvs, deep blue fls.
^{CN} thyrsoiflorus var. griseus 'Yankee Point'	3-5'h/8'+w. Dark green leaves, medium blue flowers.
^{CN} 'Tilden Park'	3'h/6'+w. Dark green leaves; medium blue flowers, spring.
^{CN} 'Wheeler Canyon'	4'h/8'w, dense; textured leaves, pink buds, blue flowers.

CENTRANTHUS

^{ME} lecoqii	Family: Valerianaceae (Valerian Family)	Plant Type(s): Herbaceous Perennials
^{ME} ruber 'Albus'	Valerian; bushy, to 3'+;	blue-green lvs, lavender pink fls.
^{ME} ruber 'Coccineus'	Valerian; bushy, to 3'+;	blue-green leaves, white fls.
^{ME} ruber 'Rosenrot'	Valerian; bushy, grey-green leaves,	profuse red flowers.
	Valerian; greyish leaves,	heads of rose pink flowers.

CERASTIUM

tomentosum

Family: Caryophyllaceae (Pink Family)	Plant Type(s): Herbaceous Perennials
Snow-in-summer; fuzzy grey leaves, white flowers.	

CERATOSTIGMA

griffithii

plumbaginoides

willmottianum

willmottianum 'Palmgold'

Family: Plumbaginaceae (Leadwort Family)	Plant Type(s): Shrubs and Perennials
To 2', shrubby; blue-green leaves, sky-blue flowers.	
Dwarf plumbago; 6-12"h, 4'+w. Intense blue flowers.	
Chinese plumbago; 2-4'h/w, dark blue flowers.	
2-4'. Golden yellow lvs, blue fls in summer.	

CERCIDIPHYLLUM

japonicum Claim Jumper TM

Family: Cercidiphyllaceae (Katsura Family)	Plant Type(s): Trees
Katsura tree, to 20'. Golden leaves spring-fall.	

CERCIS

canadensis var. mexicana

chinensis 'Avondale'

^{CN} occidentalis--dark Lake Co. strain

Family: Fabaceae (Pea Family)	Plant Type(s): Trees and Shrubs
Mexican redbud. Wavy edge leaves, dark pink fls in spring.	
To 8't/w. Bright magenta flowers, heart-shaped leaves.	
Redbud; deep colored magenta flowers, bushy.	

CERCOCARPUS

^{CN} betuloides

^{CN} ledifolius

Family: Rosaceae (Rose Family)	Plant Type(s): Trees and Shrubs
Mountain mahogany. To 10'. Striking creamy seed plumes.	
Desert mtn. mahogany. White bark, small green lvs, to 10'+.	

CESTRUM

aurantiacum

x cultum 'Cretan Purple'

newellii

nocturnum

Family: Solanaceae (Nightshade Family)	Plant Type(s): Shrubs
Orange cestrum. Lush foliage, tubular orange flowers.	
6'+. Floriferous shrub; clusters of violet fls. out-facing.	
Sim. to C. elegans; dark purple tinged lvs, deep red fls.	
Night-blooming jasmine. Greenish night-fragrant flowers.	

CHAENOMELES

'Cameo'

Family: Rosaceae (Rose Family)	Plant Type(s): Shrubs
Dwarf, spreading habit; large, soft pink flowers.	

Name	Description
'Contorta'	4-5'. Twisted branches. White & pink tinged flowers.
'Contorta Orange'	To 2'+. Contorted branches, single orange flowers.
'Kurokoji'	Flowering quince. Bushy, with dark leaves, velvety red fls.
'Pink Lady'	Low, spreading. Vivid coral pink flowers in spring.
sinensis	Chinese quince, to 15'+. Lg. pink fls, big fragrant fruits.
CHAMAECYPARIS	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs
^{WE} lawsoniana 'Barry's Silver'	5-6'h/4'w. Feathery, silver white tips/effect. Slow.
^{WE} lawsoniana 'Ellwoodii'	6-8'h/3'w. Dense column, bright blue green foliage.
^{WE} lawsoniana 'Golden King'	10'h/5'w. Golden new leaves in wide flat sprays.
^{WE} lawsoniana 'Imbricata Pendula'	Whipcord Lawson cypress. Slender drooping stems.
^{WE} lawsoniana 'Pelt's Blue'	10'+. Pyramidal form; sprays of deep blue leaves.
obtusa 'Chabo-yadori'	5'+. Dense, upright habit; plumose blue-green leaves.
obtusa 'Fernspray Gold'	5'+. Arching sprays of gold fern-like foliage, dense.
obtusa 'Filicoides Compacta'	6'. Dark green branches in flat, vertical fernlike sprays.
obtusa 'Meroke'	3-5'. Golden new growth, erect form.
obtusa 'Nana'	To 3'. Dwarf Hinoki. Round, slow-growing, dark green.
obtusa 'Nana Lutea'	To 4'. Dwarf Hinoki. Golden new growth.
obtusa 'Wells' Special'	Hinoki cypress; dense, dark green clone.
pisifera 'Cyanoviridis'	Slow, compact; fluffy blue-green foliage.
pisifera 'Filifera Aurea'	8'+. Golden threadbranch cypress. Weeping habit.
pisifera 'Juniperoides Aurea'	3'. Tight golden foliage on dense shrub.
pisifera 'Minima'	Slow-growing, tight; feathery grey-green foliage.
pisifera 'Tea Garden Form'	Dense, upright-oval shrub; feathery yellow-green foliage.
thyoides 'Red Star'	25'. Columnar, blue green in summer, purple in winter.
CHAMELAUCIUM	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{AU} 'Bridal Pearl'	4'. Needle lvs, white fls turn reddish. Great cut flower.
^{AU} 'Catalina'	Waxflower. 4-6'. White flowers. Great for cutting.
^{AU} 'Revelation'	4-6'. Green needle lvs, white fls age mauve purple.
^{AU} 'Southern Stars'	4'. Green needle lvs. White fls turn lavender. Good cut.
CHASMANTHIUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
latifolium 'River Mist' PP#20643	Sea oats. 30". White varieg. lvs, drooping seedheads.
CHEILANTHES	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns
argentea	Silver cloak fern. Dark green fronds, silver undersides.
^{CN} covillei	Rock fern. Dense clumps, fuzzy, much-divided fronds.
lanosa	Rock fern from eastern U.S. Soft fuzzy grey-green fronds.
^{AU} sieberi	Rock fern fr. Australia, New Zealand. Green lvs, dark stems.
^{WE} sinuata	6-18". Narrow dark green frilly fronds. Dryland fern.
CHELIDONIUM	Family: Papaveraceae (Poppy Family) Plant Type(s): Perennials and Annuals
majus	Greater celandine. 1-3'. Green lvs, yellow fls.
CHILOPSIS	Family: Bignoniaceae (Trumpet Vine Fam.) Plant Type(s): Trees and Shrubs
^{WE} linearis 'Purple Splendour'	Desert willow. Rounded. Large shaded purplish pink fls.
CHIMONOBAMBUSA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
marmorea	4-6't. Marbled bamboo. Dense thickets, shiny leaves.
marmorea 'Variegata'	Marbled bamboo. Dark slender stems, narrow variegated lvs.
quadrangularis	20-30't. Square-stemmed bamboo. Dense, shiny leaves.

Name	Description
CHIMONOCALAMUS pallens	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Clumper. Upright, with dark green lvs, new stems blue-green.
CHIONOCHLOA ^{NZ} flavicans ^{NZ} rubra	Family: Poaceae (Grass Family) Plant Type(s): Grasses Tussock grass. To 4'+. Dense dark green clumps, tan plumes. Red tussock grass. To 4'+. Dense red brown clumps.
CHLOROPHYTUM ^{SA} comosum	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Spider plant. Clumps of green lvs w/white edges. Shade.
CHOISYA 'Goldfingers' ternata ternata 'Sundance'	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs 4'. Narrow golden lvs. C. arizonica x ternata hyb. Slow. 6'+. Mexican mock orange. Fragrant white flowers-spring. 6'+. Golden leaves; white flowers in spring.
CHONDROPETALUM (ELEGIA) elephantinum tectorum tectorum--red bract form	Family: Restionaceae Plant Type(s): Restio Allies Dark green clumps to 5'+. Chestnut bracts, dark fls. Tight clumps, dramatic 3-4' rush-like stems, brown fls. 3-4' green stems with especially shiny red-brown bracts.
CHORIZEMA ^{AU} 'Bush Flame'	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs UCSC/Koala. Flame pea; green lvs, magenta & orange fls.
CHRYSOCEPHALUM ^{AU} 'Silver and Gold'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials UCSC/Koala. Low, fast. Grey lvs, round golden fls.
CHRYSOTHAMNUS ^{CN} nauseosus	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs Rabbit brush; 1-2'; silvery leaves, yellow flowers.
CHUSQUEA circinata (Arthrostylidium sp.) culeou 'Bluebird' culeou--typical form cumingii gigantea (breviglumis) mimosa pittieri sulcata	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos 10-15'. Dark stems, brushes of narrow lvs, clumping. Dense clumps; blue stems 10-20', hardier than typical. Dense clumps; stems 10-20'h; brushes of dark narrow lvs. 6-10'. Densely held, short, sharp-tipped lvs, may clamber. To 15', arching. Large leafy sprays along yellowish stems. To 15'. Arching reddish stems, elegant sprays of small lvs. To 30'+. Arching stems, many drooping branchlets, 2" lvs. Clumping, to 15'; long, dark drooping leaves.
CIMICIFUGA ramosa 'Chocoholic' PP#24821 ramosa 'Pink Spike'	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials 2-3'. Bronze/purple lvs, erect stems pink to white fls. 3-5'. Erect pink fl. spikes over purplish lvs, summer.
CISSUS striata--staked	Family: Vitaceae (Grape Family) Plant Type(s): Vines Divided deep green lvs. Glossy dark berries. Evergreen.
CISTUS ^{ME} x aguilarii--aka 'Blanche' ^{ME} x bornetianus 'Jester' ^{ME} x cyprius 'Troubadour' ^{ME} hybridus (corbariensis)	Family: Cistaceae (Rockrose Family) Plant Type(s): Shrubs Upright, to 5'+; leaves w/wavy edges, large white flowers. 3' h/w. Rounded mound; grey green lvs; medium pink fls. 4'. Dark green aromatic leaves, 3" white flowers, red spots. 2-5' mound, white fls. with yellow center, green leaves.

Name	Description
^{ME} hybridus 'McGuire's Gold' PP#24535	2' mound. Vivid yellow leaves. White flowers.
^{ME} hybridus 'Mickie' PP#23024	2' mound. Vivid yellow lvs, irreg. green ctr. White flowers.
^{ME} incanus 'LASCA Select'	3-4'h/5-6'w. Grey leaves, dark pink fls. Dense.
^{ME} ladanifer 'Bashful'	1-2'. Dwarf. Dark green aromatic lvs; lg. white fls.
^{ME} ladanifer 'Paladin'	4'. Dark green aromatic leaves; 3"+ white fls, red spots.
^{ME} x obtusifolius	3' high/wide. Masses of 2" white fls. in spring.
^{ME} x purpureus	Orchid rockrose. 4' compact mound. 3" purple flowers.
^{ME} salviifolius 'Prostratus'	Dense, prostrate rockrose; white fls. bloom spr-summer.
^{ME} 'Santa Cruz'	3' compact, grey-leaved; dark pink 2" flowers.
^{ME} x skanbergii	2-3' mound; soft grey leaves, clusters of pale pink flowers.
^{ME} 'Sunset'	Semi-trailing; greyish leaves, dark pink flowers.
^{ME} 'Victor Reiter'	To 5'h. Erect. Bright salmon-pink fls. have white centers.

CLEMATIS

Family: Ranunculaceae (Buttercup Family) Plant Type(s): Vines and Perennials

'Arabella'	4-6', peren. Dark blue fls. fade lighter. Long summer bloom.
arandii	Evergreen clematis; large shiny lvs, white fragrant fls.
arandii 'Hendersonii Rubra'	Evergreen clematis; masses of light pink fls. in spring.
'Ascotiensis'	Large lavender-blue fls midsummer to fall.
'Blue Angel' TM	Many pale blue 4" fls w/crinkled edges in summer. Prune low.
chrysocoma v. sericea (C. spooneri)	Fine gold hairs on new lvs, profuse white fls, spring.
'Comtesse de Bouchaud'	Bright mauve-pink 4" flowers bloom July-Sept. To 10'.
'Daniel Deronda'	Semi-double blue purple fls, early spring; single fls. fall.
'Diamantina' TM	Double pom-pom blue flowers, spring and fall.
'Diana's Delight' TM	Shaded 6-7" medium blue fls. Spring, fall blm. Lt. prune.
'Ernest Markham'	Hyb. clematis; magenta 4" wide flowers bloom June-Sept.
^{ME} flammula	Lacy leaves, masses of fragrant white flowers, summer.
'General Sikorski'	Floriferous. 6" purple fls, midsummer to fall.
'Gipsy Queen'	Many 6" velvety red-purple flowers, summer-fall.
'Henryi'	6"+ large white fls, midsummer to mid-fall.
'Huldine'	Many 3" cupped white fls, red bar on back, summer-fall.
integrifolia 'Blue Ribbons'	18". Nodding indigo blue fls spring and summer.
x jackmanii	4" profuse dark velvet purple flowers. Jul-Sept.
x jackmanii 'Superba'	4" profuse dark velvet purple flowers. Jul-Sept.
Josephine PP#12912	Mauve-pink w/dark midrib, many smaller segments.
^{CN} lasiantha	Chaparral clem; lacy lvs, clustered white fls, fluffy seeds.
^{CN} ligusticifolia	Virgin's bower. 15'+. White fragrant flowers blm. summer.
'Little Mermaid'	4-6'. Semi-double salmon pink fls, spring, fall. Lt. prune.
mandshurica	Perennial, to 4'+. Masses of small white fls in summer.
'Marie Boisselot'	Long blm; white fls to 8" across, early summer to fall.
'Miss Bateman'	5"+ white fls. Free flowering, compact.
montana f. grandiflora	Vigorous; masses of scented white flowers in spring.
montana 'Mayleen'	20'. Bronze new growth, scented pink fls. in spring.
montana 'Tetrarose'	Purple-tinged leaves; masses of large rose pink flowers.
'Mrs. Cholmondeley'	Classic variety. 7" lavender blue fls, late spring to fall.
'Mrs. N. Thompson'	Compact. 5-6" purple fls. w/rose stripes in spring, fall.
'Multi Blue'	Large dark lavender blue fls. with central doubled tuft.
'Niobe'	To 10'. Heavy flower prod., long season, deep purple-red.
'Perle d'Azur'	Cupped light blue 4" flowers, July-Sept.
Petit Faucon TM	2-3'. Rich blue fls, spring-summer. Non climbing.
'Pink Champagne'	Purple-pink 6" open flowers bloom May-June, Aug-Sept.
'Ramona'	Old favorite. 6" pale blue fls, red stamens. Long bloom.
Rebecca TM	Bright red 5-7" flowers spring and late summer. Lt. prune.

Name	Description
recta 'Purpurea'	4-5'. Red bronze leaves, many white fls, summer. Perennial.
'Rhapsody'	Compact, good in containers. 4-5" blue fls. age darker.
'Roguchi'	To 6'. Blue purple bells spring to fall. Herbaceous.
'Rouge Cardinal'	5-7" velvety deep red flowers, summer.
'Royalty'	5-6" dbl to semi-dbl purplish mauve flowers. Spring, fall.
Sapphire Indigo TM PP#17012	3-4' h/w. Dark purple 4" fls age dk. blue. Long blm.
^{NZ} species--sim. paniculata	Evergreen. Narrow green lvs; many starry white fls, spring.
tangutica	Dense growth; waxy yellow bells in summer, fluffy seeds.
terniflora	Sweet autumn clem. Masses of fragr. white flowers in fall.
'Victor Hugo'	Violet 3" flowers, free flowering. Summer bloom.
'Victoria'	Old favorite. Rosy mauve 5" fls. fade lighter. Summer bloom.
'Ville de Lyon'	4-6" rosy red flowers, pale petal ctrs. Bloom June-Sept.
^{ME} viticella 'Etoile Violette'	Many 3" violet-purple flowers bloom July-Sept.
^{ME} viticella 'Madame Julia Correvon'	Summer-blooming; clusters of dark red flowers.
^{ME} viticella 'Polish Spirit'	Vigorous, many rich purple-blue 2" fls midsummer-fall.
'Vyvyan Pennell'	Double lilac-lav. blue fls in spring, sgl fls. late summer.
'Will Goodwin'	6" lavender blue fls. w/wavy margins, early summer-fall.

CLERODENDRUM

ugandense

Family: Lamiaceae (Mint Family)

Plant Type(s): Trees, Shrubs, Vines

Upright, to 5-10'. Glossy leaves, blue & violet flowers.

CLEYERA

japonica--staked

Family: Theaceae (Tea Family)

Plant Type(s): Shrubs

To 10'; large, shiny lvs. Small, ivory, v. fragrant flowers.

COLEONEMA

^{SA} album

^{SA} pulchellum

^{SA} pulchellum--compact form

^{SA} pulchellum 'Danny's Gold Sport'

^{SA} pulchellum--magenta flower

^{SA} pulchellum 'Sunset Gold'

Family: Rutaceae (Rue Family)

Plant Type(s): Shrubs

To 5'. White breath of heaven. Fragrant leaves, white fls.

Breath of heaven; fine, fragrant foliage, pink fls.

Breath of heaven. Bushy, low; fragrant foliage, pink fls.

Breath of heaven. Semi-upright, yellow-leaved.

4-6'. Fine fragrant green leaves, darker pink flowers.

Pink flowers, golden foliage forms low, spreading mound.

COLOCASIA

esculenta 'Black Magic'

esculenta 'Fontanesii'

esculenta 'Illustris'

Family: Araceae (Arum Family)

Plant Type(s): Tuberous Perennials

6'. Darkest stems and leaves; new leaves green, dark veins.

Incredible aroid with black stems, huge purple-tinged lvs.

Imperial taro. Large dark leaves, vivid green veins, stems.

CONVOLVULUS

^{ME} cneorum

^{ME} mauritanicus

Family: Convolvulaceae (Morning Glory F.)

Plant Type(s): Shrubs, Peren., Annuals

Bush morning glory; silvery leaves, white flowers.

Ground morning glory; many lavender blue flowers.

COPROSMA

^{NZ} 'Evening Glow'

^{NZ} kirkii 'Variegata'

^{NZ} 'Pina Colada' PP#21032

^{NZ} 'Plum Hussey' PP#22572

^{NZ} repens 'County Park Red'

^{NZ} repens 'Marble Queen'

^{NZ} 'Tequila Sunrise' PP#18392

Family: Rubiaceae (Madder Family)

Plant Type(s): Shrubs

4'+. Glossy golden lvs. flush bright pinkish red in winter.

Cream edged light grey green lvs. on spreading stems.

To 4'. Wavy golden lvs with red-orange edges. Glossy.

3'. Lime new lvs turn shiny plum purple. Dense.

3'h/w. Very glossy red leaves; great foliage plant.

3'. Broad shiny green leaves with irregular white edging.

4'+. Shiny leaves green, orange, burgundy, bronze.

CORDYLINE

^{NZ} australis 'Jive' PP#25123

Family: Liliaceae (Lily Family)

Plant Type(s): Trees and Shrubs

7-8'. Green lvs with lime yellow center.

Name	Description
^{NZ} australis 'Sundance'	Striking green leaves have pink midrib, suffused pink base.
^{NZ} australis 'Torbay Dazzler'	20'+. Bronzy green lvs with wide creamy edges.
^{NZ} Cherry Sensation TM	To 6'. Rose pink narrow leathery leaves.
^{NZ} Design-a-Line Burgundy PP#24764	2-3'. Mounding, with dark purple shiny leaves.
^{NZ} 'Polka' PPAF	6'. Narrow weeping lvs pinkish caramel then olive to grn.
^{NZ} Renegade PP#18605	2-3'. Mounding, wide shiny dark purple leaves.
^{NZ} Salsa PP#26154	5', mounding. Bright rose narrow lvs, dark grn center.
COREOPSIS	Family: Asteraceae (Sunflower Family) Plant Type(s): Subshrubs to Annuals
auriculata 'Nana'	5-6"h/2'w. Bright orange-yellow flowers.
^{CN} gigantea	Thick trunk to 4'+ topped by lacy green lvs, yellow daisies.
grandiflora 'Early Sunrise'	Bushy, to 18". Many large bright yellow flowers.
grandiflora 'Heliot'	8". Bright cheery yellow daisy fls, red center.
'Mercury Rising' PP#24689	12-18". Velvety rosy red flowers, long bloom.
verticillata 'Grandiflora'	To 2'h. Divided foliage. Profuse golden yellow flowers.
verticillata 'Moonbeam'	Threadleaf coreopsis; pale yellow flowers in summer.
CORNUS	Family: Cornaceae (Dogwood Family) Plant Type(s): Trees and Shrubs
alba 'Argentea Marginata'	To 5'+, spreading. Broad cream-margined leaves, red stems.
^{CN} glabrata 'Wintun'	6-8'. Slender purple stems, dark grn lvs, purple fall color.
sericea (stolonifera) 'Flaviramea'	8'+h. Yellowtwig dogwood. Large yellow leaves-fall.
sericea (stolonifera) 'Hedgerows Gold'	To 5', spreading. Green & gold lvs, pink/red fall.
sericea (stolonifera) 'Isanti'	Creek dogwood. Red stems, bright green leaves.
CORREA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} alba var. pannosa 'Western Pink Star'	UCSC/Koala. Furry lvs; light pink starry fls.
^{AU} backhouseana	6'. Dark green leaves, dense. Light green/yellow fls.
^{AU} 'Dusky Bells'	1-2' high, 4-6' wide; dense foliage, coral-pink flowers.
^{AU} glabra 'Coliban River'	3-4'. Shiny green leaves, light yellow bells. UCSC/Koala.
^{AU} 'Ivory Bells'	4-5'. Australian fuchsia; bushy habit; cream flowers.
^{AU} pulchella 'Pink Eyre'	UCSC/Koala. 2-3'. Greyish leaves, large clear pink bell fls.
^{AU} pulchella 'Pink Flamingo'	UCSC/Koala. 2-3'. Small dark leaves, intense "hot" pink fls.
^{AU} 'Ray's Tangerine'	UCSC/Koala. Dark green leaves, pretty orange bells, compact.
^{AU} reflexa 'Kangaroo Island'	4'. Erect habit, dark olive green lvs, red fls. UCSC/Koala.
^{AU} 'Sister Dawn'	Ray Collett hybrid, 3-4'; large pink & yellow flowers.
^{AU} 'Wyn's Wonder'	2-3'h/4'w. Yellow-varieg. leaves, coral pink flowers.
CORYDALIS	Family: Papaveraceae (Poppy Family) Plant Type(s): Herbaceous Perennials
curviflora 'Blue Heron'	Deep blue fls on pink stems over lacy leaves.
elata	Lacy foliage looks delicate; dark blue fls.
lutea	To 1'. Ferny, blue-green lvs, irregular yellow fls.
COSMOS	Family: Asteraceae (Sunflower Family) Plant Type(s): Perennials and Annuals
atrosanguineus	Dark div'd lvs; chocolate-fragrant, near black flowers.
COTINUS	Family: Anacardiaceae (Sumac Family) Plant Type(s): Shrubs
^{ME} coggygia 'Old Fashioned' PP#19035	Lg blue green lvs, purplish new lvs. "Smoke" fls.
^{ME} coggygia 'Royal Purple'	Purple smoke tree; large rich purple lvs, pink puff fls.
^{ME} coggygia 'Young Lady'	4-6'. Smoke bush, compact form. Green lvs, pink "smoke".
COTONEASTER	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
congestus 'Liaking'	5"h/6'w. Small, very dark leaves, white fls. Evergreen.

Name	Description
dammeri 'Lowfast'	1'h/10-15'w, matting. Oval dark green leaves, red fruit.
glaucophyllus	3-4' h, 6-8' w. Grey lvs, white fls, red fruits. Evergreen.
microphyllus var. thymifolius	2'h/6'w. Compact, upright branches. Red fruit.
procumbens 'Queen of Carpets'	6"h/6'w. Dense evergreen mat, brt red berries. White fls
COTYLEDON	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{SA} orbiculata var. oblonga	Succulent broad grey lvs; clusters of tubular orange fls.
^{SA} 'Silver Peak'	12" h/w. Blue grey leaves, pink edges. Dense clump.
^{SA} 'Silver Ruffles'	18" h/w. Flat grey lvs with densely wavy edges.
^{SA} 'Silver Storm' TM	18"h/w. Wide silver leaves on densely branching shrublet.
CRASPEDIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{AU} globosa	2'+; narrow silvery lvs, ball-like yellow "drumstick" heads.
CRINODENDRON	Family: Elaeocarpaceae (Elaeocarpus Fam.) Plant Type(s): Trees and Shrubs
hookerianum	Lantern tree; 12'+; dark green lvs, pendant red lanterns.
patagua	10-30'; glossy green leaves, white bell flowers-summer.
CROCOSMIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} aurea	To 3'; stary flowers are bright yellow orange.
'Emily McKenzie'	To 3'; flowers large, orange with red markings.
'George Davidson'	To 2'+. Golden flowers have orange petal tips.
'Lucifer'	Montbretia; 2-4' stems, sprays of scarlet flowers.
'Malahide Castle'	2-3'. Summer flowers in shades of orange.
'Paul Bunyan' TM	3-4'. Tangerine orange fls, darker center. Mid-late summer.
'Pink Carmin' TM	2-3'. Bright coral red flowers in summer.
'Solfatare'	2'. Bronze-green leaves, sprays of warm apricot fls, summer.
'Twilight Fairy Crimson'	16-20". Bronze leaves, red flowers in summer. Compact.
'Vulcan'	18-24". Compact form. Bright red flowers.
CROWEA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} exalata x saligna	3-4'. Rounded habit. Narrow green lvs, stary dark pink fls.
^{AU} 'Parry's Hybrid'	To 3', spreading. Dark narrow leaves; deep pink fls.
CRYPTOMERIA	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs
japonica 'Compressa'	Dense, round plant to 2'; dark, shiny needles.
japonica 'Kelly's Fastigiata'	Narrow green conifer, dark green lvs, fluffy look.
japonica 'Sekkan-sugi'	To 14'. Upright open habit. Cream new leaves, shoots.
CUPHEA	Family: Lythraceae (Loosestrife Family) Plant Type(s): Herbaceous Perennials
'David Verity'	4-6'. Leafy shrub with masses of tubular orange fls, summer.
Vermillionaire TM PPAF	2'. Many bright orange tubular fls. Long bloom.
CUPRESSUS	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees
cashmeriana (darjeelingensis)	Kashmir cypress. Elegant tree; weeping blue branches.
CUPRESSUS (HESPEROCYPARIS)	Family: Cupressaceae Plant Type(s): Trees
^{WE} arizonica 'Blue Pyramid'	Arizona cypress. To 25'. Dense blue-grey pyramidal habit.
guadalupensis	40'+. Chalky grey conifer from Guadalupe Island.
^{CN} macrocarpa	25'+h. Monterey cypress. Open habit, dark green leaves.
^{CN} macrocarpa 'Citriodora'	Selected form; dense habit, golden foliage, lemon scent.
^{CN} macrocarpa 'Saligna Aurea'	To 30'. Weeping, with cord-like branches, yellow foliage.

Name	Description
CYCLAMEN ^{ME} graecum ^{ME} persicum--selected wild strains	Family: Myrsinaceae (Myrsine Family) Plant Type(s): Tuberous Perennials Low, dense. Beautifully patterned lvs, light pink fls. Old-time cyclamen; large patterned lvs, light pink fls.
CYNARA ^{ME} scolymus	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Artichoke. Bold greyish green leaves, edible flowers.
CYPELLA coelestis (plumbea v. platensis)	Family: Iridaceae (Iris Family) Plant Type(s): Bulbous Perennials 2' iris-like stems, beautiful lavender blue flowers.
CYPERUS papyrus textilis	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges Papyrus. 6-10'. Good for poolside, containers. Graceful sedge. 4+ stems, umbrella tips.
CYPHOMANDRA betacea	Family: Solanaceae (Nightshade Family) Plant Type(s): Trees and Shrubs Tree tomato. Edible red fruits. Protect from frost.
CYRTANTHUS ^{SA} breviflorus--bright yellow ^{SA} sanguineus ^{SA} suaveolens	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Bright yellow tubular fls, very flared tips, long bloom. Fire lily. 3" bright orange red fls in summer over low lvs. 8". Clusters of tubular dusty dark red fragrant fls, spring.
DABOECIA cantabrica 'Alba' cantabrica 'William Buchanan'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs Irish heath; 2'; dark green leaves, white urn-shaped fls. Irish heath; matting, with rose purple urn-shaped fls.
DAHLIA 'Aztec Sunshine' coccinea hybrids 'Dark Sun' 'Jungle Blaze' 'Kali' 'Night and Day'	Family: Asteraceae (Sunflower Family) Plant Type(s): Tuberous Perennials 5'. Bright yellow fls set on black stems; dark green lvs. To 4'+; dark or green lvs, yellow, red, orange, magenta fls. Dark purplish lvs; large single salmon orange fls. Long blm. 5'+. Dark green leaves, many single, vivid orange flowers. 4'. Many single deep red fls, dark red leaves. Long bloom. 4'+. Many rosy purple flowers with white & yellow center.
DAMPIERA ^{AU} trigona 'Purple Wire'	Family: Goodeniaceae (Goodenia Family) Plant Type(s): Shrubs and Perennials 1-2'. Thin bright green stems, vivid blue fls. UCSC/Koala.
DANAE racemosa	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials 3'+. Arching stems with broad shiny green lvs, red berries.
DANTHONIA ^{CN} californica	Family: Poaceae (Grass Family) Plant Type(s): Grasses California oatgrass. Clumping, bright green lvs, dry shade.
DAPHNE Eternal Fragrance TM PP#18361 odora 'Leucanthe' odora 'Maejima' odora 'Marginata'	Family: Thymelaeaceae (Daphne Family) Plant Type(s): Shrubs 2'h/w. White very fragrant fls in spring, reblooms. Winter daphne; vigorous clone; white & pink fragrant fls. 3'. Wide yellow edging on green lvs. Fragrant pink fls. Winter d. 4'h. Fragrant pink&white flowers, yel-margin lvs.
DARMERA ^{CN} peltata	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials Indian rhubarb; huge umbrella leaves, pink flowers.

Name	Description
^{CN} peltata 'Nana'	Dwarf umbrella plant. 20", green umbrella lvs, pink fls.
DASYLIRION longissimum ^{WE} wheeleri	Family: Agavaceae (Agave Family) Plant Type(s): Herbaceous Perennials Mexican grass tree. Long narrow lvs, distinctive habit. 3' crowns, grey lvs, w/spiny edges; tall spikes of cream fls.
DELOSPERMA ^{SA} congestum ^{SA} Fire Spinner TM ^{SA} floribundum 'Starburst' ^{SA} 'Jewel of Desert Moonstone' PP#23491 ^{SA} 'Jewel of Desert Peridot' PP#23566 ^{SA} 'Jewel of Desert Topaz' PP#23492 ^{SA} Mesa Verde TM 'Kelaidis' PP#13876 ^{SA} 'Orange Wonder' PP#25600 ^{SA} Red Mountain TM Flame ^{SA} 'Violet Wonder' PPAF	Family: Aizoaceae (Carpetweed Family) Plant Type(s): Succulent Perennials Hardy succulent. Tight green clump; bright yellow flowers. Flat, hardy. Bright fls orange w/ violet then ivory ctr. Mat of succulent green lvs; red violet fls/white center. Pure white fls tipped yellow in center. Flat mat. Low hardy mat. Small lvs, yellow fls/ white ctr. Matting, hardy. Small lvs, caramel fls with pale ctr. Mat w/salmon pink fls spr-fall. "Jelly bean" lvs. Flat growing, green lvs. Bright orange flowers. Vivid red-orange flowers in summer, flat mat. 6". Brt pink/violet fls have white center. Green lvs.
DENDROMECON ^{CN} harfordii ^{CN} rigida	Family: Papaveraceae (Poppy Family) Plant Type(s): Shrubs Island bush poppy; 6-10'; grey-green lvs, bright yellow fls. Bush poppy; to 6'; grey-green lvs, bright yellow fls.
DESCHAMPSIA cespitosa 'Goldgehaenge' cespitosa 'Northern Lights'	Family: Poaceae (Grass Family) Plant Type(s): Grasses 3' golden flower stems. Compact bright green bunchgrass. Compact bunchgrass. Short varieg. lvs, tall graceful stems.
DEUTZIA gracilis 'Nikko' ningpoensis	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs Dwarf, spreading selection; masses of pure white flowers. Masses of pendant white flowers in clusters, spring.
DIANELLA ^{NZ} 'Blushy' ^{AU} caerulea 'Casitas Springs' ^{AU} caerulea Cassa Blue TM PP#17998 ^{AU} tasmanica ^{NZ} tasmanica Blaze TM PP#23084 ^{NZ} Tasred TM PP#18737 ^{AU} tasmanica 'Yellow Stripe'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials To 18"+. Narrow, arching cream-variegated leaves. Tight low clumps. Blue-grey lvs, lt. blue fls, purple fruit. 18" clumps. Soft blue lvs, lt blue fls, lav-purple frt. To 4'; deep green leaves, light blue fls, dark blue berries. 2'. Fans of narrow lvs green in summer, purplish winter. 2'. Wide lvs, lime color in sun, dark green in shade. To 4'. Yellow striped green leaves; blue berries.
DIANTHUS ^{ME} barbatus 'Nigrescens' pavonius	Family: Caryophyllaceae (Pink Family) Plant Type(s): Perennials and Annuals Sweet William. Cushion of green lvs; dark maroon fls. Low mound, single bright pink fragrant fls, spring.
DICENTRA ^{CN} 'Bacchanal' 'Fire Island' PP#22488 ^{CN} formosa 'Aurora' ^{CN} formosa 'Tuolumne Rose' 'Luxuriant'	Family: Papaveraceae (Poppy Family) Plant Type(s): Herbaceous Perennials Bleeding heart. Vivid deep rose color fls, spicy scent. Bleeding heart. 1'. Sun tolerant, rosy fls, blue-grey lvs. Western bleeding heart; ferny foliage, white fls. Western bleeding heart; ferny foliage, rose pink fls, scent. Densely clumping, floriferous. Large dark rose fls.
DICHELOSTEMMA ^{CN} capitatum--Santa Cruz Is. giant	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials To 3'. Large clusters of lavender blue fls in spring.

Name	Description
DICHONDRA sericea	Family: Convolvulaceae (Morning Glory F.) Plant Type(s): Herbaceous Perennials Tight, low spreading mat; roundish very silver lvs. Evergrn.
DICHROA febrifuga	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs 4-6'. Evergreen, dense. Clusters of blue fls, purple fruits.
DICKSONIA ^{AU} antarctica	Family: Dicksoniaceae (Dicksonia Family) Plant Type(s): Ferns Tasmanian tree fern; 10-20'; neat vertical green fronds.
DIERAMA ^{SA} pendulum var. robustum ^{SA} pendulum var. robustum--white ^{SA} pulcherrimum--Slieve Donard strain ^{SA} pulcherrimum 'Summer Snow'	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Grass-like 2' lvs. 3-4' wand holds broad pink hanging fls. Grassy-bell. Broad white flowers, stiff leaves. Fairy wand; large rose to deep reddish purple bells. Fairy wand; large snowy white bells on arching stems.
DIETES ^{SA} bicolor 'Liz's Selection' ^{SA} iridioides--gold variegated ^{SA} iridioides 'Variegata' ^{SA} 'Wessel's Magic'	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials Sturdy clumps to 2'. Creamy yellow fls, maroon petal spots. 3'. Green lvs with irregular yellow stripes; white flowers. Fortnight lily. Creamy-striped leaves, white&lav. fls. 3'+. White fls with blue & yellow markings. Wide green lvs.
DIGITALIS ^{ME} dubia Goldcrest PP#20937 x mertonensis ^{ME} obscura ^{ME} trojana	Family: Plantaginaceae (Plantain Family) Plant Type(s): Perennials to Annuals Foxglove. 12". Grey leaves, pale pink fls. 18". Dark green shiny leaves, apricot flower spikes, spring. Perennial foxglove; 2-3' stems; large dark pink flowers. Shrubby foxglove, to 20". Burnt orange fls. in spikes. 2'+. Glossy green leaves. Spikes of cream/tan flowers.
DISTICTIS buccinatoria	Family: Bignoniaceae (Trumpet Vine Family) Plant Type(s): Vines 12'+. Yellow throat, orange-red flowered trumpet vine.
DOODIA (BLECHNUM) ^{NZ} media	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns Rasp fern. 12". New growth pink, then green. Creeps.
DORONICUM orientale 'Leonardo TM Compact'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Leopard's bane. 6-8". Yellow daisies, early spring.
DORYCNIUM ^{ME} hirsutum	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs 2'+ mound. Furry grey leaves, small pale pink pea flowers.
DREPANOSTACHYUM khasianum sengteeanum (falconeri) sengteeanum 'Ocean Spray'	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos 12'. Clumping. White and maroon bands on internodes. To 20', with slender stems, pendant narrow lvs, clumping. Slender stems, darker green lvs, better winter tolerance.
DRIMYS ^{AU} lanceolata	Family: Winteraceae (Winter's Bark Family) Plant Type(s): Trees and Shrubs To 10'+; dark red bark, narrow deep green leaves.
DRYOPTERIS erythrosora	Family: Dryopteridaceae (Wood Fern Family) Plant Type(s): Ferns Autumn fern; 1'; glossy; new fronds bronze.
DUDLEYA brittonii	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials 1'+. Broad silvery-white rosette, succulent leaves. Baja. www.suncrestnurseries.com

Name	Description
^{CN} caespitosa	Dense clusters of succulent rosettes, yellow fls. Spreading.
^{CN} cymosa	Live-forever; succulent rosettes, red to yellow flowers.
^{CN} cymosa ssp. pumila	Petite grey to reddish rosettes, red to yellow flowers.
^{CN} edulis	Live-forever. Succulent green rosettes, cream fls.
^{CN} farinosa	Cliff lettuce. Green rosettes in clumps. Pale yellow fls.
^{CN} hassei	Live-forever; tightly clumping, cylindrical greyish leaves.
^{CN} lanceolata	Rosettes of narrow grey-white lvs; yellow fls.
^{CN} pulverulenta	Large crowns; broad, whitish, succulent leaves.
DYCKIA	Family: Bromeliaceae (Pineapple Family) Plant Type(s): Herbaceous Perennials
'Grape Jelly'	Prickly bromeliad, deep burgundy lvs. Orange fls, summer.
'Morris Hobbs'	4' fl. stems, orange fls. Prickly purplish succulent lvs.
'Pale Ryder'	1-2' rosette with narrow, silvery leaves w/sharp prickles.
ECHEVERIA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
amoena	Baby echeveria. Tiny blue-green rosettes.
cante	12" high. Broad blue green rosette. Golden orange fls.
'Imbricata'	Broad blue-grey rosettes, pink edges. Coral/yellow fls.
'Perle von Nurnberg'	Greyish lavender rosettes, cupped lvs. Rosy flush.
setosa	Green rosettes w/white hairs. Red/yellow flowers.
ECHINACEA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
'Cheyenne Spirit'	2'. Prolific blm. Fls. orange, pink, red, or yellow.
Hot Summer TM PP#20687	2-3'. Narrow petals, fls yellow, then pink to red.
purpurea 'Green Jewel' PP#18678	2'. Coneflower has pale green petals, green cone.
purpurea 'Magnus'	Purple cone flr; 2-4'; large red-purple flowers.
purpurea 'White Swan'	Cone flower; 2-4'; large white "daisies", orange cones.
ECHIUM	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs, Peren., Annuals
^{ME} fastuosum	Pride of Madeira; huge purple flower spikes.
^{ME} fastuosum 'Cielo del Sur'	To 5'x8'. Long grey leaves, towers of bright blue flowers.
^{ME} wildpretii	Tower of jewels; massive pink flower spikes. Biennial.
EDGEWORTHIA	Family: Thymelaeaceae (Daphne Family) Plant Type(s): Shrubs
chrysantha 'Akebono'	Clusters of warm orange fls on bare stems, early spring.
chrysantha 'Gold Rush' COPF	Daphne-like. Grey-green lvs, clusters fragrant yellow fls.
ELAEAGNUS	Family: Elaeagnaceae (Oleaster Family) Plant Type(s): Trees and Shrubs
multiflora	6'+h. Silvery green leaves, fragrant flowers, red fruits.
ELEGIA	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{SA} capensis	5-8'h. Erect wiry green stems in thick clumps.
^{SA} capensis 'Ginny's Giant'	6-8'h. Large bracts on erect "horsetail" stems. Clumping.
^{SA} fenestrata	Dense erect clumps of wavy deep green stems; dark fls.
^{SA} fistulosa	4-5'. Erect smooth dark green stems, golden flowers.
^{SA} juncea	2'. Thin greyish green stems form dense clumps; gold fls.
ELYMUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
magellanicus--upright form	Wide, shiny silver blue lvs. on a densely clumping grass.
ENCELIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{CN} californica 'El Dorado'	2-3'. Clear yellow daisies on loose mound; spring-summer.

