

Suncrest Nurseries Inc.

Catalog 2016

This is a comprehensive listing of the plants we expect to offer during the year 2016.

The first and largest section lists plants alphabetically, giving capsule descriptions and prices for one and five-gallon containers. This is followed by lists of specific plant categories that might otherwise be easy to miss--the bamboos, bulbous and cormous perennials, ferns, grasses and succulents.

Each section uses two-letter codes at the left margin of individual entries to mark California natives and plants of other selected geographical origins. California natives, our single most important geographical group, are marked with a CN. Those of other western states are shown by a WE. Plants of the Mediterranean region are marked with an ME. Australian plants have an AU. NZ is used for the plants of New Zealand. And those of South and southern Africa are designated with an SA. Many plant selections are available only briefly each year, generally during their regular flowering season. There are also many unanticipated offerings, as new plants enter the production stream and overlooked crops enter the field. Watch for new offerings at your local retail nursery/garden center.

Name	Description
------	-------------

General Listing, One and Five Gallon Stock

ABELIA x grandiflora 'Aurea'	Family: Caprifoliaceae (Honeysuckle Family) Plant Type(s): Shrubs To 6', spreading; gold-variegated leaves.
ABUTILON 'Blushing Belle' TM--staked 'Butter Bells' TM--staked 'Buttermilk Delight' TM--staked 'Cygnet' TM--staked 'Golden Ballerina' TM--staked 'Green-eyed Lady' TM--staked 'Halo'--staked 'Lemon Drop' TM--staked megapotamicum 'Teardrop'--stkd. 'Moonchimes'--staked 'Moonlight Magic' TM--staked 'Nabob'--staked CN palmeri 'Rosa Linda' TM--staked 'Savitzii' 'Soft Sunrise' TM--staked 'Tiger Eye'--staked 'Twilight Waltz' TM--staked 'Victor Reiter'--staked 'White Parasol'--staked 'Wild Child' TM--staked	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs SCN. 2" + soft salmon/rose fls on 3-4' compact shrub. SCN. Huge, wide-open light yellow flowers are 3" + across. SCN. Many 2" open light yellow fls, reddish calyx. Compact. SCN hybrid. 2-3" snow white bells are abundant. 6'+. Wide 3" golden bells in full clusters. SCN. Tall habit. Bright red fls. face out, green "eyes". Spreading, compact habit, pale apricot bells. 5, v. compact. Dark leaves; bright yellow narrow bells. Upright, to 6'. Narrow lvs; pendant red calyx, ylw petals. Dwarf plant; large, soft yellow flowers. Dwarf plant; vivid lightest yellow flowers. Hybrid with stout stems, large dark lvs, deep red flowers. SCN. Large megapotamicum type. Fls gold, orange-rose. 6'. Native shrublet, 2-3'. Furry grey lvs, bright apricot fls. 6'. Vivid "hot rose" fls have dark center, green eyes. Dense, slender-stemmed; cream-variegated lvs. Orange fls. 4-5'. Flowers open salmon, age to pink. Floriferous. 6-8'+. Shiny green leaves, pendant orange fls, red veining. SCN. Compact. Widely flaring 3" salmon to soft rose bells. To 6'+. Large dark leaves. Huge open bright orange flowers. Large dark leaves, black stems; broad, pure white flowers. 6'+. Large dark leaves, screaming rose fls, v. floriferous.
ACACIA AU cognata Cousin Itt PP#25133	Family: Fabaceae (Pea Family) Plant Type(s): Trees and Shrubs 2-3' high, 4-6' wide. Draping stems, narrow leaves.
ACANTHUS ME mollis ME mollis 'Albus' ME spinosus	Family: Acanthaceae (Acanthus Family) Plant Type(s): Herbaceous Perennials Bear's breech. Shiny lobed large leaves. White-lav. fls. Bear's breech. Glossy dark green lvs; white fls, bracts. Deep green lvs; pink and white fls, bright red-violet hood.
ACER CN circinatum CN macrophyllum	Family: Sapindaceae (Soapberry Family) Plant Type(s): Trees and Shrubs Vine maple; 12-15'. Dainty leaves, good fall color. To 35'. CA big-leaf maple. Yellow leaves in fall.
ACHILLEA 'Appleblossom' 'Crackadoo' 'Credo' filipendulina 'Coronation Gold' 'Hoffnung' x kellereri	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Ferny green mat; flat heads, dark pink fls. age white. 2'. Low feathery green lvs; soft orange fls. turn golden. 30". Low feathery green lvs, heads of lemon yellow fls. Fernleaf yarrow; 2-3' stiff stems, heads of yellow flowers. Yarrow. Ferny green mat; apricot fls. age creamy yellow. 6-10"; bright grey stems & leaves, pure white flowers.

Name	Description
^{CN} millefolium--Black Butte	White fls. on erect stems, spreading mats. CA seed strain.
^{CN} millefolium 'Calistoga'	2'. Feathery grey lvs, white fls. in broad heads. Spreading.
millefolium 'Cameo'	Common yarrow; peach flower heads age soft pink.
millefolium 'Fireland'	Ferny green mat; flat heads, orange red flowers.
^{CN} millefolium--High Sierra dwarf	Light green ferny leaves, white flowers. CA mtn strain.
millefolium 'La Luna'	SCN selection. Bright soft yellow fls, ferny green lvs.
^{CN} millefolium--Palisades, taller sel.	Green ferny lvs make broad mats; 1-2' stems, white flowers.
millefolium 'Peachy Seduction' PP#22262	Yarrow. Compact, with peachy pink fls. Floriferous.
millefolium 'Pineapple Mango' PP#22302	Generous clusters of dark pink fls. lighten with age.
^{CN} millefolium 'Pink Island Form'	Broad mats; 1-2' stems, bright pink flowers.
millefolium 'Red Beauty'	Dark green leaves; 1-2' stems; dark red flowers.
millefolium 'Red Velvet'	Yarrow. Dark rosy red flowers stay bright; green leaves.
millefolium 'Rosa Maria'	SCN. Deepest rose fls. in flat heads; dark blue-green lvs.
millefolium 'Snowsport'	Common yarrow; dissected leaves, broad flower heads.
^{CN} millefolium 'Sonoma Coast'	Compact, to 12"; bright green leaves, broad white fl. heads.
'Moonshine'	Grey leaves; large yellow flower heads.
'Paprika'	Matting; dark green leaves, 1-2' stems, dark orange flowers.
'Salmon Beauty'	1-2' flower stems; dark pink fading to salmon flowers.
'Sunbeam'	Stiffly erect fl. stems to 2', bright yellow flat fl. heads.
'Terracotta'	1-2' fl. stems; grey leaves, orange fls. fade yellow.
^{ME} tomentosa 'King George'	Dwarf yarrow; grey-green mats, cream-yellow flowers.
^{ME} tomentosa 'Maynard's Gold'	Broad carpets, grey-green leaves, bright yellow flowers.
'Weser River Sandstone'	Ferny green mat; dark coral fls. fade cream.