Name	Description
^{CN} farinosa	Brittlebush. Oval silver leaves; bright yellow daisies.
ENSETE ventricosum 'Maurelii'	Family: Musaceae (Banana Family) Plant Type(s): Tuberous Perennials Red Abyssinian banana. Lush lvs, green w/red flush.
EPILOBIUM (ZAUSCHNERIA) ^{CN} canum 'Calistoga' ^{CN} canum 'Carman's Grey' ^{CN} canum 'Catalina' ^{CN} canum 'Cloverdale' ^{CN} canum 'El Tigre' ^{CN} canum 'John Bixby' ^{CN} canum 'Sierra Gold' ^{CN} canum 'Sierra Salmon' ^{CN} canum 'Silver Select' ^{CN} canum 'U. C. Hybrid' ^{CN} can. ssp. latifolium 'Everett's Choice' ^{CN} septentrionale 'Wayne's Silver'	Family: Onagraceae Plant Type(s): Herbaceous Perennials 1-2'. Wide grey leaves, spreading stems. Scarlet flowers. California fuchsia. Bright grey lvs, tubular scarlet fls. 3-5'. Spreading. Bright orange fls, grey leaves. Long bloom. 8"+. Broad, bright grey leaves, orange-red tubular flowers. Matting; very narrow grey-green leaves, scarlet flowers. 1-2'. Greyish green lvs; scarlet fls. summer. RSABG intro. Wide cream edges on grey lvs; salmon orange flowers. To 1' high, spreading. Narrow grey lvs, salmon orange fls. To 1' high, spreading. Bright grey leaves, scarlet flowers. Calif. fuchsia; 1'+, bushy; many scarlet flowers. Low, spreading. Many brilliant scarlet fls. Calif. fuchsia; low mound, silvery leaves, scarlet fls.
EPIEDIUM x cantabrigiense davidii grandiflorum 'Rose Queen' leptorrhizum x perralchicum 'Frohnleiten' pinnatum ssp. colchicum pubigerum 'Orangekoningin' x rubrum	Family: Berberidaceae (Barberry Family) Plant Type(s): Herbaceous Perennials Pink-brown & yellow spring fls on 1' stems. Divided lvs. To 2'. Evergreen lvs, wiry stems. Yellow flowers, spring. Carpeting per.; divided leaves, pink flowers. 6-8". Evergreen. Veined leaves, rose pink flowers. Divided lvs. with wiry stems; large yellow fls. Wiry stems; broad, divided leaves; yellow flowers. Wiry stems, delicate leaves. Golden fls, spring. Lush carpets; bronze-tinged leaves; pink flowers.
EPIPACTIS ^{CN} gigantea	Family: Orchidaceae (Orchid Family) Plant Type(s): Herbaceous Perennials Stream orchid. Purple & green fls. CA native.
EQUISETUM hyemale var. robustum scirpoides	Family: Equisetaceae (Horsetail Family) Plant Type(s): Fernlike Perennials Horsetail. To 6'+. Stiff, upright, jointed stems. Miniature horsetail; 6" wiry, jointed stems, spreads.
EREMOPHILA ^{AU} glabra 'Kalgoorlie'	Family: Myoporaceae (Myoporum Family) Plant Type(s): Trees and Shrubs 3'h/5'+w. Grey leaves, gold tubular fls along stems.
ERICA ^{SA} canaliculata 'Rosea' carnea 'Purple Beauty' carnea 'Springwood White' x darleyensis 'Arthur Johnson' vagans 'Mrs. D.F. Maxwell' ^{SA} versicolor ^{SA} verticillata ^{SA} 'Winter Fire'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs and Small Trees To 8'. Billowy, with tiny leaves, masses of pink fls. Low, mounding; dark green lvs; dark purple fls, summer-fall. Low, mounding; dark green lvs; white fls. winter-spring. Low, widely spreading; bright pink flowers. Cornish heath. Low,dense; dark leaves, massed pink fls. 4'+. Green needle lvs, red flowers with green tips, summer. 3-4'. Dark green narrow lvs; purplish pink fls. fall-winter. 3-4'. Green needle lvs, bright red fls, winter-spring.
ERICAMERIA ^{CN} ericoides	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs Mock heather. Tiny grn lvs; bright yellow fls summer-fall.
ERIGERON ^{CN} glaucus 'Cape Sebastian'	Family: Asteraceae (Sunflower Family) Plant Type(s): Perennials and Annuals 4-6". Pink daisies over low lvs, spreading. www.suncrestnurseries.com

Name	Description
^{CN} glaucus 'White Lights' karvinskianus 'Profusion' x moerheimii ^{CN} 'W. R.'	Seaside daisy. White fls over low green lvs. Trailing, slender stems; narrow leaves, white flowers. Low, mounding hbd; narrow leaves, lavender pink flowers. E. glaucus hybrid; sprays of lavender flowers, long bloom.
ERIODICTYON ^{CN} californicum	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs Yerba santa. 3-6'. Shiny dark green leaves, lilac fls.
ERIOGONUM ^{CN} elongatum ^{CN} fasciculatum var. foliolosum ^{CN} fasciculatum var. polifolium ^{CN} fasciculatum 'Warriner Lytle' ^{CN} giganteum ^{CN} grande var. rubescens ^{CN} latifolium ^{CN} parvifolium 'Moss Landing' ^{CN} 'Rosy Cushion' ^{CN} umb. polyanthum 'Shasta Sulfur' ^{WE} umbellatum [var. subalpinum]	Family: Polygonaceae (Buckwheat Family) Plant Type(s): Shrubs, Peren., Annuals Low grey lvs; pinkish fls along slender silver stems to 3'. California buckwheat. To 2'+. Green lvs, many white fls. 2'. Buckwheat. Grey narrow leaves, cream fl. heads. Erect. Low, carpeting. Narrow grey-green leaves, cream fls. 5'+h/w. St. Catherine's Lace. Cream fl. head, oval grey lvs. Red buckwheat; blue-grey leaves, bright rose pink flowers. Chalk buckwheat. Grey leaves, round pinkish cream fl. heads. Dense 2' mound; dark green lvs, masses of light pink fls. Rounded 5" tight mound. Rosy pink fls in tight heads. Sulfur buckwheat; low green mound, bright yellow fls. Spreading flat green mat; cream fls. on 4-5" stems.
ERIOPHYLLUM ^{CN} confertiflorum ^{CN} confertiflorum 'Lucia's Gold' ^{CN} lanatum 'Siskiyou' ^{CN} staechadifolium	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs, Peren., Annuals 18" mound. Green lvs, yellow fls, spring-summer. Golden yarrow. 1'h/w. Grey lvs, yellow fls, spr-summer. 1' high/4' wide. Grey green mat, many bright yellow daisies. 2'. Lizard tail. Aromatic grey lvs; yellow daisies in heads.
ERODIUM ^{ME} chamaedryoides 'Bishop's Form' ^{ME} cheilanthifolium ^{ME} chrysanthum	Family: Geraniaceae (Cranesbill Family) Plant Type(s): Perennials and Annuals Cranesbill. Matting, green lvs, large rose pink flowers. Cranesbill; silvery, dissected lvs., white/lavender fls. Cranesbill; silvery, dissected leaves, yellow flowers.
ERYNGIUM alpinum 'Blue Star' 'Big Blue' PP#20636 planum 'Blaukappe' planum 'Blue Glitter' planum 'Jade Frost' PP#17370 x zabelii 'Neptune's Gold' PPAF	Family: Apiaceae (Carrot Family) Plant Type(s): Perennials and Annuals Broad dk green basal lvs, thistle-like heads, lav-blue fls. 30". Low green lvs, blue stems, 4" blue bracts, prickly fls. To 2'. Basal lvs.; steely blue stems & round flower heads. To 30". Flower stems blue, round steely blue fl. heads. Grey green lvs edged cream. Blue stems, prickly blue fls. 2'. Yellow to lime green lvs, steely blue fls, summer.
ERYSIMUM ^{CN} concinnum Fragrant Sunshine PP#13432 Glow TM 'Golden' PPAF Glow TM 'Mango' PPAF Winter TM Orchid PP#22467	Family: Brassicaceae (Mustard Family) Plant Type(s): Perennials and Annuals Wallflower. Fragrant cream yellow fls, spring. 12"+. Dark buds, brt yellow fragrant fls, spring-summer. 8"h/12"w. Mounding, with bright yellow fragrant fls, spring. 8"h/12"w. Mounding, with peachy orange fragrant fls, spring. Wallflower, to 2'. Fragrant lt. red fls. turn purple.
ERYTHRINA x bidwillii 'Red Showers' crista-galli 'Red Lights'	Family: Fabaceae (Pea Family) Plant Type(s): Trees and Shrubs Herb Kelly selection. Coral tree, many bright red flowers. SCN. Cockspur coral tree; vivid red fls, dark green lvs.
ESCALLONIA 'Compacta'	Family: Escalloniaceae (Escallonia Family) Plant Type(s): Shrubs Dense, mounding, to 3'; bright pink flowers.

Name	Description
'Fradesii'	Frades escallonia. 5-6' h + w. Pink flowers, glossy lvs.
'Iveyi'	5-6'. Deep green lvs; full clusters of pure white flowers.
laevis	Glossy lvs, pink buds, white fls in full clusters. Fast.
rubra	6-15', glossy dark green leaves, red flower clusters.
ESCHSCHOLZIA	Family: Papaveraceae (Poppy Family) Plant Type(s): Perennials and Annuals
^{CN} californica [var. maritima]	CA poppy. Low, blue-grey lvs; yellow fls, orange centers.
EUCOMIS	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{SA} comosa 'Sparkling Burgundy'	Pineapple lily; glossy red-purple leaves, spike/starry fls.
EUPHORBIA	Family: Euphorbiaceae (Spurge Family) Plant Type(s): Trees to Annuals
amygdaloides 'Golden Glory' PP#14514	20". Maroon leaves, yellow/lime fls in spring.
amygdaloides 'Purpurea'	Wood spurge. 1'h, spreader. Purple stems, lvs. Yellow fls.
amygdaloides Ruby Glow PP#22200	1'. Ruby red new leaves darken w/ age. Compact.
amygdaloides var. robbiae	Round dark green lvs. on stems to 1', slowly spreading.
Blackbird PP#17178	18". Dense, deep purple lvs; lime yellow fls. spring.
'Blue Haze' PP#14868	To 18". Narrow blue leaves; soft yellow fls.
^{ME} characias 'Glacier Blue' PP#19027	2' high/wide. Blue-grey leaves, cream edge.
^{ME} characias 'Portuguese Velvet'	2'; blue-green velvety lvs, chartreuse flower clusters.
^{ME} characias 'Tasmanian Tiger' PP#15715	Bright leaves with wide cream edges; cream fls.
^{ME} characias ssp. wulfenii	4'; narrow leaves, huge chartreuse flower clusters.
^{ME} characias ssp. wulf. 'Shorty' PP#19808	2-3'. Red new lvs turn blue-green, chartreuse fls.
^{ME} cyparissias 'Fens Ruby'	Needle lvs, new growth flushed purple. Spreading.
griffithii 'Fireglow'	4', peren. Upright. Narrow green lvs. Vivid orange flowers.
x martinii	To 3'+; dark, narrow green lvs. w/red edge, chartreuse fls.
x martinii 'Ascot Rainbow' PP#21401	18". Cream-edged lvs; reddish new growth.
x martinii Tiny Tim PP#16930	Low dome to 12". Long bloom, green fls w/red ctr.
^{SA} mauritanica	2-3'. Erect succulent blue green stems, yellow fls.
^{ME} myrsinites	8-12" stems in central crown. Blue-grey lvs, chartreuse fls.
^{ME} rigida	12-18" erect stems, triangular grey grn lvs. Chartreuse fls.
EURYOPS	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{SA} tysonii	3' mound. Small green lvs; many yellow fls summer-fall.
^{SA} virgineus	4-5'. Tiny green lvs, flexible stems; bright yellow flowers.
FALKIA	Family: Convolvulaceae (Morning Glory F.) Plant Type(s): Herbaceous Perennials
^{SA} repens	Spreading mat with shiny green leaves; white rounded fls.
FARFUGIUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
japonicum 'Crispatum'	Large, thick green lvs with crimped, ruffled edges.
japonicum 'Giganteum'	Rounded glossy green leaves with curled edges, yellow fls.
japonicum 'Green Dragon'	2'+. Darkest green lvs have distinctive irregular texture.
japonicum 'Shishi Botan'	Parsley leopard plant. Densely frilled grey-green lvs.
FARGESIA	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
adpressa	15'+. Open clumps with purplish green culms.
angustissima	15'+. Arching pinkish culms w/ many narrow lvs. Clumping.
dracocephala 'Rufa'	To 10'+. Red orange leaf sheaths, deep green lvs, clumping.
murielae	Umbrella bamboo; 8'+; dense brushes of leaves.
nitida	6-12'. Slender stems, blue-green leaves. New generation.
papyrifera	To 10'+, clumping. Blue-green stems, large sprays.

Name	Description
robusta	10'+. Clumping, upright. Dark green culms, white sheaths.
FATSIA japonica 'Murakumo Nishiki'	Family: Araliaceae (Ivy Family) Plant Type(s): Shrubs Deeply cut yellow gold lvs, dark green edges.
FEIJOA sellowiana sellowiana 'Unique'	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs Pineapple guava. Evergreen 10-18'. Red & white edible fls. Pineapple guava; to 8', self-fruitful, red flowers.
FERULA ME [communis]	Family: Apiaceae (Carrot Family) Plant Type(s): Herbaceous Perennials Low lacy green lvs, balls of yellow fls. on 5' stems.
FESTUCA amethystina 'Superba' CN californica CN californica 'Gabilan Blues' glauca 'Beyond Blue' PP#23307 glauca 'Elijah Blue' glauca 'Siskiyou Blue' WE idahoensis 'Clearwater Blue' CN idahoensis 'Muse Meadow' CN idahoensis 'Stony Creek' CN idahoensis 'Tomales Bay' CN idahoensis 'Warren Peak' mairei CN rubra 'Jughandle' CN rubra 'Molate' CN rubra 'Patrick's Point'	Family: Poaceae (Grass Family) Plant Type(s): Grasses Dark blue-green foliage, 1-2' flower stems hold silver fls. Dense clumps to 2', deep green lvs, fl. stems to 4'. Seed strain with blue grey lvs; densely clumping. Blue fescue. Fine blue lvs in dense tuft. 8"+. Blue fescue. Med. textured soft powdery blue foliage. Bunchgrass. Bright blue-green leaves, delicate flowers. Idaho fescue. Dense clumps of bright blue lvs, airy fls. Dense clump. Fine blue-green leaves, silvery flowers. Tilden Bot. Garden intro. 2'+, brightest blue leaves. Deep blue green bunchgrass; airy fls. in spring. Compact tufts. Blue leaves, shiny stems & flower heads. Atlas fescue. 2-3'. Narrow light green lvs, tidy clumps. Short sturdy stems form thick tuft. Chalky blue-green lvs. 8-10". Clumping, spreads slowly. Fine blue-green leaves. Creeping red fescue. Blue green lvs form loose mat.
FICUS afghanistanica 'Silver Lyre' carica 'Lattarula' carica 'Little Miss Figgy' PPAF carica 'Little Ruby' carica 'Olympian' carica 'Violet de Bordeaux' carica x pumila--staked pumila (repens)--staked	Family: Moraceae (Mulberry Family) Plant Type(s): Shrubs Afghan fig, to 12'. Cut silvery leaves, dense habit. Fast. Italian honey fig, to 10'. Sweet yellow fruits in summer. 4-6'. Dwarf fig. Edible purple fruits. Ornamental lvs. 4-6'. Dwarf fig, slow. Red fruits. Great container plant. 4-8'. Hardy fig, with purple sweet fruits. Good on coast. Negronne fig. 6-10'. Sweet dark fruits, can bear 2x a year. Scandent shrub to 4-6'+. 3-4" lobed lvs, evergreen. Creeping fig. Heart shaped leaves turn oblong.
FRAGARIA 'Chaval' CN chiloensis 'Green Pastures' 'Mara des Bois' vesca 'Alexandria' vesca 'Golden Alexandria' vesca 'Mignonette' vesca 'Reine des Vallees' CN vesca ssp. californica vesca 'Yellow Wonder'	Family: Rosaceae (Rose Family) Plant Type(s): Herbaceous Perennials Lush carpet. Dark green foliage. White fls. Trailing, with slender stems, small deep green leaves. Everbearing, spreading strawberry. Red fruits. Alpine strawberry. Clumping, white fls, tasty red fruits. Alpine strawberry. Golden lvs, red berries, white fls. Alpine strawberry. Clumping, white fls, aromatic red fruits. Heirloom alpine strawb. White fls, tasty red fruits. Clumps. California form of alpine strawberry. Spreading groundcover. Alpine strawberry. Clumping, white fls, lt yellow fruits.
FRANCOA appendiculata	Family: Melianthaceae (Honey Flower Fam.) Plant Type(s): Herbaceous Perennials Clumping, with pale green lvs. Tall stems, lt. lavender fls.

Name	Description
ramosa	Tight clumps; scalloped leaves, 2' stems, white flowers.
FREESIA ^{SA} alba	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials 8". Milky white flowers, sweet fragrance in spring.

Shiny leaves, white to pale pink fls. 6". Clumping with dark chocolate colored lvs, pink flowers. 6". Low, tight clumps. Silvery leaves, pink fls, dark veins. Low, compact clumps; beautiful dark red flowers. Billowy carpet; dissected leaves, dark red flowers. Huge, shiny basal leaves; large magenta flowers. To 2', spreading. Large dark leaves, violet flowers. To 3'+; large, shiny leaves; purple-red flowers. Tightly clumping; greenish grey leaves, lilac flowers. Low, dense, with light green leaves, bright pink fls. 8"h/2'+w. Large grey-green lvs; deep purple-red fls. Low mound; large leaves; blue flowers, long bloom. To 18"h, trailing. Purple-crimson fls. blm.sum. Red lvs.fall. Hardy geranium. Green leaves, bright purplish rose fls. Creeping, with dark green leaves, white flowers. To 6"h, spreading. Bright rose-purple flowers spring-summer. 4-6" tight cushion. Rose purple fls, spring-summer. Dense mat; bright green leaves, soft pink flowers.
GEUM 'Blazing Sunset' coccineum 'Red Wings' 'Mango Lassi' 'Rubin'	Family: Rosaceae (Rose Family) Plant Type(s): Herbaceous Perennials Low leaves, sprays of double tangerine red flowers, spring. Many semi-double scarlet fls. on 2' stems. Double apricot orange flowers over soft green lvs. Sprays of bright red flowers on 20" stems, spring.
GLAUCIUM ^{ME} flavum ^{ME} flavum var. aurantiacum	Family: Papaveraceae (Poppy Family) Plant Type(s): Herbaceous Perennials Horned poppy. Silver lvs; silky yellow fls; long seedpods. Horned poppy. Silver lvs; vivid orange fls; long seedpods.
X GORDLINIA grandiflora	Family: Theaceae (Tea Family) Plant Type(s): Shrubs 20'. Semi-evergreen. Gordonia x Franklinia. White fls.
GRAPTOPETALUM paraguayense	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials Ghost plant. Spreading, peachy grey green rosettes.
GRAPTOSEDUM 'Vera Higgins'	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials Tidy succulent, 6"high, reddish bronze rosettes. Yellow fl.
GREVILLEA ^{AU} alpina x rosmarinifolia ^{AU} baueri ^{AU} 'Bonfire'	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs 4-5'. Narrow green leaves, red & pale yellow flowers. 3-4'. Firm green leaves, rose & cream fls. spring. 6' high/4-5' wide. Fine texture green lvs; red fl. clusters.

Name	Description
^{AU} 'Canberra Gem'	8'+; dense needle-like leaves; cherry-red flowers.
^{AU} 'Constance'	10'; narrow leaves; orange-red flower clusters, long bloom.
^{AU} 'Firesprite'--staked	6-10'; narrowly divided green leaves, bright red flowers.
^{AU} x <i>gaudichaudii</i>	Carpeting, to 15'w; dissected leaves, dark red flowers.
^{AU} 'Ivanhoe'	6-12'. Narrow divided lvs, red toothbrush fls.
^{AU} <i>juniperina</i> 'Lava Cascade'	1-2'h/ 5'+ wide. Green needle leaves, orange-red flowers.
^{AU} <i>lanigera</i> 'Coastal Gem'	UCSC/Koala. Tight form, furry grey lvs, vivid deep pink fls.
^{AU} <i>lanigera</i> 'Mt. Tamboritha'	1-2'h/4-5'w. Furry green lvs; cream/pink fls. Spreading.
^{AU} <i>lanigera</i> --selected low form	Low, bushy; greyish, furry leaves, dark pink flowers.
^{AU} <i>lavandulacea</i> 'Billywing'	Low, compact; fuzzy grey leaves, bright red flowers.
^{AU} 'Long John'--staked	To 8'+; large, narrowly divided leaves, red flowers.
^{AU} 'Moonlight'--staked	8-12'. Erect, w/ divided grey lvs; ivory fls, long bloom.
^{AU} 'Noellii'	To 4', arching, red flowers, dense dark green leaves.
^{AU} 'Peaches and Cream' PP#18035	4-6'high/wide. Draping habit. Cream&peach flowers.
^{AU} <i>petrophiloides</i> 'Big Bird'	To 8'+; lg, narrowly divided lvs, dk pink fls. UCSC/Koala.
^{AU} 'Pink Pearl'	To 6'. Prickly green needle lvs, rose pink fls.
^{AU} 'Poorinda Leanne'	8-10'. Dark green lvs, pale orange/gold fls.
^{AU} 'Poorinda Signet'	6-8' h/w. Green lvs, grey below. Light pink fls. UCSC/Koala.
^{AU} 'Robyn Gordon'--staked	4'+x10'; open growth, dissected leaves, red flowers.
^{AU} <i>rosmar.</i> --dwarf pink ('Vectis?')	3-4', compact; needle-like leaves, rose-pink flowers.
^{AU} <i>rosmarinifolia</i> 'Scarlet Sprite'	3-4', compact; green needle-like leaves, bright red fls.
^{AU} 'Ruby Clusters'	6'+, bushy; narrow 3" leaves, dark red flowers.
^{AU} <i>victoriae</i> 'Marshall's Seedling'	8'; upright stems, olive-like leaves, orange-red flowers.

GRINDELIA

^{CN} *camporum*

Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials

Gum plant. Large bright yellow daisy fls, summer.

GUNNERA

chilensis

Family: Gunneraceae (Gunnera Family) Plant Type(s): Herbaceous Perennials

6-8' t. Bold 4'+ leaves with stiff reddish hairs.

HABRANTHUS

brachyandrus
robustus

Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials

12". Large light rose pink fls have purple throat, summer.
Shiny, narrow leaves; 4" pink trumpets.

HAEMANTHUS

^{SA} *albiflos*
^{SA} *katherinae*

Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials

Clumping. Large thick leaves, brushes of white fls, winter.
Blood lily; long veiny leaves, lg. balls of orange red fls.

HAKEA

^{AU} *salicifolia* 'Gold Medal'

Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs

UCSC/Koala. 10'+. Cream & green lvs; pink new growth.

HAKONECHLOA

macra 'Albovariegata'
macra 'All Gold'
macra 'Aureola'
macra 'Fubuki' PP#21757

Family: Poaceae (Grass Family) Plant Type(s): Grasses

2'+. Drooping green leaves with cream striping; clumping.
To 2'. Drooping golden leaves; graceful clumps.
Elegant small grass; leaves pink, yellow, green.
To 2'. Green & white lvs, new growth flushed pink.

HALESIA

monticola

Family: Styracaceae (Storax Family) Plant Type(s): Trees

To 40'. Mtn. silver bell. Oval lvs, white fls. bloom spring.

HARDENBERGIA

^{AU} *violacea* 'Canoelands'

Family: Fabaceae (Pea Family) Plant Type(s): Vines

Vigorous vine. Narrow dk grn leaves; purple pea fls, winter.

Name	Description
^{AU} violacea 'Happy Wanderer'	To 10'+; large shiny leaves, violet pea-fls, winter-spring.
^{AU} violacea Meema TM	2'h/3'w. Low, spreading form. Violet fls winter to spring.
HARPOCHLOA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{SA} falx	African caterpillar grass. Clumping, green lvs, black fls.
HEBE	Family: Plantaginaceae (Plantain Family) Plant Type(s): Shrubs
^{NZ} 'Amy'	3'. Shiny green lvs with purple flush; red violet flowers.
^{NZ} 'Beverly Hills'	2'+. Green leaves, lilac purple flowers.
^{NZ} 'Champagne'	1-2'. Green leaves, spikes of light lilac fls. fade white.
^{NZ} 'Coed'	3't + w. Reddish stems, dark green leaves, purple flowers.
^{NZ} 'Hinerua'	3' high, 5' wide. Olive conifer like leaves, tidy habit.
^{NZ} 'Karo Golden Esk'	2'. Whipcord hebe. Stiff golden stems, neat habit.
^{NZ} 'Mauve Fingers'	4'. Wide green leaves; spikes of mauve purple flowers.
^{NZ} mckeanii	1'h/w. Tiny white fl. clusters blm.spg. Fine juniper-lk. lvs.
^{NZ} menziesii	3-4' shrub; green leaves, white to lilac flowers.
^{NZ} 'Patty's Purple'	3' t. Compact sel. Rose-lavender flowers, dark green leaves.
^{NZ} pimeleoides 'Quicksilver'	Low, dense, wiry shrublet; silver grey leaves.
^{NZ} 'Turkish Delight'	Red purple new leaves; light purple fl. spikes, summer.
^{NZ} 'White Heather'	3'h/w. Dark green leaves. White flowers in summer.
HEDYCHIUM	Family: Zingiberaceae (Ginger Family) Plant Type(s): Herbaceous Perennials
coccineum	Ginger lily; 10'; narrow leaves, red-orange flowers.
gardnerianum	To 8'. Ginger lily. Large spikes, fragrant yellow flowers.
greenei	Ginger lily; red-tinged stems & leaves; orange fls.
HELIANTHEMUM	Family: Cistaceae (Rockrose Family) Plant Type(s): Shrubs
^{ME} nummularium 'Annabel'	Sunrose. Green lvs. in a low mat, double pink fls.
^{ME} nummularium 'Belgravia Rose'	Sunrose; large single rose-pink flowers, grey leaves.
^{ME} nummularium 'Ben Nevis'	Orange fls. w/dark red center over green leaves, spring.
^{ME} nummularium 'Henfield Brilliant'	Large, glistening coppery orange flowers. Grey leaves.
^{ME} nummularium 'Mesa Wine'	Mat of dark green foliage, large dark red flowers.
^{ME} nummularium 'Single Yellow'	Sunrose. Green leaves, single bright yellow fls, spring.
^{ME} nummularium 'Stoplight'	Sunrose; grey-green leaves, brick red flowers.
^{ME} nummularium 'The Bride'	Sunrose. Dense, low dark grey-green lvs; pure white flowers.
^{ME} nummularium 'Wisley Pink'	Sunrose; matting growth, bright pink flowers, soft grey lvs.
^{ME} nummularium 'Wisley Primrose'	Sunrose; compact, grey-leaved; bright yellow flowers.
HELICHRYSUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs, Peren., Annuals
^{ME} amorginum 'Ruby Cluster'	1'. Strawflower with silver leaves, ruby buds, white fls.
HELICTOTRICHON	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} sempervirens	Blue oat grass. 18". Feathery flower heads, blue foliage.
^{ME} sempervirens 'Sapphire'	Blue oat grass. 18" foliage mound. Blue-grey leaves.
HELIOTROPIUM	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs, Peren., Annuals
arborescens 'Fragrant Delight'	To 4'. Dark leaves. Purple clusters of fragrant flowers.
HELLEBORUS	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials
^{ME} argutifolius (lividus v. corsicus)	2-3'; toothed grey-green leaves, light green flowers.
^{ME} argutifolius 'Pacific Frost'	2-3'. Green lvs speckled cream. Greenish fls.
^{ME} x hybridus 'Amber Gem'	Winter Jewels series. Double yellow fls, pink edges.

Name	Description
^{ME} x hybridus 'Amethyst Gem'	Winter Jewels series. Large purplish rose flowers.
^{ME} x hybridus 'Appleblossom'	Winter Jewels series. White with pink flowers.
^{ME} x hybridus 'Apricot Blush'	Winter Jewels series. Creamy petals, rose edges, reverse.
^{ME} x hybridus 'Black Diamond'	Winter Jewels series. Purple to black fls, cream stamens.
^{ME} x hybridus 'Bright Dancer'	Hellebore. Large, dark leaves, large bright pink fls. SCN.
^{ME} x hybridus 'Cotton Candy'	Winter Jewels series. Double pale pink flowers.
^{ME} x hybridus 'Dark Dancer'	SCN sel. Hellebore; shiny leaves, maroon flowers.
^{ME} x hybridus 'Golden Sunrise'	Winter Jewels series. Clear yellows, some red speckles.
^{ME} x hybridus 'Onyx Odyssey'	Winter Jewels series. Dbl deep purple to near black fls.
^{ME} x hybridus 'Peppermint Ice'	Winter Jewels series. Dbl pale to medium pink, rose edges.
^{ME} x hybridus 'Red Lady'	Upright stems with many cupped pinkish red fls.
^{ME} x hybridus 'Red Sapphire'	Winter Jewels series. Double rosy red flowers.
^{ME} x hybridus 'Rose Quartz'	Winter Jewels series. Dbl. white/rose picotee edge.
^{ME} x hybridus 'Ruby Wine'	Winter Jewels series. Deep pinkish red flowers.
^{ME} x hybridus 'Sparkling Diamond'	Winter Jewels series. Double pure white fls.
^{ME} x hybridus 'White Pearl'	Winter Jewels series. Large white flowers.
^{ME} x sternii 'Silver Dollar'	1-2', silvery leaves; pink buds, green fls, early spring.
'White Magic'	Hellebore; broad, smooth leaves, white flowers.

HEMEROCALLIS

Family: Liliaceae (Lily Family)

Plant Type(s): Herbaceous Perennials

'Adrienne's Surprise'	2'. Light rose pink with darker markings.
'Arctic Snow'	2'. Creamy white, ruffled flowers over wide leaves.
'Aztec Chalice'	3'. Bright red fls over wide leaves, floriferous. Evergreen.
'Berrylicious'	Semi-evergreen. Red flowers with dark eye, edges.
'Betty Woods'	Evergreen, to 2'. Double yellow fls, long bloom.
'Coming up Roses'	Rose pink flowers over lush, wide green leaves. Evergreen.
'Cranberry Baby'	Dwarf, floriferous; cranberry-colored fls. Semi-evergreen.
'Frank Gladney'	Medium height; huge peach-pink flowers. Evergreen.
'Gentle Shepherd'	Evergreen hbd. Stems to 3', large cream-white flowers.
'Green Dragon'	3'h fl. stms. Pale green sepals+yellow petals. Semi-evergrn.
'Hearts of Fire'	2'+. Deep red flowers have green throat, ruffled edge. Evgn.
'Hidden Riches'	2'. Bright lemon yellow fls. with frilled edges. Evergreen.
'Hyperion'	4" bright yellow flowers on 3' flower stem. Fragrant.
'Icecap'	Prolific, w/stems to 3'. Large cream flowers.
'Java Sea'	Many 4" bright yellow flowers on 3' flower stem.
'Joan Senior'	2'. Large near white flowers, green throat. Evergreen.
'Little Miss Sunshine'	Seedling of 'Stella d'Oro'; more floriferous. Evergreen.
'Mister Lucky'	2-3'; ruffled brick red fls, maroon halo, green ctr. Evgrn.
'Mountain Violet'	2-3'; large, fragrant flowers; red-violet.
'My Reggae Tiger'	2'. Large vivid orange flowers with red centers.
'Orange Empire'	2-3'. Ruffled orange flowers, semi-evergreen.
'Snowy Eyes'	2'. Palest yellow flowers with purple center.
'Spacecoast Bold Scheme'	Peach fls, dark red-violet ctr, petal edges. Semi-everg.
'Stella d'Oro'	Dwarf. Free-blooming selection, bright yellow flowers.
'Sun's Face'	2'. Bright round gold flowers. Evergreen.
'Tropical Sherbet'	Dwarf habit; flower color pale peach.
'White Zircon'	3'; large, fragrant cream-colored flowers. Semi-evergrn.
'Wild Mustang'	2'. Rounded peach ruffled petals, reddish eye.

HEPTACODIUM

miconioides

Family: Caprifoliaceae (Honeysuckle Fam.) Plant Type(s): Shrubs

10'+shrub. Shiny green lvs, white fls, showy pink fruits.

HERACLEUM

^{CN} lanatum

Family: Apiaceae (Carrot Family)

Plant Type(s): Herbaceous Perennials

Cow parsnip. Large rough lvs, broad white fl heads, spring.

Dense clumps of blue grey leaves. Moist soils. 18". Erect corkscrew lvs, many w/ vertical yellow stripe. Dark green rush with stiffly erect form. Slowly spreading. Native rush, stiff clumps; dark grey green stems to 3'. Native rush. Dense clumps, blue grey stems to 18".
JUNIPERUS communis 'Gold Cone' horizontalis 'Blue Rug' squamata 'Blue Star'	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs 3-5'h/1-2'w. Gold new growth. Greener in winter. 6"h,5-8'w. Dense blue spreading conifer, purple in winter. 1-3'h/w. Dense low mound, silvery blue-green.
JUSTICIA ^{CN} californica	Family: Acanthaceae (Acanthus Family) Plant Type(s): Shrubs Chuparosa. Leafless stems, red fls. 3-6' mound.
KADSURA japonica 'Fukurin'	Family: Schisandraceae (Schisandra Family) Plant Type(s): Vines Climber w/glossy cream edged leaves; cream fls.
KECKIELLA ^{CN} cordifolia	Family: Plantaginaceae (Plantain Family) Plant Type(s): Shrubs and Subshrubs Arching shrub, to 6'+; dark shiny lvs, scarlet tubular fls.
KENNEDIA ^{AU} beckxiana 'Flamboyant'--staked ^{AU} coccinea--staked ^{AU} nigricans--staked ^{AU} prostrata--staked	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs and Vines 8'. Lg. pea fls. are hot orange w/lime ctr. UCSC/Koala. Carpeting pea-vine; flowers red, pink, yellow. Lush vine with broad leaves, yellow & black flowers. Lush lvs.; bright scarlet pea fls. Climbing form.
KERRIA japonica 'Pleniflora' japonica--single orange/Myrtle Wolf	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs Arching, to 8'. Green stems & leaves, double gold flowers. Japanese rose. 8'h/6'w, single yellow-orange fls.
KNIPHOFIA ^{SA} 'Alcazar' ^{SA} caulescens ^{SA} 'Christmas Cheer'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Red-hot poker; spikes of orange-red flowers, summer. Wide blue-grey lvs; thick fl. stem, coral/cream fls, summer. Red-hot poker, to 5'+. Large orange clusters in fall/winter.

Name	Description
^{SA} 'Cool Knip'	Wide grey-green lvs. Green buds to lt yellow fls, midsummer.
^{SA} 'Green Jade'	3-4'. Green buds open to pale yellow fls., midsummer.
^{SA} hirsuta 'Fire Dance'	20". Blue green leaves, large heads coral red to yellow fls.
^{SA} 'Ice Queen'	Pale yellow flowers on 4' stems, late spring.
^{SA} 'Inferno'	Large heads of bright orange fls. on 5'+ stems, summer.
^{SA} 'Malibu Yellow'	Poker plant. Yellow fls. on 2' stems, mid summer.
^{SA} multiflora	Spire-like fl. stem to 6'+, orange buds to stubby cream fls.
^{SA} 'Orange Vanilla Popsicle' PP#24292	2'. Orange buds open to cream fls. Summer blm.
^{SA} 'Papaya Popsicle' PP#22915	1-2'. Bright orange fls spring, summer.
^{SA} 'Peachy Cheeks' PP#20313	2'. Soft orange buds open to cream flowers. Summer blm.
^{SA} 'Pineapple Popsicle' PP#22969	2'. Yellow flowers, spring, summer.
^{SA} 'Shining Sceptre'	Glowing light orange flowers on 3' stems, late spring.
^{SA} thomsonii	Fl. stems to 5'+. Curved apricot fls well spaced, long blm.
^{SA} 'Tower of Gold'	Robust, to 5'+. Orange/yellow flowers, late summer.
^{SA} 'Yellow Cheer'	Bright golden orange flowers, late summer. To 5'+.

LACHENALIA

Family: Liliaceae (Lily Family)

Plant Type(s): Bulbous Perennials

- ^{SA} aloides 'Pearsonii'
- ^{SA} pendula

Cape cowslip; pendant flowers gold with red & green.
Cape cowslip; pendant coral red bells, winter. 8" stems.

LANTANA

Family: Verbenaceae (Verbena Family)

Plant Type(s): Shrubs

- camara 'Red Spread' PP#14691
- montevidensis (sellowiana)
- montevidensis 'Alba'

2'. Fls open orange, then turn dark red.
Hardiest. Dark green lvs, deep lavender flowers, trailing.
Low spreading shrub. Green to dark lvs, white fls.

LAURUS

Family: Lauraceae (Laurel Family)

Plant Type(s): Trees and Shrubs

- ^{ME} nobilis
- ^{ME} nobilis 'Aureus'
- ^{ME} nobilis 'Aureus'--staked columns
- ^{ME} nobilis--compact form
- ^{ME} nobilis forma angustifolia
- ^{ME} nobilis Sicilian Sunshine TM
- ^{ME} 'Saratoga'--bush form
- ^{ME} 'Saratoga'--staked columns

20'+. True bay. Leathery aromatic dark green lvs.
True bay. New growth pale gold then dark green lvs.
True bay. New growth pale gold then dark green lvs.
Grecian laurel. Dense, smaller-leaved selection.
8-20'. Narrow leaf form of true bay.
6-20'. True bay, vivid golden leaves.
Male-no fruit. Robust. Cream flowers. To 6-15't.
Male-no fruit. Cream flowers. Broad leaves. To 25'.

LAVANDULA

Family: Lamiaceae (Mint Family)

English lav; 2' mound. Fragrant, lavender flowers, grey lvs.
16" mound. Compact habit, deep blue fls.
Under 1'; bright grey leaves, dark purple flowers.
1-1/2', dense; very aromatic; bright lavender flowers.
Cream edges on fragrant green lvs. Lav. fls.
Compact mound to 2'. Fragrant lvs; violet flowers.
Low grey mound; fl. stems to 2', bright dark violet fls.
18" mound. Bright violet flowers, stems to 30".
2'. Grey soft lvs, L. angustifolia type, lavender fls.
Bushy habit. Bright grey leaves. Disease resistant.
4'. Fast. Greyish green lvs, dark violet fls.
Low, bushy; large grey leaves, typical lavender flowers.
Dense, shrubby. Grey-green lvs, 1-2' stems, dk lavender fls.
2-3'. Lavender fls. Sel. for disease resistance.
Hybrid lavender. Bushy, grey, fragrant. Stems to 3'+.
1'. Soft grey lvs. Fragrant brt lavender fls. Ken Montgomery.

Name	Description
^{ME} stoechas 'Bandera Purple'	Very compact Spanish lavender, to 12". Purple flags.
^{ME} stoechas 'Double Anouk' PPAF	Extra purple flags top fl. spikes, soft silvery leaves.
^{ME} stoechas 'Otto Quast'	Upright, dense. Dark bracts, dark lavender flowers.
^{ME} stoechas 'Silver Anouk' PP#20068	Spanish lavender, to 18". Silver leaves, purple fls.
^{ME} stoechas 'Violet Lace' PP#18254	Spanish lavender, to 2'. Green lvs, red purple flags.
^{ME} stoechas 'Wings of Night'	Bushy, to 2'+; grey leaves, large/dark flower bracts.
^{ME} stoechas ssp. ped. 'Dedication'	Spanish lavender. Long flower stems, violet flags.
^{ME} stoechas ssp. ped. 'Ghostly Princess' PP	Silvery leaves, pink flags top long stems.
^{ME} viridis	2-3'. Green aromatic lvs, yellow flags, cream fls.
LAVATERA (MALVA)	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs and Perennials
^{CN} assurgentiflora--dark-fl. form	Tree mallow; lg. lobed lvs, dark purp-red fls w/white.
^{ME} bicolor	Bushy, w/greyish leaves, large purple-centered flowers.
LAVATERA	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs and Perennials
^{ME} x clementii 'Barnsley'	To 8', bushy; grey-green leaves, pale pink fls, rose ctr.
^{ME} x clem. 'Barnsley Baby' PP#14163	2-3'+. White fls with rose center.
^{ME} x clementii 'Kew Rose'	8'+. Bushy. Deep rose fls, long bloom. Grey-green leaves.
LEDEBOURIA	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{SA} 'Barberton'	Purple spotted leaves with bulbous base; dense clumps.
^{SA} socialis	6-8" clumps. Silver-grey lvs w/green spots, purple backs.
LEONOTIS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals
^{SA} leonurus	Lion's tail; 6'; bright orange flower clusters in fall.
^{SA} menthifolia 'Savannah Sunset'	3-4'. Crinkled lt. green lvs, whorls of soft orange flowers.
LEPECHINIA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{CN} calycina	4-5'. Grey furry, aromatic lvs; pale lilac bell fls.
^{CN} fragrans	Soft grey-green furry, fragrant lvs., large pink fls.
^{CN} fragrans 'El Tigre'	4-5'. Soft green, furry, fragrant lvs, large pink fls.
hastata	6'; large fuzzy, fragrant leaves; lavender-rose flowers.
LEPTOSPERMUM	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs
^{AU} continentale 'Horizontalis'	1'h/6'w. Green triangular lvs covered w/white fls in spring.
^{AU} 'Dark Shadows'	15'. Striking purple flushed lvs, white fls in summer.
^{AU} laevigatum 'Reevesii Compactum'	3-4', slow, compact; congested blue-green leaves.
^{NZ} scoparium 'Apple Blossom'	Double light pink fls change to white. Lvs darken in winter.
^{NZ} scoparium 'Candy Cane'	Tea tree. Flowers semidbl, light pink with dark outline.
^{NZ} scoparium 'Gaiety Girl'	Tea tree. Double deep pink-lilac tint flowers.
^{NZ} scoparium 'Helene Strybing'	10'h. Tea tree. Single deep pink flowers.
^{NZ} scoparium 'Nanum Tui'	Tea tree; dense, 4'h/8'w, pink to white flowers.
^{NZ} scoparium 'Pink Cascade'	8"h/12'w. Dense mounds, bright pink & white flowers.
^{NZ} scoparium 'Ruby Glow'	Tea tree. 3/4" double deep red fls, purple-tinged leaves.
^{NZ} scoparium 'Wiri Kerry'	3'. Rounded form, shiny dark red lvs. Double rose red fls.
^{AU} turbinatum 'Flat Rock'	To 6'. Glossy dark green lvs., bright white fls., spring.
LESSERTIA	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs
^{SA} montana	4'h/w. Grey divided lvs, bright red pea fls, summer.
LESSINGIA (CORETHROGYNE)	Family: Asteraceae Plant Type(s): Herbaceous Perennials
^{CN} filaginifolia 'Silver Carpet'	SBBG intro. Low, with grey leaves, pink daisies.

Name	Description
LEUCADENDRON	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{SA} 'Ebony' PP#23258	3-4'+. Purplish black leaves, dark red bracts winter-spring.
^{SA} galpinii 'Silver Cone'	5-6'. Narrow blue grey lvs; "cones" develop along stems.
^{SA} 'Jubilee Crown'	5'. Erect. Tiny lvs, flexible stems. Pink/red cones.
^{SA} linifolium	6'. Willowy stems, tiny lvs. Fls/cones.
^{SA} 'Pisa'	6'. Upright habit with soft silvery lvs & cones. Cream fls.
^{SA} 'Rising Sun'	6'. Sturdy stems with pinkish red bracts winter-spring.
^{SA} 'Safari Goldstrike'	6'. Winter flowers turn tips bright yellow.
^{SA} 'Safari Sunset'	6'+. Dark narrow lvs, red floral bracts for months.
^{SA} salignum 'Summer Red'	4' high, 6' wide. Narrow red leaves; cream/red fls.
^{SA} salignum 'Winter Red'	3-4' high, 6' wide. Short lvs, dark burgundy in winter.
^{SA} 'Sylvan Red'	6-7'. Bright red bracts in winter-spring.
^{SA} 'Wilson's Wonder'	To 8'. Green leaves; bright yellow bracts winter-spring.
^{SA} 'Yaeli'	To 8'+, bushy, upright. Narrow lt. green lvs, yellow bracts.
LEUCANTHEMUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
x superbum 'Broadway Lights' PP#19242	2'. Shasta daisy. Single pale yellow flowers.
x superbum 'Esther Read'	2'. Shasta daisy; Double white flowers, long bloom.
x superbum 'Real Glory' PP#25733	2'. White fls, full tufted pale yellow center.
LEUCOSPERMUM	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{SA} cordifolium	Pincushion. Spectacular red or golden fls spring.
^{SA} 'Goldie'	Pincushion. To 4'+. Golden yellow fls, spring.
^{SA} 'High Gold' PP#10644	Pincushion. 5'. Showy yellow fls in spring.
^{SA} 'Veldfire'	Pincushion. 5'. Dark green lvs. Fls yellow/red.
LEWISIA	Family: Montiaceae (Miner's Lettuce Fam.) Plant Type(s): Succulent Perennials
^{CN} 'Dark Cloud'	SCN seed strain; flowers deep rose.
^{CN} 'Pink Cloud'	SCN, 8" fl. sprays. Large bright pink fls.
^{CN} 'Rainbow'	Single to semi-double flowers, white, pink, red, yellow.
^{CN} 'White Cloud'	SCN. Succulent rosettes, sprays of white flowers.
LEYCESTERIA	Family: Caprifoliaceae (Honeysuckle Family) Plant Type(s): Shrubs
formosa	To 6'+, arching shrub. Maroon to black fruits attract birds.
LEYMUS (ELYMUS)	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} californicus	Bottlebrush grass, to 5'. Wide lvs, arching fl. stms. Shade.
^{CN} condensatus 'Canyon Prince'	Thicketing grass, to 2'; grey-green leaves.
^{CN} triticoides 'Grey Dawn'	Colonizing grass with narrow soft grey erect stems to 2'+.
LIATRIS	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
spicata 'Kobold'	Gayfeather; grassy leaves; 2-3' spikes; pink flowers.
LIBERTIA	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{NZ} grandiflora	2-3', Iris-like plant; sprays of white flowers.
^{NZ} ixioides	1' clumps; white fls. in summer, golden leaf tips in winter.
^{NZ} peregrinans	Iris-like; striking orange-tinted lvs, small white fls.
LILIUM	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{CN} 'Corralitos Hybrids'	WGN native hybrids. 3'+ stem. Fragrant fls. rose to scarlet.
^{CN} 'Firefly'	4'+. Red fls in summer. From Corralitos hybrids.

Name	Description
^{CN} pardalinum	Leopard lily. To 6'+; dark foliage, large orange flowers.
^{CN} pardalinum 'Gualala Giant'	Leopard Lily; 6'+; flowers dark orange & yellow.
^{CN} 'Pumpkin'	4'+. Orange fls in summer. From Corralitos hybrids.
LIMONIUM	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Herbaceous Perennials
^{ME} perezii	To 3'. Sea lavender. Purple and white flowers.
LINUM	Family: Linaceae (Flax Family) Plant Type(s): Herbaceous Perennials
^{WE} lewisii	Blue flax. Slender stems, narrow leaves, sky blue flowers.
LIRIOPE	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
muscaria 'Big Blue'	2'h. Big blue lily turf. Dark violet flowers.
muscaria 'PeeDee Ingot'	12"+. Lily turf with golden leaves, purple flowers.
spicata 'Silver Dragon'	Robust form, to 18". Cream-variegated leaves.
LITHODORA	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials
^{ME} diffusa 'Blue Star'	Starry fls are dark blue with wide white petal edges.
^{ME} diffusa 'Grace Ward'	Fuzzy dark green mat; bright true-blue flowers.
^{ME} diffusa 'White Star' PP#20078	Starry fls have white center, blue edges. Dark grn lvs.
LOBELIA	Family: Campanulaceae (Bellflower Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} cardinalis	Bright true red flowers on 2' spike. Low green leaves.
fulgens	Mexican cardinal flower. Purplish leaves, red flowers.
laxiflora	Mexican lobelia; shiny leaves, red & yellow flowers.
^{SA} valida	1-2'. Bright blue fls on erect, succulent grn stems.
LOMANDRA	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{NZ} confertifolia 'Finescape'	18" high, wide. Very narrow green leaves, clumping.
^{NZ} confertifolia 'Seascape' PP#20010	1-2'h/2-3'w. Narrow dark blue grey lvs. Clumping.
^{NZ} hystrix Katie Belles TM PPAF	4-5'. Wide green lvs, yellow fls in summer. Sun/shade.
^{NZ} hystrix TropicBelle TM PP#20759	4'h/w. Sturdy, wide green lvs. Sun or shade.
^{NZ} longifolia 'Breeze' PP#15420	2-3'. Deep green leaves, clumping. Dry shade.
^{NZ} longifolia 'Lime Tuff' PP#23034	2-3'. Rich green lvs, clumping. Tiny fragrant fls.
^{NZ} longifolia 'Verday'	2'. Dense green clump for sun or shade.
LONICERA	Family: Caprifoliaceae (Honeysuckle Family) Plant Type(s): Shrubs and Vines
[x americana]	Creamy yellow fls, bright rose buds. Profuse bloom, summer.
caerulea 'Honey Bee' TM	Honeyberry. 6'. Edible blue fruits in summer.
hildebrandiana	Burmese honeysuckle; large shiny leaves, huge flowers.
^{CN} hispidula	Native vine with blue-green leaves, pink fls., red berries.
japonica 'Halliana'--staked	15'+. Vigorous. White & yellow fragrant flowers.
japonica 'Purpurea'--staked	Japanese honeysuckle. Purplish leaves. White&lilac fls.
nitida 'Baggesen's Gold'	Bushy, spreading. Small leaves, bright yellow new growth.
nitida 'Lemon Beauty'	Compact, spreading selection; small yellow-margin lvs.
LOPHOMYRTUS	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{NZ} x ralphii 'Kathryn'	6'+. Bushy. Crinkled purple-tinged leaves.
^{NZ} x ralphii 'Sundae'	8'+. Compact, upright. Leaves marbled with yellow.
LOROPETALUM	Family: Hamamelidaceae (Witch Hazel Fam.) Plant Type(s): Shrubs
chinense	3-6'; soft bright green leaves, spidery white flowers.
chinense 'Burgundy'	Spreading growth. Dark oval leaves. Dark pink fls.

Name	Description
chinense Jazz Hands 'Bold' PPAF	6'. Larger lvs, flowers. Dark pink fls, burgundy lvs.
chinense Jazz Hands 'Dwarf Pink' PPAF	Compact. 1-2'h/3-4'w. Red leaves, pink fls.
chinense Jazz Hands 'Dwarf White' PPAF	1-2'h/3-4'w. Groundcover form. White fls.
chinense Jazz Hands 'Variegated' PPAF	4-6'. New lvs splashed white, later red. Pink fls.
chinense 'Rubrum'	Burgundy leaves, deep pink flowers.
LOTUS (HOSACKIA)	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} crassifolius var. otayensis	Soft grey furry erect stems, clusters of purple & white fls.
^{CN} formosissimus (H. gracilis)	Matting perennial; bright pink & yellow fls, spring-summer.
LOTUS (ACMISPON)	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} grandiflorus	2-3'. Loose mound; grey-grn lvs, creamy white pea fls.
LUCULIA	Family: Rubiaceae (Madder Family) Plant Type(s): Shrubs
[intermedia]--Qiqui	Prob. to 10', bushy. Large dark leaves, fragrant pink fls.
LUMA	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs and Small Trees
apiculata	12'+. Dark green shiny leaves, white flowers, blue fruit.
apiculata 'Glanleam Gold'	To 6'+. Wide gold edges on light green lvs, new lvs reddish.
LUPINUS	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} albifrons--selected strains	Silver bush lupine, to 5'. Spikes of scented violet fls.
^{CN} albifrons var. collinus	Matting plant with silvery leaves, lav. blue 8" fl. spikes.
^{CN} albifrons var. douglasii	Bush lupine w/silvery green narrow lvs, blue purple fls.
^{CN} arboreus--lavender	Bush lupine; 6'+; grey-green leaves, lavender blue flowers.
^{CN} arboreus--yellow	Bush lupine. 6'. Grey-green leaves. Fragrant yellow flowers.
^{CN} formosus	Summer lupine. 1-2'. Soft purple fls, grey lvs. Perennial.
^{CN} polyphyllus var. burkei	2-3', perennial. Lush green lvs; lavender blue fls, summer.
LUZULA	Family: Juncaceae (Rush Family) Plant Type(s): Rushes
^{WE} 'Ruby Stiletto'	Woodrush. 6". Grassy clump, reddish in winter.
LYGEUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} spartum	False esparto grass. 2-3'. Fine grey lvs, distinctive fls.
LYONOTHAMNUS	Family: Rosaceae (Rose Family) Plant Type(s): Trees
^{CN} floribundus ssp. asplenifolius	25'. Catalina ironwood. Lacy leaves. Clust. white fls.
LYSIMACHIA	Family: Myrsinaceae (Myrsine Family) Plant Type(s): Herbaceous Perennials
atropurpurea 'Beaujolaais'	Low grey leaves; dense spike of purple red flowers. To 2'.
clethroides	To 3'. Dense spikes, white flowers. Large leaves.
MAHONIA (BERBERIS)	Family: Berberidaceae (Barberry Family) Plant Type(s): Shrubs
^{WE} aquifolium	Oregon grape. Shiny div'd lvs, brt yellow fls, blue berries.
^{WE} aquifolium 'Compacta'	2-3'. Evergreen holly-like leaves. Yellow flowers, clumper.
^{CN} 'Golden Abundance'	Robust, to 8'. Large dark leaves, masses of gold fls.
^{CN} nevinii	6'+; bushy growth; prickly blue-grey lvs, red berries.
MAIANTHEMUM	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{CN} dilatatum	6"h, spreads. Heart-shaped leaves. White fls.&red berries.
MALACOTHAMNUS	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs
^{CN} clementinus	San Clemente bushmallow. Pink fls. in spring, summer.

Name	Description
^{CN} fasciculatus 'Casitas'	Upright to 8'. Large lobed grey leaves, cupped pink fls.
^{CN} fremontii	Upright to 6', thicketing. Grey leaves, pink mallow flowers.
^{CN} palmeri 'Hanging Valley'	4-6'; open growth. Large lobed, grey lvs, heads of pink fls.
^{CN} palmeri 'Jolon'	Santa Lucia bush mallow. Green leaves, white fls., to 4'.
MANDEVILLA	Family: Apocynaceae (Dogbane Family) Plant Type(s): Vines
laxa	Chilean jasmine; deciduous; fragrant white flowers.
laxa 'White Star'	Chilean jasmine. Floriferous selection; fragrant white fls.
MANETTIA	Family: Rubiaceae (Madder Family) Plant Type(s): Vines
luteorubra	Candy corn vine. Orange and yellow tubular fls.
X MANGAVE	Family: Agavaceae (Agave Family) Plant Type(s): Succulent Perennials
'Pineapple Express' PPAF	Spiky rosette to 1'. Lvs dk grey green, burgundy spots.
MARRUBIUM	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{ME} bourgaei 'All Hallows Green'	18" high/wide. Low, dense. Light green furry leaves.
MELALEUCA	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs
^{AU} decussata	6'. Slender stems, small green lvs. Puffs of lavender fls.
^{AU} incana	6-7'h/8'w; soft, fuzzy grey leaves, cream flowers.
^{AU} nesophila	15'. Dense, sturdy. Round balls of mauve fls.
MELANOSELINUM	Family: Apiaceae (Carrot Family) Plant Type(s): Herbaceous Perennials
^{ME} decipiens	Black parsley, to 6'. Bold tropical lvs, heads of cream fls.
MELIANTHUS	Family: Melianthaceae (Honey Flower Fam.) Plant Type(s): Shrubs
^{SA} major	Honey flower. To 10', with lg toothed, divided blue green lvs.
^{SA} major 'Purple Haze'	2-3'. Purple flushed blue grn lvs; burgundy fls in spring.
MELICA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} imperfecta	Clumping bright green CA bunchgrass; fl. stem to 2'.
MELINIS (RHYNCHELYTRUM)	Family: Poaceae Plant Type(s): Grasses
^{SA} nerviglumis 'Pink Crystals'	Ruby grass. Fine textured grey-green lvs; silky pink fls.
MICHELIA	Family: Magnoliaceae (Magnolia Family) Plant Type(s): Trees and Shrubs
figo	6'+. Banana shrub. Dark shiny leaves, fragrant cream fls.
figo 'Port Wine'	6'+. Banana shrub. Dk. purple-red fragrant fls. Glossy lvs.
yunnanensis 'Snowbird'	SCN. Spreading habit. Floriferous, large fragrant white fls.
MICROMYRTUS	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{AU} ciliata--spreading form	UCSC intro. Flat topped shrub; pink buds open to white fls.
MIMULUS	Family: Phrymaceae (Lopseed Family) Plant Type(s): Shrubs to Annuals
^{CN} aurantiacus	Monkeyflower; golden orange flowers on erect stems.
^{CN} aurantiacus 'Electric Pumpkin'	Erect habit, with masses of brt orange fls in spring.
^{CN} bifidus 'Cone Peak'	Mock azalea. Bushy, with orange fls. edged white.
^{CN} bifidus--creamy yellow	Mock azalea; bushy, narrow leaves, ruffled flowers.
^{CN} bifidus 'Junipero Serra'	Mock azalea. Bushy, to 18". Large orange fls, marked white.
^{CN} cardinalis	Scarlet monkeyflower; 1'+, soft, lush; scarlet tubular fls.
^{CN} cardinalis 'Santa Cruz Island Gold'	Golden orange tubular flowers; soft lush leaves.

Name	Description
^{CN} 'Fiesta Marigold' PPAF	Jelly Beans series. Frilly red flowers, gold petal edges.
^{CN} 'Jack'	Dark green lvs., large bright purplish red fls.
^{CN} 'Jelly Beans Brick' PPAF	Many large brick red fls, long bloom. Persoff hybrid.
^{CN} 'Jelly Beans Cinnamon' PPAF	Large burnt orange flowers fade lighter. Long bloom.
^{CN} 'Jelly Beans Citron' PPAF	1-2'. Light grn lvs, many primrose yellow fls.
^{CN} 'Jelly Beans Crimson' PPAF	Large rich purplish red flowers, long bloom.
^{CN} 'Jelly Beans Goldenrod' PPAF	Shiny green leaves, golden orange fls.
^{CN} 'Jelly Beans Lava' PPAF	Brt, lg brick red fls fade to tawny orange. Persoff hybrid.
^{CN} 'Jelly Beans Scarlet' PPAF	2'+. Bright red flowers set among fresh green leaves.
^{CN} 'Jelly Beans Tangerine' PPAF	Vivid orange flowers, long bloom. Persoff hybrid.
^{CN} 'Jelly Beans Vanilla Snow' PPAF	Palest yellow flowers turn cream. Long bloom.
^{CN} longiflorus ssp. calycinus	Monkeyflower. Pale yellow fls, light green leaves.
^{CN} 'Pamela'	Bifid type. Pale gold fls have white edging on petals.
^{CN} 'Ruby Slippers'	18-24". Bright ruby red fls, green leaves. Long bloom.
^{CN} 'Valentine'	Monkeyflower. Vibrant red flowers, bright green leaves.

MISCANTHUS

^{SA} junceus	Family: Poaceae (Grass Family)	Plant Type(s): Grasses
sinensis 'Cosmopolitan'		5-6'. Stiff starburst form, blue green lvs. Evergreen.
sinensis 'Gold Bar' PP#15193		Eulalia. To 8'. Broad, cream-variegated leaves.
sinensis 'Morning Light'		4-5'. Green leaves with many gold bands. Fall flowers.
sinensis 'Yaku Jima'		Japanese silver grass. Narrow leaves with white varieg.
transmorrisonensis		Japanese silver grass. 3' t., compact. Leaves turn red-fall.
		Formosa maiden grass. 4-5'h. Evergreen leaves, drooping fls.

MONARDA

punctata 'Beebop'	Family: Lamiaceae (Mint Family)	Plant Type(s): Subshrubs, Perennials
-------------------	---------------------------------	--------------------------------------

Erect stems, creamy spotted fls, showy pink bracts.

MONARDELLA

^{CN} macrantha 'Marian Sampson'	Family: Lamiaceae (Mint Family)	Plant Type(s): Subshrubs, Perennials
^{CN} villosa		Shiny lvs form loose mat; long red tube fls in clusters.
^{CN} villosa 'Russian River'		Coyote mint. 12" shrublet. Lavender fls in dense heads.
^{CN} villosa var. obispoensis		Coyote mint; 1', bushy; aromatic foliage, lavender flowers.
^{CN} villosa x purpurea		Coyote mint. Shrublet; furry, aromatic lvs; lavender fls.
^{CN} viminea		Coyote mint; 1', bright green leaves, purple fl. heads.
		Slender shrublet. Heads of bright violet fls, aromatic lvs.

MORAEA

^{SA} ramosissima	Family: Iridaceae (Iris Family)	Plant Type(s): Cormous Perennials
---------------------------	---------------------------------	-----------------------------------

Shiny, grasslike plant; sprays of yellow flowers.

MORUS

nigra 'Dwarf Everbearing'	Family: Moraceae (Mulberry Family)	Plant Type(s): Shrubs
---------------------------	------------------------------------	-----------------------

Black mulberry. 4-6'. Dark sweet fruits, self fertile.

MUHLENBERGIA

capillaris	Family: Poaceae (Grass Family)	Plant Type(s): Grasses
capillaris 'Fast Forward' TM		Hairy awn muhly. Airy rose flower panicles, late summer.
capillaris 'White Cloud'		Compact. Early to bloom, clouds of pink fls in summer.
^{WE} dubia		Erect clumps 3-4'. Airy white flower panicles, late summer.
^{WE} dumosa		Dwarf deer grass. 3' fl. spikes, foliage to 18". Tan flowers.
^{WE} emersleyi		Bamboo muhly. 3-6' high; slender stems, fine leaves.
^{WE} lindheimeri		To 2'. Grey-green, tightly clumping; purplish-grey fls.
'Pink Flamingo'		Lindheimer muhly; 4' clump; bluish leaves, silvery fls.
pubescens		3'+ clump. Narrow grey-grn lvs; showy pink plumes, summer.
reverchonii Undaunted TM		Wide blue-grey blades are softly hairy; dense 2' clump.
		18" high, 2' wide. Clouds of pinkish red fls in late summer.

Name	Description
^{CN} rigens	Deer grass. Flower stems to 5'+. Dense rounded clumps.
MYOPORUM	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Shrubs
^{AU} parvifolium 'Putah Creek'	1't/8'w. Vigorous spreader. Green leaves, white flowers.
^{AU} parvifolium--red leaf form	Matting, with narrow red-tinged leaves, white flowers.
MYRICA (MORELLA)	Family: Myricaceae (Wax Myrtle Family) Plant Type(s): Shrubs
^{CN} californica	12'+. Wax myrtle. Bushy native with narrow leaves.
MYRSINE	Family: Myrsinaceae (Myrsine Family) Plant Type(s): Shrubs
^{SA} africana	To 6'. African boxwood. Shiny round lvs. Red-purple fruits.
MYRTUS	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{ME} communis	To 15'. True myrtle. Fragrant leaves, white fls., blue fruits.
^{ME} communis 'Boetica'	10'. Twisted branches. Fragrant green lvs, white fls.
^{ME} communis 'Compacta'	4-6' h. Dwarf myrtle. Dense. Fragrant shiny green leaves.
^{ME} communis 'Compacta Variegata'	Compact, to 5'. Dense yellow-variegated foliage.
^{ME} communis 'Variegata'	To 5'+; dense growth, light yellow-variegated leaves.
NANDINA	Family: Berberidaceae (Barberry Family) Plant Type(s): Shrubs
domestica 'Burgundy Wine'	Heavenly bamboo. 3'. Narrow bright red leaves.
domestica 'Harbour Dwarf'	Low, bushy; colorful narrow leaves.
domestica 'Twilight' PP#26025	Variegated dwarf, lvs combine pink, green and white.
NASSELLA (SEE STIPA)	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} species	
NEOMARICA	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
caerulea	To 4'+; Iris-like leaves; large purple fls. with markings.
NEPETA	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials
x faassenii	Catmint; 1' mound; fragrant grey-green leaves, lavender fls.
x faassenii 'Blue Wonder'	Catmint; low grey-green mound; blue purple flowers.
x faassenii 'Snowflake'	Catmint. 1' mound. Grey-green aromatic lvs, white fls.
x faassenii 'Walker's Low'	Catmint. 18" mound. Grey-green aromatic lvs, lav-blue fls.
grandiflora 'Summer Magic' PP#27090	18". Blue violet fls over green lvs. Stays erect.
'Joanna Reed'	2'. Grey green leaves, dark violet fls. Sterile hybrid.
'Pink Pixie'	Dwarf catmint to 10". Grey-green leaves, pink fls.
'Six Hills Giant'	Catmint. Similar to N. x faassenii, larger.
NEPHROLEPIS	Family: Nephrolepidaceae (Boston Fern F.) Plant Type(s): Ferns
biserrata 'Macho'	Boston fern; lush bright green erect fronds to 3-4'+.
NERINE	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
^{SA} bowdenii 'Wayne's Rose'	2'; Amaryllis ally; large deep pink flowers, late summer.
OENOTHERA	Family: Onagraceae (Evening Primrose Fam.) Plant Type(s): Perennials and Annuals
fremontii 'Shimmer' PP#19663	6"h, 2'w. Narrow silvery lvs, vivid 3" lemon fls.
fruticosa 'Fyrverkeri'	1-2'. Purplish lvs, clumping. Bright yellow fls., red buds.
missouriensis	Missouri evening primrose; low, with large yellow flowers.
rosea	Matting, with shiny green leaves. 1" brt rose pink flowers.
speciosa 'Rosea'	18"+. Mexican evening primrose. Large pink flowers.

Name	Description
OLEA ^{ME} europaea 'Montra' ^{ME} europaea 'Skylark Dwarf'	Family: Oleaceae (Olive Family) Plant Type(s): Trees and Shrubs Very compact, to 6-8'. Green leaves, few fruits. Shrubby, compact, to 12'. Grey leaves, few fruits.
OMPHALODES cappadocica	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials Forget-me-not; compact clumps, dark lvs; bright blue flowers.
OPHIOPOGON planiscapus 'Black Beard' PP#22128 planiscapus 'Nigrescens'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials 12". Larger form of black mondo grass. 6-8". Black mondo. Narrow black-tinged leaves.
ORBEXILUM ^{WE} pedunculatum	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials Low, spreading. Dark 3-parted leaves, purple pea flowers.
ORIGANUM ^{ME} 'Buckland' ^{ME} 'Green Goddess' ^{ME} 'Kent Beauty' ^{ME} 'Norton Gold' ^{ME} 'Rose Beauty' ^{ME} rotundifolium ^{ME} 'Santa Cruz' ^{ME} 'Virginia Saso'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials 1'. Fuzzy blue-grey leaves, rose pink bracts. Densely matting; nodding creamy bracts, fl. stems to 12". Matting. Round leaves; large pink bracts with flowers. Low mats of golden foliage, clusters of pink flowers. 8"+. Mats of aromatic stems, wide rosy bracts. Matting, with round leaves, large pale green bracts. Clumps to 1'+. Airy sprays, pink bracts, lavender fls. Matting. Round leaves; large rose bracts with flowers.
ORTHROSANTHUS chimboracensis v. centroamericanus	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials 12-18". Iris-like clump. Showy sky blue flowers.
OSCULARIA ^{SA} deltoides	Family: Aizoaceae (Carpetweed Family) Plant Type(s): Succulent Perennials 12"h/ 2-3' wide. Blue green toothed lvs, pink stems & fls.
OSMANTHUS x burkwoodii fragrans forma aurantiacus fragrans 'Nanjing's Beauty' heterophyllus 'Ilicifolius'	Family: Oleaceae (Olive Family) Plant Type(s): Trees and Shrubs Compact, evergreen shrub, white fragrant fls in spring. Upright shrub; large, dark leaves; fragrant orange flowers. COPF. 12'h. Leathery lvs. Fragrant creamy fls, long blm. 6-20'. Toothed holly-leaves. Fragrant white flowers.
OTATEA acuminata ssp. aztecorum acuminata ssp. aztecorum 'Chica' glauca	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos To 10'+ t. Mexican weeping bamboo. Lacy, narrow leaves. SCN. Mexican weeping bamboo; dwarf sel., profuse. 15'+. Narrow weeping leaves. Silvery white culms. Clumping.
OXALIS ^{SA} bowiei brasilienis ^{SA} hirta ^{CN} oregana 'Klamath Ruby' ^{CN} oregana 'Smith River'	Family: Oxalidaceae (Wood Sorrel Family) Plant Type(s): Shrubs, Peren., Annuals 1', robust; large bright green leaves, large pink flowers. Clumping, to 1'; fresh green leaves, rose flowers. 8", bright green leaves; vivid rose pink fls. in fall. Redwood sorrel. Red violet backed leaves. Light pink fls. Redwood sorrel. Light green leaves, carpeting. White fls.
OZOTHAMNUS ^{AU} diosmifolius--dark pink ^{AU} ledifolius	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs 4-6'. Erect habit. Very narrow lvs, round rose buds. 3-4'. Small yellow-green lvs on stiff upright stems. Tidy.

Name	Description
^{NZ} 'Sussex Silver'	4-6'. Short grey lvs, with erect habit. White flowers.
PANDOREA	Family: Bignoniaceae (Trumpet Vine Fam.) Plant Type(s): Vines
^{AU} jasminoides 'Alba'	Bower vine; dark, shiny leaves; clusters white trumpets.
^{AU} jasminoides 'Rosea Superba'	Bower vine; clusters large pink trumpets&dark centers.
^{AU} jasminoides 'Variegata'	Lush growth; cream-margined leaves; pink flowers.
^{AU} pandorana	Wonga wonga vine; large shiny leaves, cream flowers.
^{AU} pandorana 'Golden Showers'	Glossy green leaves; masses of clear yellow fls. in spring.
PAPAVER	Family: Papaveraceae (Poppy Family) Plant Type(s): Perennials and Annuals
orientale 'Plum Pudding'	Oriental poppy. Lt. purple fls, dk petal spot.
orientale 'Prince of Orange'	Large orange fls, dark spot on each leaf.
orientale 'Queen Alexandra'	Oriental poppy. pale pink fls, dk petal spot.
pilosum	1-2'; fuzzy basal leaves; bright orange flowers.
PARAHEBE	Family: Plantaginaceae (Plantain Family) Plant Type(s): Herbaceous Perennials
^{NZ} linifolia	To 1'. Upright stems in loose mound; white flowers.
PAROCHETUS	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials
communis	Blue shamrock. Matting, lush green lvs, bright blue fls.
PARROTIA	Family: Hamamelidaceae (Witch Hazel Fam.) Plant Type(s): Shrubs and Small Trees
persica	To 15', tiered branches, reddish fl. tassels, fall color.
persica Golden Bell Tower TM PPAF	25'. Columnar habit. Gold/apricot fall color.
PARTHENOCISSUS	Family: Vitaceae (Grape Family) Plant Type(s): Vines
henryana 'Green Velvet'	Velvety deep green lvs; blue berries, red fall color. Shade.
PASSIFLORA	Family: Passifloraceae (Passion Vine Family) Plant Type(s): Vines
'Ava'	Lobed lvs, brt lt. pink drooping fls, yellow edible fruits.
'Blue Horizon' TM	Showy P. Worley hybrid; white petals, purple-blue corona.
'Coral Glow'	Passionflower; huge deep coral flowers.
'Donna Brigham' TM	Textured dark green lvs, bright pink fls. P. Worley hybrid.
edulis 'Black Knight'	2" white flowers. Large black fruit, excellent flavor.
edulis 'Frederick'	Intricate white flowers; large lav.-purple edible fruits.
edulis 'Possum Purple'	White frilly flowers, purple edible fruits.
incarnata	Maypop. White fls, purple crown. Edible fruits. Cold hardy.
'Lavender Lady'	Dark, narrowly lobed leaves; purple flowers. P. Worley hyb.
'Leonor'	Large flowers have light violet petals, blue filaments.
manicata 'Linda Escobar'	P. Worley selection; lush foliage, brilliant red flowers.
'Purple Tiger'	P. Worley hybrid. Lush lvs; red violet fls/banded filaments.
'Quasar' TM	P. Worley hybrid. Pure white petals and filaments.
'Raspberries & Cream'	20'+. Many 3" pink fls. Filaments pink with white tips.
'Susan Brigham'	Passionflower; huge deep pink flowers. P. Worley hybrid.
trisecta	Night blooming passion vine, with 4" white flowers.
vitifolia	Bright true red fls. among lvs. with rusty hairs. Tender.
'Witchcraft' TM	Dense growth; sm. dark lvs; 3" violet fls. P. Worley hyb.
PATERSONIA	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{AU} fragilis	Australian iris ally; stiff narrow lvs to 1', lav-blue fls.
PELARGONIUM	Family: Geraniaceae (Cranesbill Family) Plant Type(s): Shrubs
^{SA} 'Phyllis'	To 2'. Lg lvs have cream edge. Cherry pink fls.

Name	Description
^{SA} sidoides	Low, spreading. Lobed grey-green leaves, dark magenta fls.
^{SA} tomentosum 'Chocolate Mint'	Peppermint ger. Lg furry green aromatic lvs, dark ctr.
^{SA} 'Veronica Contreras'	To 2'+, rounded, dense. Light pink fls, vivid pink ctr.

PENNISETUM

Family: Poaceae (Grass Family)

Plant Type(s): Grasses

alopecuroides 'Desert Plains' PP#20751	3-4'. Arching tawny plumes. Copper fall color.
alopecuroides 'Little Bunny'	Dwarf fountain grass, fls to 18". Yellow foliage in fall.
alopecuroides 'Moudry'	Black-flowering pennisetum; 18-26" h/w.
alopecuroides 'Piglet' PP#19074	18". Arching tawny plumes, light green lvs.
'Fairy Tails'	3-5'. Glossy green leaves; tan plumes, summer. Sterile.
'First Knight' PP#25515	4'. Wide glossy darkest red/black lvs.
orientale	Oriental fountain grass; 18" h/w, pink foxtails.
orientale 'Tall Tails'	Stems to 6', fluffy fl. heads droop; bright green leaves.
setaceum 'Cupreum'	Fountain grass; 2'+; bronze leaves & stems.
setaceum 'Eaton Canyon'	Low clumps, purplish foliage, pink feathery flowers.
setaceum 'Fireworks' PP#18504	New lvs red/grn/pink/white, older red. Burgundy fls.
spathiolatum (sphacelatum?)	Evergreen, clumping. Lvs to 18", slender fl. stems to 2-3'.
setaceum 'Sky Rocket' PP#21497	Fountain grass. Green lvs with white edge. Pink fls.

PENSTEMON

Family: Plantaginaceae (Plantain Family)

Plant Type(s): Shrubs and Perennials

^{WE} alamosensis	Wide basal blue-grey lvs; 2' spikes of coral orange flowers.
'Arctic Fox'	Low shiny green leaves. White fls on 12-18" spikes, summer.
^{CN} azureus	Fl. stems to 18"; blue flowers over grey-green leaves.
^{WE} cardinalis	Broad green basal lvs; 2' spike true red flowers.
^{CN} centranthifolius	Scarlet bugler; 1-3'; grey leaves, bright red flowers.
digitalis 'Pocahantas' PPAF	Lush red purple new leaves, lavender pink flowers.
^{CN} eatonii	Low green lvs; 2'+ stems with bright coral-orange flowers.
'Glitterbelle' TM	2'. Ruby red violet buds open with pure white throat.
gloxinioides 'Apple Blossom'	2', bushy; bright green leaves, pink flowers.
gloxinioides 'Belle of Dawn' TM	3'. Wide rosy purple fls, white throat. Long bloom.
gloxinioides 'Enor'	To 30". Deepest purplish-red fls., dark green lvs.
gloxinioides 'Firebird'	2'; bushy; narrow shiny leaves, bright red flowers.
gloxinioides 'Garnet'	To 2'+, bushy; shiny narrow leaves, deep magenta fls.
gloxinioides 'Holly's White'	2', bushy; flowers white with pink blush.
gloxinioides 'Lavender Belle' TM	To 3'. Wide lvs; bright red purple fls, white throat.
gloxinioides 'Midnight'	WGN. 2-3', bushy; dark green leaves, large purple flowers.
gloxinioides 'Painted Lady' TM	SCN. Brt rosy red-violet, white throat w/red lines.
^{CN} heterophyllus 'Blue Springs'	1-2'; Blue bedder penstemon. Large deep blue flowers.
^{CN} heterophyllus 'Blue Wonder'	Foothill pens. 1-2'. Bright blue fls, spring-summer.
^{CN} heterophyllus 'Margarita BOP'	Bushy, 1-2'. Blue-green lvs., brt. blue fls. Disease resist.
^{CN} newberryi var. sonomensis 'St. Helena'	Choice rock garden plant; green lvs, brt red fls.
^{CN} palmeri	Long spikes of fragrant pink flowers, toothed leaves.
^{WE} parryi	Low blue green lvs; 2' spikes of bright rose fls, spring.
^{WE} pinifolius 'Mersea Yellow'	Shrublet, to 12". Very narrow lvs, yellow fls.
^{CN} procerus var. formosus	Matting penstemon with green lvs; blue purple fls.
roseus	Clumping, to 2'. Narrow lvs, bright purplish red flowers.
^{CN} rostriflorus (bridgesii)	To 3' fl.stems. Red tubular fls. bloom sum-fall. Green lvs.
^{CN} rydbergii	Meadow penstemon, to 2'. Low green lvs; blue purple fls.
^{CN} spectabilis	Sturdy, 3'+; large toothed leaves, blue purple flowers.
^{WE} strictus	Dark green low lvs, clumping. 2' stems rich blue purple fls.
^{WE} venustus	Elegant penstemon. Shiny green lvs, bright blue fls. 2'

PEROVSKIA

Family: Lamiaceae (Mint Family)

Plant Type(s): Herbaceous Perennials

'Filigran'	To 3', bushy. Dissected leaves, lavender-blue flowers.
------------	--

www.suncrestnurseries.com

Name	Description
'Little Spire' PP#11643	2'. Compact form. Grey lvs, lavender blue fls.
'Longin'	2'+. Furry purple flower calyx, lavender fls., grey leaves.
PERSICARIA	Family: Polygonaceae (Buckwheat Family) Plant Type(s): Herbaceous Perennials
amplexicaulis 'Orange Field' PP#18344	3'h/ 5'w. Long, narrow spikes, salmon rose fls.
amplexicaulis 'Taurus'	3'h/5'w. Narrow spikes of crimson red fls, fall.
PHACELIA	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} bolanderi	Low grey-green leaves; heads of lavender blue flowers.
^{CN} californica	18". Neat clumps blue-grey lvs, coiled heads of lilac fls.
PHILADELPHUS	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs
'Belle Etoile'	Mock orange. Large 2"+ single fls/lavender center. Fragrant.
'Galahad'	To 6'. Small leaved, dense, fragrant white blooms summer.
^{CN} lewisii 'Covelo'	WGN. 4-8'h/w. Bushy with arching stems. Fragrant white fls.
^{CN} lewisii 'Goose Creek'	Native mock-orange; fragrant double white flowers.
mexicanus	Fragrant creamy sgl. fls. in clusters, summer. Sprawling.
PHILOTHECA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} myoporoides 'Galaxy'	UCSC/Koala. 4', rounded. Pink buds open to starry white fls.
^{AU} myoporoides 'Profusion'	Rounded, bushy. Masses of starry white fls. Aromatic lvs.
PHLOMIS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs and Perennials
cashmeriana	Perennial. Lg. grey-grn lvs, spikes of soft pink fls. to 2'.
^{ME} 'Edward Bowles'	To 6' h/w. Especially large leaves, yellow fls.
^{ME} fruticosa	Jerusalem sage; 4'+; large fuzzy leaves, yellow flowers.
^{ME} lanata	To 3'+h. Furry stems & 1" leaves. Orange-yellow fls.
^{ME} monocephala	To 4', dense. Golden leaves; yellow flowers.
^{ME} purpurea	To 5', bushy. Grey-green lvs, lavender pink fls.
^{ME} russeliana	Large heart-shaped lvs. Clumper. Fl stems to 3';yellow fls.
PHORMIUM	Family: Agavaceae (Agave Family) Plant Type(s): Herbaceous Perennials
^{NZ} 'Apricot Queen'	3'; leaves banded with yellow; apricot flush.
^{NZ} 'Black Rage'	4'. Dark chocolate lvs, bluish undersides.
^{NZ} 'Bronze Baby'	3-5'. Dwarf New Zealand flax. Compact, bronze leaves.
^{NZ} 'Carousel'	To 3'. Bronze lvs w/pink flush, lt orange edges.
^{NZ} colensoi 'Blondie' PP#24399	2'. Weeping habit. Yellow center, green edges.
^{NZ} colensoi 'Chocolate Baby'	To 2-3', with drooping chocolate-brown leaves.
^{NZ} colensoi 'Cream Delight'	N.Z. flax; dwarf; leaves cream, margined green.
^{NZ} colensoi 'Platt's Black'	To 2-3', narrow, dark reddish brown leaves. Compact.
^{NZ} colensoi 'Tricolour'	2-3'; leaves striped green, cream + pink.
^{NZ} 'Dark Delight'	5'+. Bold, broad lvs deep reddish purple.
^{NZ} 'Duet'	To 2', green lvs with creamy yellow edges.
^{NZ} 'Dusky Chief'	4-5'. Narrow deep reddish purple lvs. w/greyish backing.
^{NZ} 'Evening Glow'	3-4'. Bronze edges, soft rosy pink center, drooping tips.
^{NZ} 'Firebird'	5-6'. Erect rose-red lvs; bronze green edges.
^{NZ} 'Golden Ray'	4-5'. New lvs pinkish orange flush, then gold edges.
^{NZ} 'Green Glow'	4-5'. Wide lush green leaves. Robust.
^{NZ} 'Guardsmen'	To 7'. Lvs 1-1/2" bronze-maroon & red margin.
^{NZ} 'Lady in Red'	SCN. 4-5'. Reddish bronze wide lvs; graceful drooping tips.
^{NZ} 'Lime Crush'	3'. Shiny lime yellow leaves with green edge.
^{NZ} 'Margaret Jones'	3'+. Arching fans of soft rose leaves have bronze edges.

Name	Description
^{NZ} 'Pancho's Sport'	4'. Chocolate-green center, cream edges. Erect habit.
^{NZ} 'Parfait'	4'+. Leaves have salmon pink center, green margins.
^{NZ} 'Pink Stripe'	N.Z. flax. To 6'. Bushy. Bronze-green with pink edges.
^{NZ} 'Rainbow Chief'	To 4' h. Bronze leaves with rosy pink margin & streaks.
^{NZ} 'Rosie Chameleon'	2'. Lvs. with bronze edge, dusky rose centers.
^{NZ} 'Sea Jade'	4-5'. Green lvs, bronze center, erect form.
^{NZ} 'Sundowner'	5-6'; green central stripe, pink margins.
^{NZ} tenax 'Jack Spratt'	Dwarf selection; dense clumps; narrow bronze leaves.
^{NZ} 'Tom Thumb'	1-2'. Dwarf, tight. Arching green leaves, chocolate edges.
^{NZ} 'Wings of Gold'	2-3'. Olive green leaves with yellow margins.
^{NZ} 'Yellow Wave'	To 4', dense; bright yellow-variegated leaves.

PHOTINIA

fraseri Pink Marble TM PP#15160

Family: Rosaceae (Rose Family)

Plant Type(s): Shrubs

New lvs edged white. Pink/red new growth.

PHYGELIUS

^{SA} 'Rosy Cheeks' PPAF

^{SA} 'Yellow Submarine' PPAF

Family: Scrophulariaceae (Figwort Family)

Plant Type(s): Herbaceous Perennials

10-14". Compact, with spikes of vivid rose flowers, summer.

10-14". Compact, spikes of drooping yellow tube fls.

PHYLA

nodiflora

Family: Verbenaceae (Verbena Family)

Plant Type(s): Herbaceous Perennials

Lippia. Low tight green groundcover, pink fls. Fast.

PHYLLOSTACHYS

aurea

aurea 'Koi'

aureosulcata

aureosulcata 'Spectabilis'

vivax

Family: Poaceae (Grass Family)

Plant Type(s): Running Bamboos

Golden bamboo. 20'+; dense thickets.

Selected clone with green stripes on gold stems.

To 15'+; lush growth; stems grooved with gold.

Vigorous, hardy; culms yellow with green groove.

Timber bamboo; dark green stems to 50'+; large leaves.

Up to 40'. Yellow stems with dark green groove, lush fol.

To 35'. Spreading. Green stems have yellow groove.

Timber bamboo. Dark lvs, striped stems turning purplish.

Beautiful bamboo. 30'+. Shiny leaves, spreading 2.5" culms.

Basal proliferation-mid-culm. To 40' high. Hardy.

Moso bamboo; stems to 30'+; Large, shiny leaves.

To 20', slender stems, dense brushes of dark green lvs.

Black bamboo; 15'; blackish stems; bright green leaves.

To 50'+. Dark green stems to 3" diameter.

Black bamboo; very shiny black stems; bright green leaves.

20'; yellow-green stems with dark stripe.

Timber bamboo; dark green stems to 60'+; large shiny leaves.

PHYSOCARPUS

^{CN} capitatus 'Siskiyou Beauty'

opulifolius Coppertina TM PP#16371

opulifolius Red Robe TM

Family: Rosaceae (Rose Family)

Plant Type(s): Shrubs

Ninebark. Leafy shrub to 6'; heads of white fls. CA native.

6-8'. Copper new leaves turn red. White fls.

6'. Yellow orange new lvs turn burgundy. White fls.

PIERIS

'Flaming Silver'

japonica 'Christmas Cheer'

japonica 'Katsura' PP#15452

japonica 'Mountain Fire'

japonica 'Pygmaea'

Family: Ericaceae (Heath Family)

Plant Type(s): Shrubs

Cream edged leaves; red new growth, white flowers.