ACHNATHERUM (SEE STIPA)

species

Family: Poaceae

Plant Type(s): Grasses

ACORUS

gramineus 'Golden Edge'
gramineus 'Licorice'
gramineus 'Masamune'
gramineus 'Ogon'
gramineus 'Pusillus Variegatus'

Family: Araceae (Arum Family)

Plant Type(s): Herbaceous Perennials

6-8". Fans of shiny leaves striped green and golden yellow.
Sweet flag. To 6". Clumps of green aromatic leaves.
Sweet flag. To 12". White striped variegated leaves.
Sweet flag; clone with bright yellow variegated lvs.
Sweet flag. Dwarf, cream variegated selection.

ADENANTHOS

^{AU} cuneatus 'Coral Drift'
^{AU} sericea
^{AU} 'Silver Haze'

Family: Proteaceae (Protea Family)

Plant Type(s): Shrubs

UCSC/Koala. 2-3'h/3-5'w. Blue grey lvs, pink new growth.
Woollybush. 8'+. Silky grey leaves. Orange tube flowers.
4-6'. Silver divided lvs, small red fls spring. UCSC/Koala.

ADENOPHORA

'Amethyst'
liliifolia

Family: Campanulaceae (Bellflower Family)

Plant Type(s): Herbaceous Perennials

3'. Erect stems with large, bright lavender bell flowers.
Ladybells. Campanula ally; tall stems, purple bells.

ADIANTUM

^{CN} capillus-veneris
^{CN} pedatum
venustum

Family: Pteridaceae (Brake Family)

Plant Type(s): Ferns

Southern maidenhair; lacy fronds to 1'+.
Five-finger fern; large hand-like fronds.
Himalayan maidenhair; lacy fronds to 1'+, semi-evergreen.

AEONIUM

^{ME} arboreum 'Purpureum'
^{ME} haworthii

Family: Crassulaceae (Stonecrop Family)

Plant Type(s): Succulent Perennials

Round red-purple rosettes on sturdy stems. Yellow fls.
Pinwheel. 1-2'. Many blue-green 3" rosettes, well branched.

AESCULUS

^{CN} californica

Family: Sapindaceae (Soapberry Family)

Plant Type(s): Trees and Shrubs

California buckeye. White-pink flower candles in spring.

AGAPANTHUS

^{SA} africanus 'Lapis'
^{SA} Brilliant Blue PPAF
^{SA} 'Glowbelle'
^{SA} 'Mood Indigo'
^{SA} orientalis 'Flore Pleno'
^{SA} orientalis 'Henry'
^{SA} orientalis 'Peter Pan'
^{SA} orientalis 'Silver Star'
^{SA} orientalis 'Tinkerbell'

Family: Liliaceae (Lily Family)

Plant Type(s): Herbaceous Perennials

1'+. Evergreen, dense. Bright blue fls, long bloom.
18-20". Semi-evergreen, bright blue fls, summer.
Low lvs, vivid blue flowers on 30" stems, midsummer.
Stems to 3'+; many deep violet flowers, summer. Deciduous.
Full-sized selection; double lavender blue flowers.
18" flower stem, white flowers. Dwarf selection. 1' leaves.
Dwarf lily of the Nile. Medium blue flowers on 18" stems.
Cream and green leaves, pale blue fls on 20" stems.
Similar to 'Peter Pan'; cream variegated leaves, blue fls.

Name	Description
^{SA} <i>orientalis</i> 'Variegatus'	Leaves striped with cream. 2-3' fl. stems. White flowers.
^{SA} <i>orientalis</i> 'Winterdwarf'	WGN sel. 6-10" leaves, lavender blue flowers 1' stem.
^{SA} 'Petite Blue'	1'+, low foliage clumps. Vivid blue purple fls. Deciduous.
^{SA} 'Purple Cloud'	3'+. Deep purple drooping flowers, summer.
^{SA} 'Storm Cloud'	Robust hybrid. 4' stems, midnight-blue drooping flowers.
AGAPETES	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs
'Ludgvan Cross'	3'; narrow, shiny leaves; red-checked bells.
serpens	Snaky stems, narrow shiny leaves, bright red bells.
AGASTACHE	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials
^{WE} <i>aurantiaca</i>	Soft orange fls. on 2' stems, low light green aromatic lvs.
'Blue Fortune'	To 2'. Purple flushed leaves, dense heads of blue fls.
^{WE} 'Burning Rose'	To 2', branching. Clusters of 1" purplish rose flowers.
^{WE} <i>cana</i> x <i>rupestris</i>	To 2'. Aromatic leaves. Bright pink fls in summer.
^{WE} 'Electra' TM	2'+. Light grey-green lvs; clouds of vivid orange flowers.
<i>mexicana</i> 'Sangria'	Fl. stems to 4'; rosy red fls. Lemon scented leaves.
'Purple Haze'	3'. Bright blue purple fls in dense heads, lvs/purple flush.
^{WE} 'Ruby Lights'	3'+. Narrow grey leaves, clusters of rich rose flowers.
<i>rugosa</i> 'Golden Jubilee'	2'. Aromatic golden lvs; dense deep blue purple spikes.
^{WE} 'Scintillation'	2'+. Bright copper buds open to dark pink fls. Aromatic lvs.
^{WE} 'Shimmering Clouds'	Bushy, to 2'; fragrant leaves, copper buds, deep pink fls.
^{WE} 'Summer Sparkle'	SCN hybrid. Bright rose pink flowers over aromatic leaves.
^{WE} 'Vivid'	3'+. Mexicana hybrid with deep rose purple flowers.
AGAVE	Family: Agavaceae (Agave Family) Plant Type(s): Succulent Perennials
<i>bracteosa</i> 'Calamar'	18" pale green rosette. 3-5' spike, white fls. Slow.
^{WE} <i>gracilipes</i>	2'h/3'w. Grey green tooth-edged rosettes, hardy.
<i>x leopoldii</i>	1'h/w. Lvs edged with curly white hairs. Tight habit.
<i>nizandensis</i>	12-18". Narrow green lvs, central yellow stripe. Green fls.
^{WE} <i>parryi</i>	Century plant. Grey green toothed rosettes, 10'+ fl. stem.
<i>vilmoriniana</i>	Octopus agave. Large, low fleshy rosettes, flower stem 10'.
AJUGA	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials
<i>reptans</i> 'Catlin's Giant'	Ajuga; vigorous, profuse; huge bronze leaves.
AKEBIA	Family: Lardizabalaceae (Lardizabala Family) Plant Type(s): Vines
<i>quinata</i> 'Alba'	Semi-evergreen vine. 5-parted leaves, fragrant white fls.
<i>quinata</i> 'Rosea'	Semi-evergreen vine. 5-parted lvs., fragrant rose-pink fls.
ALBUCA	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{SA} <i>shawii</i>	18". Yellow nodding fls. Grassy green low leaves.
ALCHEMILLA	Family: Rosaceae (Rose Family) Plant Type(s): Herbaceous Perennials
<i>mollis</i> 'Auslese'	1' hummock of large, round soft green lvs, tiny yellow fls.
ALLIUM	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
<i>senescens</i> 'Blue Twister'	Dwarf species; twisted grey leaves, pink flowers.
^{CN} <i>unifolium</i>	Showy native; 1-2' stems, dark pink flowers, spring.
ALOE	Family: Aloeaceae (Aloe Family) Plant Type(s): Succulent Peren., Shrubs
^{SA} <i>arborescens</i>	Torch aloe. To 6'. Spikes of orange flowers in winter.
^{SA} <i>arborescens</i> --yellow fl.	Torch aloe. To 6'. Spikes of yellow fls in winter.
^{SA} 'Blue Elf'	15-18" clump. Blue green leaves, orange red flowers.
^{SA} <i>cooperi</i>	Grass aloe, to 18". Coral fls. in summer, low green leaves.
^{SA} <i>fosteri</i>	2' rosette, streaked green lvs. Fl. stem to 5', orange fls.
^{SA} <i>humilis</i>	Spider aloe. 8" rosette, bumpy grey-green lvs. Orange fls.
^{SA} 'Johnson's Hybrid'	To 1'. Bright orange fl. spikes for many months, spreading.
^{SA} <i>striatula</i>	To 5'; clumping; dark green lvs, yellow fl. spikes, summer.
'White Fox'	To 20" h/w. Pale green rosettes streaked shining white.
ALOYSIA	Family: Verbenaceae (Verbena Family) Plant Type(s): Shrubs
<i>triphylla</i>	Lemon verbena. Picturesque trunks, fragrant leaves.
<i>virgata</i>	Erect, 8'+. Narrow lvs, spicily fragrant white fls, spikes.