3'; billowy growth; masses of pink flowers.

5'. Shiny deep red new leaves keep color, rose pink fls.

3'+, compact; bright red new growth; white flowers.

To 1'h/w. Small leaves give feathery effect; white fls.

Name	Description
japonica 'Shojo'	4'. Compact. Deep red buds, very dark pink flowers.
japonica 'Valley Valentine'	8'. Upright. Flowers deep rose pink.
japonica 'Variegata'	Compact. Cream-variegated leaves flushed pink.
ryukyuensis 'Temple Bells'	4'. Compact. Masses white flowers, heavy-textured leaves.
'Snowdrift'	Bushy, to 6'+. Dark leaves, masses of white flowers.
PINUS	Family: Pinaceae (Pine Family) Plant Type(s): Trees
^{CN} ponderosa	Ponderosa pine, western yellow pine. Distinctive bark.
PITTOSPORUM	Family: Pittosporaceae (Pittosporum Family) Plant Type(s): Trees and Shrubs
^{NZ} tenuifolium	30't. Evergreen. Dense, 1" pale to dark green leaves.
^{NZ} tenuifolium 'Gerd's Form'	15'+. Glossy, dark green leaves, black stems.
^{NZ} tenuifolium 'Gold Star'	6'+. Dark green lvs with gold center, black stems.
^{NZ} tenuifolium 'Harley Botanica'	8-15'. Small leaves have lime center, darker edges.
^{NZ} tenuifolium 'Irene Patterson'	6-8'+. Green lvs, heavy irregular frosty white speckling.
^{NZ} tenuifolium 'Marjorie Channon'	10'+, compact upright shrub; cream variegation.
^{NZ} tenuifolium 'Mrs. Gorman'	SCN intro. 3-4'. Very dense, dwarf globe. Dark green lvs.
^{NZ} tenuifolium 'Pirouette' PP#22024	15'+, sturdy. Erect habit, lg pale yellow-var. lvs.
^{NZ} tenuifolium 'Silver Magic'	Erect shrub; small lvs. grey with cream, pink margins.
^{NZ} tenuifolium 'Silver Sheen'	8'+. Small round grey-green leaves. Dark stems.
^{NZ} tenuifolium 'Wrinkled Blue'	Wavy silvery blue green leaves set on dark stems.
^{NZ} tobira 'Shima'	30". Large light green lvs with creamy white edges. Dense.
PLANTAGO	Family: Plantaginaceae (Plantain Family) Plant Type(s): Herbaceous Perennials
^{CN} subnuda	Tall coastal plantain. Wide grn lvs, feeds butterfly larvae.
PLATANUS	Family: Platanaceae (Sycamore Family) Plant Type(s): Trees and Shrubs
^{CN} racemosa	California sycamore. Large bold lvs, mottled tan bark.
PLECTRANTHUS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{AU} argentatus	2-3' mound. Thick broad furry silvery leaves.
PLEIOBLASTUS	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
chino 'Akebono'	3'h. Dense 6" long lvs. Sporadic cream stripe. Spreader.
fortunei (variegatus)	Dwarf bamboo; cream-variegated leaves.
linearis	Thicketing bamboo, to 8'; dark narrow leaves.
shibuyanans 'Tsuboi'	To 6'. Broad cream stripes on 6" leaves, spreading.
viridistriatus var. chrysophyllus	Dwarf bamboo; leaves bright yellow, then chartreuse.
PLUMBAGO	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Shrubs
^{SA} auriculata--dark blue	Cape plumbago. Deep sky blue round fl. heads.
POA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{NZ} cita	To 2'. Dense tawny green clumps, arching fl. stems.
PODOCARPUS	Family: Podocarpaceae (Yellowwood Family) Plant Type(s): Trees and Shrubs
^{SA} henkelii	Long leaf yellow-wood. Dark green narrow lvs. Tree/shrub.
POLIOMINTHA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
longiflora	Mexican oregano; aromatic, shiny lvs, lavender flowers.
POLYGALA	Family: Polygalaceae (Milkwort Family) Plant Type(s): Shrubs, Peren., Annuals
chamaebuxus 'Purpurea'	Under 1', mounding; dark green lvs; pink & yellow fls.

Name	Description
^{SA} x dalmaisiana	Sweet-pea shrub. To 5' h/w. Many purple flowers.
^{SA} fruticosa 'Petite Butterfly'	Compact shrub. Mauve purple fls. with fringed lip.
^{SA} myrtifolia 'Grandiflora'	Bushy, to 6'. Oval dark green leaves, white&purple flowers.
POLYGONATUM	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
kingianum	To 5'. Slender stems; dangling orange & green bells.
odoratum (japonicum) 'Variegatum'	Solomon's seal; lily-like lvs. white edge, wht bells.
POLYPODIUM	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns
aureum 'Glaucum'	Hare's foot fern. To 4', upright. Large grey-green fronds.
^{CN} californicum 'Sarah Lyman'	Native fern; dissected-leaf selection. Summer-deciduous.
guttatum	From Mexico; 8-12" thick, evergreen fronds.
^{CN} scouleri	12". Creeping fern, evergreen leathery fronds.
POLYSTICHUM	Family: Dryopteridaceae (Wood Fern Fam.) Plant Type(s): Ferns
^{WE} andersonii	2-3'. Dark green fronds with bulblet at frond tip.
braunii	2-3'. Evergreen sword fern. Dark green fronds.
lucuosum	Sword fern. 1' high. Evergreen, silvery green fronds.
^{CN} munitum	Western sword fern; large, thick dark green fronds.
polyblepharum	Tassel fern. Dense, lacy, 2'. Dark green fronds.
setiferum	2'+. Crowns of finely dissected fronds.
POTENTILLA (DASIPHORA)	Family: Rosaceae Plant Type(s): Shrubs, Peren., Annuals
fruticosa 'Apricot Whisper'	Bushy shrub. Div'd lvs, soft apricot pink fls. in summer.
PRIMULA	Family: Primulaceae (Primrose Family) Plant Type(s): Herbaceous Perennials
vialii	Narrow leaves; red-furry stems; small lavender flowers.
PROSTANTHERA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{AU} linearis	To 5'+. Narrow green leaves, red stems, purple flowers.
^{AU} ovalifolia 'Variegata'	Mint bush. To 5'+. Cream-variegated lvs., bright purple fls.
^{AU} rotundifolia 'Rosea'	Mint bush; 4'. Dense, small round fragrant leaves, pink fls.
PROTEA	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{SA} 'Pink Ice'	8'. Grey-green lvs, deep pink fls winter to spring.
PRUNUS	Family: Rosaceae (Rose Family) Plant Type(s): Trees and Shrubs
^{CN} ilicifolia	8'+. Holly-leaf cherry. Shiny green lvs, white flowers.
^{CN} ilicifolia var. lyonii	Catalina cherry. 10-20't. Evergreen glossy leaves.
^{ME} lusitanica	Portugal laurel. Evergreen. 10-30' t. Dense habit.
^{CN} virginiana var. demissa	Western chokecherry. Thicketing shrub to 8'. White flowers.
PSEUDOSASA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
japonica	Bamboo with slender upright stems; large dark leaves.
PTEROCEPHALUS	Family: Caprifoliaceae (Honeysuckle Fam.) Plant Type(s): Herbaceous Perennials
depressus	Moroccan pincushion. Low, spreading. Pink fls in spring.
PULMONARIA	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials
longifolia 'Diana Clare'	12". Silver lvs with some green speckles. Blue fls.
PUNICA	Family: Lythraceae (Loosestrife Family) Plant Type(s): Trees and Shrubs
^{ME} granatum 'Nana'	Dwarf pomegranate; dense to 3', red fruits, orange fls.

Name	Description
^{ME} granatum--peach fl.	Pomegranate; to 10'; double pale peach flowers, large fruit.
^{ME} granatum 'Wonderful'	Pomegranate; to 10'; red flowers, large fruit.
PUYA mirabilis	Family: Bromeliaceae (Pineapple Family) Plant Type(s): Herbaceous Perennials Bromeliad w/crowns of long narrow lvs, 3" tubular green fls.
PYRETHROPSIS ^{ME} hosmariensis	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Dense mound. Grey leaves, white "daisies" on short stems.
PYRROSIA hastata lingua lingua--crested lingua 'Eboshi' lingua 'Variegata'	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns Felt fern; creeping, with thick 3-lobed fronds. Felt fern; thick, undivided fronds, cinnamon backing. Felt fern; thick fronds splayed at ends. Felt fern. 6-8"; short, broad, very contorted fronds. Felt fern; dark green fronds with irregular yellow lines.
QUERCUS ^{CN} agrifolia ^{CN} berberidifolia ^{CN} chrysolepis--shrubby form ^{CN} durata glaucooides ^{CN} lobata polymorpha ^{WE} turbinella	Family: Fagaceae (Beech Family) Plant Type(s): Trees and Shrubs Coast live oak. 25'+. Toothed evergreen leaves. Scrub oak, to 10'. Prickly evergreen lvs, shrub or tree. Mounding to 8'; dark green lvs, stout stems, evergreen. Leather oak. Evergreen shrub to 12'. Lacey oak. Lvs peach when new, then blue-grey. Valley oak. 40'+. Lobed 3" leaves. Deciduous. Mexican white oak, to 50'. Leaves to 6". Evergrn. Sonoran scrub oak. Leathery grey lvs. Evergreen.
RANUNCULUS ^{CN} californicus ^{ME} cortusifolius	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials Fl. stems to 2'. Low lvs, shiny yellow fls in early spring. 2'+. Large round lvs, satiny yellow fls/clusters, spring.
RAOULIA ^{NZ} australis	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Dense, hard mat; tiny grey leaves, yellow flowers.
REHMANNIA elata 'Rose Glow' elata 'Snow Glow'	Family: Orobanchaceae (Broomrape Family) Plant Type(s): Herbaceous Perennials SCN. 2'+; coarse basal lvs; large foxglove-like magenta fls. SCN. Basal lvs; large white bells, lined yellow in throat.
RESTIO ^{SA} quadratus ^{SA} similis ^{AU} tetraphyllus	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies 5-6'h/10'+w. Feathery draping habit. Square stems. 18". Dark green draping fine texture clump. 3-6' rushlike plant with puffs of threadlike branches.
RHAMNUS ^{ME} alaternus 'John Edwards' ^{ME} alaternus 'John Edwards'--stk columns ^{ME} alaternus 'Variegatus' ^{ME} alaternus 'Variegatus'--staked columns	Family: Rhamnaceae (Buckthorn Family) Plant Type(s): Trees and Shrubs Italian buckthorn. Angled branches, dark green leaves. Italian buckthorn; dense, with glossy leaves. Creamy-white leaf edges. Twiggy. Red berries. Dense, well-branched. Small cream-margined leaves.
RHAMNUS (FRANGULA) ^{CN} californica 'Eve Case' ^{CN} californica 'Leatherleaf' ^{CN} californica 'Mound San Bruno'	Family: Rhamnaceae (Buckthorn Family) Plant Type(s): Trees and Shrubs Coffeeberry. 6', compact; lg. dark lvs; red-tinged berries. Coffeeberry. 4-5'+. Round, tight form. Shiny, deep green lvs. 4-5'+. Coffeeberry. Dense, mounding, dark green lvs.

Name	Description
^{CN} californica ssp. crassifolia	Coffeeberry; 8'+; grey-felted leaves, red-black berries.
^{CN} californica ssp. occidentalis	2-5'h/4-5'w. Dk green leaves, red to black fruits.
RHAPHIOLEPIS umbellata 'Minor'	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs To 5'. Evergreen leaves-copper spring & fall. White flowers.
RHEUM 'Ace of Hearts' alexandrae	Family: Polygonaceae (Buckwheat Family) Plant Type(s): Herbaceous Perennials Dark green large lvs, red undersides, veins. Pink fls. Large shiny lvs, spike of showy cream bracts.
RHODANTHE ^{AU} anthemoides 'Paper Star'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials UCSC/Koala. Low. Light green lvs, pink buds, white daisies.
RHODOCOMA ^{SA} arida ^{SA} capensis ^{SA} foliosa	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies 5-6'. Columnar with thin blue stems, clumping. 5-8'. Erect, fluffy very dark green stems, drooping tips. To 5'. Dense feathery green clumps; lacy fls. Good cut fol.
RHODODENDRON 'Fragrantissimum' ^{CN} occidentale--Goat Mtn. strain ^{CN} occidentale--Smith River strain 'Snow Lady'	Family: Ericaceae (Heath Family) Plant Type(s): Trees and Shrubs Open habit. Large white, very fragrant flowers in spring. Western azalea; 6'+; fragrant white fls, purplish leaves. Western azalea; 6'+; lg fragr. white fls w/pink, yellow. 3', compact; fuzzy leaves; white fls., light fragrance.
RHODOHYPOXIS ^{SA} baurii 'Albrighton' ^{SA} baurii 'Dark Lights' ^{SA} baurii 'Glitterbug' ^{SA} baurii 'Great Scott' ^{SA} baurii 'Picta' ^{SA} baurii 'Pintado' ^{SA} baurii 'Tetra Red' ^{SA} baurii var. platypetala ^{SA} baurii 'Wintergreen Red'	Family: Hypoxidaceae (Star Grass Family) Plant Type(s): Cormous Perennials 4"; dense tuft; grassy leaves; deepest red fls. 4". Rose red starry flowers over short leaves, spring. SCN. 4". Large bright pink flowers age lighter pink. 3"; dense tuft; grassy leaves; many dark pink flowers. 4"; grassy tuft; many white flowers, marked red. 4". Grassy tufts. Fragrant pale pink fls., tipped deep red. 3"; dense grassy tuft; many large flowers. 3"grassy tuft. White flowers, outlined in deep pink. 4" h. Profuse growth, grassy leaves, red flowers.
RHODOPHIALA bifida	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials 1'. Amaryllis ally. Red flowers in summer.
RHUS aromatica	Family: Anacardiaceae (Sumac Family) Plant Type(s): Trees and Shrubs Fragrant sumac. 2-6'. Spreading. Good fall color.
RIBES ^{CN} aureum var. gracillimum ^{CN} malvaceum 'Christy Ridge' ^{CN} malvaceum 'Dancing Tassels' ^{CN} malv. v. viridifolium 'Ortega Beauty' rubrum 'Red Lake' ^{CN} sanguineum 'Barrie Coate' ^{WE} sanguineum 'Brocklebankii' ^{CN} sanguineum var. glut. 'Claremont' ^{CN} sanguineum var. glut. 'Spring Showers' ^{WE} sanguineum 'White Icicle' COPF	Family: Grossulariaceae (Gooseberry Fam.) Plant Type(s): Shrubs Golden currant. Bright yellow fragrant fls, red fruits. To 6'. Clusters of bright pink fls, winter-spring. 5-7'. Long drooping clusters, pink buds, white fls, winter. Chaparral currant. Furry lobed lvs, cherry-red fls. Red currant. 3-5'h/w. Clusters of edible fruits. 8'. Flowering currant. Bushy, deep pink-red clustered fls. 3'+. Golden leaves age chartreuse, pink fls spring. Pink flowering currant. To 6'+. Long pink fl. clusters. Pink flowering currant; 6', long pink fl. tresses. To 8'. Currant. UBC's profuse, clusters 8"+ white fl.

Name	Description
^{CN} speciosum	6'+. Fuchsia-fl. gooseberry. Spiny shrub; dangling red fls.
^{CN} speciosum 'Pincushion'	2'+. Low spreading form of spiny shrub; dangling red fls.
^{CN} speciosum 'Rana Creek'	6'. Fuchsia-fl. gooseberry. Spiny, w/pendant bright red fls.
uva-crispa 'Pixwell'	Gooseberry. 4-6'. Lg green to pink edible berries, summer.
^{CN} viburnifolium	2-4'. Catalina perfume. Dark shiny leaves. Spreader.
RODGERSIA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
podophylla 'Braunlab'	Firm texture lg bronze lvs turn green. Ivory fls.
ROHDEA	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
japonica 'Mure Suzume'	8-10". Green leaves marbled and striped creamy white.
japonica--selected form	2'. Glossy wide, firm textured dark green leaves, shade.
japonica--variegated	3'. Basal leaf rosette, yellow edges. Red fruit, yellow fls.
ROMNEYA	Family: Papaveraceae (Poppy Family) Plant Type(s): Shrubs to Subshrubs
^{CN} coulteri	Matilija poppy; perennial to 8'; huge white flowers.
ROSA	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
'Altissimo'--staked	Stiff stems to 10'+; large sgl lacquer-red fls. Orange hips.
banksiae 'Alba Plena'--staked	White Lady Banks' rose. 20'+. Double wht. fragrant fls.
banksiae 'Lutea'--staked	Yellow Lady Banks' rose. 20'+. Clusters double yel. fls.
'Betty Prior'	5'. 2-tone carmine-pink single-petal, hardy.
^{CN} californica 'First Dawn'	Thicketing native, to 6'; single creamy pink flowers.
chinensis 'Mutabilis'	6'+h/12'w. China rose. Flowers open salmon, change to rose.
'Climbing Iceberg'	Double white fls. for a long season; disease resistant lvs.
'Hermosa'	To 3'. Many cupped light pink, double fls; repeat bloom.
'Iceberg'	5'h. Profuse clusters of white flowers. Disease resistant.
'Marjorie Fair'	4'h. Spreader. Large trusses small single red flowers.
'Phyllis Bide'--staked	Clusters of salmon to yellow fls; long bloom. Climber.
polyantha 'Cecile Brunner'--bush	Sweetheart rose;bush. Double soft pink fragrant fls.
polyantha 'Climbing Cecile Brunner'	25'. Climber. Many fragrant soft pink buds, fls.
'Ralph's Creeper'	2-3'h/3-5'w. Dark green leaves, scarlet fls/yellow ctr.
'Sally Holmes'--bush	To 5'+h. Clustered large pink to white flowers.
'Sally Holmes'--staked	8-10'. Clustered large pink to white flowers.
'Sea Foam'	Spreads 6-10'. Dense. Pink buds, dbl. white flowers.
'Sombreuil'--staked	Climber. Old rose. Very double creamy white fls, scented.
'Surrey'	3' mound; bright, clean leaves, double bright pink fls.
'The Fairy'	4'h/w. Cascading. Profuse double pastel pink flowers.
'Westerland'--staked	6'. Purplish new leaves; lg. apricot to coppery fls. Repeat.
^{CN} woodsii ssp. ultramontana	5'+. Mountain wood r. Fragrant single pink fls. Red hips.
ROSMARINUS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{ME} officinalis 'Barbeque'	4-6' high. Erect habit, narrow green lvs, light blue fls.
^{ME} officinalis 'Blue Spire'	5'h/4'w. Upright, branching at base. Medium blue flowers.
^{ME} officinalis 'Collingwood Ingram'	2-3'h/4'w. Flowers rich, bright blue-violet.
^{ME} off. 'Huntington Blue' ('H. Carpet')	18"h/6'w. Pale blue flowers. Groundcover. Small lvs.
^{ME} officinalis 'Irene'	1'h/6'w. Trailing, prostrate habit. Blue-violet flowers.
^{ME} officinalis 'Ken Taylor'	18"h/8'w. Trailing. Deep blue. Center remains dense.
^{ME} officinalis 'Mozart'	2'h/4'w. Congested lvs., stiff stems; vivid violet blue fls.
^{ME} officinalis 'Tuscan Blue'	Rosemary; 4', bushy; dark blue flowers.
^{ME} officinalis--white	Rosemary; 4', green leaves, white fls.
RUBUS	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
calycioides 'Emerald Carpet' COPF	6"h/6'w. Carpet of fuzzy lobed leaves, white fls. www.suncrestnurseries.com

Name	Description
^{CN} parviflorus	Thimbleberry. Soft green lvs, edible red fruits, white fls.
^{CN} spectabilis	Salmonberry. Suckering, with edible red fruits. Pink fls.
RUDBECKIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
fulgida v. sullivantii 'Goldsturm'	Dense clumps; 1-2' stems; flowers yellow, black ctrs.
hirta 'Indian Summer'	Black eyed Susan, to 3'. 4" gold daisies. Furry leaves.
RUELLIA	Family: Acanthaceae (Acanthus Family) Plant Type(s): Herbaceous Perennials
macrantha	To 3', erect. Large paired leaves, 2" deep pink bells.
RUMEX	Family: Polygonaceae (Buckwheat Family) Plant Type(s): Herbaceous Perennials
^{NZ} flexuosus	6-12". Copper to bronze narrow lvs. Mounding.
scutatus 'Silver Shield'	French sorrel, to 6". Silver and green leaves.
RUSCUS	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{ME} aculeatus 'Wheeler's Variety'	Butcher's broom. Pointed leaves, bright red berries.
^{ME} hypoglossum	Butcher's broom. Thicketing. 18" h. Leathery grn lvs.
RUSSELIA	Family: Plantaginaceae (Plantain Family) Plant Type(s): Shrubs
equisetiformis	4'. Arching green stems, cascades of orange tubular fls.
RUTA	Family: Rutaceae (Rue Family) Plant Type(s): Herbaceous Perennials
^{ME} graveolens 'Jackman's Blue'	Rue. 2'. Silvery blue aromatic lvs, yellow fls.
SALIX	Family: Salicaceae (Willow Family) Plant Type(s): Trees and Shrubs
^{CN} laevigata	Red willow. 10-25'. Green lvs, red twigs. Good/butterflies.
^{CN} lasiolepis	Arroyo willow. To 10', spreads. Benefits bees/butterflies.
SALVIA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs to Annuals
^{CN} 'Allen Chickering'	Native hybrid sage; 4'+; grey leaves, lavender flowers.
'Amistad' PP#23578	4-5'. Spikes of purple fls, black calyx. Long bloom.
^{CN} apiana	White sage. Short branches, nearly white lvs, tall fl. stem.
^{ME} argentea	Huge white furry leaves; creamy flowers on 2' stem.
^{CN} 'Aromas'	CA native hyb. 5'+; grey-green lvs, lavender fls in whorls.
azurea var. grandiflora	2-3'; slender stems; greyish leaves; true blue flowers.
^{CN} 'Baja Blue'	4-6'h/w. Green lvs, blue fls, spring. Vigorous. Munzii hyb.
^{CN} 'Bedazzle'	1'. Grey lvs, thick fl spike, rose bracts, bright blue fls.
^{CN} 'Bee's Bliss'	Broad carpet; fragrant grey-green leaves, lavender flowers.
'Big Swing'	Upright to 5'+. Large green lvs, long spikes deep blue fls.
blepharophylla	Bushy, upright to 2'+. Dark foliage, bright red flowers.
'Blue Velvet'	
'Bright Eyes' PP#22491	2'+. Very large deep red fls, white "eye". Greggii type.
^{ME} canariensis var. candidissima	To 5'. Furry white lvs. Lavender fls, pink bracts.
^{CN} 'Celestial Blue'	3-5'. CA native hyb. Light rose bracts & calyces, blue fls.
chamaedryoides	Low, bushy; small grey leaves, bright blue flowers.
chiapensis	Shiny green leaves, dark magenta flowers. 2' mound.
'Christine Yeo'	2'+. Textured green lvs; blue purple fls. Dense, spreads.
^{CN} clevelandii 'Alpine'	3'. Grey-green aromatic leaves; whorls of blue fls. summer.
^{CN} clevelandii 'Deer Spring Silver'	4'+. Aromatic grey lvs; bright blue fls., summer.
^{CN} clevelandii 'Winnifred Gilman'	3-4'. Grey-green aromatic lvs, whorls of deep blue fls.
confertiflora	To 8', bushy. Large dark leaves, furry orange flowers.
curviflora 'Tubular Bells' PPAF	4'. Deep green textured lvs; spikes of purplish rose fls.

Name	Description
'Dancing Dolls' PP#19820	New SCN intro; clouds of rose & cream fls, dark stems.
'Dancing Embers' TM	SCN. Dark shiny leaves, huge "hot red" fls, dark stems.
'Dancing Lights' TM	SCN. Microphylla type has vivid rose red & light pink fls.
'Dancing Shadows' TM	SCN. Painted icy pink and white flowers, red violet stems.
^{CN} 'Dara's Choice'	18"+h/3'+w. Carpeting. Green leaves, lav-blue flowers.
darcyi Vermillion Bluffs TM	Plant Select. 4'. Red flowers on tall spikes all summer.
'Dark Dancer'	WGN. Bushy, with large, vivid plum purple fls.
'Debbie's Rose' TM	2'+. Large fls, warm coral lip, rose tube. Microphylla hyb.
'Ember's Wish' PPAF	3'. Coral red flowers on dense spikes. Long bloom.
'Fancy Dancer' PP#24088	SCN. Creamy pink & raspberry fls, compact. Greggii type.
'Fire Dancer' TM	SCN. Bushy greggii type. Large coral-red flowers.
'Flamenco Rose' TM	SCN. Microphylla type. Bushy, very large bright pink fls.
'Full Moon' TM	18". SCN. Creamy lower lip, rose tube, black stems. Dense.
^{CN} 'Gayle Nielson'	3-4'. Hybrid of CA species. Bright blue fls, grey lvs.
'Golden Girl' PP#23997	SCN. Very compact. Bright golden yellow fls, greggii type.
^{WE} greggii 'Furman's Red'	Selection with deep, glowing red flowers.
^{WE} greggii 'Moonlight'	WGN selection; dense, with moonlight-yellow fls.
^{WE} greggii--white	2'+, bushy; small oval leaves, many white flowers.
guaranitica 'Black and Blue'	Upright stems to 4'+, dark blue fls. set on black stems.
'Indigo Spires'	3'. Long spikes of dark blue purple fls. summer-fall.
x jamensis 'Cienega de Oro'	2'+. Sage. Masses of bright yellow flowers.
x jamensis 'Coral Sunrise'	3'. Bushy. Deep coral fls.turn pale coral. Near-black stems.
x jamensis 'Sierra San Antonio'	Sage. Many flowers of soft orange & moonlight yellow.
'Jean's Purple Passion'	5'+. Lush green leaves, bright purple flowers. Long blm.
^{SA} lanceolata	2-3'h/4'+w, shrub. Grey lvs, dusty pink fls, rose calyx.
'Lemon Light' PP#24105	18". Compact habit; clear lemon yellow fls.
leucantha Danielle's Dream PP#21734	3'. Mexican sage. Silver white fuzz, brt pink fls.
leucantha--purple-flowered form	Mexican sage; white stems, rosy buds, purple flowers.
leucantha 'White Mischief'	3'. White flowers set in fuzzy white calyx.
leucocephala	4'+. Deep rose fls poke from furry white calyx. Winter blm.
^{CN} leucophylla 'Amethyst Bluff'	SBBG intro. 2'h/6'w; grey, furry lvs., bright lavender fls.
^{CN} leucophylla 'Figueroa'	3-4'. Native sage. White leaves. Pink flowers.
^{CN} leucophylla 'Los Olivos'	
^{CN} leucophylla 'Pt. Sal'	2'h/6'w; grey, furry foliage, lavender-pink flowers dense.
'Love and Wishes' PPAF	3'. Purple calyces, purplish rose flowers. Long bloom.
'Marine Blue'	2-3'. Blue-green leaves, bright blue fls. S. chamaed. hyb.
melissodora	Bushy, to 6'. Green foliage, grape-scented lavender flowers.
^{CN} mellifera 'Sweet Honey'	3-4'. Sweetly aromatic green lvs; dense habit.
'Mesa Azure'	Microphylla/greggi hybrid. 2'. Light purple flowers.
mexicana 'Limelight'	To 6'+, bushy. Lg. dark leaves, bright blue fls, lime calyx.
microphylla--Belize form	Bushy, to 3'+; bright green leaves, large bright red fls.
microphylla 'Cerro Potosi'	Bushy, to 2'. Bright magenta red fls, long bloom.
microphylla 'Hot Lips'	Bushy, to 3'. Small dark lvs, red and white fls.
microphylla 'Little Kiss' PPAF	Like 'Hot Lips', but smaller. To 2'. Red&white fls.
microphylla 'Rosie O'Grady'	2' high, 3-4' wide. Small dark leaves,many pink flowers.
moorcroftiana x indica	Low blue grey leaves, profuse light blue fls in spring.
^{CN} munzii 'Emerald Cascade'	2'h/3'w. Green lvs on arching stems, blue fls. Baja native.
nemorosa 'Caradonna'	1-2'. Dark blue flowers with dark stems.
'Neon Dancer' TM	SCN. Bushy greggii type, wild purplish-red flowers.
'Nuevo Leon'	Like S. greggii in form, smaller lvs; many blue purple fls.
^{ME} officinalis 'Berggarten'	Sage; spreading, 6-10"h, aromatic leaves.
^{ME} officinalis 'Extracta'	Kitchen sage. Grey lvs, selected for high oil content.

Name	Description
^{ME} officinalis 'Icterina'	Kitchen sage. Matting. Yellow leaf margins.
^{ME} officinalis 'Purpurea'	Kitchen sage. To 12"h x 3"w. New leaves purple.
^{ME} officinalis 'Tricolor'	Kitchen sage. Grey-green, cream, pink & purple lvs.
'Orchid Glow' PP#22520	SCN. Large vivid purplish magenta fls. Microphylla type.
^{CN} pachyphylla	3'. Silver leaves; heads w/rose bracts, deep blue flowers.
patens--large flower form	3'; broad, bright green leaves; large true-blue flowers.
patens 'Pink Ice'	2'. Large pale pink flowers in summer and fall.
'Playa Rosa'	2'. Greggii type. Large lavender pink fls, wide lower lip.
^{CN} 'Poza Blue'	Clevelandii hybrid, to 4'+. Fragrant lvs, lavender blue fls.
prunelloides	1'. Round green leaves; blue purple fls. on spikes.
pulchella x involucrata	3' h, 5' w. Spikes of furry magenta fls, large green lvs.
'Purple Majesty'	5'+; lush dark green leaves; 1-2' stems of purple flowers.
reptans (S. leptophylla)	To 2'+; slender leaves & dark stems; dark blue flowers.
^{WE} reptans 'Willow Veil'	To 2'+; erect slender leaves & dark stems; deep blue fls.
'Scarlet Spires'	2-3'. Bright red flowers, summer to fall. S. darcyi hybrid.
^{ME} sclarea--tricolor form	Large grey leaves. Tall stems, pink bracts, blue/white fls.
semiatrata	3-4' shrub. Rich green leaves, blue and black fls.
^{SA} sessilifolia	3-4'. Textured green lvs, spikes of maroon flowers.
'Shell Dancer' PP#20680	SCN. Microphylla type, vigorous. Bright rose & salmon fls.
^{CN} 'Shirley's Creeper'	3-4'h/6'+w. Textured green leaves, cream flowers.
sinaloensis	Dwarf habit; purple-tinged leaves, deep blue flowers.
^{CN} sonomensis 'Fremont's Carpet'	Carpeting, w/narrow furry leaves, purple spring fls.
^{CN} sonomensis 'Pine Canyon'	Compact Sonoma sage. Rounded grey-green lvs, blue fls.
^{CN} spathacea	Dense spreading clumps of fragrant leaves. Magenta flowers.
^{CN} spathacea 'King Crimson'	2-3', large basal lvs; dark magenta fls. on tall stalks.
splendens--pink fl.	To 5'+. Long spikes of lg. peachy pink fls. Summer-fall blm.
^{CN} 'Starlight'	CA native hyb. Grey leaves, long wands of white flowers.
x superba 'Blue Hills'	Intense violet blue flowers on stems to 2'. Low green lvs.
x superba 'May Night'	1-2', full foliage clumps. Leafy stems, violet blue fls.
'Tangerine Ballet' TM	SCN. Greggii type. Upright, with large tangerine flowers.
uliginosa	4-6'; slender, upright stems; bright blue flowers.
'Ultra Violet' PP#21411	Greggii hybrid. Vivid purple pink fls. Compact habit.
'Wendy's Wish' PP#21889	3'. Wide dark green leaves, large purple red flowers.
^{CN} 'Whirly Blue'	Clevelandii hyb. Bright lavender-blue fls, aromatic lvs.
'Yellow Bird' TM	To 2'+. Upr growth, dark leaves, large lt yellow fls. SCN.

SAMBUCUS

canadensis 'Aurea'	Family: Adoxaceae (Adoxa Family)	Plant Type(s): Trees and Shrubs
^{CN} mexicana (nigra ssp. caerulea)	Thicket, to 8'h. Large divided golden lvs, white flowers.	
nigra 'Purpurea'	Blue elderberry. White flowers, blue berries. CA native.	
racemosa 'Sutherland Gold'	To 8'+. Large divided, purple-tinged leaves, cream flowers.	
	Golden elderberry. Finely cut golden leaves; white fls.	

SANGUISORBA

hakusanensis 'Lilac Squirrel'	Family: Rosaceae (Rose Family)	Plant Type(s): Perennials and Annuals
officinalis 'Chocolate Tip'	18-24". Blue-grn div'd lvs; plumes of lilac fls, summer.	
officinalis 'Tanna'	Burnet. Ferny low lvs; thin stems w/round dk red fl heads.	
tenuifolia 'Pink Elephant'	18". Dwarf burnet. Low ferny lvs, round wine-red fl. heads.	
	Ferny lvs to 2'. Bright pink plumes on 4' stem.	

SANTOLINA

^{ME} chamaecyparissus	Family: Asteraceae (Sunflower Family)	Plant Type(s): Shrubs
^{ME} chamaecyparissus 'Nana'	Lavender cotton; 2'+, dense; small grey leaves.	
^{ME} ericoides	Lavender cotton; less than 1', tight; w/small grey leaves.	
	Green santolina. Dense. Creamy yellow flowers.	

Name	Description
^{ME} virens	Green santolina. Narrow green leaves. Creamy flowers
SAPONARIA ocymoides	Family: Caryophyllaceae (Pink Family) Plant Type(s): Herbaceous Perennials Flat mat, small green leaves, masses pink fls, spring.
SARCOCOCCA hookeriana var. humilis ruscifolia	Family: Buxaceae (Boxwood Family) Plant Type(s): Shrubs Shiny deep green leaves; small fragrant fls. winter-spring. 4-6'h/3-7'w. Dense, waxy leaves, fragrant fls., red fruit.
SATUREJA (CLINOPODIUM) ^{CN} douglasii	Family: Lamiaceae Plant Type(s): Herbaceous Perennials Yerba buena; trailing, with small aromatic leaves.
SATUREJA ^{ME} thymbra	Family: Lamiaceae (Mint Family) Plant Type(s): Perennials and Subshrubs Shrublet to 18". Hairy aromatic green leaves, lt. pink fls.
SAXIFRAGA 'Peter Pan'	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials "Mossy" type; dense mats; pink-tinged flowers.
SCAEVOLA ^{AU} 'Mauve Clusters'	Family: Goodeniaceae (Goodenia Family) Plant Type(s): Herbaceous Perennials Lush carpet; bright green leaves; small mauve flowers.
SCHIZACHYRIUM ^{WE} scoparium 'The Blues'	Family: Poaceae (Grass Family) Plant Type(s): Grasses Little bluestem. Clumping to 2-4', erect form.
SCIRPUS (ISOLEPIS) cernuus	Family: Cyperaceae (Sedge Family) Plant Type(s): RushlikeSedges Fiber optics grass; vivid light green threadlike stems.
SCLERANTHUS ^{NZ} uniflorus	Family: Caryophyllaceae (Pink Family) Plant Type(s): Perennials and Annuals Low olive green mound, 2" high, 12" wide.
SCROPHULARIA ^{CN} californica--green fl.	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Herbaceous Perennials Bee plant, to 5'. Feeds bees, butterflies. Green fls.
SCUTELLARIA 'Violet Cloud'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials 8"h/12"w. Bright red violet "skullcap" fls, long blm.
SEDUM acre 'Elegans' adolphii 'Golden Glow' album album 'Nigra' 'Aurora Blue' 'Bertram Anderson' cauticola 'Lidakense' 'Fine Gold Leaf' hakonense 'Chocolate Ball' 'Lime Zinger' PP#24632 makinoi 'Ogon' 'Matrona' reflexum 'Blue Spruce' 'Rose Glow' rubrotinctum	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials 3"h/1'w mat. Tiny green lvs w/cream variegation. Yellow fls. Fat butter yellow lvs, orange flush when new. Flat growing, dense. Green "jelly bean" leaves, white fls. 4" high. Small fat green leaves darken in winter. Cream fls. 6". Low rosettes, thick mat of blue grey lvs. Thick purplish leaves make low mass; dark pink fls. summer. 6". Round blue-grey lvs, heads of dark rose fls, fall. 2-3" high. Creeping mat, tiny bright yellow lvs. 6-8"h/1-2'w. Chocolate lvs flushed reddish, yellow fls. 6". Round blue-green leaves edged rose. Heads of pink fls. Very low golden mat; yellow flowers. Broad purplish grey lvs+ stems. Soft pink fl. heads, summer. Blue narrow leaves form low mat, yellow fls in summer. Low, spreading. Purple-tinged leaves, purplish rose fls. To 8". Green "jelly bean" lvs, red in summer.

Name	Description
rupestre 'Angelina'	Spreading, with narrow bright yellow lvs, flowers.
rupestre 'Lemon Ball'	6". Like 'Angelina' but mounding. Fine yellow lvs.
sieboldii	Low, spreading. Scalloped leaves, rosy flowers, fall.
^{CN} spathulifolium 'Cape Blanco'	Matting succulent; rosettes of grey leaves.
^{CN} spathulifolium 'Purpureum'	Tight mat; purple-tinged leaves, yellow flowers.
spectabile 'Brilliant'	To 2'. Thick stems, large lvs, broad clust. bright pink fls.
spectabile 'Frosted Fire'	To 15". Cream edged lvs, broad heads pink fls, summer.
spurium 'John Creech'	Matting succulent; green leaves, pink flowers.
spurium 'Voodoo'	Matting, dark red lvs, deep rose pink flowers.
telephium 'Autumn Joy'	To 20" flower stem. Fall-blooming coppery-rose flowers.
'Vera Jameson'	Low, spreading. Large purple-tinged leaves, rosy flowers.
SEMIQUILEGIA	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials
ecalcarata	Clumping, to 8". Lacy leaves, cupped purplish pink fls.
SEMIARUNDINARIA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
fastuosa	Narihira bamboo; erect to 25'; dark stems, makes dense hedge.
fastuosa 'Viridis'	Green temple bamboo. Fast, lush screen, to 25'. Spreading.
yashadake	15'. Erect habit, spreading. Green stems may redden.
SEMPERVIVUM	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{ME} arachnoideum 'Cebanese'	Cobweb houseleek; prolific selection; large crowns.
'Black Prince'	Red violet rosettes have grey-green tips. Pink fls.
'Blue Boy'	Blue grey rosettes, rose tinted leaf edges.
'Commander Hay'	Broad rosettes, red purple centers, green tips. Pink fls.
'Flamingo'	Lightly furry greyish rosettes, pinkish flush esp. backlit.
'Gizmo'	Dark olive grey rosettes with red tips. Red violet fls.
'Green Wheel'	Tight tidy rosettes to 4" across of rich medium green lvs.
'Jungle Shadows'	Broad grey rosettes, burgundy tips. Deep burgundy/winter.
'Pistachio'	Very broad blue-green rosettes, pink fls. summer.
'Rita Jane'	Houseleek. Dense clusters of rosettes w/red tips&older lvs.
'Royal Ruby'	Medium size rosettes are shiny red to greyish red. Dense.
'Rubicon'	Very glossy red purple smallish rosettes; subtle green tips.
'Serena'	Tight blue green rosettes, pink tips, rose pink fls.
'Spring Beauty'	Bright light green rosettes; rose pink flowers.
tectorum 'Greenii'	Tight, round rosettes; green leaves tipped shiny red.
SENECIO	Family: Asteraceae (Sunflower Family) Plant Type(s): Trees to Annuals
confusus--staked	Mexican flame vine; lush, with 2" orange-red flowers.
^{SA} mandraliscae	Blue pickle. Succulent round leaves, spreading. White fls.
palmeri 'Silver and Gold'	SBBG intro. 2-3'. White stems, lvs. Bright yellow daisies.
SEQUOIA	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees
^{CN} sempervirens 'Aptos Blue'	Coast redwood. 100'+. Pyramidal. Blue-green leaves.
SESELI	Family: Apiaceae (Carrot Family) Plant Type(s): Herbaceous Perennials
gummiferum	2'+. Low lacy silver lvs, clusters of white fls.
SESLERIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} autumnalis	Autumn moor grass. 18"; compact; light green.
caerulea	Blue moor grass; low clumps, green & silvery blue leaves.
'Greenlee Hybrid'	1'. Low tidy blue green clumps, pinkish fls.

Name	Description
SIDALCEA ^{CN} malvaeflora 'Purpetta' ^{CN} malvaeflora--selected form ^{WE} oregana 'Brilliant'	Family: Malvaceae (Mallow Family) Plant Type(s): Herbaceous Perennials 2'. Erect stems with rose fls in spring and summer. Checkerbloom. Low hummocks. Showy dark pink fls. Clumping, with stems to 2'+ with carmine pink flowers.
SIDERITIS ^{ME} cypria	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials Thick white leaves, dark fl. stems have chartreuse bracts.
SILENE 'Rolly's Favorite' PP#17392	Family: Caryophyllaceae (Pink Family) Plant Type(s): Herbaceous Perennials 16". Masses of bright pink fls, white ctr. Low green lvs.
SINOBAMBUSA tootsik 'Albostrata'	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Temple bamboo. Dense thicket. Dark cream-varieg. leaves.
SISYRINCHIUM [angustifolium] angustifolium 'Lucerne' ^{CN} bellum 'Arroyo de la Cruz' ^{CN} bellum 'Ft. Bragg' ^{CN} bellum 'Occidental' ^{CN} bellum 'Rocky Point' ^{CN} bellum 'San Simeon' ^{CN} bellum 'Wild Night' ^{CN} californicum 'Devon Skies' striatum 'Aunt May' ^{WE} 'Wayne's Dwarf'	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials Compact clumps; heavy spr. & summer bloom; blue fls. Low clumps. Lavender blue fls w/yellow center. Spring bloom. Blue-eyed grass. Selected for large, dark flowers. Dwarf plant. Flowers lavender with violet center. 1'; vigorous heavy-blooming clone; large purple flowers. Dwarf, dense selection. Purple-blue flowers. Compact clumps; white flowers in spring. Blue-eyed grass. Deepest blue-purple fls, spring. Yellow-eyed grass. Iris-like leaves, yellow flowers. 6". Lavender blue fls, spring-summer. No seeds/hybrid. 2'. Grey green lvs striped cream. Pale yellow fls. About 4"; dense clumps; purple flowers.
SOLANUM crispum 'Glasnevin' crispum 'Glasnevin'--staked jasminoides--staked jasminoides 'Variegata'--staked pyracanthum species--Navidad, Jalisco ^{CN} umbelliferum v. incanum 'Dark Eyes' ^{CN} umbelliferum v. incanum 'Indians Grey' ^{CN} umbelliferum v. incanum 'Spring Frost' ^{CN} xanti 'Mountain Pride'	Family: Solanaceae (Nightshade Family) Plant Type(s): Shrubs, Vines, Perennials Semi-vining, to 15'; bright green leaves, lavender flowers. Semi-vining, to 15'; bright green leaves, lavender flowers. Potato vine; dark green stems & leaves, white flowers. Potato vine; green and gold leaves, white flowers. 3-5'. Airy shrub. Orange spines on leaves; blue purple fls. Semi-vining; furry leaves, fragrant lavender blue flowers. 2'. Green lvs, stems. Brt blue purple fls, spring. Subshrub. Grey lvs & stems, brt. lav. fls. Native subshrub. Grey lvs & stems, white fls. Purple nightshade. Vivid royal purple fls, soft green lvs.
SOLIDAGO shortii 'Solar Cascade' ^{CN} velutina ssp. californica	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials 2'. Late summer gold fls along arching stems. Spreading; erect stems to 2'+. Yellow fls in summer.
SOLLYA ^{AU} heterophylla (fusiformis)	Family: Pittosporaceae (Pittosporum Family) Plant Type(s): Shrubs Australian bluebell creeper. Climbs 6'+, bloom sum-fall.
SPHAERALCEA ^{WE} coccinea ^{CN} fulva 'La Luna' ^{WE} incana	Family: Malvaceae (Mallow Family) Plant Type(s): Low mound. Scarlet fls profuse in early summer. SBBG. Baja native, to 2'+. Light green lvs, silky white fls. Erect stems to 3'+. Grey-green leaves, orange flowers.

Name	Description
^{WE} incana--dark pink	Erect stems to 3'+. Silvery grey leaves, dark pink flowers.
^{WE} 'Newleaze Coral'	Grey-green lvs, vivid coral orange fls, spring -fall.
SPIRAEA	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
x bumalda 'Goldflame'	Compact, with golden new growth, rose-pink flowers.
^{CN} densiflora (splendens) 'Trinity Rose'	2-3' native; blue-green leaves; rose-pink flowers.
^{CN} douglasii	Western spiraea. To 6', bushy. Rose-lavender flowers.
SPOROBOLUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} airoides	Alkali dropseed. Clumps to 2'+; airy fl. clusters.
^{WE} wrightii	Sacaton. Tall fountain; dark green lvs, huge feathery heads.
STACHYS	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials
'Bello Grigio' PPAF	1'. Dense clumps of upright silvery, furry lvs.
^{CN} bullata--dark pink fl.	Hedge nettle. Bright dark pink fls; widely spreading.
^{CN} bullata--SBBG/unscented	Hedge nettle. Unscented lvs, spreading. Pink fls.
byzantina 'Helene von Stein'	Lamb's ears. Matting, with large furry leaves.
byzantina 'Primrose Heron'	Selected form. Leaves pale yellow when new.
byzantina 'Silver Carpet'	Lamb's ears; Woolly 1-2' stems, lavender-pink flowers.
monieri	To1'+, quilted lvs; bright mauve purple fls. in heads.
monieri 'Snowy'	To 2', quilted lvs; bright white fls. in dense heads.
STIPA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} cernua (Nassella c.)	Nodding feather grass. 2'h/w. Airy flowers.
^{CN} coronata (Achnatherum c.)	CA bunch grass. Green lvs; narrow fl. stems to 4'+, erect.
^{ME} gigantea	Giant needle grass; 4-6' golden fl. stems.
^{ME} gigantea 'Little Giant'	SCN sel. Clumps to 1'; fl. stem to 3'. Shiny golden flowers.
^{CN} hymenoides (Achnatherum h.)	Indian ricegrass. Low clumps; distinctive fl. heads.
ichu	2-3'. Fine green lvs, erect clump. Fluffy cream flowers.
^{CN} lepida (Nassella l.)	Foothill needlegrass. 1-2'h/w. Narrow lvs, clumps. Airy fls.
^{CN} pulchra (Nassella p.)	Purple needlegrass. 2'h/w. Strong clumps, airy fls.
STRELITZIA	Family: Strelitziaceae (Bird-of-Paradise F.) Plant Type(s): Herbaceous Perennials
^{SA} juncea	Clumps of erect grey stalks. Striking orange/blue fls.
STYRAX	Family: Styracaceae (Storax Family) Plant Type(s): Trees and Shrubs
^{CN} redivivus	Snowdrop bush; white-flowered western native.
SWAINSONA	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{AU} galeifolia 'UCSC White'	3' pea-shrub; finely divided leaves, white flowers.
SYMPHORICARPOS	Family: Caprifoliaceae (Honeysuckle Fam.) Plant Type(s): Shrubs
^{CN} albus 'Tilden Park'	Snowberry. To 4', bushy. Bright green leaves, white berries.
SYMPHYTUM	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials
'Goldsmith'	Comfrey. Lt. green leaves with wide yellow edges. Shade.
'Wisley Blue'	Low, spreads. Green lvs. Pink buds to lt. blue to white fls.
TAGETES	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs, Peren., Annuals
lemmonii	Mexican marigold; to 8'; bright orange flowers.
TANACETUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
vulgare 'Isla Gold'	Tansy, to 2'. Cut golden lvs, yellow button fls.

Name	Description
TECOMA ^{WE} stans ^{WE} stans Bells of Fire Esperanza PP#24170	Family: Bignoniaceae (Trumpet Vine Family) Plant Type(s): Shrubs Clusters of yellow trumpet fls, summer to fall. Likes heat. 3-5'h/w. Glossy green lvs, red trumpet fls.
TELLIMA ^{CN} grandiflora	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials Fringe-cups; heuchera-like plant; light red flowers.
TEUCRIUM ^{ME} chamaedrys ^{ME} chamaedrys 'Prostratum' ^{ME} cossonii (aka majoricum) ^{ME} fruticans ^{ME} fruticans 'Azureum' ^{ME} fruticans 'Compactum' ^{ME} marum ^{ME} montanum	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs and Perennials Germander. Low hummock. Dark lvs., small dark pink fls. Germander; dark green mat; dense pink flower heads. Low mound with narrow grey leaves, lavender flowers. Bush germander. Silvery leaves. Lavender-blue flowers. Bush germander. 3-4'h/4-5'w. Silver lvs, dark blue flowers. Bush germander; 2-3', compact; blue flowers. 1' mound; wiry stems; pungent grey leaves; pink flowers. Matting, dark grey lvs, lt. yellow fls, dark red buds.
THALICTRUM ^{CN} fendleri var. polycarpum rochebrunianum	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials Meadow rue; fernlike lvs, tall stems; delicate green fls. 5'. Similar to T. dipt. Larger leaves+flowers. Lavender fls.
THAMNOCALAMUS aristatus spathiflorus ssp. nepalensis tesselatus	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Tight clumps; slender erect stems, narrow drooping lvs. 15'. Lush bright green 4" leaves; clumping. To 12', upright. White-bracted stems, narrow dark green lvs.
THAMNOCHORTUS ^{SA} bachmannii ^{SA} cinereus ^{SA} insignis	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies 2-3'. Interlaced green stems. Papery gold fl. clusters. Rushlike plant w/feathery branchlets, silvery bracts. Wiry dk green stems to 5'+ from dense clump. Dark gold fls.
THEMEDA triandra Blu Roo TM PPAF	Family: Poaceae (Grass Family) Plant Type(s): Grasses 8" high, spreading clumps. Arching wide blue green lvs.
THERMOPSIS ^{CN} macrophylla ^{WE} montana	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials 2-4'. California false lupine. Furry lt grn lvs, yellow fls. 2-3'. False lupine. Silky lvs. Yellow fls. Rounded habit.
THUJA occidentalis 'Rheingold' occidentalis 'Yellow Ribbon'	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs 4-6'. Conical form. Golden bronze, tight leaves. 8-10'h/2-3'w. Yellow gold lvs, pyramidal habit.
THUJOPSIS dolabrata 'Variegata'	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs Deerhorn cedar; flat, shiny leaves, cream variegation.
THUNBERGIA alata 'Arizona Dark Red' alata 'Mary Lou Heard' alata 'Raspberry Smoothie' alata 'Sunny Susy Red Orange' battiscombei	Family: Acanthaceae (Acanthus Family) Plant Type(s): Shrubs, Vines, Peren. 10'. Fuzzy leaves, deep red fls with dark eye. 10'+; fuzzy leaves, tubular orange flowers, black eye. 6'+. Fuzzy lvs, rose pink fls, dark ctr. Long bloom. 10'+. Many orange fls, red/dark ctr. 3-6'; large polished leaves, bright lavender-blue flowers.

Name	Description
gregorii 'Sunlady'	10'+; fuzzy leaves, large bright tubular orange flowers. 10'+; fuzzy leaves, tubular yellow flowers, dark eye.
THYMUS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs and Perennials
^{ME} x citriodorus 'Lime'	4-12". Lime thyme. Dense, low. Lime-green leaves.
^{ME} x citriodorus 'Sweet Greens'	SCN. Lush, low dark green mounds. Lavender pink fls.
^{ME} x citriodorus 'Variegatus'	6-12". Lemon thyme. Dense, variegated, aromatic.
^{ME} 'Highland Cream'	Very low mat. Green lvs edged creamy white.
^{ME} hirsutus 'Pink Chintz'	Soft grey-green lightly hairy lvs stay low; pink flowers. 3" high. Tight, tiny-leaved mat. Profuse bright pink fls.
^{ME} pseudolanuginosus	Woolly thyme. Tight mats, grey leaves. Lav.-pink flowers.
^{ME} pulegioides 'Foxley'	8" high, spreading. Cream & green leaves, dk pink flowers.
'Rose Williams'	Dense low aromatic shrublet; grey-green lvs, light pink fls.
serpyllum var. albus	Mother-of-thyme; flat green mat; white flowers.
serpyllum 'Coccineus'	Mother-of-thyme; dark green mat; purple-pink flowers.
serpyllum 'Elfin'	Mother-of-thyme. Dense mat, tiny green leaves, pink flowers.
^{ME} vulgaris	To 18"+, woody; grey leaves, lavender flowers.
TIARELLA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
cordifolia 'Fancy Trails' PPAF	Burgundy star shaped lvs, green edge. White fls.
TIBOUCHINA	Family: Melastomataceae (Melastoma Fam.) Plant Type(s): Shrubs
organensis	Glory bush. Fuzzy leaves; rich purple flowers.
organensis 'Blue Moon'	Glory bush. Shiny mauve pink flowers, fuzzy leaves.
urvilleana (semidecandra)	Princess flower; large fuzzy leaves; 3" purple flowers.
TIGRIDIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
pavonia 'Alba Immaculata'	Large white, bowl-shaped fls. in summer.
pavonia--wild strain	Large bright orange, bowl-shaped fls. in summer.
TOLMIEA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
^{CN} menziesii 'Cool Gold' PP#15948	Piggyback plant. Bright gold leaves, great in shade.
TRACHELOSPERMUM	Family: Apocynaceae (Dogbane Family) Plant Type(s): Shrubs
asiaticum	Asiatic jasmine. Hardy, evergrn. Fragrant white-yellow fls.
jasminoides 'Mandianum'	Star jasmine. Fragrant creamy fls have yellow center.
TRICHOSTEMA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} lanatum 'Midnight Magic' TM	Woolly blue curls; 4' +; aromatic green lvs, blue flowers. 3-4'. Large purple fls, long bloom. T. lanatum x purpusii.
TRICYRTIS	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
hirta 'Miyazaki'	Toad lily. Leafy stems, purple-spotted flowers.
hirta--pure white	Toad lily. Fresh green leaves; pure white flowers, fall.
hirta 'Variegata'	Toad lily. Cream-margined leaves, spotted flowers.
TRIFOLIUM	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials
repens 'Atropurpureum'	Low, vigorous. Chocolate lvs tipped green. White fls.
TRITELEIA	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
^{CN} hyacinthina	CA native bulb to 2'+. Dense clusters white bowl-shaped fls.
^{CN} laxa 'Queen Fabiola'	Ithuriel's spear. To 1'+; large blue purple trumpets.

Name	Description
^{CN} peduncularis	Long-rayed brodiaea; starburst clusters of white flowers.
TRITONIA	Family: Iridaceae (Iris Family) Plant Type(s):
^{SA} hyalina	1'; iris-like leaves; flowers orange with clear "windows".
TROPAEOLUM	Family: Tropaeolaceae (Nasturtium Family) Plant Type(s): Tuberous Perennials
tuberosum--staked	Rounded lvs; bright orange fls. summer-fall. Edible tubers.
TULBAGHIA	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{SA} 'Fairy Star'	Low green clumps; delicate pink fls on 8-10" stems.
^{SA} natalensis--pink fl.	1'. Dense low grey-green clumps; pink fls.
^{SA} violacea	Society garlic; blue-green leaves, lavender-pink flowers.
^{SA} violacea--giant form	Robust form of society garlic. Grey lvs, lavender fls.
^{SA} violacea 'Silver Lace'	Society garlic; cream-margined leaves, lavender flowers.
TWEEDIA	Family: Asclepiadaceae (Milkweed Family) Plant Type(s): Herbaceous Perennials
caerulea	Twining; fuzzy greyish leaves, light blue flowers.
UGNI	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
molinae	Chilean guava. 6'; dense, dark shiny lvs, frag. edible fruit
molinae 'Flambeau'	Grey-green lvs with cream edge, new lvs pink flushed. Slow.
UNCINIA	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges
^{NZ} rubra 'Belinda's Find' PP#21972	12" clump. Red/bronze lvs with vivid red variegation.
VACCINIUM	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs
darrowii 'Native Blue'	Southern highbush blueberry, 3'. White fls, blue fruits.
'Jubilee'	Southern highbush blueberry. To 5'. Tasty blue fruits.
'Misty'	Southern highbush blueberry. 4-6'. Hot pink fls, sweet fruit.
moupinense	To 2'. Chinese dwarf huckleberry. White fls, purple fruits.
'O'Neal'	Southern highbush blueberry. To 5'. Early blue fruits.
^{CN} ovatum 'Blue Madonna'	Huckleberry; blue-green lvs., small white fl., blue berries.
^{CN} ovatum 'Indians Wanderer'	Low, thicketing sel.; reddish stems, dark narrow leaves.
^{CN} ovatum 'Wunderlich'	Huckleberry. Shiny leaves, blue fruit, bronze new leaves.
'Sunshine Blue'	Southern highbush blueberry. 3'. Blue new lvs, sweet fruits.
VALERIANA	Family: Valerianaceae (Valerian Family) Plant Type(s): Herbaceous Perennials
^{ME} phu 'Aurea'	Yellow spring lvs, lime-green in summer. White fls.
VANCOUVERIA	Family: Berberidaceae (Barberry Family) Plant Type(s): Herbaceous Perennials
^{CN} chrysantha	Yellow fls. held over fernlike lvs, slowly spreading.
^{CN} hexandra	Carpeting, with deciduous, fernlike leaves, white flowers.
VELTHEIMIA	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
viridifolia	Large bulb. Long, wavy leaves, many coral-pink tubular fls.
VERBENA	Family: Verbenaceae (Verbena Family) Plant Type(s): Subshrubs to Annuals
bonariensis	Erect to 4'+; narrow leaves, dark purple flowers.
bonariensis 'Cloud 8' PPAF	Dwarf, to 2'. Narrow lvs, purple fls.
bonariensis 'Lollipop'	2'h/3'w. Narrow leaves, dark purple fls.
'Homestead Purple'	Fast cover. Dark green lvs, lg. purple fl. heads. Long blm.
lilacina 'De la Mina'	18"+. Pale green dissected lvs; heads of lavender fls. Baja.

Name	Description
peruviana 'Red Devil' rigida 'Polaris' 'Tapien Blue Violet'	Tight, low mat. Dark, clean leaves, bright red flowers. 18-20". Rough lvs, spikes of lavender fls. Erect, spreading. Dense, low mat. Dissected leaves, blue violet flowers.
VERONICA	Family: Plantaginaceae (Plantain Family) Plant Type(s): Herbaceous Perennials
pectinata peduncularis 'Georgia Blue' 'Tidal Pool' PP#23341 'Waterperry' 'Whitewater' PP#22783	Low, spreading. Woolly grey green lvs., blue fls. spring. Slender trailing stems, dark round lvs, bright blue flowers. Prostrate silvery green lvs, bright blue fls. Speedwell. Prostrate, with masses of light blue flowers. Speedwell. Prostrate, with masses of bright white flowers.
VERONICASTRUM	Family: Plantaginaceae (Plantain Family) Plant Type(s): Herbaceous Perennials
virginicum 'Album'	4-5'. Many v. narrow spikes of white fls, summer-fall.
VETIVERIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
zizanioides	Clumping, to 6'. Used in perfumes, medicine, baskets.
VIBURNUM	Family: Adoxaceae (Adoxa Family) Plant Type(s): Shrubs and Small Trees
x burkwoodii opulus 'Notcutt's' opulus 'Roseum' ('Sterile') sargentii 'Onondaga' ^{ME} tinus 'Spring Bouquet'	To 8'+; dark leaves, fragrant white flowers. To 12'h. Cranberry bush. Larger red berries + fall color lvs. 8-12' h. Common snowball. Showy white flower clusters. 6'. Rounded. Decid. New leaves-maroon; white&purple fls. Laurustinus. 4-6', dense. Dark pink buds, white flowers.
VIOLA	Family: Violaceae (Violet Family) Plant Type(s): Herbaceous Perennials
^{CN} adunca ^{ME} cornuta Celestial Starry Night PP#18253 ^{ME} corsica 'Etain' labradorica odorata 'Riverside Pink' 'Rebecca' walteri 'Silver Gem'	Matting native; dark green leaves, purple flowers. Violetta. Fragr. fls rosy purple, yellow ctr. Clumping, to 8" h. Many violet fls. marked yellow or white. Pale yellow petals with violet margins. Long bloom. Broad mat; purple-tinged leaves, purple fls. Self-seeds. Sweet violet. Fragrant pink fls in spring. Spreading. Fragrant creamy fls, irreg. violet petal edges. Long blm. Matting, with deep silvery green leaves, lavender fls.
VITEX	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{ME} agnus-castus 'Sensational' trifolia var. purpurea	Chaste tree. Large leaves; purple fls. in very long spikes. Spreading, w/purple-backed lvs, clustered purple flowers.
VITIS	Family: Vitaceae (Grape Family) Plant Type(s): Vines
^{CN} californica ^{CN} californica 'Walker Ridge' ^{CN} girdiana 'Roger's Red' ^{ME} vinifera 'Purpurea'	California wild grape. Selected for vigor, abundant fruit. WGN. Native grape; large shiny leaves; good fall color. Southern grape. Large grey-green leaves, small "grapes". Grape, hybrid w/CA native. Vigorous; vivid red fall color. To 15'. Green leaves age purple; dark fruits.
WATSONIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} humilis ^{SA} intermedia	6-12"; broad leaves; bright pink flowers, dark centers. 1-2', profuse; bright pink flowers with dark centers.
WEIGELA	Family: Diervillaceae (Diervilla Family) Plant Type(s): Shrubs
florida 'Bristol Snowflake' 'Red Prince'	To 5'h. Green leaves, pure white flowers in spring. To 6', bushy. Dark green leaves, red flowers. Deciduous.

Name	Description
------	-------------

'Variegata Nana' 3'+, bushy; cream variegated leaves, pink flowers.

WESTRINGIA

Family: Lamiaceae (Mint Family)

Plant Type(s): Shrubs

^{AU} fruticosa	To 6', spreading; silvery leaves, white flowers.
^{AU} fruticosa Blue Gem TM PP#25674	5-6'. Grey leaves, violet blue fls. Rounded form.
^{AU} fruticosa Grey Box TM PP#25675	2' high/3'wide. Grey vs, rounded habit. White fls.
^{AU} fruticosa 'Jervis Gem'	Rounded, to 2'+, with dark grey lvs; lilac fls., long bloom.
^{AU} fruticosa Low Horizon TM PPAF	1' high, 4' wide. Grey leaves, white fls in spring.
^{AU} fruticosa 'Morning Light'	Compact shrub, to 4'+; cream yellow-margined leaves.
^{AU} fruticosa Mundi TM PP#24042	3' high, 5' wide. Dark grey leaves, white fls. Compact.
^{AU} fruticosa Naringa TM	5-6'h/w. Tight habit. Grey-green leaves, lavender fls.
^{AU} fruticosa Small Ball TM PPAF	3' high/ wide. Greener leaves, tight habit. Lilac fls.
^{AU} fruticosa 'Smokey'	2-3'. Light, creamy grey rounded shrub; white flowers.
^{AU} 'Wynyabbie Gem'	To 5'+, spreading. Silvery leaves, lavender flowers.

WISTERIA

Family: Fabaceae (Pea Family)

Plant Type(s): Vines

'Cooke's Special Purple'	Masses of fragrant 10" dark purple flower clusters.
floribunda 'Hon-beni'	12-18"long fl.clusters pink-lavender with yellow blotch.
floribunda 'Issai'	Japanese wisteria; 2-tone lavender flowers.
floribunda 'Kyushaku' ('Macrobotrys')	Masses of 3'+ clusters. Fls w/purple, lilac.
floribunda 'Lavender Lace'	Fragrant. Lavender & white flower tresses to 3' long.
floribunda 'Longissima Alba'	Japanese wisteria. Long-tasseled fragrant white flowers.
flor. 'Purple Patches' ('Kyushaku'?)	Japanese wist. Long tresses of purple&white fls.
floribunda 'Snow Showers'	Japanese wisteria; long tresses of white flowers.
floribunda 'Tea Garden Form'	Large divided leaves, long tresses, purple&white fls.
floribunda 'Violacea Plena'	2' tresses. Double violet blooms marked w/ white&yellow.
frutescens	6" clusters of lightly fragrant lavender fls. in summer.
frutescens 'Nivea'	American wist. 6" clusters of fragrant white fls. in summer.
'Kofuji'	2-3'h. Dwarf shrub, occasional bright lavender fls.
sinensis 'Amethyst'	Chinese wisteria. Masses of fragrant, mauve purple flowers.
sinensis 'Blue Sapphire'	Chinese wisteria; to 15'. 1' long lilac blue fl. clusters.
sinensis 'Caroline'	Chinese wisteria; masses of lavender & white fls.
venusta 'Alba'	Silky wisteria. 1" white fls on 1' fat cluster. Fragrant.

WOODWARDIA

Family: Blechnaceae (Deer Fern Family)

Plant Type(s): Ferns

^{CN} fimbriata	Giant chain fern; coarsely cut 4-10' fronds.
unigemmata	3'h/7'w. Arching leathery fronds, red when new, then green.

XANTHOSOMA

Family: Araceae (Arum Family)

Plant Type(s): Tuberous Perennials

'Lime Zinger'	Colocasia ally. Large arrow shaped lime yellow leaves.
---------------	--

YUCCA

Family: Agavaceae (Agave Family)

Plant Type(s): Trees to Perennials

'Bright Edge'	2'+. Golden leaf margins-green center & cream white bells.
desmetiana 'Blue Boy'	Spanish bayonet. Purplish lvs 2'+ long, white fls in spikes.
filamentosa 'Excalibur'	2'. Curly white filaments on lf edges. 4-5' fl. spike.
flaccida 'Ivory Tower'	Crowns of soft blue-green leaves; large ivory flowers.
flaccida 'Yellow Stripe'	1'+. Leaves edged green, with yellow striping.
'Garland Gold'	Showy selection with broad yellow band on leaves.
^{WE} rostrata	Spine-tip blue grey lvs. Dense, slow, to 15' high.

YUCCA (HESPEROYUCCA)

Family: Agavaceae (Agave Family)

Plant Type(s): Trees to Perennials

^{CN} whipplei	Lord's candle. Large crowns, sharp spines, white fls.
------------------------	---

Name	Description
YUSHANIA anceps 'Pitt White' chungii maling	Family: Poaceae (Grass Family) Plant Type(s): "Walking" Bamboos Close thickets, arching stems to 15', dark narrow leaves. Spreading clumps, to 12'. Dark green lvs dense. Green culms. Clumping, upright to 15'+; light stem bracts, stiff dark lvs.
ZAUSCHNERIA (SEE EPILOBIUM) species	Family: Onagraceae Plant Type(s): Herbaceous Perennials
ZEPHYRANTHES candida flavissima 'La Bufa Rosa' 'Prairie Sunset'	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Rain lily; dark green grassy leaves, white flowers. Glossy dark green lvs; bright golden yellow fls, summer. Rain lily with blue green lvs, lg. light pink fls, summer. Rain lily. Glossy green leaves, salmon to peach flowers.
ZINGIBER officinale	Family: Zingiberaceae (Ginger Family) Plant Type(s): Herbaceous Perennials True ginger. 5'. Leafy stems, yellow fls.
ZINNIA ^{WE} grandiflora	Family: Asteraceae (Sunflower Family) Plant Type(s): Small trailing perennial; bright yellow daisies/summer.
California Natives	
ABUTILON ^{CN} palmeri	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs Native shrublet, 2-3'. Furry grey lvs, bright apricot fls.
ACER ^{CN} circinatum ^{CN} macrophyllum	Family: Sapindaceae (Soapberry Family) Plant Type(s): Trees and Shrubs Vine maple; 12-15'. Dainty leaves, good fall color. To 35'. CA big-leaf maple. Yellow leaves in fall.
ACHILLEA ^{CN} millefolium--Black Butte ^{CN} millefolium 'Calistoga' ^{CN} millefolium--High Sierra dwarf ^{CN} millefolium--Palisades, taller sel. ^{CN} millefolium 'Pink Island Form' ^{CN} millefolium 'Sonoma Coast'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials White fls. on erect stems, spreading mats. CA seed strain. 2'. Feathery grey lvs, white fls. in broad heads. Spreading. Light green ferny lvs, white flowers. CA mtn strain. Green ferny lvs, broad mats; 1-2' stems, white fls. Broad mats; 1-2' stems, bright pink flowers. Compact, to 12"; bright green lvs, broad white fl. heads.
ADIANTUM ^{CN} capillus-veneris ^{CN} pedatum	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns Southern maidenhair; lacy fronds to 1'+. Five-finger fern; large hand-like fronds.
AESCULUS ^{CN} californica	Family: Sapindaceae (Soapberry Family) Plant Type(s): Trees and Shrubs California buckeye. White-pink flower candles in spring.
ALLIUM ^{CN} unifolium	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Showy native; 1-2' stems, dark pink flowers, spring.
ANEMOPSIS ^{CN} californica	Family: Saururaceae (Lizard's Tail Family) Plant Type(s): Herbaceous Perennials Yerba manza; broad carpets, large white fls. Rhizomatous.
AQUILEGIA ^{CN} eximia	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials Red and yellow pendant fls. over lacy leaves. www.suncrestnurseries.com

Name	Description
^{CN} formosa	Western columbine; red & yellow flowers.
ARALIA	Family: Araliaceae (Ivy Family) Plant Type(s): Shrubs and Perennials
^{CN} californica	Elk clover. To 6'. Wide lush div'd green leaves, cream fls.
ARBUTUS	Family: Ericaceae (Heath Family) Plant Type(s): Trees and Shrubs
^{CN} menziesii	Madrone; native tree; white fls, red fruit, cinnamon bark.
ARCTOSTAPHYLOS	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs and Small Trees
^{CN} 'Austin Griffiths'	To 8'h/w. Dense. Greyish green lvs, light pink fls.
^{CN} bakeri 'Louis Edmunds'	To 6'; broad grey-green leaves, deep pink flowers.
^{CN} densiflora 'Howard McMinn'	4-6', bushy; shiny leaves, white & pink flowers.
^{CN} densiflora 'Sentinel'	3-5', bushy; grey-green leaves, pale pink flowers.
^{CN} edmundsii 'Bert Johnson'	To 2'h/6'w. Little Sur manz. Bronze new leaves.
^{CN} edmundsii 'Big Sur'	3-5'. Mounding habit. Masses of white fls. w/pink base.
^{CN} edmundsii 'Carmel Sur'	Fast, dense. 10"h x 6'w, bronzy new foliage, white flowers.
^{CN} edmundsii 'Rosy Dawn'	Manzanita gndcvr., to 12"x6', Taylor intro. Red leaf edges.
^{CN} 'Emerald Carpet'	Compact, prostrate; shiny leaves, white flowers.
^{CN} hookeri 'Bright Beauty'	4-5'h, 8'+w. Bright green lvs, dense mound. White flowers.
^{CN} hookeri 'Buxifolia'	Low, compact, small-leaved selection with white flowers.
^{CN} hookeri 'Ken Taylor'	Prostrate selection 15"h/6'w. Dense habit.
^{CN} hookeri 'Wayside'	3.5' h x 8' w. White flowers, grey-green leaves.
^{CN} 'John Dourley'	Hybrid manzanita; 2'h/8'w. Bronze tint-leaves, pink fls.
^{CN} 'Lester Rowntree'	Shrub/small tree. Purplish trunks, white fls w/pink base.
^{CN} 'Lutsko's Pink'	4-6'h/w. Densiflora hyb. Dark stems, green lvs; pink fls.
^{CN} manzanita 'Dr. Hurd'	Parry manzanita. 10'+; spreading canopy, dark green lvs.
^{CN} manzanita 'St. Helena'	Parry manzanita. To 10'+; stout, wide-spreading, white fls.
^{CN} morroensis	5-6' high, 8' wide. Rounded grey leaves, white fls. Dense.
^{CN} morroensis--compact form	4'. Compact, dense. Small lvs bright grey, white flowers.
^{CN} nummularia--selected form	Low, compact. Round, shiny green leaves, white flowers.
^{CN} 'Pacific Mist'	30" high/10' wide. Narrow grey leaves, few white flowers.
^{CN} pajaroensis 'Paradise'	To 12'. Pajaro manz. Dark pink flowers, bronze leaves.
^{CN} pajaroensis 'Warren Roberts'	Pajaro manz; 6'h/10'w, red new leaves, pink flowers.
^{CN} purissima 'Vandenberg'	3'h/8'+w; bright green leaves, white flowers.
^{CN} refugioensis	To 10'+, upright, bushy. Red new growth. White fls.
^{CN} rudis 'Vandenberg'	WGN sel; bushy, to 5'; bronze tips, pink flowers.
^{CN} silvicola 'Grey Eagle'	Silverleaf manz. 5'+. Chalk grey leaves, white fls. spring.
^{CN} [stanfordiana]	6-8'. Smooth dark trunks, green lvs, pink fls.
^{CN} 'Sunset'	4-5'h/w. Bronze new leaves; pinkish white flowers.
^{CN} uva-ursi 'Green Supreme'	6"h x 8'+w. Dense, with bright green lvs, pinkish white fls.
^{CN} uva-ursi 'Pt. Reyes'	Dark green lvs, 8"h x 10'w. Red fruit. Disease resistant.
^{CN} uva-ursi 'Radiant'	Fast. Light green leaves, 10"high x 10'wide. White fls.
^{CN} uva-ursi 'San Bruno Mountain'	Low, spreading. Thick leaves, pink flowers, large berries.
^{CN} uva-ursi 'Tom's Point'	Lush habit, dark shiny leaves, white flowers, red berries.
^{CN} viridissima 'White Cloud'	Tilden intro. Sturdy trunks, furry sts, broad lvs, white fls.
ARMERIA	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Herbaceous Perennials
^{CN} maritima--native form	Low grassy mound; light pink fls. in round heads.
ARTEMISIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs and Perennials
^{CN} arbuscula	Low sagebrush. Mounding shrub to 12", grey-white leaves.
^{CN} californica 'Canyon Gray'	Low, spreading California sagebrush. Aromatic silver leaves.

Name	Description
^{CN} douglasiana	Mugwort. Aromatic green lvs w/white undersides. Spreading.
^{CN} pycnocephala 'David's Choice'	Sandhill sage; nearly prostrate; furry white foliage.
^{CN} tridentata var. vaseyana	Sagebrush. This form to 4', bushy, silvery foliage.
ASARUM	Family: Aristolochiaceae (Birthwort Family) Plant Type(s): Herbaceous Perennials
^{CN} caudatum	Wild ginger; carpets of heart-shaped leaves, dark fls.
^{CN} lemmonii	Wild ginger from Sierra. Low dark green lvs; chocolate fls.
ASCLEPIAS	Family: Asclepiadaceae (Milkweed Family) Plant Type(s): Herbaceous Perennials
^{CN} eriocarpa	Woollypod milkweed. 3-4'. Broad grey-grn lvs, cream fls.
^{CN} fascicularis	Milkweed. 3'+ slender stems, narrow lvs; white scented fls.
^{CN} speciosa	3'+. Large, furry grey lvs, clusters of cream/pink fls.
ASTER	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{CN} chilensis 'Point St. George'	Low California aster, spreading. Lavender fls.
^{CN} chilensis 'Purple Haze'	SBBG intro. To 2'. Bright lavender fls in fall, spreads.
ATRIPLEX	Family: Chenopodiaceae (Goosefoot Fam.) Plant Type(s): Shrubs
^{CN} lentiformis ssp. breweri	Quail bush. To 7'. Silvery lvs on arching stems; good hedge.
^{CN} lentiformis 'Naomi'	To 7'. Great hedge, especially large silver leaves.
BACCHARIS	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{CN} pilularis 'Pigeon Point'	1-2'h/6'w. Dwarf coyote brush. Rounded bright green leaves.
^{CN} pilularis 'Twin Peaks #2'	2'h/6'w. Mounding habit. Grey-green leaves.
BLECHNUM	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns
^{CN} spicant	Deer fern; dark green narrow fronds+erect fertile fronds.
BRODIAEA	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
^{CN} californica	Tall, to 2'. Bright violet flowers spring-summer.
^{CN} elegans	Harvest brodiaea. 8-18" stems; blue purple fls, spring.
CALAMAGROSTIS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} foliosa	Low blue-green clumps about 1'; arching fl. stems.
^{CN} nutkaensis	Pacific reed grass. Wide bright green lvs, clumping, to 4'.
CALOCEDRUS	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees
^{CN} decurrens	Incense cedar, 40'+. Fragrant red bark, sprays of flat lvs.
CALYCANTHUS	Family: Calycanthaceae (Spicebush Family) Plant Type(s): Shrubs
^{CN} occidentalis	Spice bush; 8' native w/large leaves, dark red flowers.
CALYSTEGIA	Family: Convolvulaceae (Morning Glory F.) Plant Type(s): Vines and Perennials
^{CN} macrostegia var. cyclo. 'Candy Cane'	Coastal morning glory; 2-3" white & pink fls.
CAMISSONIOPSIS	Family: Onagraceae (Evening Primrose Fam.) Plant Type(s): Herbaceous Perennials
^{CN} cheiranthifolia	Beach evening primrose. Matting, with grey lvs, yellow fls.
CAREX	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges
^{CN} pansa	Low, dense, spreading native sedge. Glossy green leaves.
^{CN} praegracilis	Western meadow sedge. Rhizomatous, lawn substitute.
^{CN} spissa	San Diego sedge. Upright blue grey clumps to 4'+.

Name	Description
^{CN} tumulicola	10". Dark green narrow leaves. Loose mound..
CARPENTERIA	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs
^{CN} californica	Bush anemone. 6-12'h+w. Bushy. Fragrant white flowers.
^{CN} californica 'Elizabeth'	Bush anemone. 8-12'h. Clusters of many white fragrant fls.
CEANOTHUS	Family: Rhamnaceae (Buckthorn Family) Plant Type(s): Shrubs and Small Trees
^{CN} 'Blue Cloud'	8-12'h/w. Shiny green leaves; sky blue fls are profuse.
^{CN} 'Blue Ray'	10' high, 15' wide. Dark textured leaves; deep blue fls. SCN.
^{CN} 'Blue Ray'--staked	Broad textured lvs; deep blue fls. SCN. Robust, to 10'+.
^{CN} 'Centennial'	1'+x10'. Small dark leaves, vivid blue flowers.
^{CN} 'Concha'	Arching 6', dark narrow lvs; electric blue flowers, spring.
^{CN} cuneatus--excellent form	Buckbrush. Stiff arching stems, tiny lvs, scented cream fls.
^{CN} 'Dark Star'	6'x12'; small leaves, masses of cobalt-blue flowers.
^{CN} dentatus 'Bluette'	3-5'+, spreading. Small lvs, slender stems, brt blue fls.
^{CN} foliosus 'Berryhill'	3'?; tiny, shiny leaves, small blue flower clusters.
^{CN} 'Frosty Blue'	8'+. Rounded shrub/small tree, blue fls in spring.
^{CN} gloriosus 'Anchor Bay'	To 3' h. Dense mound, lg. shiny leaves, lav. fls. in spring.
^{CN} gloriosus 'Heart's Desire'	Pt. Reyes cean.; 6"h/4-6'w, dark shiny leaves, lav-blue fls.
^{CN} gloriosus v. exaltatus 'Emily Brown'	3'h/10'w; mounding; holly-like leaves, purple fls.
^{CN} gloriosus v. porrectus 'Mt. Vision'	1-2' high, 7' wide. Bright blue fls, small lvs.
^{CN} hearstiorum	6"h/10'w. Narrow, textured aromatic lvs, bright blue fls.
^{CN} impressus 'Puget Blue'	To 5'+, spreading. Small puckered lvs, lavender-blue fls.
^{CN} impressus 'Vandenberg'	WGN. 3'. Small-leaved selection. Bright blue flower puffs.
^{CN} 'Joan Mirov'	CA lilac. Dark blue flowers coat 3'h/10'w shrub.
^{CN} 'Joyce Coulter'	4'h/6'w. 3" medium blue fragrant flower clusters.
^{CN} 'Julia Phelps'	6'h/12'w; dense, with small leaves, electric blue flowers.
^{CN} maritimus 'Frosty Dawn'	2'h/3'w. Carpeting habit, greyish lvs., dark blue fl.
^{CN} maritimus 'Pt. Sierra'	2'h/3'w. Carpeting habit, greyish leaves, purple flowers.
^{CN} maritimus 'Valley Violet'	2' high, 4' wide. Vivid violet flowers, compact form.
^{CN} 'Midnight Magic'	3' high/5'+ wide. Dark green leaves, deep blue fls. SCN hybrid.
^{CN} 'Owlwood Blue'	10-20'; shiny large lvs; long spikes of rich blue flowers.
^{CN} papillosus [x thyriflorus]	8' high/wide. Small dark grn crinkled lvs, bright blue fls.
^{CN} 'Ray Hartman'	10-20'; large, dark leaves, masses of blue flowers.
^{CN} 'Ray Hartman'--staked columns	10-20'; large, dark leaves, masses of blue flowers.
^{CN} rigidus 'Sapphire'	4-6'. Dark blue fls coat sturdy branches, spring. Small lvs.
^{CN} rigidus 'Snowball'	Low, mounding; dense growth; small white flowers.
^{CN} 'Starbright'	6'+h/w. Dark grn textured 1" lvs, pink buds, vivid blue fls.
^{CN} 'Sunbird'	To 6'h/10'w. Dark shiny lvs, bright blue fls, heavy bloom.
^{CN} thyriflorus 'Arroyo de la Cruz'	WGN selection; mounding to 5'x10'; blue flowers.
^{CN} thyriflorus 'Bixby Bridge'	To 8' +. Wide green leaves. Bright blue fls.
^{CN} thyriflorus 'Skylark'	5' dome, late bloom, rich blue flowers.
^{CN} thyriflorus 'Snow Flurry'	6-20'; dense growth, shiny leaves, white flowers.
^{CN} thyr. var. griseus 'Carmel Creeper'	Spreading to 20'+; large shiny leaves, light blue fls.
^{CN} thyr. var. griseus 'Diamond Heights'	1' high/4-5' wide. Yellow varieg. lvs; pale blue fls.
^{CN} thyriflorus var. griseus 'Kurt Zadnik'	5' high, 8-10' wide. Dark green lvs, deep blue fls.
^{CN} thyr. var. griseus 'Yankee Point'	3-5'h/8'+w. Dark green leaves, medium blue flowers.
^{CN} 'Tilden Park'	3'h/6'+w. Dark green leaves; medium blue flowers, spring.
^{CN} 'Wheeler Canyon'	4'h/8'w, dense; textured leaves, pink buds, blue flowers.
CERCIS	Family: Fabaceae (Pea Family) Plant Type(s): Trees and Shrubs
^{CN} occidentalis--dark Lake Co. strain	Redbud; deep colored magenta flowers, bushy.

Name	Description
CERCOCARPUS ^{CN} betuloides ^{CN} ledifolius	Family: Rosaceae (Rose Family) Plant Type(s): Trees and Shrubs Mountain mahogany. To 10'. Striking creamy seed plumes. Desert mtn. mahogany. White bark, small green lvs, to 10'+.
CHEILANTHES ^{CN} covillei	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns Rock fern. Dense clumps, fuzzy, much-divided fronds.
CHRYSOTHAMNUS ^{CN} nauseosus	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs Rabbit brush; 1-2'; silvery leaves, yellow flowers.
CLEMATIS ^{CN} lasiantha ^{CN} ligusticifolia	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Vines and Perennials Chaparral clem; lacy lvs, clustered white fls, fluffy seeds. Virgin's bower. 15'+. White fragrant flowers blm.summer.
COREOPSIS ^{CN} gigantea	Family: Asteraceae (Sunflower Family) Plant Type(s): Subshrubs to Annuals Thick trunk to 4'+ topped by lacy green lvs, yellow daisies.
CORNUS ^{CN} glabrata 'Wintun'	Family: Cornaceae (Dogwood Family) Plant Type(s): Trees and Shrubs 6-8'. Slender purple stems, dark grn lvs, purple fall color.
CUPRESSUS (HESPEROCYPARIS) ^{CN} macrocarpa ^{CN} macrocarpa 'Citriodora' ^{CN} macrocarpa 'Saligna Aurea'	Family: Cupressaceae Plant Type(s): Trees 25'+h. Monterey cypress. Open habit, dark green leaves. Selected form; dense habit, golden foliage, lemon scent. To 30'. Weeping, with cord-like branches, yellow foliage.
DANTHONIA ^{CN} californica	Family: Poaceae (Grass Family) Plant Type(s): Grasses California oatgrass. Clumping, bright green lvs, dry shade.
DARMERA ^{CN} peltata ^{CN} peltata 'Nana'	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials Indian rhubarb; huge umbrella leaves, pink flowers. Dwarf umbrella plant. 20", green umbrella lvs, pink fls.
DENDROMECON ^{CN} harfordii ^{CN} rigida	Family: Papaveraceae (Poppy Family) Plant Type(s): Shrubs Island bush poppy; 6-10'; grey-green lvs, bright yellow fls. Bush poppy; to 6'; grey-green lvs, bright yellow fls.
DICENTRA ^{CN} 'Bacchanal' ^{CN} formosa 'Aurora' ^{CN} formosa 'Tuolumne Rose'	Family: Papaveraceae (Poppy Family) Plant Type(s): Herbaceous Perennials Bleeding heart. Vivid deep rose color fls, spicy scent. Western bleeding heart; ferny foliage, white fls. Western bleeding heart; ferny foliage, rose pink fls, scent.
DICHELOSTEMMA ^{CN} capitatum--Santa Cruz Is. giant	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials To 3'. Large clusters of lavender blue fls in spring.
DUDLEYA ^{CN} caespitosa ^{CN} cymosa ^{CN} cymosa ssp. pumila ^{CN} edulis ^{CN} farinosa ^{CN} hassei	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials Dense clusters of succulent rosettes, yellow fls. Spreading. Live-forever; succulent rosettes, red to yellow flowers. Petite grey to reddish rosettes, red to yellow flowers. Live-forever. Succulent green rosettes, cream fls. Cliff lettuce. Green rosettes in clumps. Pale yellow fls. Live-forever; tightly clumping, cylindrical greyish leaves.