Name	Description
ALPINIA zerumbet (<i>A. speciosa</i>) zerumbet (<i>speciosa</i>) 'Variegata'	Family: Zingiberaceae (Ginger Family) Plant Type(s): Herbaceous Perennials Shell ginger; purple-tinged lvs, white&red fragrant flowers. Shell ginger; yellow-variegated leaves.
ALSTROEMERIA aurea 'Casablanca' 'Coral Dwarf' 'Diana' 'Henry's Violet' 'Hermana Chica' hookeri hybrid--coral pink hybrid--orange with yellow hybrid--red hybrid--white w/rose 'Indian Summer' PPAF 'Jupiter' 'Meyer's Red' 'Meyer's White' pelegrina 'Rosea' 'Rachel' 'Red Valley' 'Sussex Gold' 'The Third Harmonic' 'Tricolor'	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials Stems to 3'+. Golden yellow flowers. Robust, to 3'+. Large white flowers, dark markings. Dense, to 18-24". Large coral flowers, white margins. Dwarf, to 12-18". Large creamy buff fls, pink markings. Florists' type; 2-3'; broad leaves, large bicolored flowers. 12". Lush lvs, large white fls, pink markings, flush. 4-8" flower stem. Dwarf, narrow leaves, broad pink flowers. 3'. Abundant clusters of bright coral pink flowers. Vivid light orange flowers, yellow blotch. 3'+. 3'+. Peruvian lily. Bright red flowers. White flowers, with rose pink blotches, bold striping. Red and yellow fls. over chocolate brown leaves. Tall, prolific. Large vivid purplish rose flowers. To 3'+; lush fol.; large rose-red flowers. F. Meyer hbd.; large white flowers with black markings. 3'. Soft rose pink flowers in summer. F. Meyer hbd; lush foliage; large violet flowers. 3'. Vivid orange red flowers, yellow throat. 3'+h. Large orange flowers w/dk.markings, glossy foliage. Robust, to 4'+; flowers orange & buff. Peruvian lily. Fls. light & dark pink, with yellow.
ALYOGYNE ^{AU} huegelii 'Monterey Bay'	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs 5'. Airy shrub has green leaves, large deep lilac flowers.
AMPELOPSIS brevipedunculata	Family: Vitaceae (Grape Family) Plant Type(s): Vines Deeply lobed leaves, bright sea green to dark blue berries.
AMSONIA tabernaemontana	Family: Apocynaceae (Dogbane Family) Plant Type(s): Herbaceous Perennials Blue star. Light blue fls. on erect 12" stems, spring.
ANDROMEDA ^{WE} polifolia 'Blue Ice'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs Bog rosemary. 18"; narrow chalk-blue leaves, soft pink urns.
ANEMANTHELE ^{NZ} lessoniana (<i>Stipa arundinacea</i>)	Family: Poaceae (Grass Family) Plant Type(s): Grasses Graceful, evergreen orange and green grass, 2'+.
ANEMONE hup. japonica 'Bressingham Glow' hup. japonica 'September Charm' x hybrida 'Honorine Jobert' x hybrida 'Pamina' x hyb. 'Pretty Lady Emily' PP#22303 x hyb. 'Pretty Lady Susan' PP#22331 x hybrida 'Prince Henry' x hybrida 'Queen Charlotte' x hybrida 'Whirlwind' magellanica sylvestris tomentosa 'Robustissima'	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials To 2'. Semi-double rosy red flowers on erect stems. Japanese anemone. 2' flower stem. Sgl. pink-mauve fls. To 3' flower stems. Large white flowers w/pink beneath. Windflower; 2-3'h. stem of double dark pink flowers. 2'. Double soft pink flowers on compact plants. 2'. Single med. pink fls on compact plants. Japanese anemone. Rose-red semi-double flowers. Japanese anemone; 2'+h. Semi-double light pink flowers. Japanese anemone. 2'+ flower stem. Semi-double white fls. Clumping, to 1'. Soft yellow flowers, cottony fruits. Snowdrop anemone; white flowers spring-fall. Grape leaf anemone. Pink fls. in late summer, fall.
ANEMOPSIS ^{CN} californica	Family: Saururaceae (Lizard's Tail Family) Plant Type(s): Herbaceous Perennials Yerba manza; broad carpets, large white fls. Rhizomatous.
ANIGOZANTHOS ^{AU} 'Big Red' ^{AU} 'Bush Dawn' ^{AU} 'Bush Ranger'	Family: Haemodoraceae (Bloodroot Family) Plant Type(s): Herbaceous Perennials Kangaroo paw. To 5'+. Red flowers. To 5'. Yellow fuzzy flowers on erect stems. Kangaroo paw. To 1'+. Orange red flowers.

Name	Description
AU 'Bush Sunset'	Kangaroo paw. 4'. Bright red fuzzy flowers.
AU 'Bush Tango'	To 5'. Orange fuzzy flowers, green leaves to 2'.
AU flavidus 'Burnt Orange'	Kangaroo paw; 5-6' red stems, dark orange flowers.
AU flavidus--pink	Kangaroo paw; stems to 4'; pink flowers.
AU 'Kiwi Mist'	4-5'. Red stems and buds, green interior on flowers.
AU 'Orange Cross'	Kangaroo paw; dark green leaves, orange flowers.
AU 'Pink Joey'	Kangaroo paw; dark green leaves, pink flowers.
AU rufus	Kangaroo paw; 2-3' stems, topped by dark red flowers.
AU 'Tequila Sunrise'	5'+. Orange furry flowers on tall stems.
AU 'Yellow Gem'	4-5'. Kangaroo paw, furry yellow flowers.
ANISODONTEA	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs
SA x hypomandarum 'Tara's Pink'	Bushy, to 4'+. Lobed leaves, bright pink flowers.
ANTIRRHINUM	Family: Plantaginaceae (Plantain Family) Plant Type(s): Subshrubs to Annuals
ME hispanicum 'Roseum'	1'. Dense mound; light pink "snapdragon" flowers.
ME sempervirens	Low, dense. Broad grey-green leaves, white "snapdragons".
AQUILEGIA	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials
'Black Beauty'	Near black, broadly flared flowers on tall stems.
WE caerulea	Rocky Mountain columbine; blue&white flowers.
WE chrysantha	Golden columbine; 3' flower stems, profuse yellow flowers.
'Dainty Doubles'	12-18" stems; many petite double rose to purple flowers.
CN formosa	Western columbine; red & yellow flowers.
'Maroon Madness'	Robust, to 2'+. Masses of large maroon flowers.
'Northern Lights'	Stocky plants. Floriferous. Fls bright blue with white.
'Pink Petticoats'	Graceful, heavy blooming; broad pink & white fls.
sibirica	Fl. stems to 30". Masses of blue purple flowers in spring.
'Snow Baby'	8-12", compact. Large clusters, upfacing white fls.
'Storm Dancer'	Lush, large flowers in shades of maroon, dark purple, blue.
x semiaquilegia 'Night Dancer'	SCN. Showy. Dwarf plant, lacy foliage, many purple fls.
ARABIS	Family: Brassicaceae (Mustard Family) Plant Type(s): Herbaceous Perennials
caucasica 'Variegata'	Rockcress. Tight mound variegated lvs, white flowers.
ARALIA	Family: Araliaceae (Ivy Family) Plant Type(s): Shrubs and Perennials
CN californica	Elk clover. To 6'. Wide lush div'd green leaves, cream fls.
ARBUTUS	Family: Ericaceae (Heath Family) Plant Type(s): Trees and Shrubs
WE arizonica	Arizona madrone, to 30'+. Dark green lvs, white to pink fls.
ME 'Marina'	50'+t. Glossy dark green leaves. Pink&white fls, red fruits.
CN menziesii	Madrone; native tree; white fls, red fruit, cinnamon bark.
ARCTOSTAPHYLOS	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs and Small Trees
CN 'Austin Griffiths'	To 8'h/w. Dense. Greyish green lvs, light pink fls.
CN bakeri 'Louis Edmunds'	To 6'; broad grey-green leaves, deep pink flowers.
CN densiflora 'Howard McMinn'	4-6'; bushy; shiny leaves, white & pink flowers.
CN densiflora 'Sentinel'	3-5'; bushy; grey-green leaves, pale pink flowers.
CN edmundsii 'Bert Johnson'	To 2'h/6'w. Little Sur manz. Bronze new leaves.
CN edmundsii 'Big Sur'	3-5'. Mounding habit. Masses of white fls. w/pink base.
CN edmundsii 'Carmel Sur'	Fast, dense. 10" h x 6' w, bronzy new foliage, white flowers.
CN edmundsii 'Rosy Dawn'	Manzanita gndcivr., to 12"x6', Taylor intro. Red leaf edges.
CN 'Emerald Carpet'	Compact, prostrate; shiny leaves, white flowers.
CN hookeri 'Bright Beauty'	4-5'h, 8'+w. Bright green lvs, dense mound. White flowers.
CN hookeri 'Buxifolia'	Low, compact, small-leaved selection with white flowers.
CN hookeri 'Ken Taylor'	Prostrate selection 15"h/6'w. Dense habit.
CN hookeri 'Wayside'	3.5' h x 8' w. White flowers, grey-green leaves.
CN 'John Dourley'	Hybrid manzanita; 2'h/8'w. Bronze tint-leaves, pink fls.
CN 'Lester Rowntree'	Shrub/small tree. Purplish trunks, white fls w/pink base.
CN 'Lutsko's Pink'	4-6'h/w. Densiflora hyb. Dark stems, green lvs; pink fls.
CN manzanita 'Dr. Hurd'	Parry manzanita. 10'+; spreading canopy, dark green lvs.
CN manzanita 'St. Helena'	Parry manzanita. To 10'+; stout, wide-spreading, white fls.
CN morroensis	5-6' high, 8' wide. Rounded grey leaves, white fls. Dense.
CN morroensis--compact form	4'. Compact, dense. Small lvs bright grey, white flowers.
CN nummularia--selected form	Low, compact. Round, shiny green leaves, white flowers.