Name	Description
^{CN} lanceolata	Rosettes of narrow grey-white lvs; yellow fls.
^{CN} pulverulenta	Large crowns; broad, whitish, succulent leaves.
ENCELIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{CN} californica 'El Dorado'	2-3'. Clear yellow daisies on loose mound; spring-summer.
^{CN} farinosa	Brittlebush. Oval silver leaves; bright yellow daisies.
EPILOBIUM (ZAUSCHNERIA)	Family: Onagraceae Plant Type(s): Herbaceous Perennials
^{CN} canum 'Calistoga'	1-2'. Wide grey leaves, spreading stems. Scarlet flowers.
^{CN} canum 'Carman's Grey'	California fuchsia. Bright grey lvs, tubular scarlet fls.
^{CN} canum 'Catalina'	3-5'. Spreading. Bright orange fls, grey leaves. Long bloom.
^{CN} canum 'Cloverdale'	8"+. Broad, bright grey leaves, orange-red tubular flowers.
^{CN} canum 'El Tigre'	Matting; very narrow grey-green leaves, scarlet flowers.
^{CN} canum 'John Bixby'	1-2'. Greyish green lvs; scarlet fls. summer. RSABG intro.
^{CN} canum 'Sierra Gold'	Wide cream edges on grey lvs; salmon orange flowers.
^{CN} canum 'Sierra Salmon'	To 1' high, spreading. Narrow grey lvs, salmon orange fls.
^{CN} canum 'Silver Select'	To 1' high, spreading. Bright grey leaves, scarlet flowers.
^{CN} canum 'U. C. Hybrid'	Calif. fuchsia; 1'+, bushy; many scarlet flowers.
^{CN} can. ssp. latifolium 'Everett's Choice'	Low, spreading. Many brilliant scarlet fls.
^{CN} septentrionale 'Wayne's Silver'	Calif. fuchsia; low mound, silvery leaves, scarlet fls.
EPIPACTIS	Family: Orchidaceae (Orchid Family) Plant Type(s): Herbaceous Perennials
^{CN} gigantea	Stream orchid. Purple & green fls. CA native.
ERICAMERIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{CN} ericoides	Mock heather. Tiny grn lvs; bright yellow fls summer-fall.
ERIGERON	Family: Asteraceae (Sunflower Family) Plant Type(s): Perennials and Annuals
^{CN} glaucus 'Cape Sebastian'	4-6". Pink daisies over low lvs, spreading.
^{CN} glaucus 'White Lights'	Seaside daisy. White fls over low green lvs.
^{CN} 'W. R.'	E. glaucus hybrid; sprays of lavender flowers, long bloom.
ERIODICTYON	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs
^{CN} californicum	Yerba santa. 3-6'. Shiny dark green leaves, lilac fls.
ERIOGONUM	Family: Polygonaceae (Buckwheat Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} elongatum	Low grey lvs; pinkish fls along slender silver stems to 3'.
^{CN} fasciculatum var. foliolosum	California buckwheat. To 2'+. Green lvs, many white fls.
^{CN} fasciculatum var. polifolium	2'. Buckwheat. Grey narrow leaves, cream fl. heads. Erect.
^{CN} fasciculatum 'Warriner Lytle'	Low, carpeting. Narrow grey-green leaves, cream fls.
^{CN} giganteum	5'+h/w. St. Catherine's Lace. Cream fl. head, oval grey lvs.
^{CN} grande var. rubescens	Red buckwheat; blue-grey leaves, bright rose pink flowers.
^{CN} latifolium	Chalk buckwheat. Grey leaves, round pinkish cream fl. heads.
^{CN} parvifolium 'Moss Landing'	Dense 2' mound; dark green lvs, masses of light pink fls.
^{CN} 'Rosy Cushion'	Rounded 5" tight mound. Rosy pink fls in tight heads.
^{CN} umb. polyanthum 'Shasta Sulfur'	Sulfur buckwheat; low green mound, bright yellow fls.
ERIOPHYLLUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} confertiflorum	18" mound. Green lvs, yellow fls, spring-summer.
^{CN} confertiflorum 'Lucia's Gold'	Golden yarrow. 1'h/w. Grey lvs, yellow fls, spr-summer.
^{CN} lanatum 'Siskiyou'	1' high/4' wide. Grey green mat, many bright yellow daisies.
^{CN} staechadifolium	2'. Lizard tail. Aromatic grey lvs; yellow daisies in heads.

Name	Description
ERYSIMUM ^{CN} <i>concinnum</i>	Family: Brassicaceae (Mustard Family) Plant Type(s): Perennials and Annuals Wallflower. Fragrant cream yellow fls, spring.
ESCHSCHOLZIA ^{CN} <i>californica</i> [var. <i>maritima</i>]	Family: Papaveraceae (Poppy Family) Plant Type(s): Perennials and Annuals CA poppy. Low, blue-grey lvs; yellow fls, orange centers.
FESTUCA ^{CN} <i>californica</i> ^{CN} <i>californica</i> 'Gabilan Blues' ^{CN} <i>idahoensis</i> 'Muse Meadow' ^{CN} <i>idahoensis</i> 'Stony Creek' ^{CN} <i>idahoensis</i> 'Tomales Bay' ^{CN} <i>idahoensis</i> 'Warren Peak' ^{CN} <i>rubra</i> 'Jughandle' ^{CN} <i>rubra</i> 'Molate' ^{CN} <i>rubra</i> 'Patrick's Point'	Family: Poaceae (Grass Family) Plant Type(s): Grasses Dense clumps to 2', deep green lvs, fl. stems to 4'. Seed strain with blue grey lvs; densely clumping. Dense clump. Fine blue-green leaves, silvery flowers. Tilden Bot. Garden intro. 2'+, brightest blue leaves. Deep blue green bunchgrass; airy fls. in spring. Compact tufts. Blue leaves, shiny stems & flower heads. Short sturdy stems form thick tuft. Chalky blue-green lvs. 8-10". Clumping, spreads slowly. Fine blue-green leaves. Creeping red fescue. Blue green lvs form loose mat.
FRAGARIA ^{CN} <i>chiloensis</i> 'Green Pastures' ^{CN} <i>vesca</i> ssp. <i>californica</i>	Family: Rosaceae (Rose Family) Plant Type(s): Herbaceous Perennials Trailing, with slender stems, small deep green leaves. California form of alpine strawberry. Spreading groundcover.
FREMONTODENDRON ^{CN} 'California Glory' ^{CN} <i>californicum</i> ^{CN} <i>californicum</i> 'Spring Fever' ^{CN} 'Ken Taylor' ^{CN} 'San Gabriel' ^{CN} 'Sungold Hybrids'	Family: Malvaceae (Mallow Family) Plant Type(s): Trees and Shrubs Flannel bush; 20'+ h/w. 3" cupped yellow flowers. Flannel bush; 8-20'; fuzzy leaves, yellow flowers. 15'. Dark green lvs, red stems, yellow flowers. Low-growing selection; orange-tinged flowers. Fremontia. To 30'. Deep lobed leaves. Golden flowers. Variable forms. 1-5'h/4'+w. Gold/tawny orange fls.
GALVEZIA (GAMBELIA) ^{CN} <i>speciosa</i> ['Boca Rosa'] ^{CN} <i>speciosa</i> 'Firecracker'	Family: Plantaginaceae (Plantain Family) Plant Type(s): Shrubs 3'. Many red "snapdragon" fls, light green lvs, mounding. 3'. Bushy, many red "snapdragon" flowers, furry leaves.
GARRYA ^{CN} <i>elliptica</i> 'Evie' ^{CN} <i>elliptica</i> 'James Roof'	Family: Garryaceae (Silktassel Family) Plant Type(s): Shrubs Silktassel. To 15't/8'w. Many 1'+ flower tassels in clusters. Silktassel. To 18't/12'w. 10-12" clusters winter flowers.
GAULTHERIA ^{CN} <i>shallon</i>	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs Salal. To 5'; reddish stems, thick, shiny leaves.
GRINDELIA ^{CN} <i>camporum</i>	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Gum plant. Large bright yellow daisy fls, summer.
HERACLEUM ^{CN} <i>lanatum</i>	Family: Apiaceae (Carrot Family) Plant Type(s): Herbaceous Perennials Cow parsnip. Large rough lvs, broad white fl heads, spring.
HETEROMELES ^{CN} <i>arbutifolia</i> ^{CN} <i>arbutifolia</i> 'Barrel Springs' ^{CN} <i>arbutifolia</i> 'Bountiful' ^{CN} <i>arbutifolia</i> 'Davis Gold'	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs and Small Trees Toyon; 6-12'; large dark green leaves, red berries. Toyon; selected for large dark green lvs, dark red berries. Large dark green lvs, huge clusters of dark red berries. Selected for golden orange berries, dark green leaves.

Name	Description
HETEROTHECA CN sessiliflora 'San Bruno Mountain'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Low, green mat. Golden daisies bloom spring-summer.

LESSINGIA (CORETHROGYNE) CN filaginifolia 'Silver Carpet'	Family: Asteraceae Plant Type(s): Herbaceous Perennials SBBG intro. Low, with grey leaves, pink daisies. www.suncrestnurseries.com

Name	Description
LEWISIA	Family: Montiaceae (Miner's Lettuce Fam.) Plant Type(s): Succulent Perennials
^{CN} 'Dark Cloud'	SCN seed strain; flowers deep rose.
^{CN} 'Pink Cloud'	SCN, 8" fl. sprays. Large bright pink fls.
^{CN} 'Rainbow'	Single to semi-double flowers, white, pink, red, yellow.
^{CN} 'White Cloud'	SCN. Succulent rosettes, sprays of white flowers.
LEYMUS (ELYMUS)	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} californicus	Bottlebrush grass, to 5'. Wide lvs, arching fl. stms. Shade.
^{CN} condensatus 'Canyon Prince'	Thicketing grass, to 2'; grey-green leaves.
^{CN} triticoides 'Grey Dawn'	Colonizing grass with narrow soft grey erect stems to 2'+.
LILIUM	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{CN} 'Corralitos Hybrids'	WGN native hybrids. 3'+ stem. Fragrant fls. rose to scarlet.
^{CN} 'Firefly'	4'+. Red fls in summer. From Corralitos hybrids.
^{CN} pardalinum	Leopard lily. To 6'+; dark foliage, large orange flowers.
^{CN} pardalinum 'Gualala Giant'	Leopard Lily; 6'+; flowers dark orange & yellow.
^{CN} 'Pumpkin'	4'+. Orange fls in summer. From Corralitos hybrids.
LOBELIA	Family: Campanulaceae (Bellflower Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} cardinalis	Bright true red flowers on 2' spike. Low green leaves.
LONICERA	Family: Caprifoliaceae (Honeysuckle Fam.) Plant Type(s): Shrubs and Vines
^{CN} hispidula	Native vine with blue-green leaves, pink fls., red berries.
LOTUS (HOSACKIA)	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} crassifolius var. otayensis	Soft grey furry erect stems, clusters of purple & white fls.
^{CN} formosissimus (H. gracilis)	Matting perennial; bright pink & yellow fls, spring-summer.
LOTUS (ACMISPON)	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} grandiflorus	2-3'. Loose mound; grey-grn lvs, creamy white pea fls.
LUPINUS	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} albifrons--selected strains	Silver bush lupine, to 5'. Spikes of scented violet fls.
^{CN} albifrons var. collinus	Matting plant with silvery leaves, lav. blue 8" fl. spikes.
^{CN} albifrons var. douglasii	Bush lupine w/silvery green narrow lvs, blue purple fls.
^{CN} arboreus--lavender	Bush lupine; 6'+; grey-green leaves, lavender blue flowers.
^{CN} arboreus--yellow	Bush lupine. 6'. Grey-green leaves. Fragrant yellow flowers.
^{CN} formosus	Summer lupine. 1-2'. Soft purple fls, grey lvs. Perennial.
^{CN} polyphyllus var. burkei	2-3', perennial. Lush green lvs; lavender blue fls, summer.
LYONOTHAMNUS	Family: Rosaceae (Rose Family) Plant Type(s): Trees
^{CN} floribundus ssp. asplenifolius	25'. Catalina ironwood. Lacy leaves. Clust. white fls.
MAHONIA (BERBERIS)	Family: Berberidaceae (Barberry Family) Plant Type(s): Shrubs
^{CN} 'Golden Abundance'	Robust, to 8'. Large dark leaves, masses of gold fls.
^{CN} nevinii	6'+; bushy growth; prickly blue-grey lvs, red berries.
MAIANTHEMUM	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{CN} dilatatum	6"h, spreads. Heart-shaped leaves. White fls. & red berries.
MALACOTHAMNUS	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs
^{CN} clementinus	San Clemente bushmallow. Pink fls. in spring, summer.

Name	Description
^{CN} fasciculatus 'Casitas'	Upright to 8'. Large lobed grey leaves, cupped pink fls.
^{CN} fremontii	Upright to 6', thicketing. Grey leaves, pink mallow flowers.
^{CN} palmeri 'Hanging Valley'	4-6'; open growth. Large lobed, grey lvs, heads of pink fls.
^{CN} palmeri 'Jolon'	Santa Lucia bush mallow. Green leaves, white fls., to 4'.

MELICA

^{CN} imperfecta Family: Poaceae (Grass Family) Plant Type(s): Grasses

Clumping bright green CA bunchgrass; fl. stem to 2'.

MIMULUS

^{CN} aurantiacus Family: Phrymaceae (Lopseed Family) Plant Type(s): Shrubs to Annuals

^{CN} aurantiacus 'Electric Pumpkin'	Monkeyflower; golden orange flowers on erect stems.
^{CN} bifidus 'Cone Peak'	Erect habit, with masses of brt orange fls in spring.
^{CN} bifidus--creamy yellow	Mock azalea. Bushy, with orange fls. edged white.
^{CN} bifidus 'Junipero Serra'	Mock azalea; bushy, narrow leaves, ruffled flowers.
^{CN} cardinalis	Mock azalea. Bushy, to 18". Large orange fls, marked white.
^{CN} cardinalis 'Santa Cruz Island Gold'	Scarlet monkeyflower; 1'+, soft, lush; scarlet tubular fls.
^{CN} 'Fiesta Marigold' PPAF	Golden orange tubular flowers; soft lush leaves.
^{CN} 'Jack'	Jelly Beans series. Frilly red flowers, gold petal edges.
^{CN} 'Jelly Beans Brick' PPAF	Dark green lvs., large bright purplish red fls.
^{CN} 'Jelly Beans Cinnamon' PPAF	Many large brick red fls, long bloom. Persoff hybrid.
^{CN} 'Jelly Beans Citron' PPAF	Large burnt orange flowers fade lighter. Long bloom.
^{CN} 'Jelly Beans Crimson' PPAF	1-2'. Light grn lvs, many primrose yellow fls.
^{CN} 'Jelly Beans Goldenrod' PPAF	Large rich purplish red flowers, long bloom.
^{CN} 'Jelly Beans Lava' PPAF	Shiny green leaves, golden orange fls.
^{CN} 'Jelly Beans Scarlet' PPAF	Br, lg brick red fls fade to tawny orange. Persoff hybrid.
^{CN} 'Jelly Beans Tangerine' PPAF	2'+. Bright red flowers set among fresh green leaves.
^{CN} 'Jelly Beans Vanilla Snow' PPAF	Vivid orange flowers, long bloom. Persoff hybrid.
^{CN} longiflorus ssp. calycinus	Palest yellow flowers turn cream. Long bloom.
^{CN} 'Pamela'	Monkeyflower. Pale yellow fls, light green leaves.
^{CN} 'Ruby Slippers'	Bifidus type. Pale gold fls have white edging on petals.
^{CN} 'Valentine'	18-24". Bright ruby red fls, green leaves. Long bloom.
	Monkeyflower. Vibrant red flowers, bright green leaves.

MONARDELLA

^{CN} macrantha 'Marian Sampson' Family: Lamiaceae (Mint Family) Plant Type(s): Subshrubs, Perennials

^{CN} villosa	Shiny lvs form loose mat; long red tube fls in clusters.
^{CN} villosa 'Russian River'	Coyote mint. 12" shrublet. Lavender fls in dense heads.
^{CN} villosa var. obispoensis	Coyote mint; 1', bushy; aromatic foliage, lavender flowers.
^{CN} villosa x purpurea	Coyote mint. Shrublet; furry, aromatic lvs; lavender fls.
^{CN} viminea	Coyote mint; 1', bright green leaves, purple fl. heads.
	Slender shrublet. Heads of bright violet fls, aromatic lvs.

MUHLENBERGIA

^{CN} rigens Family: Poaceae (Grass Family) Plant Type(s): Grasses

Deer grass. Flower stems to 5'+. Dense rounded clumps.

MYRICA (MORELLA)

^{CN} californica Family: Myricaceae (Wax Myrtle Family) Plant Type(s): Shrubs

12'+. Wax myrtle. Bushy native with narrow leaves.

NASELLA (SEE STIPA)

^{CN} species Family: Poaceae (Grass Family) Plant Type(s): Grasses

OXALIS

^{CN} oregana 'Klamath Ruby' Family: Oxalidaceae (Wood Sorrel Family) Plant Type(s): Shrubs, Peren., Annuals

^{CN} oregana 'Smith River'	Redwood sorrel. Red violet backed leaves. Light pink fls.
	Redwood sorrel. Light green leaves, carpeting. White fls.

Name	Description
PENSTEMON	Family: Plantaginaceae (Plantain Family) Plant Type(s): Shrubs and Perennials
^{CN} azureus	Fl. stems to 18"; blue flowers over grey-green leaves.
^{CN} centranthifolius	Scarlet bugler; 1-3'; grey leaves, bright red flowers.
^{CN} eatonii	Low green lvs; 2'+ stems with bright coral-orange flowers.
^{CN} heterophyllus 'Blue Springs'	1-2'; Blue bedder penstemon. Large deep blue flowers.
^{CN} heterophyllus 'Blue Wonder'	Foothill pens. 1-2'. Bright blue fls, spring-summer.
^{CN} heterophyllus 'Margarita BOP'	Bushy, 1-2'. Blue-green lvs., brt. blue fls. Disease resist.
^{CN} newberryi var. sonomensis 'St. Helena'	Choice rock garden plant; green lvs, brt red fls.
^{CN} palmeri	Long spikes of fragrant pink flowers, toothed leaves.
^{CN} procerus var. formosus	Matting penstemon with green lvs; blue purple fls.
^{CN} rostriflorus (bridgesii)	To 3' fl.stems. Red tubular fls. bloom sum-fall. Green lvs.
^{CN} rydbergii	Meadow penstemon, to 2'. Low green lvs; blue purple fls.
^{CN} spectabilis	Sturdy, 3'+; large toothed leaves, blue purple flowers.
PHACELIA	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} bolanderi	Low grey-green leaves; heads of lavender blue flowers.
^{CN} californica	18". Neat clumps blue-grey lvs, coiled heads of lilac fls.
PHILADELPHUS	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs
^{CN} lewisii 'Covelo'	WGN. 4-8'h/w. Bushy with arching stems. Fragrant white fls.
^{CN} lewisii 'Goose Creek'	Native mock-orange; fragrant double white flowers.
PHYSOCARPUS	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
^{CN} capitatus 'Siskiyou Beauty'	Ninebark. Leafy shrub to 6'; heads of white fls. CA native.
PINUS	Family: Pinaceae (Pine Family) Plant Type(s): Trees
^{CN} ponderosa	Ponderosa pine, western yellow pine. Distinctive bark.
PLANTAGO	Family: Plantaginaceae (Plantain Family) Plant Type(s): Herbaceous Perennials
^{CN} subnuda	Tall coastal plantain. Wide grn lvs, feeds butterfly larvae.
PLATANUS	Family: Platanaceae (Sycamore Family) Plant Type(s): Trees and Shrubs
^{CN} racemosa	California sycamore. Large bold lvs, mottled tan bark.
POLYPODIUM	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns
^{CN} californicum 'Sarah Lyman'	Native fern; dissected-leaf selection. Summer-deciduous.
^{CN} scolieri	12". Creeping fern, evergreen leathery fronds.
POLYSTICHUM	Family: Dryopteridaceae (Wood Fern Fam.) Plant Type(s): Ferns
^{CN} munitum	Western sword fern; large, thick dark green fronds.
PRUNUS	Family: Rosaceae (Rose Family) Plant Type(s): Trees and Shrubs
^{CN} ilicifolia	8'+. Holly-leaf cherry. Shiny green lvs, white flowers.
^{CN} ilicifolia var. lyonii	Catalina cherry. 10-20't. Evergreen glossy leaves.
^{CN} virginiana var. demissa	Western chokecherry. Thicketing shrub to 8'. White flowers.
QUERCUS	Family: Fagaceae (Beech Family) Plant Type(s): Trees and Shrubs
^{CN} agrifolia	Coast live oak. 25'+. Toothed evergreen leaves.
^{CN} berberidifolia	Scrub oak, to 10'. Prickly evergreen lvs, shrub or tree.
^{CN} chrysolepis--shrubby form	Mounding to 8'; dark green lvs, stout stems, evergreen.
^{CN} durata	Leather oak. Evergreen shrub to 12'.

Name	Description
^{CN} lobata	Valley oak. 40'+. Lobed 3" leaves. Deciduous.
RANUNCULUS	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials
^{CN} californicus	Fl. stems to 2'. Low lvs, shiny yellow fls in early spring.
RHAMNUS (FRANGULA)	Family: Rhamnaceae (Buckthorn Family) Plant Type(s): Trees and Shrubs
^{CN} californica 'Eve Case'	Coffeeberry. 6', compact; lg. dark lvs; red-tinged berries.
^{CN} californica 'Leatherleaf'	Coffeeberry. 4-5'+. Round, tight form. Shiny, deep green lvs.
^{CN} californica 'Mound San Bruno'	4-5'+. Coffeeberry. Dense, mounding, dark green lvs.
^{CN} californica ssp. crassifolia	Coffeeberry; 8'+; grey-felted leaves, red-black berries.
^{CN} californica ssp. occidentalis	2-5'h/4-5'w. Dk green leaves, red to black fruits.
RHODODENDRON	Family: Ericaceae (Heath Family) Plant Type(s): Trees and Shrubs
^{CN} occidentale--Goat Mtn. strain	Western azalea; 6'+; fragrant white fls, purplish leaves.
^{CN} occidentale--Smith River strain	Western azalea; 6'+; lg fragr. white fls w/pink, yellow.
RIBES	Family: Grossulariaceae (Gooseberry Fam.) Plant Type(s): Shrubs
^{CN} aureum var. gracillimum	Golden currant. Bright yellow fragrant fls, red fruits.
^{CN} malvaceum 'Christy Ridge'	To 6'. Clusters of bright pink fls, winter-spring.
^{CN} malvaceum 'Dancing Tassels'	5-7'. Long drooping clusters, pink buds, white fls, winter.
^{CN} malv. v. viridifolium 'Ortega Beauty'	Chaparral currant. Furry lobed lvs, cherry-red fls.
^{CN} sanguineum 'Barrie Coate'	8'. Flowering currant. Bushy, deep pink-red clustered fls.
^{CN} sanguineum var. glut. 'Claremont'	Pink flowering currant. To 6'+. Long pink fl. clusters.
^{CN} sanguineum var. glut. 'Spring Showers'	Pink flowering currant; 6', long pink fl. tresses.
^{CN} speciosum	6'+. Fuchsia-fl. gooseberry. Spiny shrub; dangling red fls.
^{CN} speciosum 'Pincushion'	2'+. Low spreading form of spiny shrub; dangling red fls.
^{CN} speciosum 'Rana Creek'	6'. Fuchsia-fl. gooseberry. Spiny, w/pendant bright red fls.
^{CN} viburnifolium	2-4'. Catalina perfume. Dark shiny leaves. Spreader.
ROMNEYA	Family: Papaveraceae (Poppy Family) Plant Type(s): Shrubs to Subshrubs
^{CN} coulteri	Matilija poppy; perennial to 8'; huge white flowers.
ROSA	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
^{CN} californica 'First Dawn'	Thicketing native, to 6'; single creamy pink flowers.
^{CN} woodsii ssp. ultramontana	5'+. Mountain wood r. Fragrant single pink fls. Red hips.
RUBUS	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
^{CN} parviflorus	Thimbleberry. Soft green lvs, edible red fruits, white fls.
^{CN} spectabilis	Salmonberry. Suckering, with edible red fruits. Pink fls.
SALIX	Family: Salicaceae (Willow Family) Plant Type(s): Trees and Shrubs
^{CN} laevigata	Red willow. 10-25'. Green lvs, red twigs. Good/butterflies.
^{CN} lasiolepis	Arroyo willow. To 10', spreads. Benefits bees/butterflies.
SALVIA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs to Annuals
^{CN} 'Allen Chickering'	Native hybrid sage; 4'+; grey leaves, lavender flowers.
^{CN} apiana	White sage. Short branches, nearly white lvs, tall fl. stem.
^{CN} 'Aromas'	CA native hyb. 5'+; grey-green lvs, lavender fls in whorls.
^{CN} 'Baja Blue'	4-6'h/w. Green lvs, blue fls, spring. Vigorous. Munzii hyb.
^{CN} 'Bedazzle'	1'. Grey lvs, thick fl spike, rose bracts, bright blue fls.
^{CN} 'Bee's Bliss'	Broad carpet; fragrant grey-green leaves, lavender flowers.
^{CN} 'Celestial Blue'	3-5'. CA native hyb. Light rose bracts & calyces, blue fls.

Name	Description
^{CN} clevelandii 'Alpine'	3'. Grey-green aromatic leaves; whorls of blue fls. summer.
^{CN} clevelandii 'Deer Spring Silver'	4'+. Aromatic grey lvs; bright blue fls., summer.
^{CN} clevelandii 'Winnifred Gilman'	3-4'. Grey-green aromatic lvs, whorls of deep blue fls.
^{CN} 'Dara's Choice'	18"+h/3'+w. Carpeting. Green leaves, lav-blue flowers.
^{CN} 'Gayle Nielson'	3-4'. Hybrid of CA species. Bright blue fls, grey lvs.
^{CN} leucophylla 'Amethyst Bluff'	SBBG intro. 2'h/6'w; grey, furry lvs., bright lavender fls.
^{CN} leucophylla 'Figueroa'	3-4'. Native sage. White leaves. Pink flowers.
^{CN} leucophylla 'Los Olivos'	
^{CN} leucophylla 'Pt. Sal'	2'h/6'w; grey, furry foliage, lavender-pink flowers dense.
^{CN} mellifera 'Sweet Honey'	3-4'. Sweetly aromatic green lvs; dense habit.
^{CN} munzii 'Emerald Cascade'	2'h/3'w. Green lvs on arching stems, blue fls. Baja native.
^{CN} pachyphylla	3'. Silver leaves; heads w/rose bracts, deep blue flowers.
^{CN} 'Pozo Blue'	Clevelandii hybrid, to 4'+. Fragrant lvs, lavender blue fls.
^{CN} 'Shirley's Creeper'	3-4'h/6'+w. Textured green leaves, cream flowers.
^{CN} sonomensis 'Fremont's Carpet'	Carpeting, w/narrow furry leaves, purple spring fls.
^{CN} sonomensis 'Pine Canyon'	Compact Sonoma sage. Rounded grey-green lvs, blue fls.
^{CN} spathacea	Dense spreading clumps of fragrant leaves. Magenta flowers.
^{CN} spathacea 'King Crimson'	2-3', large basal lvs; dark magenta fls. on tall stalks.
^{CN} 'Starlight'	CA native hyb. Grey leaves, long wands of white flowers.
^{CN} 'Whirly Blue'	Clevelandii hyb. Bright lavender-blue fls, aromatic lvs.

SAMBUCUS

^{CN} mexicana (nigra ssp. caerulea)

Family: Adoxaceae (Adoxa Family)

Plant Type(s): Trees and Shrubs

Blue elderberry. White flowers, blue berries. CA native.

SATUREJA (CLINOPODIUM)

^{CN} douglasii

Family: Lamiaceae

Plant Type(s): Herbaceous Perennials

Yerba buena; trailing, with small aromatic leaves.

SCROPHULARIA

^{CN} californica--green fl.

Family: Scrophulariaceae (Figwort Family)

Plant Type(s): Herbaceous Perennials

Bee plant, to 5'. Feeds bees, butterflies. Green fls.

SEDUM

^{CN} spathulifolium 'Cape Blanco'

^{CN} spathulifolium 'Purpureum'

Family: Crassulaceae (Stonecrop Family)

Plant Type(s): Succulent Perennials

Matting succulent; rosettes of grey leaves.

Tight mat; purple-tinged leaves, yellow flowers.

SEQUOIA

^{CN} sempervirens 'Aptos Blue'

Family: Cupressaceae (Cypress Family)

Plant Type(s): Trees

Coast redwood. 100'+. Pyramidal. Blue-green leaves.

SIDALCEA

^{CN} malvaeflora 'Purpetta'

^{CN} malvaeflora--selected form

Family: Malvaceae (Mallow Family)

Plant Type(s): Herbaceous Perennials

2'. Erect stems with rose fls in spring and summer.

Checkerbloom. Low hummocks. Showy dark pink fls.

SISYRINCHIUM

^{CN} bellum 'Arroyo de la Cruz'

^{CN} bellum 'Ft. Bragg'

^{CN} bellum 'Occidental'

^{CN} bellum 'Rocky Point'

^{CN} bellum 'San Simeon'

^{CN} bellum 'Wild Night'

^{CN} californicum

Family: Iridaceae (Iris Family)

Plant Type(s): Herbaceous Perennials

Blue-eyed grass. Selected for large, dark flowers.

Dwarf plant. Flowers lavender with violet center.

1'; vigorous heavy-blooming clone; large purple flowers.

Dwarf, dense selection. Purple-blue flowers.

Compact clumps; white flowers in spring.

Blue-eyed grass. Deepest blue-purple fls, spring.

Yellow-eyed grass. Iris-like leaves, yellow flowers.

SOLANUM

^{CN} umbelliferum v. incanum 'Dark Eyes'

Family: Solanaceae (Nightshade Family)

Plant Type(s): Shrubs, Vines, Perennials

2'. Green lvs, stems. Brt blue purple fls, spring.

Name	Description
^{CN} umbelliferum v. incanum 'Indians Grey'	Subshrub. Grey lvs & stems, brt. lav. fls.
^{CN} umbelliferum v. incanum 'Spring Frost'	Native subshrub. Grey lvs & stems, white fls.
^{CN} xanti 'Mountain Pride'	Purple nightshade. Vivid royal purple fls, soft green lvs.
SOLIDAGO	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{CN} velutina ssp. californica	Spreading; erect stems to 2'+. Yellow fls in summer.
SPHAERALCEA	Family: Malvaceae (Mallow Family) Plant Type(s): Herbaceous Perennials
^{CN} fulva 'La Luna'	SBBG. Baja native, to 2'+. Light green lvs, silky white fls.
SPIRAEA	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
^{CN} densiflora (splendens) 'Trinity Rose'	2-3' native; blue-green leaves; rose-pink flowers.
^{CN} douglasii	Western spiraea. To 6', bushy. Rose-lavender flowers.
SPOROBOLUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} airoides	Alkali dropseed. Clumps to 2'+; airy fl. clusters.
STACHYS	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials
^{CN} bullata--dark pink fl.	Hedge nettle. Bright dark pink fls; widely spreading.
^{CN} bullata--SBBG/unscented	Hedge nettle. Unscented lvs, spreading. Pink fls.
STIPA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} cernua (Nassella c.)	Nodding feather grass. 2'h/w. Airy flowers.
^{CN} coronata (Achnatherum c.)	CA bunch grass. Green lvs; narrow fl. stems to 4'+, erect.
^{CN} hymenoides (Achnatherum h.)	Indian ricegrass. Low clumps; distinctive fl. heads.
^{CN} lepida (Nassella l.)	Foothill needlegrass. 1-2'h/w. Narrow lvs, clumps. Airy fls.
^{CN} pulchra (Nassella p.)	Purple needlegrass. 2'h/w. Strong clumps, airy fls.
STYRAX	Family: Styracaceae (Storax Family) Plant Type(s): Trees and Shrubs
^{CN} redivivus	Snowdrop bush; white-flowered western native.
SYMPHORICARPOS	Family: Caprifoliaceae (Honeysuckle Fam.) Plant Type(s): Shrubs
^{CN} albus 'Tilden Park'	Snowberry. To 4', bushy. Bright green leaves, white berries.
TELLIMA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
^{CN} grandiflora	Fringe-cups; heuchera-like plant; light red flowers.
THALICTRUM	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials
^{CN} fendleri var. polycarpum	Meadow rue; fernlike lvs, tall stems; delicate green fls.
THERMOPSIS	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials
^{CN} macrophylla	2-4'. California false lupine. Furry lt grn lvs, yellow fls.
TOLMIEA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
^{CN} menziesii 'Cool Gold' PP#15948	Piggyback plant. Bright gold leaves, great in shade.
TRICHOSTEMA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} lanatum	Woolly blue curls; 4' +; aromatic green lvs, blue flowers.
TRITELEIA	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
^{CN} hyacinthina	CA native bulb to 2'+. Dense clusters white bowl-shaped fls.
^{CN} laxa 'Queen Fabiola'	Ithuriel's spear. To 1'+; large blue purple trumpets.

Name	Description
^{CN} peduncularis	Long-rayed brodiaea; starburst clusters of white flowers.
VACCINIUM	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs
^{CN} ovatum 'Blue Madonna'	Huckleberry; blue-green lvs., small white fl., blue berries.
^{CN} ovatum 'Indians Wanderer'	Low, thicketing sel.; reddish stems, dark narrow leaves.
^{CN} ovatum 'Wunderlich'	Huckleberry. Shiny leaves, blue fruit, bronze new leaves.
VANCOUVERIA	Family: Berberidaceae (Barberry Family) Plant Type(s): Herbaceous Perennials
^{CN} chrysantha	Yellow fls. held over fernlike lvs, slowly spreading.
^{CN} hexandra	Carpeting, with deciduous, fernlike leaves, white flowers.
VIOLA	Family: Violaceae (Violet Family) Plant Type(s): Herbaceous Perennials
^{CN} adunca	Matting native; dark green leaves, purple flowers.
VITIS	Family: Vitaceae (Grape Family) Plant Type(s): Vines
^{CN} californica	California wild grape. Selected for vigor, abundant fruit.
^{CN} californica 'Walker Ridge'	WGN. Native grape; large shiny leaves; good fall color.
^{CN} girdiana	Southern grape. Large grey-green leaves, small "grapes".
WOODWARDIA	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns
^{CN} fimbriata	Giant chain fern; coarsely cut 4-10' fronds.
YUCCA (HESPEROYUCCA)	Family: Agavaceae (Agave Family) Plant Type(s): Trees to Perennials
^{CN} whipplei	Lord's candle. Large crowns, sharp spines, white fls.

Australian Natives

ACACIA	Family: Fabaceae (Pea Family) Plant Type(s): Trees and Shrubs
^{AU} adunca	20'. Cascade wattle. V. narrow dk grn long lvs, yellow fls.
^{AU} cognata Cousin Itt PP#25133	2-3' high, 4-6' wide. Draping stems, narrow leaves.
^{AU} howittii	20'. Small dark green lvs, drooping stems. Yellow fls.
^{AU} iteaphylla	Willow wattle. Shrub to 10', very narrow lvs. Yellow fls.
^{AU} redolens 'Low Boy'	1-2'h/10'+w. Firm grey-green lvs, fragrant fls, spring.
ADENANTHOS	Family: Proteaceae (Protea Family) Plant Type(s): Shrubs
^{AU} cuneatus 'Coral Drift'	UCSC/Koala. 2-3'h/3-5'w. Blue grey lvs, pink new growth.
^{AU} x cunninghamii	3-6'. Billowy spreading mound, silvery blue green lvs.
^{AU} sericea	Woollybush. 8'+. Silky grey leaves. Orange tube flowers.
^{AU} 'Silver Haze'	4-6'. Silver divided lvs, small red fls spring. UCSC/Koala.
ALYOGYNE	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs
^{AU} huegelii 'Monterey Bay'	5'. Airy shrub has green leaves, large deep lilac flowers.
ANIGOZANTHOS	Family: Haemodoraceae (Bloodroot Family) Plant Type(s): Herbaceous Perennials
^{AU} 'Big Red'	Kangaroo paw. To 5'+. Red flowers.
^{AU} 'Bush Dawn'	To 5'. Yellow fuzzy flowers on erect stems.
^{AU} 'Bush Ranger'	Kangaroo paw. To 1'+. Orange red flowers.
^{AU} 'Bush Sunset'	Kangaroo paw. 4'. Bright red fuzzy flowers.
^{AU} 'Bush Tango'	To 5'. Orange fuzzy flowers, green leaves to 2'.
^{AU} 'Bush Tenacity'	To 2'. Gold & yellow flowers on red stems.
^{AU} 'Cape Aurora'	Compact clump, sts to 18", yellow fuzzy flowers.

Name	Description
^{AU} 'Cape Red Lead'	20". Deep red fuzzy flowers over green iris-like lvs.
^{AU} 'Dwarf Pink'	Deep pink fuzzy fls. on stems to 2'.
^{AU} 'Kiwi Mist'	4-5'. Red stems and buds, green interior on flowers.
^{AU} 'Orange Cross'	To 5'. Kangaroo paw; dark green lvs, orange flowers.
^{AU} 'Pink Joey'	Kangaroo paw; dark green leaves, pink flowers.
^{AU} 'Ruby Velvet'	Kangaroo paw. 2' leaves, red flowers on 3' stems.
^{AU} 'Tequila Sunrise'	5'+. Orange furry flowers on tall stems.
^{AU} 'Yellow Gem'	4-5'. Kangaroo paw, furry yellow flowers.
BORONIA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} 'Carousel'	6'high, 4'wide. Dark green lvs, rose pink bells. UCSC/Koala.
^{AU} crenulata 'Shark's Bay'	To 3', spreading. Small aromatic lvs, small bright pink fls.
^{AU} heterophylla	3-5', bushy; dissected leaves, dark pink flowers.
^{AU} 'Lipstick'	Vivid rose-purple bells on erect vase-shaped shrub.
^{AU} megastigma 'Hot Chocolate'	SCN. Nodding shiny red brown & yellow fragrant fls.
^{AU} megastigma 'Jack Maguire's Red'	UCSC/Koala. 3-4' tall. 1/2" dark red fragrant fls.
^{AU} megastigma 'Lutea'	2-3'. Fragrant yellow nodding fls in spring.
^{AU} molloyae 'Mother's Day'	4'. Green aromatic lvs, rose red fls in spring.
BRACHYCHITON	Family: Malvaceae (Mallow Family) Plant Type(s): Trees and Shrubs
^{AU} acerifolius	Australian flame tree, to 40'. Bright red flowers. Tender.
^{AU} populneus	Bottle tree. Green lvs, thick trunk, cream fls, summer.
CALLISTEMON	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs
^{AU} 'Cane's Hybrid'	UCSC/Koala. To 10', bushy. Pale pink fls. Silky new lvs.
^{AU} 'Little John'	Bottlebrush; dwarf, 3' round, dense. Red flowers.
^{AU} 'Mauve Mist'	Bottlebrush; 6-10'. Mauve-pink brushes in summer.
^{AU} 'Taree Pink'	6-9'. Pink new leaves age to grey. Pale pink fls.
^{AU} viminalis 'Neon Pink'	10'. Green lvs, bright deep pink fls. Bottle Pop TM.
^{AU} viminalis Red Alert TM PP#25673	6'+. Red new leaves are vivid for months.
^{AU} viminalis Slim TM PP#24444	6-9' high, 3-4' wide. Narrow form of bottlebrush. Red fls.
CALOTHAMNUS	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{AU} villosus	4-6'. Erect stems, soft hairy grey-grn needle lvs. Red fls.
CASSIA	Family: Fabaceae (Pea Family) Plant Type(s): Trees to Annuals
^{AU} phyllodinea	5-6'. Narrow silver leaves, yellow fls in spring.
CHAMELAUCIUM	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{AU} 'Bridal Pearl'	4'. Needle lvs, white fls turn reddish. Great cut flower.
^{AU} 'Catalina'	Waxflower. 4-6'. White flowers. Great for cutting.
^{AU} 'Revelation'	4-6'. Green needle lvs, white fls age mauve purple.
^{AU} 'Southern Stars'	4'. Green needle lvs. White fls turn lavender. Good cut.
CHEILANTHES	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns
^{AU} sieberi	Rock fern fr. Australia, New Zealand. Green lvs, dark stems.
CHORIZEMA	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs
^{AU} 'Bush Flame'	UCSC/Koala. Flame pea; green lvs, magenta & orange fls.
CHRYSOCEPHALUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{AU} 'Silver and Gold'	UCSC/Koala. Low, fast. Grey lvs, round golden fls.