Name	Description
^{CN} 'Pacific Mist'	30" high/10' wide. Narrow grey leaves, few white flowers.
^{CN} pajaroensis 'Paradise'	To 12'. Pajaro manz. Dark pink flowers, bronze leaves.
^{CN} pajaroensis 'Warren Roberts'	Pajaro manz; 6'h/10'w, red new leaves, pink flowers.
^{CN} pringlei ssp. drupacea	15'. Furred grey-green lvs; red new leaves, lt. pink fls.
^{CN} purissima 'Vandenberg'	3'h/8'+w; bright green leaves, white flowers.
^{CN} refugioensis	To 10'+, upright, bushy. Red new growth.
^{CN} rudis 'Vandenberg'	WGN sel; bushy, to 5'; bronze tips, pink flowers.
^{CN} silvicola 'Grey Eagle'	Silverleaf manz. 5'+. Chalk grey leaves, white fls. spring.
^{CN} 'Sunset'	4-5'h/w. Bronze new leaves; pinkish white flowers.
^{CN} uva-ursi 'Green Supreme'	Dense, with bright green leaves, pinkish white fls. 6" x 8'+
^{CN} uva-ursi 'Pt. Reyes'	Dark green lvs, 8"h x 10'w. Red fruit. Disease resistant.
^{CN} uva-ursi 'Radiant'	Fast. Light green leaves, 10"high x 10'wide. White fls.
^{CN} uva-ursi 'San Bruno Mountain'	Cultivar with thick leaves, pink flowers, large berries.
^{CN} uva-ursi 'Tom's Point'	Lush habit, dark shiny leaves, white flowers, red berries.
^{WE} uva-ursi 'Wood's Compact'	3-6"h/6'w. Dense, lush. White flowers, deep red berries.
^{CN} viridissima 'White Cloud'	Tilden intro. Sturdy trunks, furry sts, broad lvs, white fls.
^{CN} 'Winterglow'	2'+. New leaves bronzy red, pink flowers.
ARCTOTIS	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{SA} Pumpkin Pie PP#14732	12" high. Silver leaves, dark orange fls. Long bloom.
ARENARIA	Family: Caryophyllaceae (Carnation Family) Plant Type(s): Herbaceous Perennials
^{ME} montana	Sandwort; dark green mat; pure white flowers, spring.
ARISTEA	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{SA} major	Iris-like leaves; bright blue fls. on 5-6' stems, summer.
ARISTIDA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{WE} purpurea	Clumps w/narrow blue-green lvs., airy purplish fls.
ARMERIA	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Herbaceous Perennials
^{ME} alliacea	Dwarf, tight, green mound, 1" deep pink flowers.
maritima 'Bloodstone'	Sea pink. Lush green mat, dark rose flowers.
^{CN} maritima--native form	Grassy tight mound; bright pink fls. in round heads.
maritima 'Rubrifolia'	Low cushion with burgundy lvs. in winter, pink spring fls.
'Pink Lusitanica'	6-10", compact. Balls of deep pink flowers atop 6" stems.
ARONIA	Family: Rosaceae (Rose Family) Plant Type(s): Trees and Shrubs
melanocarpa 'Viking'	Black chokecherry. 4-6'. Large dark fruits. Suckering.
ARTEMISIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs and Perennials
^{CN} arbuscula	Low sagebrush. Mounding shrub to 12", grey-white leaves.
^{CN} californica 'Canyon Gray'	Low, spreading California sagebrush. Aromatic silver leaves.
^{CN} douglasiana	Mugwort. Aromatic green lvs w/white undersides. Spreading.
^{ME} pedemontana	Small scale flat mat with silky silver, furred leaves.
'Powis Castle'	To 3'+, spreading; large grey, dissected leaves.
^{CN} pycnocephala 'David's Choice'	Sandhill sage; nearly prostrate; furry white foliage.
schmidtiana 'Silver Mound'	Matting perennial; soft, silvery leaves.
'Sea Foam'	18"h/2'w. Subshrub with silvery, tightly interlaced wiry lvs.
^{CN} tridentata var. vaseyana	Sagebrush. This form to 4', bushy, silvery foliage.
ARUM	Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials
^{ME} palaestinum	Calla relative; to 18"; large dark lvs, deep maroon spathe.
ARUNDINARIA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
gigantea	Canebrake bamboo. Eastern U.S. native to 15', lush leaves.
ARUNDO	Family: Poaceae (Grass Family) Plant Type(s): Grasses
donax 'Golden Chain'	5-7'. Lush erect grass, gold edge, green center leaves.
ASARUM	Family: Aristolochiaceae (Birthwort Family) Plant Type(s): Herbaceous Perennials
^{CN} caudatum	Wild ginger; carpets of heart-shaped leaves, dark fls.
^{CN} lemmonii	Wild ginger from Sierra. Low dark green lvs; chocolate fls.

Name	Description
ASCLEPIAS curassavica--gold curassavica 'Wildfire' ^{CN} fascicularis incarnata ^{CN} speciosa tuberosa	Family: Asclepiadaceae (Milkweed Family) Plant Type(s): Herbaceous Perennials Milkweed. 3' flower stems, golden yellow fls. Scarlet milkweed. Red flushed lvs. Dark red & yellow fls. Milkweed. 3'+ slender stems, narrow lvs; white scented fls. Swamp milkweed. Pink fls. in clusters in summer. 3'+. Large, furry grey lvs, clusters of cream/pink fls. Butterfly weed; 1-2' stems, bright orange heads.
ASPARAGUS ^{SA} densiflorus 'Myers' ^{SA} 'Tidy Tim' ^{SA} virgatus	Family: Liliaceae (Lily Family) Plant Type(s): Fernlike Perennials 2' stiff stems, brushes of needle-like fluffy foliage. 12". Tight green fluffy tufts. Compact groundcover. 3'. Feathery evergreen perennial, smooth stems. Spreading.
ASPHODELINE ^{ME} lutea	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials 2-4' stems; narrow, drooping leaves; yellow starry flowers.
ASPIDISTRA elatior 'Milky Way'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Durable dark green lvs have white spots, streaks.
ASPLENIUM scolopendrium 'Undulatum'	Family: Aspleniaceae (Spleenwort Family) Plant Type(s): Ferns Hart's tongue fern; fronds straplike to 18", wavy edges.
ASTELIA ^{NZ} banksii ^{NZ} chathamica 'Silver Spear' ^{NZ} nivicola 'Red Gem'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Clumping, with long, narrow silver lvs; spikes, creamy fls. Clumping, to 4'; silvery sword-shaped leaves. Clumping, with silky bromeliad-like leaves.
ASTER ^{CN} chilensis 'Purple Haze' x frikartii 'Moench' rugulosus 'Asrugo' tataricus 'Jindai'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials SBBG intro. To 2'. Bright lavender fls in fall, spreads. Bushy, to 2'. Large lavender blue flowers, summer-fall. Loose mound to 2'. White daisies age pink. Summer-fall blm. Big leaves, broad heads w/lavender fls in fall on 4' stems.
ASTERISCUS ^{ME} 'Gold Coin'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Clumping daisy; dark, narrow leaves; golden flowers.
ASTRANTIA major 'Moulin Rouge' PP#16549	Family: Apiaceae (Carrot Family) Plant Type(s): Herbaceous Perennials Low leaves, maroon bracts showy under tiny flowers. Shade.
ATHANASIA ^{SA} pinnata	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs 3-4'. Stiff stems, finely divided grey lvs, lime fl. heads.
ATHYRIUM 'Ghost' 'Godzilla' niponicum 'Regal Red' niponicum 'Ursula's Red'	Family: Woodsiaceae (Cliff Fern Family) Plant Type(s): Ferns 30". Upright silvery fronds mature grey. Hybrid. Deciduous. 3'h/6'w. Erect silvery fronds. Hybrid of Jap. painted fern. Painted fern; Silvery fronds, red violet near stems. COPF. Painted fern; 1' red-purple, green + silvery fronds.
ATRIPLEX ^{CN} lentiformis ssp. breweri ^{CN} lentiformis 'Naomi'	Family: Chenopodiaceae (Goosefoot Fam.) Plant Type(s): Shrubs Quail bush. To 7'. Silvery lvs on arching stems; good hedge. To 7'. Great hedge, especially large silver leaves.
AZALEADENDRON 'Hardjizer's Beauty'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs Bushy, to 4'+; bronze-green leaves, dark pink flowers.
AZARA ^{CH} microphylla ^{CH} microphylla 'Variegata'	Family: Salicaceae (Willow Family) Plant Type(s): Shrubs To 10'+; sprays of slender branches; small shiny leaves. To 10'+; sprays of slender branches; cream varieg. leaves.
BACCHARIS ^{CN} pilularis 'Pigeon Point' ^{CN} pilularis 'Twin Peaks #2'	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs 1-2'h/6'w. Dwarf coyote brush. Rounded bright green leaves. 2'h/6'w. Mounding habit. Grey-green leaves.

Name	Description
BALLOTA ^{ME} pseudodictamnus	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs 18"h/w. Dense mound. White flowers, furry grey-green lvs.
BAMBUSA glaucescens 'Alphonse Karr' glaucescens 'Golden Goddess' glaucescens 'Green Alphonse Karr' glaucescens 'Rivierorum' oldhamii textilis tuldoides ventricosa	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Tightly clumping; stems striped with orange & pink. 8'+t. Tightly clumping, with yellowish stems, small leaves. Tightly clumping; dark green stems striped lighter green. 6-8' high. Arching 1/4" culms, tiny leaves. Clumping timber bamboo; to 40'; large dark leaves. 15-20' t. Clumping. Blue-green culms to 2" wide. 8" lvs. 15-40'. Punting pole bamboo, clumping. Green culms to 2" wide. Buddha's belly bamboo; 20-40' high. Culms to 2" diameter.
BAPTISIA australis leucantha leucophaea minor sphaerocarpa	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials To 3', peren. clump. 3-parted leaves, blue-purple flowers. To 3', clumping. 3-parted lvs, white flowers, purple base. To 2'. Pale grey-green leaves; creamy yellow fls. spring. To 2'. Spikes of blue fls. in spring make round black pods. To 3'. Dense erect clumps, spikes of yellow fls, round pods.
BAUMEA rubiginosa 'Variegata'	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges To 18". Stiff, narrow yellow-striped lvs. Erect, spreading.
BEGONIA boliviensis 'Ginny' 'Irene Nuss'	Family: Begoniaceae (Begonia Family) Plant Type(s): Shrubs and Perennials Vivid orange fls in summer on 2' stems. Tuberous. Subshrub, to 3'. Pink fls. in clusters over dark green lvs. To 6-8'. Dark green lvs; red undersides. Bright coral fls.
BERBERIDOPSIS ^{CH} corallina--staked	Family: Flacourtiaceae (Flacourtia Family) Plant Type(s): Vines Shrub/vine with satiny toothed leaves, 1/2" crimson flowers.
BERBERIS ^{CH} darwinii ^{CH} darwinii 'Sunglow' ^{CH} x stenophylla 'Irwinii' ^{CH} x stenophylla 'Nana' thunbergii 'Aurea Nana' thunbergii 'Crimson Pygmy' thunbergii 'Gold Ring' thunbergii 'Helmond Pillar' thunbergii 'Rose Glow' vulgaris 'Purple Cloak' wilsonii--dwarf	Family: Berberidaceae (Barberry Family) Plant Type(s): Shrubs 5'+. Evergreen, holly-like, dark green leaves, gold flowers. Floriferous. Dark golden orange fls, shiny deep green lvs. To 3' h. Prickly small leaves, gold flowers, blue fruit. 2-3' dense mounds, arching branches, bright golden flowers. 2-3'. Bright golden leaves all season; orange fall color. Dwarf crimson barberry; round form, dark leaves. To 6'. Purple leaves with gold highlight border. Narrow columnar habit to 5'h/2'w. Dark red leaves. 5'+. Pink-variegated new growth matures red-purple. To 6'+, bushy. Deep purple leaves, clusters yellow fls. 2-3'. Grey green lvs, new lvs pink, red berries, fall.
BERGENIA 'Baby Doll' 'Bressingham Ruby' 'Bressingham White' ciliata emeiensis 'Rose Blush' emeiensis 'Snow Chimes' COPF 'Rotblum' 'Silberlicht'	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials Clumping, with broad lvs; short stems with bright pink fls. Wide leaves deep red in winter. Rosy red fls, spring. Saxifrage. Broad mats, large thick lvs, white fl. clusters. Clumping, w/ broad lvs with ciliate margins. Pink/white fls. Broad shiny leaves; nodding pale pink bell flowers. Broad leaves; nodding white flowers age light pink. Shiny red-tinged leaves, red flowers. 18" fl stem. Shiny round green lvs. White fls. age pale pink.
BESCHORNERIA albiflora yuccoides yuccoides Flamingo Glow PP#22162	Family: Agavaceae (Agave Family) Plant Type(s): Herbaceous Perennials Trunk to 6'. Shiny green lvs; fl. stems pink, cream fls. Yucca-like perennial; pink stems, red & green flowers. Grey green lvs have yellow center. Rose pink fl. stem to 6'.
BIGNONIA capreolata 'Tangerine Beauty'	Family: Bignoniaceae (Trumpet Vine Family) Plant Type(s): Vines Lush vine with glossy green leaves, orange trumpet fls.
BLECHNUM ^{CH} chilense	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns To 3'+. Dark green fronds, creeping rhizomes. Evergreen.