Name	Description
CORREA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} alba var. pannosa 'Western Pink Star'	UCSC/Koala. Furry lvs; light pink starry fls.
^{AU} backhouseana	6'. Dark green leaves, dense. Light green/yellow fls.
^{AU} 'Dusky Bells'	1-2' high, 4-6' wide; dense foliage, coral-pink flowers.
^{AU} glabra 'Coliban River'	3-4'. Shiny green leaves, light yellow bells. UCSC/Koala.
^{AU} 'Ivory Bells'	4-5'. Australian fuchsia; bushy habit; cream flowers.
^{AU} pulchella 'Pink Eyre'	UCSC/Koala. 2-3'. Greyish leaves, large clear pink bell fls.
^{AU} pulchella 'Pink Flamingo'	UCSC/Koala. 2-3'. Small dark leaves, intense "hot" pink fls.
^{AU} 'Ray's Tangerine'	UCSC/Koala. Dark green leaves, pretty orange bells, compact.
^{AU} reflexa 'Kangaroo Island'	4'. Erect habit, dark olive green lvs, red fls. UCSC/Koala.
^{AU} 'Sister Dawn'	Ray Collett hybrid, 3-4'; large pink & yellow flowers.
^{AU} 'Wyn's Wonder'	2-3'h/4'w. Yellow-varieg. leaves, coral pink flowers.
CRASPEDIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{AU} globosa	2'+; narrow silvery lvs, ball-like yellow "drumstick" heads.
CROWEA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} exalata x saligna	3-4'. Rounded habit. Narrow green lvs, starry dark pink fls.
^{AU} 'Parry's Hybrid'	To 3', spreading. Dark narrow leaves; deep pink fls.
DAMPIERA	Family: Goodeniaceae (Goodenia Family) Plant Type(s): Shrubs and Perennials
^{AU} trigona 'Purple Wire'	1-2'. Thin bright green stems, vivid blue fls. UCSC/Koala.
DIANELLA	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{AU} caerulea 'Casitas Springs'	Tight low clumps. Blue-grey lvs, lt. blue fls, purple fruit.
^{AU} caerulea Cassa Blue TM PP#17998	18" clumps. Soft blue lvs, lt blue fls, lav-purple frt.
^{AU} tasmanica	To 4'; deep green leaves, light blue fls, dark blue berries.
^{AU} tasmanica 'Yellow Stripe'	To 4'. Yellow striped green leaves; blue berries.
DICKSONIA	Family: Dicksoniaceae (Dicksonia Family) Plant Type(s): Ferns
^{AU} antarctica	Tasmanian tree fern; 10-20'; neat vertical green fronds.
DRIMYS	Family: Winteraceae (Winter's Bark Family) Plant Type(s): Trees and Shrubs
^{AU} lanceolata	To 10'+; dark red bark, narrow deep green leaves.
EREMOPHILA	Family: Myoporaceae (Myoporum Family) Plant Type(s): Trees and Shrubs
^{AU} glabra 'Kalgoorlie'	3'h/5'+w. Grey leaves, gold tubular fls along stems.
GREVILLEA	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{AU} alpina x rosmarinifolia	4-5'. Narrow green leaves, red & pale yellow flowers.
^{AU} baueri	3-4'. Firm green leaves, rose & cream fls. spring.
^{AU} 'Bonfire'	6' high/4-5' wide. Fine texture green lvs; red fl. clusters.
^{AU} 'Canberra Gem'	8'+; dense needle-like leaves; cherry-red flowers.
^{AU} 'Constance'	10'; narrow leaves; orange-red flower clusters, long bloom.
^{AU} 'Firesprite'--staked	6-10'; narrowly divided green leaves, bright red flowers.
^{AU} x gaudichaudii	Carpeting, to 15'w; dissected leaves, dark red flowers.
^{AU} 'Ivanhoe'	6-12'. Narrow divided lvs, red toothbrush fls.
^{AU} juniperina 'Lava Cascade'	1-2'h/ 5'+ wide. Green needle leaves, orange-red flowers.
^{AU} lanigera 'Coastal Gem'	UCSC/Koala. Tight form, furry grey lvs, vivid deep pink fls.
^{AU} lanigera 'Mt. Tamboritha'	1-2'h/4-5'w. Furry green lvs; cream/pink fls. Spreading.
^{AU} lanigera--selected low form	Low, bushy; greyish, furry leaves, dark pink flowers.

Name	Description
^{AU} lavandulacea 'Billywing'	Low, compact; fuzzy grey leaves, bright red flowers.
^{AU} 'Long John'--staked	To 8'+; large, narrowly divided leaves, red flowers.
^{AU} 'Moonlight'--staked	8-12'. Erect, w/ divided grey lvs; ivory fls, long bloom.
^{AU} 'Noellii'	To 4', arching, red flowers, dense dark green leaves.
^{AU} 'Peaches and Cream' PP#18035	4-6'high/wide. Draping habit. Cream&peach flowers.
^{AU} petrophiloides 'Big Bird'	To 8'+; lg, narrowly divided lvs, dk pink fls. UCSC/Koala.
^{AU} 'Pink Pearl'	To 6'. Prickly green needle lvs, rose pink fls.
^{AU} 'Poorinda Leanne'	8-10'. Dark green lvs, pale orange/gold fls.
^{AU} 'Poorinda Signet'	6-8' h/w. Green lvs, grey below. Light pink fls. UCSC/Koala.
^{AU} 'Robyn Gordon'--staked	4'+x10'; open growth, dissected leaves, red flowers.
^{AU} rosmar.--dwarf pink ('Vectis'?)	3-4', compact; needle-like leaves, rose-pink flowers.
^{AU} rosmarinifolia 'Scarlet Sprite'	3-4', compact; green needle-like leaves, bright red fls.
^{AU} 'Ruby Clusters'	6'+, bushy; narrow 3" leaves, dark red flowers.
^{AU} victoriae 'Marshall's Seedling'	8'; upright stems, olive-like leaves, orange-red flowers.
HAKEA	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{AU} salicifolia 'Gold Medal'	UCSC/Koala. 10'+. Cream & green lvs; pink new growth.
HARDENBERGIA	Family: Fabaceae (Pea Family) Plant Type(s): Vines
^{AU} violacea 'Canoelands'	Vigorous vine. Narrow dk grn leaves; purple pea fls, winter.
^{AU} violacea 'Happy Wanderer'	To 10'+; large shiny leaves, violet pea-fls, winter-spring.
^{AU} violacea Meema TM	2'h/3'w. Low, spreading form. Violet fls winter to spring.
HIBBERTIA	Family: Dilleniaceae (Dillenia Family) Plant Type(s): Shrubs
^{AU} aspera	To 2'h/3'w. 1/2" bright yellow flowers year round.
ISOLEPIS	Family: Cyperaceae (Sedge Family) Plant Type(s): RushlikeSedges
^{AU} nodosa	Knobby club rush. 3-5'. Dense clumps, dk green round stems.
ISOPOGON	Family: Proteaceae (Protea Family) Plant Type(s): Shrubs
^{AU} formosus	Drumsticks. 5'. Cut leaves, rose-lavender heads.
KENNEDIA	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs and Vines
^{AU} beckxiana 'Flamboyant'--staked	8'. Lg. pea fls. are hot orange w/lime ctr. UCSC/Koala.
^{AU} coccinea--staked	Carpeting pea-vine; flowers red, pink, yellow.
^{AU} nigricans--staked	Lush vine with broad leaves, yellow & black flowers.
^{AU} prostrata--staked	Lush lvs.; bright scarlet pea fls. Climbing form.
LEPTOSPERMUM	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs
^{AU} continentale 'Horizontalis'	1'h/6'w. Green triangular lvs covered w/white fls in spring.
^{AU} 'Dark Shadows'	15'. Striking purple flushed lvs, white fls in summer.
^{AU} laevigatum 'Reevesii Compactum'	3-4', slow, compact; congested blue-green leaves.
^{AU} turbinatum 'Flat Rock'	To 6'. Glossy dark green lvs., bright white fls., spring.
MELALEUCA	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs
^{AU} decussata	6'. Slender stems, small green lvs. Puffs of lavender fls.
^{AU} incana	6-7'h/8'w; soft, fuzzy grey leaves, cream flowers.
^{AU} nesophila	15'. Dense, sturdy. Round balls of mauve fls.
MICROMYRTUS	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{AU} ciliata--spreading form	UCSC intro. Flat topped shrub; pink buds open to white fls.
MYOPORUM	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Shrubs
^{AU} parvifolium 'Putah Creek'	1't/8'w. Vigorous spreader. Green leaves, white flowers. www.suncrestnurseries.com

Name	Description
^{AU} parvifolium--red leaf form	Matting, with narrow red-tinged leaves, white flowers.
OZOTHAMNUS	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{AU} diosmifolius--dark pink	4-6'. Erect habit. Very narrow lvs, round rose buds.
^{AU} ledifolius	3-4'. Small yellow-green lvs on stiff upright stems. Tidy.
PANDOREA	Family: Bignoniaceae (Trumpet Vine Fam.) Plant Type(s): Vines
^{AU} jasminoides 'Alba'	Bower vine; dark, shiny leaves; clusters white trumpets.
^{AU} jasminoides 'Rosea Superba'	Bower vine; clusters large pink trumpets&dark centers.
^{AU} jasminoides 'Variegata'	Lush growth; cream-margined leaves; pink flowers.
^{AU} pandorana	Wonga wonga vine; large shiny leaves, cream flowers.
^{AU} pandorana 'Golden Showers'	Glossy green leaves; masses of clear yellow fls. in spring.
PATERSONIA	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{AU} fragilis	Australian iris ally; stiff narrow lvs to 1', lav-blue fls.
PHILOTHECA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} myoporoides 'Galaxy'	UCSC/Koala. 4', rounded. Pink buds open to starry white fls.
^{AU} myoporoides 'Profusion'	Rounded, bushy. Masses of starry white fls. Aromatic lvs.
PLECTRANTHUS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{AU} argentatus	2-3' mound. Thick broad furry silvery leaves.
PROSTANTHERA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{AU} linearis	To 5'+. Narrow green leaves, red stems, purple flowers.
^{AU} ovalifolia 'Variegata'	Mint bush. To 5'+. Cream-variegated lvs., bright purple fls.
^{AU} rotundifolia 'Rosea'	Mint bush; 4'. Dense, small round fragrant leaves, pink fls.
RESTIO	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{AU} tetraphyllus	3-6' rushlike plant with puffs of threadlike branches.
RHODANTHE	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{AU} anthemoides 'Paper Star'	UCSC/Koala. Low. Light green lvs, pink buds, white daisies.
SCAEVOLA	Family: Goodeniaceae (Goodenia Family) Plant Type(s): Herbaceous Perennials
^{AU} 'Mauve Clusters'	Lush carpet; bright green leaves; small mauve flowers.
SOLLYA	Family: Pittosporaceae (Pittosporum Family) Plant Type(s): Shrubs
^{AU} heterophylla (fusiformis)	Australian bluebell creeper. Climbs 6'+, bloom sum-fall.
SWAINSONA	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{AU} galegifolia 'UCSC White'	3' pea-shrub; finely divided leaves, white flowers.
WESTRINGIA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{AU} fruticosa	To 6', spreading; silvery leaves, white flowers.
^{AU} fruticosa Blue Gem TM PP#25674	5-6'. Grey leaves, violet blue fls. Rounded form.
^{AU} fruticosa Grey Box TM PP#25675	2' high/3'wide. Grey vs, rounded habit. White fls.
^{AU} fruticosa 'Jervis Gem'	Rounded, to 2'+, with dark grey lvs; lilac fls., long bloom.
^{AU} fruticosa Low Horizon TM PPAF	1' high, 4' wide. Grey leaves, white fls in spring.
^{AU} fruticosa 'Morning Light'	Compact shrub, to 4'+; cream yellow-margined leaves.
^{AU} fruticosa Mundi TM PP#24042	3' high, 5' wide. Dark grey leaves, white fls. Compact.
^{AU} fruticosa Naringa TM	5-6'h/w. Tight habit. Grey-green leaves, lavender fls.

Name	Description
^{AU} fruticosa Small Ball TM PPAF	3' high/ wide. Greener leaves, tight habit. Lilac fls.
^{AU} fruticosa 'Smokey'	2-3'. Light, creamy grey rounded shrub; white flowers.
^{AU} 'Wynyabbie Gem'	To 5'+, spreading. Silvery leaves, lavender flowers.

South African Natives

AGAPANTHUS

Family: Liliaceae (Lily Family)

Plant Type(s): Herbaceous Perennials

^{SA} africanus 'Lapis'	1'+. Evergreen, dense. Bright blue fls, long bloom.
^{SA} 'Batik'	30". Medium blue fls with pale interior.
^{SA} Brilliant Blue PP#25966	18-20". Semi-evergreen, bright blue fls, summer.
^{SA} 'Glowbelle'	Low lvs, vivid blue flowers on 30" stems, midsummer.
^{SA} 'Mood Indigo'	Stems to 3'+; many deep violet flowers, summer. Deciduous.
^{SA} orientalis 'Flore Pleno'	Full-sized selection; double lavender blue flowers.
^{SA} orientalis 'Henryi'	18" flower stem, white flowers. Dwarf selection. 1' leaves.
^{SA} orientalis 'Peter Pan'	Dwarf lily of the Nile. Medium blue flowers on 18" stems.
^{SA} orientalis 'Tinkerbelle'	Similar to 'Peter Pan'; cream variegated leaves, blue fls.
^{SA} orientalis 'Winterdwarf'	WGN sel. 6-10" leaves, lavender blue flowers 1' stem.
^{SA} 'Petite Blue'	1'+, low foliage clumps. Vivid blue purple fls. Deciduous.
^{SA} 'Purple Cloud'	3'+. Deep purple drooping flowers, summer.
^{SA} 'Storm Cloud'	Robust hybrid. 4' stems, midnight-blue drooping flowers.
^{SA} Twister PP#25519	3'. Semi-deciduous. White fls. with blue base.

ALBUCA

Family: Liliaceae (Lily Family)

Plant Type(s): Bulbous Perennials

^{SA} humilis	1'. Green lvs; upfacing fragrant white bells, green stripes.
^{SA} maxima	Sturdy stem to 5'. Green and white bell flowers.
^{SA} shawii	18". Yellow nodding fls. Grassy green low leaves.

ALOE

Family: Aloeaceae (Aloe Family)

Plant Type(s): Succulent Peren., Shrubs

^{SA} arborescens	Torch aloe. To 6'. Spikes of orange flowers in winter.
^{SA} arborescens--yellow fl.	Torch aloe. To 6'. Spikes of yellow fls in winter.
^{SA} 'Blue Elf'	15-18" clump. Blue green leaves, orange red flowers.
^{SA} cooperi	Grass aloe, to 18". Coral fls. in summer, low green leaves.
^{SA} dorotheae	Sunset aloe. To 8", new lvs red/orange in sun.
^{SA} fosteri	2' rosette, streaked green lvs. Fl. stem to 5', orange fls.
^{SA} humilis	Spider aloe. 8" rosette, bumpy grey-green lvs. Orange fls.
^{SA} 'Johnson's Hybrid'	To 1'. Bright orange fl. spikes for many months, spreading.
^{SA} striata	Rosette of wide grey grn lvs; orange fls on 2' spike.
^{SA} striatula	To 5'; clumping; dark green lvs, yellow fl. spikes, summer.
^{SA} 'White Fox'	To 20" h/w. Pale green rosettes streaked shining white.

ANISODONTEA

Family: Malvaceae (Mallow Family)

Plant Type(s): Shrubs

^{SA} x hypomandarum 'Tara's Pink'	4'+. Lobed lvs, bright pink fls. for months.
^{SA} 'Strybing Beauty'	5'. Bright rosy red fls, dense habit. Long bloom.

ARISTEA

Family: Iridaceae (Iris Family)

Plant Type(s): Herbaceous Perennials

^{SA} dichotoma	Iris-like leaves; mound to 12", bright blue fls for months.
^{SA} major	Iris-like leaves; bright blue fls. on 5-6' stems, summer.

ASPARAGUS

Family: Liliaceae (Lily Family)

Plant Type(s): Fernlike Perennials

^{SA} densiflorus 'Myers'	2' stiff stems, brushes of needle-like fluffy foliage.
^{SA} 'Tidy Tim'	12". Tight green fluffy tufts. Compact groundcover.

Name	Description
^{SA} virgatus	3'. Feathery evergreen perennial, smooth stems. Spreading.
BABIANA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} 'Blue Gem'	Baboon flower; dark blue-purple flowers.
^{SA} 'Midnight Strain'	18". Seed strain, dark blue to purple flowers, spring.
BERZELIA	Family: Bruniaceae (Brunia Family) Plant Type(s): Shrubs
^{SA} lanuginosa	Buttonbush. Erect shrub, tiny green lvs, round white fls.
BRUNIA	Family: Bruniaceae (Brunia Family) Plant Type(s): Shrubs
^{SA} albiflora	Coffee bush. Erect, w/tight heads, white fls. Great cut.
BULBINE	Family: Liliaceae (Lily Family) Plant Type(s): Succulent Perennials
^{SA} frutescens	Clumping succulent, narrow green lvs; spikes of yellow fls.
^{SA} frutescens 'Hallmark'	Many trailing stems. Succulent leaves. Orange flowers.
BULBINELLA	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials
^{SA} robusta	Shiny narrow leaves, bright yellow "torches" winter-spring.
CANNOMOIS	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{SA} grandis	Clumps to 10'. Thick erect culms, drooping fine foliage.
CHLOROPHYTUM	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{SA} comosum	Spider plant. Clumps of green lvs w/white edges. Shade.
COLEONEMA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{SA} album	To 5'. White breath of heaven. Fragrant leaves, white fls.
^{SA} pulchellum	Breath of heaven; fine, fragrant foliage, pink fls.
^{SA} pulchellum--compact form	Breath of heaven. Bushy, low; fragrant foliage, pink fls.
^{SA} pulchellum 'Danny's Gold Sport'	Breath of heaven. Semi-upright, yellow-leaved.
^{SA} pulchellum--magenta flower	4-6'. Fine fragrant green leaves, darker pink flowers.
^{SA} pulchellum 'Sunset Gold'	Pink flowers, golden foliage forms low, spreading mound.
COTYLEDON	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{SA} orbiculata var. oblonga	Succulent broad grey lvs; clusters of tubular orange fls.
^{SA} 'Silver Peak'	12" h/w. Blue grey leaves, pink edges. Dense clump.
^{SA} 'Silver Ruffles'	18" h/w. Flat grey lvs with densely wavy edges.
^{SA} 'Silver Storm' TM	18"h/w. Wide silver leaves on densely branching shrublet.
CROCOSMIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} aurea	To 3'; starry flowers are bright yellow orange.
CYRTANTHUS	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
^{SA} breviflorus--bright yellow	Bright yellow tubular fls, very flared tips, long bloom.
^{SA} sanguineus	Fire lily. 3" bright orange red fls in summer over low lvs.
^{SA} suaveolens	8". Clusters of tubular dusty dark red fragrant fls, spring.
DELOSPERMA	Family: Aizoaceae (Carpetweed Family) Plant Type(s): Succulent Perennials
^{SA} congestum	Hardy succulent. Tight green clump; bright yellow flowers.
^{SA} Fire Spinner TM	Flat, hardy. Bright fls orange w/ violet then ivory ctr.
^{SA} floribundum 'Starburst'	Mat of succulent green lvs; red violet fls/white center.
^{SA} 'Jewel of Desert Moonstone' PP#23491	Pure white fls tipped yellow in center. Flat mat.

Name	Description
^{SA} 'Jewel of Desert Peridot' PP#23566	Low hardy mat. Small lvs, yellow fls/ white ctr.
^{SA} 'Jewel of Desert Topaz' PP#23492	Matting, hardy. Small lvs, caramel fls with pale ctr.
^{SA} Mesa Verde TM 'Kelaidis' PP#13876	Mat w/salmon pink fls spr-fall. "Jelly bean" lvs.
^{SA} 'Orange Wonder' PP#25600	Flat growing, green lvs. Bright orange flowers.
^{SA} Red Mountain TM Flame	Vivid red-orange flowers in summer, flat mat.
^{SA} 'Violet Wonder' PPAF	6". Brt pink/violet fls have white center. Green lvs.
DIERAMA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} pendulum var. robustum	Grass-like 2' lvs. 3-4' wand holds broad pink hanging fls.
^{SA} pendulum var. robustum--white	Grassy-bell. Broad white flowers, stiff leaves.
^{SA} pulcherrimum--Slieve Donard strain	Fairy wand; large rose to deep reddish purple bells.
^{SA} pulcherrimum 'Summer Snow'	Fairy wand; large snowy white bells on arching stems.
DIETES	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{SA} bicolor 'Liz's Selection'	Sturdy clumps to 2'. Creamy yellow fls, maroon petal spots.
^{SA} iridioides--gold variegated	3'. Green lvs with irregular yellow stripes; white flowers.
^{SA} iridioides 'Variegata'	Fortnight lily. Creamy-striped leaves, white&lav. fls.
^{SA} 'Wessel's Magic'	3'+. White fls with blue & yellow markings. Wide green lvs.
ELEGIA	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{SA} capensis	5-8'h. Erect wiry green stems in thick clumps.
^{SA} capensis 'Ginny's Giant'	6-8'h. Large bracts on erect "horsetail" stems. Clumping.
^{SA} fenestrata	Dense erect clumps of wavy deep green stems; dark fls.
^{SA} fistulosa	4-5'. Erect smooth dark green stems, golden flowers.
^{SA} juncea	2'. Thin greyish green stems form dense clumps; gold fls.
ERICA	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs and Small Trees
^{SA} canaliculata 'Rosea'	To 8'. Billowy, with tiny leaves, masses of pink fls.
^{SA} versicolor	4'+. Green needle lvs, red flowers with green tips, summer.
^{SA} verticillata	3-4'. Dark green narrow lvs; purplish pink fls. fall-winter.
^{SA} 'Winter Fire'	3-4'. Green needle lvs, bright red fls, winter-spring.
EUCOMIS	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{SA} comosa 'Sparkling Burgundy'	Pineapple lily; glossy red-purple leaves, spike/starry fls.
EUPHORBIA	Family: Euphorbiaceae (Spurge Family) Plant Type(s): Trees to Annuals
^{SA} mauritanica	2-3'. Erect succulent blue green stems, yellow fls.
EURYOPS	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{SA} tysonii	3' mound. Small green lvs; many yellow fls summer-fall.
^{SA} virgineus	4-5'. Tiny green lvs, flexible stems; bright yellow flowers.
FALKIA	Family: Convolvulaceae (Morning Glory F.) Plant Type(s): Herbaceous Perennials
^{SA} repens	Spreading mat with shiny green leaves; white rounded fls.
FREESIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} alba	8". Milky white flowers, sweet fragrance in spring.
GERANIUM	Family: Geraniaceae (Cranesbill Family) Plant Type(s): Subshrubs to Annuals
^{SA} incanum	Billowy carpet; dissected leaves, dark red flowers.
HAEMANTHUS	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
^{SA} albiflos	Clumping. Large thick leaves, brushes of white fls, winter.

Name	Description
^{SA} katherinae	Blood lily; long veiny leaves, lg. balls of orange red fls.
HARPOCHLOA ^{SA} falx	Family: Poaceae (Grass Family) Plant Type(s): Grasses African caterpillar grass. Clumping, green lvs, black fls.
HERMANNIA ^{SA} verticillata	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs Honeybells; trailing under 2' high. Fragrant yellow bell-fls.
ISCHYROLEPIS ^{SA} subverticillata	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies 4-6'. Erect, horsetail like stems and branches, clumping.
IXIA ^{SA} maculata	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Corn lily. 18". Bright golden fls on wiry stems.
JASMINUM ^{SA} angulare	Family: Oleaceae (Olive Family) Plant Type(s): Shrubs and Vines South African jasm. Shiny green lvs, fragrant white flowers.
KNIPHOFIA ^{SA} 'Alcazar' ^{SA} caulescens ^{SA} 'Christmas Cheer' ^{SA} 'Cool Knip' ^{SA} 'Green Jade' ^{SA} hirsuta 'Fire Dance' ^{SA} 'Ice Queen' ^{SA} 'Inferno' ^{SA} 'Malibu Yellow' ^{SA} multiflora ^{SA} 'Orange Vanilla Popsicle' PP#24292 ^{SA} 'Papaya Popsicle' PP#22915 ^{SA} 'Peachy Cheeks' PP#20313 ^{SA} 'Pineapple Popsicle' PP#22969 ^{SA} 'Shining Sceptre' ^{SA} thomsonii ^{SA} 'Tower of Gold' ^{SA} 'Yellow Cheer'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Red-hot poker; spikes of orange-red flowers, summer. Wide blue-grey lvs; thick fl. stem, coral/cream fls, summer. Red-hot poker, to 5'+. Large orange clusters in fall/winter. Wide grey-green lvs. Green buds to lt yellow fls, midsummer. 3-4'. Green buds open to pale yellow fls., midsummer. 20". Blue green leaves, large heads coral red to yellow fls. Pale yellow flowers on 4' stems, late spring. Large heads of bright orange fls. on 5'+ stems, summer. Poker plant. Yellow fls. on 2' stems, mid summer. Spire-like fl. stem to 6'+, orange buds to stubby cream fls. 2'. Orange buds open to cream fls. Summer blm. 1-2'. Bright orange fls spring, summer. 2'. Soft orange buds open to cream flowers. Summer blm. 2'. Yellow flowers, spring, summer. Glowing light orange flowers on 3' stems, late spring. Fl. stems to 5'+. Curved apricot fls well spaced, long blm. Robust, to 5'+. Orange/yellow flowers, late summer. Bright golden orange flowers, late summer. To 5'+.
LACHENALIA ^{SA} aloides 'Pearsonii' ^{SA} pendula	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Cape cowslip; pendant flowers gold with red & green. Cape cowslip; pendant coral red bells, winter. 8" stems.
LEDEBOURIA ^{SA} 'Barberton' ^{SA} socialis	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Purple spotted leaves with bulbous base; dense clumps. 6-8" clumps. Silver-grey lvs w/green spots, purple backs.
LEONOTIS ^{SA} leonurus ^{SA} menthifolia 'Savannah Sunset'	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals Lion's tail; 6'; bright orange flower clusters in fall. 3-4'. Crinkled lt. green lvs, whorls of soft orange flowers.
LESSERTIA ^{SA} montana	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs 4'h/w. Grey divided lvs, bright red pea fls, summer.
LEUCADENDRON ^{SA} 'Ebony' PP#23258	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs 3-4'+. Purplish black leaves, dark red bracts winter-spring. www.suncrestnurseries.com

Name	Description
^{SA} galpinii 'Silver Cone'	5-6'. Narrow blue grey lvs; "cones" develop along stems.
^{SA} 'Jubilee Crown'	5'. Erect. Tiny lvs, flexible stems. Pink/red cones.
^{SA} linifolium	6'. Willowy stems, tiny lvs. Fls/cones.
^{SA} 'Pisa'	6'. Upright habit with soft silvery lvs & cones. Cream fls.
^{SA} 'Rising Sun'	6'. Sturdy stems with pinkish red bracts winter-spring.
^{SA} 'Safari Goldstrike'	6'. Winter flowers turn tips bright yellow.
^{SA} 'Safari Sunset'	6'+. Dark narrow lvs, red floral bracts for months.
^{SA} salignum 'Summer Red'	4' high, 6' wide. Narrow red leaves; cream/red fls.
^{SA} salignum 'Winter Red'	3-4' high, 6' wide. Short lvs, dark burgundy in winter.
^{SA} 'Sylvan Red'	6-7'. Bright red bracts in winter-spring.
^{SA} 'Wilson's Wonder'	To 8'. Green leaves; bright yellow bracts winter-spring.
^{SA} 'Yaeli'	To 8'+, bushy, upright. Narrow lt. green lvs, yellow bracts.
LEUCOSPERMUM	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{SA} cordifolium	Pincushion. Spectacular red or golden fls spring.
^{SA} 'Goldie'	Pincushion. To 4'+. Golden yellow fls, spring.
^{SA} 'High Gold' PP#10644	Pincushion. 5'. Showy yellow fls in spring.
^{SA} 'Veldfire'	Pincushion. 5'. Dark green lvs. Fls yellow/red.
LOBELIA	Family: Campanulaceae (Bellflower Family) Plant Type(s): Shrubs, Peren., Annuals
^{SA} valida	1-2'. Bright blue fls on erect, succulent grn stems.
MELIANTHUS	Family: Melianthaceae (Honey Flower Fam.) Plant Type(s): Shrubs
^{SA} major	Honey flower. To 10', with lg toothed, divided blue green lvs.
^{SA} major 'Purple Haze'	2-3'. Purple flushed blue grn lvs; burgundy fls in spring.
MELINIS (RHYNCHELYTRUM)	Family: Poaceae Plant Type(s): Grasses
^{SA} nerviglumis 'Pink Crystals'	Ruby grass. Fine textured grey-green lvs; silky pink fls.
MISCANTHUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{SA} junceus	5-6'. Stiff starburst form, blue green lvs. Evergreen.
MORAEA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} ramosissima	Shiny, grasslike plant; sprays of yellow flowers.
MYRSINE	Family: Myrsinaceae (Myrsine Family) Plant Type(s): Shrubs
^{SA} africana	To 6'. African boxwood. Shiny round lvs. Red-purple fruits.
NERINE	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
^{SA} bowdenii 'Wayne's Rose'	2'; Amaryllis ally; large deep pink flowers, late summer.
OSCULARIA	Family: Aizoaceae (Carpetweed Family) Plant Type(s): Succulent Perennials
^{SA} deltoides	12"h/ 2-3' wide. Blue green toothed lvs, pink stems & fls.
OXALIS	Family: Oxalidaceae (Wood Sorrel Family) Plant Type(s): Shrubs, Peren., Annuals
^{SA} bowiei	1', robust; large bright green leaves, large pink flowers.
^{SA} hirta	8", bright green leaves; vivid rose pink fls. in fall.
PELARGONIUM	Family: Geraniaceae (Cranesbill Family) Plant Type(s): Shrubs
^{SA} 'Phyllis'	To 2'. Lg lvs have cream edge. Cherry pink fls.
^{SA} sidoides	Low, spreading. Lobed grey-green leaves, dark magenta fls.
^{SA} tomentosum 'Chocolate Mint'	Peppermint ger. Lg furry green aromatic lvs, dark ctr.

Name	Description
^{SA} 'Veronica Contreras'	To 2'+, rounded, dense. Light pink fls, vivid pink ctr.
PHYGELIUS	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Herbaceous Perennials
^{SA} 'Rosy Cheeks' PPAF	10-14". Compact, with spikes of vivid rose flowers, summer.
^{SA} 'Yellow Submarine' PPAF	10-14". Compact, spikes of drooping yellow tube fls.
PLUMBAGO	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Shrubs
^{SA} auriculata--dark blue	Cape plumbago. Deep sky blue round fl. heads.
PODOCARPUS	Family: Podocarpaceae (Yellowwood Family) Plant Type(s): Trees and Shrubs
^{SA} henkelii	Long leaf yellow-wood. Dark green narrow lvs. Tree/shrub.
POLYGALA	Family: Polygalaceae (Milkwort Family) Plant Type(s): Shrubs, Peren., Annuals
^{SA} x dalmaisiana	Sweet-pea shrub. To 5' h/w. Many purple flowers.
^{SA} fruticosa 'Petite Butterfly'	Compact shrub. Mauve purple fls. with fringed lip.
^{SA} myrtifolia 'Grandiflora'	Bushy, to 6'. Oval dark green leaves, white&purple flowers.
PROTEA	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{SA} 'Pink Ice'	8'. Grey-green lvs, deep pink fls winter to spring.
RESTIO	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{SA} quadratus	5-6'h/10'+w. Feathery draping habit. Square stems.
^{SA} similis	18". Dark green draping fine texture clump.
RHODOCOMA	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{SA} arida	5-6'. Columnar with thin blue stems, clumping.
^{SA} capensis	5-8'. Erect, fluffy very dark green stems, drooping tips.
^{SA} foliosa	To 5'. Dense feathery green clumps; lacy fls. Good cut fol.
RHODOHYPOXIS	Family: Hypoxidaceae (Star Grass Family) Plant Type(s): Cormous Perennials
^{SA} baurii 'Albrighton'	4"; dense tuft; grassy leaves; deepest red fls.
^{SA} baurii 'Dark Lights'	4". Rose red starry flowers over short leaves, spring.
^{SA} baurii 'Glitterbug'	SCN. 4". Large bright pink flowers age lighter pink.
^{SA} baurii 'Great Scott'	3"; dense tuft; grassy leaves; many dark pink flowers.
^{SA} baurii 'Picta'	4"; grassy tuft; many white flowers, marked red.
^{SA} baurii 'Pintado'	4". Grassy tufts. Fragrant pale pink fls., tipped deep red.
^{SA} baurii 'Tetra Red'	3"; dense grassy tuft; many large flowers.
^{SA} baurii var. platypetala	3"grassy tuft. White flowers, outlined in deep pink.
^{SA} baurii 'Wintergreen Red'	4" h. Profuse growth, grassy leaves, red flowers.
SALVIA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs to Annuals
^{SA} lanceolata	2-3'h/4'+w, shrub. Grey lvs, dusty pink fls, rose calyx.
^{SA} sessilifolia	3-4'. Textured green lvs, spikes of maroon flowers.
SENECIO	Family: Asteraceae (Sunflower Family) Plant Type(s): Trees to Annuals
^{SA} mandraliscae	Blue pickle. Succulent round leaves, spreading. White fls.
STRELITZIA	Family: Strelitziaceae (Bird-of-Paradise F.) Plant Type(s): Herbaceous Perennials
^{SA} juncea	Clumps of erect grey stalks. Striking orange/blue fls.
THAMNOCHORTUS	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{SA} bachmannii	2-3'. Interlaced green stems. Papery gold fl. clusters.

Name	Description
^{SA} cinereus	Rushlike plant w/feathery branchlets, silvery bracts.
^{SA} insignis	Wiry dk green stems to 5'+ from dense clump. Dark gold fls.
TRITONIA	Family: Iridaceae (Iris Family) Plant Type(s):
^{SA} hyalina	1'; iris-like leaves; flowers orange with clear "windows".
TULBAGHIA	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{SA} 'Fairy Star'	Low green clumps; delicate pink fls on 8-10" stems.
^{SA} natalensis--pink fl.	1'. Dense low grey-green clumps; pink fls.
^{SA} violacea	Society garlic; blue-green leaves, lavender-pink flowers.
^{SA} violacea--giant form	Robust form of society garlic. Grey lvs, lavender fls.
^{SA} violacea 'Silver Lace'	Society garlic; cream-margined leaves, lavender flowers.
WATSONIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} humilis	6-12"; broad leaves; bright pink flowers, dark centers.
^{SA} intermedia	1-2', profuse; bright pink flowers with dark centers.

Bamboos

ARUNDINARIA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
gigantea	Canebrake bamboo. Eastern U.S. native to 15', lush leaves.
BAMBUSA	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
glaucescens 'Alphonse Karr'	Tightly clumping; stems striped with orange & pink.
glaucescens 'Golden Goddess'	8'+t. Tightly clumping, with yellowish stems, small lvs.
glaucescens 'Rivierorum'	6-8' high. Arching 1/4" culms, tiny leaves.
oldhamii	Clumping timber bamboo; to 40'; large dark leaves.
textilis	15-20't. Clumping. Blue-green culms to 2" wide. 8" lvs.
tuldoides	15-40'. Punting pole bamboo, clumping. Green culms to 2" wide.
ventricosa	Buddha's belly bamboo; 20-40' high. Culms to 2" diameter.
BORINDA	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
boliana	Loose clumps; to 20'+; blue stems, lacy sprays of lvs.
fungosa 'Chocolate'	To 10', fountainlike. Chocolate stems, lush sprays of lvs.
fungosa 'Maroon'	To 10', fountainlike. Maroon stems, lush sprays of lvs.
fungosa 'Oficina'	To 10'+, clumping; fountainlike, with dark stems. Lush.
nujiangensis	To 15'. Slender leaves, stems. Reddish sheaths. Clumping.
CHIMONOBAMBUSA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
marmorea	4-6't. Marbled bamboo. Dense thickets, shiny leaves.
marmorea 'Variegata'	Marbled bamboo. Dark slender stems, narrow variegated lvs.
quadrangularis	20-30't. Square-stemmed bamboo. Dense, shiny leaves.
CHIMONOCALAMUS	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
pallens	Clumper. Upright, with dark green lvs, new stems blue-green.
CHUSQUEA	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
circinata (Arthrostyloidium sp.)	10-15'. Dark stems, brushes of narrow lvs, clumping.

Name	Description
culeou 'Bluebird'	Dense clumps; blue stems 10-20', hardier than typical.
culeou--typical form	Dense clumps; stems 10-20'h; brushes of dark narrow lvs.
cumingii	6-10'. Densely held, short, sharp-tipped lvs, may clamber.
gigantea (breviglumis)	To 15', arching. Large leafy sprays along yellowish stems.
mimosa	To 15'. Arching reddish stems, elegant sprays of small lvs.
pittieri	To 30'+. Arching stems, many drooping branchlets, 2" lvs.
sulcata	Clumping, to 15'; long, dark drooping leaves.
DREPANOSTACHYUM	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
khasianum	12'. Clumping. White and maroon bands on internodes.
sengteeanum (falconeri)	To 20', with slender stems, pendant narrow lvs, clumping.
sengteeanum 'Ocean Spray'	Slender stems, darker green lvs, better winter tolerance.
FARGESIA	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
adpressa	15'+. Open clumps with purplish green culms.
angustissima	15'+. Arching pinkish culms w/ many narrow lvs. Clumping.
dracocephala 'Rufa'	To 10'+. Red orange leaf sheaths, deep green lvs, clumping.
murielae	Umbrella bamboo; 8'+; dense brushes of leaves.
nitida	6-12'. Slender stems, blue-green leaves. New generation.
papyrifera	To 10'+, clumping. Blue-green stems, large sprays.
robusta	10'+. Clumping, upright. Dark green culms, white sheaths.
HIBANOBAMBUSA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
tranquillans 'Shiroshima'	Elegant, slender-stemmed bamboo; cream-variegated leaves.
HIMALAYACALAMUS	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
asper (Neomicrocalamus)	Bamboo with slender reddish stems, clouds of narrow leaves.
falconeri 'Damarapa'	30'. Blue-green leaves. Pink&yellow stripes on new culms.
hookerianus 'Teague's Blue'	Blue bamboo. Dark stems, lacy blue-green lvs. Clumping.
porcatus	Nepalese blue bamboo. Tight clump, w/pale culms.
OTATEA	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
acuminata ssp. aztecorum	To 10'+ t. Mexican weeping bamboo. Lacy, narrow leaves.
acuminata ssp. aztecorum 'Chica'	SCN. Mexican weeping bamboo; dwarf sel., profuse.
glauca	15'+. Narrow weeping leaves. Silvery white culms. Clumping.
PHYLLOSTACHYS	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
aurea	Golden bamboo. 20'+; dense thickets.
aurea 'Koi'	Selected clone with green stripes on gold stems.
aureosulcata	To 15'+; lush growth; stems grooved with gold.
aureosulcata 'Spectabilis'	Vigorous, hardy; culms yellow with green groove.
bambusoides	Timber bamboo; dark green stems to 50'+; large leaves.
bambusoides 'Castillon'	Up to 40'. Yellow stems with dark green groove, lush fol.
bambusoides 'Castillon Inversa'	To 35'. Spreading. Green stems have yellow groove.
bambusoides 'Violascens'	Timber bamboo. Dark lvs, striped stems turning purplish.
decora	Beautiful bamboo. 30'+. Shiny leaves, spreading 2.5" culms.
dulcis	Basal proliferation-mid-culm. To 40' high. Hardy.
edulis (P. pubescens) 'Shining Light'	Moso bamboo; stems to 30'+; Large, shiny leaves.
mannii	To 20', slender stems, dense brushes of dark green lvs.
nigra	Black bamboo; 15'; blackish stems; bright green leaves.
nigra 'Henon'	To 50'+. Dark green stems to 3" diameter.
nigra 'Super Black'	Black bamboo; very shiny black stems; bright green leaves.

Name	Description	
viridis 'Robert Young'	20'; yellow-green stems with dark stripe.	
vivax	Timber bamboo; dark green stems to 60'+; large shiny leaves.	
PLEIOBLASTUS	Family: Poaceae (Grass Family)	Plant Type(s): Running Bamboos
chino 'Akebono'	3'h. Dense 6" long lvs. Sporadic cream stripe. Spreader.	
fortunei (variegatus)	Dwarf bamboo; cream-variegated leaves.	
linearis	Thicketing bamboo, to 8'; dark narrow leaves.	
shibuyanans 'Tsuboi'	To 6'. Broad cream stripes on 6" leaves, spreading.	
viridistriatus var. chrysophyllus	Dwarf bamboo; leaves bright yellow, then chartreuse.	
PSEUDOSASA	Family: Poaceae (Grass Family)	Plant Type(s): Running Bamboos
japonica	Bamboo with slender upright stems; large dark leaves.	
SEMIARUNDINARIA	Family: Poaceae (Grass Family)	Plant Type(s): Running Bamboos
fastuosa	Narihira bamboo; erect to 25'; dark stems, makes dense hedge.	
fastuosa 'Viridis'	Green temple bamboo. Fast, lush screen, to 25'. Spreading.	
yashadake	15'. Erect habit, spreading. Green stems may redden.	
SINOBAMBUSA	Family: Poaceae (Grass Family)	Plant Type(s): Running Bamboos
tootsik 'Albostrata'	Temple bamboo. Dense thicket. Dark cream-varieg. leaves.	
THAMNOCALAMUS	Family: Poaceae (Grass Family)	Plant Type(s): Clumping Bamboos
aristatus	Tight clumps; slender erect stems, narrow drooping lvs.	
spathiflorus ssp. nepalensis	15'. Lush bright green 4" leaves; clumping.	
tesselatus	To 12', upright. White-bracted stems, narrow dark green lvs.	
YUSHANIA	Family: Poaceae (Grass Family)	Plant Type(s): "Walking" Bamboos
anceps 'Pitt White'	Close thickets, arching stems to 15', dark narrow leaves.	
chungii	Spreading clumps, to 12'. Dark green lvs dense. Green culms.	
maling	Clumping, upright to 15'+; light stem bracts, stiff dark lvs.	

Bulbous, Cormous and Tuberous Perennials

ALBUCA	Family: Liliaceae (Lily Family)	Plant Type(s): Bulbous Perennials
^{SA} humilis	1'. Green lvs; upfacing fragrant white bells, green stripes.	
^{SA} maxima	Sturdy stem to 5'. Green and white bell flowers.	
^{SA} shawii	18". Yellow nodding fls. Grassy green low leaves.	
ALLIUM	Family: Liliaceae (Lily Family)	Plant Type(s): Bulbous Perennials
^{CN} unifolium	Showy native; 1-2' stems, dark pink flowers, spring.	
ALSTROEMERIA	Family: Liliaceae (Lily Family)	Plant Type(s): Tuberous Perennials
aurea	Stems to 3'+. Golden yellow flowers.	
'Casablanca'	Robust, to 3'+. Large white flowers, dark markings.	
'Coral Dwarf'	Dense, to 18-24". Large coral flowers, white margins.	
'Diana'	Dwarf, to 12-18". Large creamy buff fls, pink markings.	
'Henry's Violet'	Florists' type; 2-3'; broad leaves, large bicolored flowers.	
'Hermana Chica'	12". Lush lvs, large white fls, pink markings, flush.	