Name	Description
^{NZ} occidentale ^{NZ} penna-marina ^{CN} spicant	1-2'. New fronds salmon pink, spreading clumps. To 6'h. Bronze new fronds. Small-leaves, carpeting. Deer fern; dark green narrow fronds+erect fertile fronds.
BOLAX glebaria	Family: Apiaceae (Carrot Family) Plant Type(s): Herbaceous Perennials Tight low hard mat; shiny dissected leaves, tiny flowers.
BOMAREA frondea--staked sp.--red--staked	Family: Liliaceae (Lily Family) Plant Type(s): Vines Vining Alstroemeria ally; red&yellow tubular fls, clusters. Vining Alstroemeria ally; clusters of red tubular flowers.
BORINDA boliana	Family: Poaceae (Grass Family) Plant Type(s): "Walking" Bamboo Loose clumps; to 20'+; blue stems, lacy sprays of lvs.
BORINDA (FARGESIA) fungosa 'Chocolate' fungosa 'Maroon' fungosa 'Oficina'	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos To 10', fountainlike. Chocolate stems, lush sprays of lvs. To 10', fountainlike. Maroon stems, lush sprays of lvs. To 10'+, clumping; fountainlike, with dark stems. Lush.
BORONIA ^{AU} 'Carousel' ^{AU} crenulata 'Shark's Bay' ^{AU} 'Lipstick' ^{AU} megastigma 'Hot Chocolate' ^{AU} megastigma 'Jack Maguire's Red'	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs 6'high, 4'wide. Dark green lvs, rose pink bells. UCSC/Koala. To 3', spreading. Small aromatic lvs, small bright pink fls. Vivid rose-purple bells on erect vase-shaped shrub. SCN. Nodding shiny red brown & yellow fragrant fls. UCSC/Koala. 3-4' tall. Nodding 1/2" dark red fragrant fls.
BOTHRIOCHLOA ^{CN} barbinodis	Family: Poaceae (Grass Family) Plant Type(s): Grasses Cane bluestem. Clumping, with bluish lvs; silvery fl. tufts.
BOUTELOUA ^{WE} curtipendula ^{WE} gracilis ^{WE} gracilis 'Blonde Ambition' PP#22049	Family: Poaceae (Grass Family) Plant Type(s): Grasses Clumping dryland grass with fine textured leaves, flowers. Blue grama. Leaves to 8". Grey eyelash-like flowers. Blue grama, larger. Lvs to 1', fl stems to 30". Blonde fls.
BOUWARDIA ^{WE} ternifolia	Family: Rubiaceae (Madder Family) Plant Type(s): Shrubs and Perennials Subshrub to 3'. Soft green lvs, vivid red-orange fls. fall.
BRACHYCHITON ^{AU} acerifolius ^{AU} populneus	Family: Malvaceae (Mallow Family) Plant Type(s): Trees and Shrubs Australian flame tree, to 40'. Bright red flowers. Tender. Bottle tree. Green lvs, thick trunk, cream fls, summer.
BRACHYSEMA ^{AU} celsianum (lanceolatum) ^{AU} praemorsum 'Bronze Butterfly'	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs To 2'+, spreading. Narrow dark grey lvs, bright red pea fls. UCSC/Koala. Low, spreading; bronze lvs, red beaked fls.
BRIZA media media 'Variegata'	Family: Poaceae (Grass Family) Plant Type(s): Grasses Quaking grass; dense green clumps, ornamental fls. Quaking grass; cream striped lvs, "rattlesnake" flowers.
BRODIAEA ^{CN} californica ^{CN} elegans	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials Tall, to 2'. Bright violet flowers spring-summer. Harvest brodiaea. 8-18" stems; blue purple fls, spring.
BRUGMANSIA 'Angel Blush' PPAF 'Angel Yellow' PPAF arborea 'Betty Marshall' 'Charles Grimaldi' 'Ecuador Pink' x insignis 'Pink' 'Jamaican Yellow' sang. 'Inca Princess' x vulcanicola	Family: Solanaceae (Nightshade Family) Plant Type(s): Shrubs 6'. Compact habit. Soft pink trumpet flowers. Soft yellow trumpet flowers on 6' plants. 10'. Soft lt. green lvs; fragrant white trumpets out-facing. Angel's trumpet. Compact form; large cream-white flowers. Angel's trumpet; large orange-yellow flowers. Angel's trumpet; large fragrant clear pink flowers. Angel's trumpet. Large pink flowers. Angel's trumpet. Large golden fls. lighten to soft yellow. Sturdy treelike shrub, with light peachy fls.

Name	Description
BRUNNERA macrophylla 'Sea Heart' PP#24684	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials Large silver leaves, green veins. Blue fls, spring. Shade.
BUDDLEJA davidii 'Attraction' davidii 'Black Knight' davidii 'Ellen's Blue' davidii 'Nanho Purple' Flutterby Flow TM Lavender PP#22098 Fl. Grande TM Peach Cobbler PP#22144 x pikei 'Hever' x weyeriana 'Honeycomb'	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Shrubs 6-8'h/w. Vivid red violet flowers, long bloom. Summer lilac; to 10'+; spikes of dark purple flowers. 6-8'. Dark lavender blue fls. all summer; greyish leaves. Smaller selection with narrow grey leaves, purple fls. 1-2' high, 3-4' wide. Arching stems, spikes of lavender fls. 6-8'. Peachy pink flowers, grey-green lvs. Sterile form. Spreading shrub; rounded clusters of lilac-pink fls. Spreading shrub; roundish heads of golden fls.
BULBINE ^{SA} frutescens ^{SA} frutescens 'Hallmark'	Family: Liliaceae (Lily Family) Plant Type(s): Succulent Perennials Clumping succulent, narrow green lvs; spikes of yellow fls. Many trailing stems. Succulent leaves. Orange flowers.
BULBINELLA ^{SA} robusta	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials Shiny narrow leaves, bright yellow "torches" winter-spring.
BUXUS ^{ME} sempervirens 'Graham Blandy' ^{ME} sempervirens 'Skywalker' PP#22977 ^{ME} sempervirens--variegated	Family: Buxaceae (Boxwood Family) Plant Type(s): Shrubs Very columnar boxwood, 18" wide. Green leaves. 15'h/5'w. Fast growing for a boxwood. Green lvs. Slow, compact English boxwood. Cream variegation.
CALAMAGROSTIS acutiflora 'Karl Foerster' ('Stricta') acutiflora 'Overdam' brachytricha ^{CN} foliosa ^{CN} nutkaensis	Family: Poaceae (Grass Family) Plant Type(s): Grasses Very green grass, erect stems of purplish fls. Feather reed grass. To 2'+; white-variegated leaves. To 30". Bright green lvs., clumping. Yellow in fall. Low blue-green clumps about 1'; arching fl. stems. Pacific reed grass. Wide bright green lvs, clumping, to 4'.
CALAMINTHA nepeta 'White Cloud'	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals 1'+. Soft green aromatic leaves, many tiny white flowers.
CALANDRINIA ^{CH} spectabilis	Family: Portulacaceae (Montiaceae) Plant Type(s): Perennials and Annuals Wide, succulent blue-grey leaves; rose purple fls. summer.
CALCEOLARIA ^{CH} integrifolia	Family: Calceolariaceae (Purse Flower Family) Plant Type(s): Shrubs and Perennials 18" subshrub. Bright yellow pouched flowers in summer.
CALLIRHOE ^{WE} involucrata	Family: Malvaceae (Mallow Family) Plant Type(s): Perennials and Annuals Winecup. Spreading, low. Vivid 2" rose purple flowers.
CALLISTEMON ^{AU} 'Cane's Hybrid' ^{AU} 'Little John' ^{AU} 'Mauve Mist' ^{AU} 'Taree Pink' ^{AU} viminalis Red Alert TM PPAF ^{AU} viminalis Slim TM PP#24444	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs UCSC/Koala. To 10', bushy. Pale pink fls. Silky new lvs. Bottlebrush; dwarf, 3' round, dense. Red flowers. Bottlebrush; 6-10'. Mauve-pink brushes in summer. 6-9'. Pink new leaves age to grey. Pale pink fls. 6'+. Red new leaves are vivid for months. 6-9' high, 3-4' wide. Narrow form of bottlebrush. Red fls.
CALLUNA vulgaris 'Allegro' vulgaris 'Dark Beauty' vulgaris 'Firefly' vulgaris 'Fort Bragg' vulgaris 'H. E. Beale' vulgaris 'Silver Knight' vulgaris 'Spring Torch' vulgaris 'Winter Chocolate'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs 18" high/2' wide. Dark green leaves, ruby red flowers, summer. Scotch heather; 10"h/18"w. Dark green lvs, semi-dbl red fls. Scotch heather; 18"h/2'w. Gold/orange/red lvs, mauve fls. 12" high, 18" wide. Golden lvs, orange winter. Lavender fls. Scotch heather; double flowers of soft pink. 18" high, 2' wide. Grey lvs, lavender fls, summer. Upright. Scotch heather. New lvs. scarlet; lav.-pink fls. summer. Red leaf tips spring, bronze in winter. Lavender flowers.
CALOCEDRUS ^{CN} decurrens	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees Incense cedar, 40'+. Fragrant red bark, sprays of flat lvs.