Name	Description
hookeri	4-8" flower stem. Dwarf, narrow leaves, broad pink flowers.
hybrid--coral pink	3'. Abundant clusters of bright coral pink flowers.
hybrid--orange with yellow	Vivid light orange flowers, yellow blotch. 3'+.
hybrid--red	3'+. Peruvian lily. Bright red flowers.
hybrid--white w/rose	White flowers, with rose pink blotches, bold striping.
'Indian Summer'	Red and yellow fls. over chocolate brown leaves.
'Jupiter'	Tall, prolific. Large vivid purplish rose flowers.
'Meyer's Red'	To 3'+; lush fol.; large rose-red flowers.
'Meyer's White'	F. Meyer hbd.; large white flowers with black markings.
'Rachel'	F. Meyer hbd; lush foliage; large violet flowers.
'Red Valley'	3'. Vivid orange red flowers, yellow throat.
'Sussex Gold'	3'+h. Large orange flowers w/dk.markings, glossy foliage.
'The Third Harmonic'	Robust, to 4'+; flowers orange & buff.
'Tricolor'	Peruvian lily. Fls. light & dark pink, with yellow.
ARUM	Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials
^{ME} palaestinum	Calla relative; to 18"; large dark lvs, deep maroon spathe.
ASPHODELINE	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials
^{ME} lutea	2-4' stems; narrow, drooping leaves; yellow starry flowers.
BABIANA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} 'Blue Gem'	Baboon flower; dark blue-purple flowers.
^{SA} 'Midnight Strain'	18". Seed strain, dark blue to purple flowers, spring.
BEGONIA	Family: Begoniaceae (Begonia Family) Plant Type(s): Shrubs and Perennials
boliviensis	Vivid orange fls in summer on 2' stems. Tuberous.
BRAVOA	Family: Agavaceae (Agave Family) Plant Type(s): Tuberous Perennials
geminiflora	Tuberose ally; 2' stems, orange-red flowers, summer.
BRODIAEA	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
^{CN} californica	Tall, to 2'. Bright violet flowers spring-summer.
^{CN} elegans	Harvest brodiaea. 8-18" stems; blue purple fls, spring.
BULBINELLA	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials
^{SA} robusta	Shiny narrow leaves, bright yellow "torches" winter-spring.
CANNA	Family: Cannaceae (Canna Family) Plant Type(s): Tuberous Perennials
'Australia'	5'+. Deep red-purple leaves; vivid orange-red flowers.
'Black Knight'	To 5'+. Dark chocolate leaves; red flowers in summer.
'Blushing Bride'	To 5'+. Green leaves, warm pink fls, fine yellow edge.
x ehemannii	6'. Lush green leaves, pendant dark rose bell flowers.
'Electric Rose'	3-4'. Bright rose pink flowers held over lush green leaves.
'Harvest Moon'	5'+. Lush green leaves; lemon yellow flowers.
'Intrigue'	To 8'+. Purple-tinged leaves, showy orange flowers.
'Jungle Flame'	5'+. Vivid orange fls have narrow petals, lush green leaves.
'Louis Cottin'	4'+. New leaves bronze; apricot fls.
'Mango Melange'	4-5'. Dark green shiny leaves; bright orange red flowers.
'Oiseau de Feu'	To 5'. Large dark green leaves, many bright red flowers.
'Peach Parfait'	To 3'+. Lush green leaves; fls. are shades of peach.
'Pretoria'	To 6'+. Huge yellow-lined leaves, bright orange flowers.

Name	Description
'Ra'	To 5'. Blue-green leaves, bright yellow flowers.
'Red Rocket'	5-6'. Dark green lvs w/ purple veins, flush. Large red fls.
'Red Stripes'	4-6'h. Huge dark leaves, dark red margins. Small orange fls.
'Richard Wallace'	To 5'. Green leaves; bright yellow flowers.
'Rosalita'	5'. Lush green leaves, bright coral pink flowers.
'Spotti'	5'. Wide green leaves; yellow fls speckled red.
'Stuttgart'	5'+. White and green lvs, pale orange flowers. Part shade.
'Sunshine'	5'. Lush green leaves, bright yellow fls, orange flecks.
'Taney'	Water canna. To 6'. Bluish leaves, dark orange flowers.
'Transvaal Beauty'	6'+. Green leaves, bright yellow and red flowers.

COLOCASIA

esculenta 'Black Magic'
 esculenta 'Fontanesii'
 esculenta 'Illustris'

Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials
 6'. Darkest stems and leaves; new leaves green, dark veins.
 Incredible aroid with black stems, huge purple-tinged lvs.
 Imperial taro. Large dark leaves, vivid green veins, stems.

CROCOSMIA

^{SA} aurea
 'Emily McKenzie'
 'George Davidson'
 'Lucifer'
 'Malahide Castle'
 'Paul Bunyan' TM
 'Pink Carmin' TM
 'Solfatare'
 'Twilight Fairy Crimson'
 'Vulcan'

Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
 To 3'; stary flowers are bright yellow orange.
 To 3'; flowers large, orange with red markings.
 To 2'+. Golden flowers have orange petal tips.
 Montbretia; 2-4' stems, sprays of scarlet flowers.
 2-3'. Summer flowers in shades of orange.
 3-4'. Tangerine orange fls, darker center. Mid-late summer.
 2-3'. Bright coral red flowers in summer.
 2'. Bronze-green leaves, sprays of warm apricot fls, summer.
 16-20". Bronze leaves, red flowers in summer. Compact.
 18-24". Compact form. Bright red flowers.

CYCLAMEN

^{ME} graecum
^{ME} persicum--selected wild strains

Family: Myrsinaceae (Myrsine Family) Plant Type(s): Tuberous Perennials
 Low, dense. Beautifully patterned lvs, light pink fls.
 Old-time cyclamen; large patterned lvs, light pink fls.

CYPELLA

coelestis (plumbea v. platensis)

Family: Iridaceae (Iris Family) Plant Type(s): Bulbous Perennials
 2' iris-like stems, beautiful lavender blue flowers.

CYRTANTHUS

^{SA} breviflorus--bright yellow
^{SA} sanguineus
^{SA} suaveolens

Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
 Bright yellow tubular fls, very flared tips, long bloom.
 Fire lily. 3" bright orange red fls in summer over low lvs.
 8". Clusters of tubular dusty dark red fragrant fls, spring.

DAHLIA

'Aztec Sunshine'
 coccinea hybrids
 'Dark Sun'
 'Jungle Blaze'
 'Kali'
 'Night and Day'

Family: Asteraceae (Sunflower Family) Plant Type(s): Tuberous Perennials
 5'. Bright yellow fls set on black stems; dark green lvs.
 To 4'+; dark or green lvs, yellow, red, orange, magenta fls.
 Dark purplish lvs; large single salmon orange fls. Long blm.
 5'+. Dark green leaves, many single, vivid orange flowers.
 4'. Many single deep red fls, dark red leaves. Long bloom.
 4'+. Many rosy purple flowers with white & yellow center.

DICHELOSTEMMA

^{CN} capitatum--Santa Cruz Is. giant

Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
 To 3'. Large clusters of lavender blue fls in spring.

DIERAMA

^{SA} pendulum var. robustum

Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
 Grass-like 2' lvs. 3-4' wand holds broad pink hanging fls.

Name	Description
^{SA} pendulum var. robustum--white	Grassy-bell. Broad white flowers, stiff leaves.
^{SA} pulcherrimum--Slieve Donard strain	Fairy wand; large rose to deep reddish purple bells.
^{SA} pulcherrimum 'Summer Snow'	Fairy wand; large snowy white bells on arching stems.
ENSETE ventricosum 'Maurelii'	Family: Musaceae (Banana Family) Plant Type(s): Tuberous Perennials Red Abyssinian banana. Lush lvs, green w/red flush.
EUCOMIS ^{SA} comosa 'Sparkling Burgundy'	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Pineapple lily; glossy red-purple leaves, spike/starry fls.
FREESIA ^{SA} alba	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials 8". Milky white flowers, sweet fragrance in spring.
HABRANTHUS brachyandrus robustus	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials 12". Large light rose pink fls have purple throat, summer. Shiny, narrow leaves; 4" pink trumpets.
HAEMANTHUS ^{SA} albiflos ^{SA} katherinae	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Clumping. Large thick leaves, brushes of white fls, winter. Blood lily; long veiny leaves, lg. balls of orange red fls.
HIPPEASTRUM papilio	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Butterfly amaryllis. Lg green/ivory fls, bold red markings.
IPEION 'Rolf Fiedler' uniflorum 'Alberto Castillo' uniflorum ['Album'] uniflorum 'Froyle Mill'	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Spring star flower. 8" blue-green leaves, bright blue fls. Spring star fl. Pure white fls larger than type. Spring blm. Spring star flower. 8" blue-green leaves, pure white fls. Spring star flower. 8" blue-green leaves, deep lav-blue fls.
IXIA ^{SA} maculata	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Corn lily. 18". Bright golden fls on wiry stems.
LACHENALIA ^{SA} aloides 'Pearsonii' ^{SA} pendula	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Cape cowslip; pendant flowers gold with red & green. Cape cowslip; pendant coral red bells, winter. 8" stems.
LEDEBOURIA ^{SA} 'Barberton' ^{SA} socialis	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Purple spotted leaves with bulbous base; dense clumps. 6-8" clumps. Silver-grey lvs w/green spots, purple backs.
LILIUM ^{CN} 'Corralitos Hybrids' ^{CN} 'Firefly' ^{CN} pardalinum ^{CN} pardalinum 'Gualala Giant' ^{CN} 'Pumpkin'	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials WGN native hybrids. 3'+ stem. Fragrant fls. rose to scarlet. 4'+. Red fls in summer. From Corralitos hybrids. Leopard lily. To 6'+; dark foliage, large orange flowers. Leopard Lily; 6'+; flowers dark orange & yellow. 4'+. Orange fls in summer. From Corralitos hybrids.
MORAEA ^{SA} ramosissima	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Shiny, grasslike plant; sprays of yellow flowers.
NERINE ^{SA} bowdenii 'Wayne's Rose'	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials 2'; Amaryllis ally; large deep pink flowers, late summer.

Name	Description
OXALIS	Family: Oxalidaceae (Wood Sorrel Family) Plant Type(s): Shrubs, Peren., Annuals
^{SA} bowiei	1', robust; large bright green leaves, large pink flowers.
brasiliensis	Clumping, to 1'; fresh green leaves, rose flowers.
^{SA} hirta	8", bright green leaves; vivid rose pink fls. in fall.
RHODOHYPOXIS	Family: Hypoxidaceae (Star Grass Family) Plant Type(s): Cormous Perennials
^{SA} baurii 'Albrighton'	4"; dense tuft; grassy leaves; deepest red fls.
^{SA} baurii 'Dark Lights'	4". Rose red starry flowers over short leaves, spring.
^{SA} baurii 'Glitterbug'	SCN. 4". Large bright pink flowers age lighter pink.
^{SA} baurii 'Great Scott'	3"; dense tuft; grassy leaves; many dark pink flowers.
^{SA} baurii 'Picta'	4"; grassy tuft; many white flowers, marked red.
^{SA} baurii 'Pintado'	4". Grassy tufts. Fragrant pale pink fls., tipped deep red.
^{SA} baurii 'Tetra Red'	3"; dense grassy tuft; many large flowers.
^{SA} baurii var. platypetala	3"grassy tuft. White flowers, outlined in deep pink.
^{SA} baurii 'Wintergreen Red'	4" h. Profuse growth, grassy leaves, red flowers.
RHODOPHIALA	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
bifida	1'. Amaryllis ally. Red flowers in summer.
TIGRIDIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
pavonia 'Alba Immaculata'	Large white, bowl-shaped fls. in summer.
pavonia--wild strain	Large bright orange, bowl-shaped fls. in summer.
TRITELEIA	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
^{CN} hyacinthina	CA native bulb to 2'+. Dense clusters white bowl-shaped fls.
^{CN} laxa 'Queen Fabiola'	Ithuriel's spear. To 1'+; large blue purple trumpets.
^{CN} peduncularis	Long-rayed brodiaea; starburst clusters of white flowers.
TRITONIA	Family: Iridaceae (Iris Family) Plant Type(s):
^{SA} hyalina	1'; iris-like leaves; flowers orange with clear "windows".
TROPAEOLUM	Family: Tropaeolaceae (Nasturtium Family) Plant Type(s): Tuberous Perennials
tuberosum--staked	Rounded lvs; bright orange fls. summer-fall. Edible tubers.
VELTHEIMIA	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
viridifolia	Large bulb. Long, wavy leaves, many coral-pink tubular fls.
WATSONIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} humilis	6-12"; broad leaves; bright pink flowers, dark centers.
^{SA} intermedia	1-2', profuse; bright pink flowers with dark centers.
XANTHOSOMA	Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials
'Lime Zinger'	Colocasia ally. Large arrow shaped lime yellow leaves.
ZEPHYRANTHES	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
candida	Rain lily; dark green grassy leaves, white flowers.
flavissima	Glossy dark green lvs; bright golden yellow fls, summer.
'La Bufa Rosa'	Rain lily with blue green lvs, lg. light pink fls, summer.
'Prairie Sunset'	Rain lily. Glossy green leaves, salmon to peach flowers.

Name	Description
ADIANTUM ^{CN} capillus-veneris ^{CN} pedatum venustum	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns Southern maidenhair; lacy fronds to 1'+. Five-finger fern; large hand-like fronds. Himalayan maidenhair; lacy fronds to 1'+, semi-evergreen.
ASPARAGUS ^{SA} densiflorus 'Myers' ^{SA} 'Tidy Tim' ^{SA} virgatus	Family: Liliaceae (Lily Family) Plant Type(s): Fernlike Perennials 2' stiff stems, brushes of needle-like fluffy foliage. 12". Tight green fluffy tufts. Compact groundcover. 3'. Feathery evergreen perennial, smooth stems. Spreading.
ATHYRIUM 'Ghost' 'Godzilla' niponicum 'Ursula's Red' niponicum var. pictum	Family: Athyriaceae (Athyrium Family) Plant Type(s): Ferns 30". Upright silvery fronds mature grey. Hybrid. Deciduous. 3'h/6'w. Erect silvery fronds. Hybrid of Jap. painted fern. COPF. Painted fern; 1' red-purple, green + silvery fronds. Painted fern; 1' purple, green + silvery fronds.
BLECHNUM chilense ^{NZ} occidentale ^{NZ} penna-marina ^{CN} spicant	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns To 3'+. Dark green fronds, creeping rhizomes. Evergreen. 1-2'. New fronds salmon pink, spreading clumps. To 6"h. Bronze new fronds. Small-leaves, carpeting. Deer fern; dark green narrow fronds+erect fertile fronds.
CHEILANTHES argentea ^{CN} covillei lanosa ^{AU} sieberi ^{WE} sinuata	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns Silver cloak fern. Dark green fronds, silver undersides. Rock fern. Dense clumps, fuzzy, much-divided fronds. Rock fern from eastern U.S. Soft fuzzy grey-green fronds. Rock fern fr. Australia, New Zealand. Green lvs, dark stems. 6-18". Narrow dark green frilly fronds. Dryland fern.
DICKSONIA ^{AU} antarctica	Family: Dicksoniaceae (Dicksonia Family) Plant Type(s): Ferns Tasmanian tree fern; 10-20'; neat vertical green fronds.
DOODIA (BLECHNUM) ^{NZ} media	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns Rasp fern. 12". New growth pink, then green. Creeps.
DRYOPTERIS erythrosora	Family: Dryopteridaceae (Wood Fern Family) Plant Type(s): Ferns Autumn fern; 1'; glossy; new fronds bronze.
EQUISETUM hyemale var. robustum scirpoides	Family: Equisetaceae (Horsetail Family) Plant Type(s): Fernlike Perennials Horsetail. To 6'+. Stiff, upright, jointed stems. Miniature horsetail; 6" wiry, jointed stems, spreads.
NEPHROLEPIS biserrata 'Macho'	Family: Nephrolepidaceae (Boston Fern F.) Plant Type(s): Ferns Boston fern; lush bright green erect fronds to 3-4'+.
POLYPODIUM aureum 'Glaucum' ^{CN} californicum 'Sarah Lyman' guttatum ^{CN} scouleri	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns Hare's foot fern. To 4', upright. Large grey-green fronds. Native fern; dissected-leaf selection. Summer-deciduous. From Mexico; 8-12" thick, evergreen fronds. 12". Creeping fern, evergreen leathery fronds.

Name	Description
POLYSTICHUM	Family: Dryopteridaceae (Wood Fern Fam.) Plant Type(s): Ferns
^{WE} andersonii	2-3'. Dark green fronds with bulblet at frond tip.
braunii	2-3'. Evergreen sword fern. Dark green fronds.
luctuosum	Sword fern. 1' high. Evergreen, silvery green fronds.
^{CN} munitum	Western sword fern; large, thick dark green fronds.
polyblepharum	Tassel fern. Dense, lacy, 2'. Dark green fronds.
setiferum	2'+. Crowns of finely dissected fronds.
PYRROSIA	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns
hastata	Felt fern; creeping, with thick 3-lobed fronds.
lingua	Felt fern; thick, undivided fronds, cinnamon backing.
lingua--crested	Felt fern; thick fronds splayed at ends.
lingua 'Eboshi'	Felt fern. 6-8"; short, broad, very contorted fronds.
lingua 'Variegata'	Felt fern; dark green fronds with irregular yellow lines.
WOODWARDIA	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns
^{CN} fimbriata	Giant chain fern; coarsely cut 4-10' fronds.
unigemmata	3'h/7'w. Arching leathery fronds, red when new, then green.

Grasses, Sedges, and Rushes

ACHNATHERUM (SEE STIPA)	Family: Poaceae	Plant Type(s): Grasses
species		
ANEMANTHELE	Family: Poaceae (Grass Family)	Plant Type(s): Grasses
^{NZ} lessoniana (Stipa arundinacea)	Graceful, evergreen orange and green grass, 2'+.	
ARISTIDA	Family: Poaceae (Grass Family)	Plant Type(s): Grasses
^{WE} purpurea	Clumps w/narrow blue-green lvs., airy purplish fls.	
ARUNDO	Family: Poaceae (Grass Family)	Plant Type(s): Grasses
donax 'Golden Chain'	5-7'. Lush erect grass, gold edge, green center leaves.	
BAUMEA	Family: Cyperaceae (Sedge Family)	Plant Type(s): Sedges
^{NZ} rubiginosa 'Variegata'	To 18". Stiff, narrow yellow-striped lvs. Erect, spreading.	
BOUTELOUA	Family: Poaceae (Grass Family)	Plant Type(s): Grasses
^{WE} gracilis	Blue grama. Leaves to 8". Grey eyelash-like flowers.	
^{WE} gracilis 'Blonde Ambition' PP#22049	Blue grama. Lvs to 1', fl stems to 30". Blonde fls.	
BRIZA	Family: Poaceae (Grass Family)	Plant Type(s): Grasses
media	Quaking grass; dense green clumps, ornamental fls.	
CALAMAGROSTIS	Family: Poaceae (Grass Family)	Plant Type(s): Grasses
acutiflora 'Karl Foerster' ('Stricta')	Very green grass, erect stems of purplish fls.	
acutiflora 'Overdam'	Feather reed grass. To 2'+; white-variegated leaves.	
brachytricha	To 30". Bright green lvs., clumping. Yellow in fall.	

Name	Description
^{CN} foliosa	Low blue-green clumps about 1'; arching fl. stems.
^{CN} nutkaensis	Pacific reed grass. Wide bright green lvs, clumping, to 4'.
CAREX	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges
^{NZ} albula 'Frosted Curls'	New Zealand hair sedge; silvery green, 1'+ curly pigtail tip.
brunnea (elegantissima) 'Variegata'	To 1'+; dense clumps; cream-yellow varieg. lvs.
^{NZ} comans 'Amazon Mist'	Light creamy green hummocks to 1'. Very narrow lvs.
^{NZ} comans 'Olive Oil'	Reddish hummocks to 1'. Long trailing stems.
divulsa	Eurasian grey sedge; to 2'; deep green leaves.
dolichostachya 'Kaga Nishiki'	Mounding; green leaves have golden edges.
elata 'Bowles' Golden'	Golden sedge. Dense, to 2'+. Yellow leaves, green centers.
flacca (glauca)	Blue sedge; to 1'+; leaves bright blue-grey, spreading.
laxiculmis 'Hobb' Bunny Blue TM	8-12". Evergreen, spreading. Wide blue-green lvs.
morrowii 'Gold Band'	Wide, green leaves with gold edges have firm texture.
morrowii 'Ice Dance'	Shiny green lvs have cream edges; rhizomatous form.
oshimensis 'Evergold'	8-12" fountain. Soft yellow-variegated leaves.
^{CN} pansa	Low, dense, spreading native sedge. Glossy green leaves.
^{CN} praegracilis	Western meadow sedge. Rhizomatous, lawn substitute.
^{CN} spissa	San Diego sedge. Upright blue grey clumps to 4'+.
^{NZ} tenuiculmis	Clumping, 1'h/2'+w. Shiny bronze leaves with red highlights.
^{NZ} tenuiculmis 'Cappucino'	Clumping, 1'h/2'+w. Shiny chocolate lvs with red highlights.
^{NZ} testacea	1'+ sedge. Olive green with orange tips.
^{NZ} trifida 'Rekohu Sunrise' PP#20512	2-3'. Evergreen. Weeping green lvs, gold edges.
^{CN} tumulicola	10". Dark green narrow leaves. Loose mound..
CHASMANTHIUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
latifolium 'River Mist' PP#20643	Sea oats. 30". White varieg. lvs, drooping seedheads.
CHIONOCHLOA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{NZ} flavicans	Tussock grass. To 4'+. Dense dark green clumps, tan plumes.
^{NZ} rubra	Red tussock grass. To 4'+. Dense red brown clumps.
CYPERUS	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges
papyrus	Papyrus. 6-10'. Good for poolside, containers.
textilis	Graceful sedge. 4'+ stems, umbrella tips.
DANTHONIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} californica	California oatgrass. Clumping, bright green lvs, dry shade.
DESCHAMPSIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
cespitosa 'Goldgehaenge'	3' golden flower stems. Compact bright green bunchgrass.
cespitosa 'Northern Lights'	Compact bunchgrass. Short varieg. lvs, tall graceful stems.
ELYMUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
magellanicus--upright form	Wide, shiny silver blue lvs. on a densely clumping grass.
FESTUCA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
amethystina 'Superba'	Dark blue-green foliage, 1-2' flower stems hold silver fls.
^{CN} californica	Dense clumps to 2', deep green lvs, fl. stems to 4'.
^{CN} californica 'Gabilan Blues'	Seed strain with blue grey lvs; densely clumping.
glauca 'Beyond Blue' PP#23307	Blue fescue. Fine blue lvs in dense tuft.
glauca 'Elijah Blue'	8"+. Blue fescue. Med. textured soft powdery blue foliage.

Name	Description
glauca 'Siskiyou Blue'	Bunchgrass. Bright blue-green leaves, delicate flowers.
^{WE} idahoensis 'Clearwater Blue'	Idaho fescue. Dense clumps of bright blue lvs, airy fls.
^{CN} idahoensis 'Muse Meadow'	Dense clump. Fine blue-green leaves, silvery flowers.
^{CN} idahoensis 'Stony Creek'	Tilden Bot. Garden intro. 2'+, brightest blue leaves.
^{CN} idahoensis 'Tomales Bay'	Deep blue green bunchgrass; airy fls. in spring.
^{CN} idahoensis 'Warren Peak'	Compact tufts. Blue leaves, shiny stems & flower heads.
mairei	Atlas fescue. 2-3'. Narrow light green lvs, tidy clumps.
^{CN} rubra 'Jughandle'	Short sturdy stems form thick tuft. Chalky blue-green lvs.
^{CN} rubra 'Molate'	8-10". Clumping, spreads slowly. Fine blue-green leaves.
^{CN} rubra 'Patrick's Point'	Creeping red fescue. Blue green lvs form loose mat.
HAKONECHLOA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
macra 'Albovariegata'	2'+. Drooping green leaves with cream striping; clumping.
macra 'All Gold'	To 2'. Drooping golden leaves; graceful clumps.
macra 'Aureola'	Elegant small grass; leaves pink, yellow, green.
macra 'Fubuki' PP#21757	To 2'. Green & white lvs, new growth flushed pink.
HARPOCHLOA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{SA} falx	African caterpillar grass. Clumping, green lvs, black fls.
HELICTOTRICHON	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} sempervirens	Blue oat grass. 18". Feathery flower heads, blue foliage.
^{ME} sempervirens 'Sapphire'	Blue oat grass. 18" foliage mound. Blue-grey leaves.
IMPERATA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
cylindrica 'Rubra'	Blood grass; 1'; upright red-tinged leaves.
ISOLEPIS	Family: Cyperaceae (Sedge Family) Plant Type(s): RushlikeSedges
^{AU} nodosa	Knobby club rush. 3-5'. Dense clumps, dk green round stems.
JUNCUS	Family: Juncaceae (Rush Family) Plant Type(s): Rushes
'Carman's Japanese'	Clumping, evergreen, fine textured leaves, tan seeds.
^{WE} effusus 'Bay Blue'	18". Dense clumps of blue grey leaves. Moist soils.
^{WE} effusus 'Lemon Swirl'	18". Erect corkscrew lvs, many w/ vertical yellow stripe.
^{WE} effusus 'Quartz Creek'	Dark green rush with stiffly erect form. Slowly spreading.
^{CN} patens	Native rush, stiff clumps; dark grey green stems to 3'.
^{CN} patens 'Elk Blue'	Native rush. Dense clumps, blue grey stems to 18".
LEYMUS (ELYMUS)	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} californicus	Bottlebrush grass, to 5'. Wide lvs, arching fl. stms. Shade.
^{CN} condensatus 'Canyon Prince'	Thicketing grass, to 2'; grey-green leaves.
^{CN} triticoides 'Grey Dawn'	Colonizing grass with narrow soft grey erect stems to 2'+.
LUZULA	Family: Juncaceae (Rush Family) Plant Type(s): Rushes
^{WE} 'Ruby Stiletto'	Woodrush. 6". Grassy clump, reddish in winter.
LYGEUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} spartum	False esparto grass. 2-3'. Fine grey lvs, distinctive fls.
MELICA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} imperfecta	Clumping bright green CA bunchgrass; fl. stem to 2'.
MELINIS (RHYNCHELYTRUM)	Family: Poaceae Plant Type(s): Grasses
^{SA} nerviglumis 'Pink Crystals'	Ruby grass. Fine textured grey-green lvs; silky pink fls. www.suncrestnurseries.com

Name	Description
MISCANTHUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{SA} junceus	5-6'. Stiff starburst form, blue green lvs. Evergreen.
sinensis 'Cosmopolitan'	Eulalia. To 8'. Broad, cream-variegated leaves.
sinensis 'Gold Bar' PP#15193	4-5'. Green leaves with many gold bands. Fall flowers.
sinensis 'Morning Light'	Japanese silver grass. Narrow leaves with white varieg.
sinensis 'Yaku Jima'	Japanese silver grass. 3' t., compact. Leaves turn red-fall.
transmorrissonensis	Formosa maiden grass. 4-5'h. Evergreen leaves, drooping fls.
MUHLENBERGIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
capillaris	Hairy awn muhly. Airy rose flower panicles, late summer.
capillaris 'Fast Forward' TM	Compact. Early to bloom, clouds of pink fls in summer.
capillaris 'White Cloud'	Erect clumps 3-4'. Airy white flower panicles, late summer.
^{WE} dubia	Dwarf deer grass. 3' fl. spikes, foliage to 18". Tan flowers.
^{WE} dumosa	Bamboo muhly. 3-6' high; slender stems, fine leaves.
^{WE} emersleyi	To 2'. Grey-green, tightly clumping; purplish-grey fls.
^{WE} lindheimeri	Lindheimer muhly; 4' clump; bluish leaves, silvery fls.
'Pink Flamingo'	3'+ clump. Narrow grey-grn lvs; showy pink plumes, summer.
pubescens	Wide blue-grey blades are softly hairy; dense 2' clump.
reverchonii Undaunted TM	18" high, 2' wide. Clouds of pinkish red fls in late summer.
^{CN} rigens	Deer grass. Flower stems to 5'+. Dense rounded clumps.
NASSELLA (SEE STIPA)	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} species	
PENNISSETUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
alopecuroides 'Desert Plains' PP#20751	3-4'. Arching tawny plumes. Copper fall color.
alopecuroides 'Little Bunny'	Dwarf fountain grass, fls to 18". Yellow foliage in fall.
alopecuroides 'Moudry'	Black-flowering pennisetum; 18-26" h/w.
alopecuroides 'Piglet' PP#19074	18". Arching tawny plumes, light green lvs.
'Fairy Tails'	3-5'. Glossy green leaves; tan plumes, summer. Sterile.
'First Knight' PP#25515	4'. Wide glossy darkest red/black lvs.
orientale	Oriental fountain grass; 18" h/w, pink foxtails.
orientale 'Tall Tails'	Stems to 6', fluffy fl. heads droop; bright green leaves.
setaceum 'Cupreum'	Fountain grass; 2'+; bronze leaves & stems.
setaceum 'Eaton Canyon'	Low clumps, purplish foliage, pink feathery flowers.
setaceum 'Fireworks' PP#18504	New lvs red/grn/pink/white, older red. Burgundy fls.
spathiolatum (sphacelatum?)	Evergreen, clumping. Lvs to 18", slender fl. stems to 2-3'.
setaceum 'Sky Rocket' PP#21497	Fountain grass. Green lvs with white edge. Pink fls.
POA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{NZ} cita	To 2'. Dense tawny green clumps, arching fl. stems.
SCHIZACHYRIUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{WE} scoparium 'The Blues'	Little bluestem. Clumping to 2-4', erect form.
SCIRPUS (ISOLEPIS)	Family: Cyperaceae (Sedge Family) Plant Type(s): RushlikeSedges
cernuus	Fiber optics grass; vivid light green threadlike stems.
SESLERIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} autumnalis	Autumn moor grass. 18"; compact; light green.
caerulea	Blue moor grass; low clumps, green & silvery blue leaves.

Name	Description
'Greenlee Hybrid'	1'. Low tidy blue green clumps, pinkish fls.
SPOROBOLUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} airoides	Alkali dropseed. Clumps to 2'+; airy fl. clusters.
^{WE} wrightii	Sacaton. Tall fountain; dark green lvs, huge feathery heads.
STIPA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} cernua (Nassella c.)	Nodding feather grass. 2'h/w. Airy flowers.
^{CN} coronata (Achnatherum c.)	CA bunch grass. Green lvs; narrow fl. stems to 4'+, erect.
^{ME} gigantea	Giant needle grass; 4-6' golden fl. stems.
^{ME} gigantea 'Little Giant'	SCN sel. Clumps to 1'; fl. stem to 3'. Shiny golden flowers.
^{CN} hymenoides (Achnatherum h.)	Indian ricegrass. Low clumps; distinctive fl. heads.
ichu	2-3'. Fine green lvs, erect clump. Fluffy cream flowers.
^{CN} lepida (Nassella l.)	Foothill needlegrass. 1-2'h/w. Narrow lvs, clumps. Airy fls.
^{CN} pulchra (Nassella p.)	Purple needlegrass. 2'h/w. Strong clumps, airy fls.
THEMEDA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
triandra Blu Roo TM PPAF	8" high, spreading clumps. Arching wide blue green lvs.
UNCINIA	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges
^{NZ} rubra 'Belinda's Find' PP#21972	12" clump. Red/bronze lvs with vivid red variegation.
VETIVERIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
zizanioides	Clumping, to 6'. Used in perfumes, medicine, baskets.

Succulent Perennials and Shrubs

AEONIUM	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{ME} arboreum 'Purpureum'	Round red-purple rosettes on sturdy stems. Yellow fls.
^{ME} haworthii	Pinwheel. 1-2'. Many blue-green 3" rosettes, well branched.
AGAVE	Family: Agavaceae (Agave Family) Plant Type(s): Succulent Perennials
attenuata	Fox tail agave, to 4-5'. Pale green leaves.
attenuata 'Ray of Light' PP#21854	Pale green leaves have cream edge. To 4'.
'Blue Glow'	2'. Single blue rosette, red edges, spine tip.
bracteosa 'Calamar'	18" pale green rosette. 3-5' spike, white fls. Slow.
'Cream Spike'	4"high, 12" wide. Blue grey leaves edged cream.
geminiflora	2'. Narrow firm lvs form dense spiky mound.
x leopoldii	1'h/w. Lvs edged with curly white hairs. Tight habit.
nizandensis	12-18". Narrow green lvs, central yellow stripe. Green fls.
ovatifolia 'Frosty Blue'	Solitary blue rosette to 3'. 10' fl. spike.
x romanii 'Shadow Dancer'	8"h/1'w. Firm green lvs w/dark edges, cream interior.
vilmoriniana	Octopus agave. Large, low fleshy rosettes, flower stem 10'.
ALOE	Family: Aloeaceae (Aloe Family) Plant Type(s): Succulent Peren., Shrubs
^{SA} arborescens	Torch aloe. To 6'. Spikes of orange flowers in winter.
^{SA} arborescens--yellow fl.	Torch aloe. To 6'. Spikes of yellow fls in winter.
^{SA} 'Blue Elf'	15-18" clump. Blue green leaves, orange red flowers.

Name	Description
^{SA} cooperi	Grass aloe, to 18". Coral fls. in summer, low green leaves.
^{SA} dorotheae	Sunset aloe. To 8", new lvs red/orange in sun.
^{SA} fosteri	2' rosette, streaked green lvs. Fl. stem to 5', orange fls.
^{SA} humilis	Spider aloe. 8" rosette, bumpy grey-green lvs. Orange fls.
^{SA} 'Johnson's Hybrid'	To 1'. Bright orange fl. spikes for many months, spreading.
^{SA} striata	Rosette of wide grey grn lvs; orange fls on 2' spike.
^{SA} striatula	To 5'; clumping; dark green lvs, yellow fl. spikes, summer.
^{SA} 'White Fox'	To 20" h/w. Pale green rosettes streaked shining white.
BULBINE	Family: Liliaceae (Lily Family) Plant Type(s): Succulent Perennials
^{SA} frutescens	Clumping succulent, narrow green lvs; spikes of yellow fls.
^{SA} frutescens 'Hallmark'	Many trailing stems. Succulent leaves. Orange flowers.
COTYLEDON	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{SA} orbiculata var. oblonga	Succulent broad grey lvs; clusters of tubular orange fls.
^{SA} 'Silver Peak'	12" h/w. Blue grey leaves, pink edges. Dense clump.
^{SA} 'Silver Ruffles'	18" h/w. Flat grey lvs with densely wavy edges.
^{SA} 'Silver Storm' TM	18"h/w. Wide silver leaves on densely branching shrublet.
DELOSPERMA	Family: Aizoaceae (Carpetweed Family) Plant Type(s): Succulent Perennials
^{SA} congestum	Hardy succulent. Tight green clump; bright yellow flowers.
^{SA} Fire Spinner TM	Flat, hardy. Bright fls orange w/ violet then ivory ctr.
^{SA} floribundum 'Starburst'	Mat of succulent green lvs; red violet fls/white center.
^{SA} 'Jewel of Desert Moonstone' PP#23491	Pure white fls tipped yellow in center. Flat mat.
^{SA} 'Jewel of Desert Peridot' PP#23566	Low hardy mat. Small lvs, yellow fls/ white ctr.
^{SA} 'Jewel of Desert Topaz' PP#23492	Matting, hardy. Small lvs, caramel fls with pale ctr.
^{SA} Mesa Verde TM 'Kelaidis' PP#13876	Mat w/salmon pink fls spr-fall. "Jelly bean" lvs.
^{SA} 'Orange Wonder' PP#25600	Flat growing, green lvs. Bright orange flowers.
^{SA} Red Mountain TM Flame	Vivid red-orange flowers in summer, flat mat.
^{SA} 'Violet Wonder' PPAF	6". Brt pink/violet fls have white center. Green lvs.
DUDLEYA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
brittonii	1'+. Broad silvery-white rosette, succulent leaves. Baja.
^{CN} caespitosa	Dense clusters of succulent rosettes, yellow fls. Spreading.
^{CN} cymosa	Live-forever; succulent rosettes, red to yellow flowers.
^{CN} cymosa ssp. pumila	Petite grey to reddish rosettes, red to yellow flowers.
^{CN} edulis	Live-forever. Succulent green rosettes, cream fls.
^{CN} farinosa	Cliff lettuce. Green rosettes in clumps. Pale yellow fls.
^{CN} hassei	Live-forever; tightly clumping, cylindrical greyish leaves.
^{CN} lanceolata	Rosettes of narrow grey-white lvs; yellow fls.
^{CN} pulverulenta	Large crowns; broad, whitish, succulent leaves.
ECHEVERIA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
amoena	Baby echeveria. Tiny blue-green rosettes.
cante	12" high. Broad blue green rosette. Golden orange fls.
'Imbricata'	Broad blue-grey rosettes, pink edges. Coral/yellow fls.
'Perle von Nurnberg'	Greyish lavender rosettes, cupped lvs. Rosy flush.
setosa	Green rosettes w/white hairs. Red/yellow flowers.
EUPHORBIA	Family: Euphorbiaceae (Spurge Family) Plant Type(s): Trees to Annuals
^{SA} mauritanica	2-3'. Erect succulent blue green stems, yellow fls.
X GASTERALOE	Family: Aloeaceae (Aloe Family) Plant Type(s): Succulent Perennials
'Green Ice'	To 6". Cupped green leaves w/white streaks, edges. Dense. www.suncrestnurseries.com

Name	Description
GRAPTOPETALUM paraguayense	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials Ghost plant. Spreading, peachy grey green rosettes.
GRAPTOSEDUM 'Vera Higgins'	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials Tidy succulent, 6"high, reddish bronze rosettes. Yellow fl.
LEWISIA ^{CN} 'Dark Cloud' ^{CN} 'Pink Cloud' ^{CN} 'Rainbow' ^{CN} 'White Cloud'	Family: Montiaceae (Miner's Lettuce Fam.) Plant Type(s): Succulent Perennials SCN seed strain; flowers deep rose. SCN, 8" fl. sprays. Large bright pink fls. Single to semi-double flowers, white, pink, red, yellow. SCN. Succulent rosettes, sprays of white flowers.
X MANGAVE 'Pineapple Express' PPAF	Family: Agavaceae (Agave Family) Plant Type(s): Succulent Perennials Spiky rosette to 1'. Lvs dk grey green, burgundy spots.
OSCULARIA ^{SA} deltoides	Family: Aizoaceae (Carpetweed Family) Plant Type(s): Succulent Perennials 12"h/ 2-3' wide. Blue green toothed lvs, pink stems & fls.
SEDUM acre 'Elegans' adolphii 'Golden Glow' album album 'Nigra' 'Aurora Blue' 'Bertram Anderson' cauticola 'Lidakense' 'Fine Gold Leaf' hakonense 'Chocolate Ball' 'Lime Zinger' PP#24632 makinoi 'Ogon' 'Matrona' reflexum 'Blue Spruce' 'Rose Glow' rubrotinctum rupestre 'Angelina' rupestre 'Lemon Ball' sieboldii ^{CN} spathulifolium 'Cape Blanco' ^{CN} spathulifolium 'Purpureum' spectabile 'Brilliant' spectabile 'Frosted Fire' spurium 'John Creech' spurium 'Voodoo' telephium 'Autumn Joy' 'Vera Jameson'	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials 3"h/1'w mat. Tiny green lvs w/cream variegation. Yellow fls. Fat butter yellow lvs, orange flush when new. Flat growing, dense. Green "jelly bean" leaves, white fls. 4" high. Small fat green leaves darken in winter. Cream fls. 6". Low rosettes, thick mat of blue grey lvs. Thick purplish leaves make low mass; dark pink fls. summer. 6". Round blue-grey lvs, heads of dark rose fls, fall. 2-3" high. Creeping mat, tiny bright yellow lvs. 6-8"h/1-2'w. Chocolate lvs flushed reddish, yellow fls. 6". Round blue-green leaves edged rose. Heads of pink fls. Very low golden mat; yellow flowers. Broad purplish grey lvs+ stems. Soft pink fl. heads, summer. Blue narrow leaves form low mat, yellow fls in summer. Low, spreading. Purple-tinged leaves, purplish rose fls. To 8". Green "jelly bean" lvs, red in summer. Spreading, with narrow bright yellow lvs, flowers. 6". Like 'Angelina' but mounding. Fine yellow lvs. Low, spreading. Scalloped leaves, rosy flowers, fall. Matting succulent; rosettes of grey leaves. Tight mat; purple-tinged leaves, yellow flowers. To 2'. Thick stems, large lvs, broad clust. bright pink fls. To 15". Cream edged lvs, broad heads pink fls, summer. Matting succulent; green leaves, pink flowers. Matting, dark red lvs, deep rose pink flowers. To 20" flower stem. Fall-blooming coppery-rose flowers. Low, spreading. Large purple-tinged leaves, rosy flowers.
SEMPERVIVUM ^{ME} arachnoideum 'Cebanese' 'Black Prince' 'Blue Boy' 'Commander Hay'	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials Cobweb houseleek; prolific selection; large crowns. Red violet rosettes have grey-green tips. Pink fls. Blue grey rosettes, rose tinted leaf edges. Broad rosettes, red purple centers, green tips. Pink fls.

Name	Description
'Flamingo'	Lightly furry greyish rosettes, pinkish flush esp. backlit.
'Gizmo'	Dark olive grey rosettes with red tips. Red violet fls.
'Green Wheel'	Tight tidy rosettes to 4" across of rich medium green lvs.
'Jungle Shadows'	Broad grey rosettes, burgundy tips. Deep burgundy/winter.
'Pistachio'	Very broad blue-green rosettes, pink fls. summer.
'Rita Jane'	Houseleek. Dense clusters of rosettes w/red tips&older lvs.
'Royal Ruby'	Medium size rosettes are shiny red to greyish red. Dense.
'Rubicon'	Very glossy red purple smallish rosettes; subtle green tips.
'Serena'	Tight blue green rosettes, pink tips, rose pink fls.
'Spring Beauty'	Bright light green rosettes; rose pink flowers.
tectorum 'Greenii'	Tight, round rosettes; green leaves tipped shiny red.

SENECIO

^{SA} mandraliscae

Family: Asteraceae (Sunflower Family) Plant Type(s): Trees to Annuals
Blue pickle. Succulent round leaves, spreading. White fls.