Name	Description
CALOSTEMMA AU purpureum	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Garland lily. Evergreen clumps; clusters of red purple fls.
CALYCANTHUS CN occidentalis	Family: Calycanthaceae (Spicebush Family) Plant Type(s): Shrubs Spice bush; 8' native w/large leaves, dark red flowers.
CALYLOPHUS WE drummondianus WE hartwegii 'Texas Gold'	Family: Onagraceae (Evening Primrose F.) Plant Type(s): Herbaceous Perennials Low mound. Dark narrow leaves, bright yellow flowers. Low spreading mound; bright yellow fls, narrow green leaves.
CALYSTEGIA CN macrostegia var. cyclo. 'Candy Cane'	Family: Convolvulaceae (Morning Glory F.) Plant Type(s): Vines and Perennials Coastal morning glory; 2-3" white & pink flowers.
CAMELLIA 'Cinnamon Cindy' 'Crimson Candles' forrestii 'Golden Spangles' 'High Fragrance' japonica 'Black Magic' japonica 'Hanafuki' japonica 'Hanami Gasa' japonica 'Holly Bright' japonica 'Kujaku Tsubaki' japonica 'Midnight Magic' japonica 'Shin-akebono' japonica 'Tama Peacock' japonica 'Unryu' ja. v. quercifolia 'Pink Mermaid' COPF ja. v. quer. 'White Mermaid' COPF 'Koto-no-kaori' lutchuensis 'Minato-no-haru' 'Night Rider' sinensis 'Teabreeze' COPF 'Sweet Emily Kate' 'Sweet Jane' transnokoensis 'Yume'	Family: Theaceae (Tea Family) Plant Type(s): Trees and Shrubs Erect small-leaved shrub; fls fragrant, white/pink blush. 8'+. Pointed red buds, 3" sgl. rose red fls. Red new lvs. To 6'+; small shiny lvs, bronze new growth, frag. cream fls. 6'. Dk green lvs have lt yellow centers. Sgl rose pink fls. Erect habit, glossy lvs, fragrant pink peony-form flowers. Semi-double rose form fls. are dark glossy red. Erect habit. Semi-double, large soft pink cupped fls, shiny green leaves. Snow camellia. Double white rose form, striped rose red. Compact, w/shiny sawtoothed lvs, semi-dbl salmon-red fls. Peacock camellia. Drooping sgl red tubular fls/white mkg. Large deep red peony form flower. Ruffled petals. Weeping habit; large cupped light pink flowers. Pendulous growth, deep red semidouble fls with pale edge. Contorted stems carry single rose red flowers. 6'+. Unusual "fan tip" dark green lvs; pink fls, yellow ctr. 6'+. Unusual "fan tip" dark green lvs; white fls, yellow ctr. 8'. Single 2" rose pink fragrant flowers, small leaves. Graceful, small-leaved species. Fragrant white bells. Deep pink single fls. Graceful, small-leaved, open habit. Very dark red semi-double fls; small lvs, erect habit. Tea. To 6'+. Dark shiny leaves, small white flowers. Graceful habit; small fragrant pink peony-form flowers. Small peony form fl; lt. pink inner, dark pink outer petals. To 15'+; willowy stems, small shiny lvs, fragrant white fls. Single fragrant 3" fls alternate pink and white petals.
CAMISSONIOPSIS CN cheiranthifolia	Family: Onagraceae (Evening Primrose F.) Plant Type(s): Herbaceous Perennials Beach evening primrose. Matting, with grey lvs, yellow fls.
CAMPANULA ME 'Birch Hybrid' garganica 'Dickson's Gold' glomerata 'Alba' glomerata 'Caroline' glomerata 'Joan Elliott' glomerata var. acaulis glomerata var. acaulis 'Snowball' persicifolia--white poscharskyana 'Alba' poscharskyana 'Blue Waterfall' PP#13161 poscharskyana--dark form poscharskyana 'Lisduggan' x pulloides 'Jelly Bells' PP#20843 rotundifolia rotundifolia 'Snowy Bells' 'Sarastro'	Family: Campanulaceae (Bellflower Family) Plant Type(s): Herbaceous Perennials Vigorous, floriferous. Low green clump, purple flowers. Low, clumping. Gold leaves; light blue flowers. Clumping, to 1'. Tight clusters of white flowers. Low green lvs; erect 1' stems w/ tight clusters of pink fls. Large leaves, 1-2' stems, clustered purple flowers. Low, compact; dense clusters of purple flowers. SCN sel. Low, compact; dense clusters of white flowers. Peach-leaved harebell; 2' stems, large white flowers. Serbian bellflower. To 1'h. Near-white star flowers. Serbian bellflower. To 6" h. Large blue star flowers. Serbian bellflower. To 1'h. Dark blue-lilac star flowers. Serbian bellflower. To 1' h. Lavender-pink star flowers. 8". Masses of blue violet bells over low lvs. Great in pots. Low, slender-stemmed plant, violet flowers. SCN sel. Low, slender-stemmed plant, white flowers. Pendant blue purple bells over 2" long; slowly spreading.
CAMPSIS x tagliabuana 'Madame Galen'	Family: Bignoniaceae (Trumpet Vine Family) Plant Type(s): Vines Trumpet creeper; large red, orange & yellow flowers.

Name	Description
CANNA	Family: Cannaceae (Canna Family) Plant Type(s): Tuberous Perennials
'Australia'	5'+. Deep red-purple leaves; vivid orange-red flowers.
'Black Knight'	To 5'+. Dark chocolate leaves; red flowers in summer.
'Blushing Bride'	To 5'+. Green leaves, warm pink fls, fine yellow edge.
x ehemannii	6'. Lush green leaves, pendant dark rose bell flowers.
'Electric Rose'	3-4'. Bright rose pink flowers held over lush green leaves.
'Harvest Moon'	5'+. Lush green leaves; lemon yellow flowers.
'Intrigue'	To 8'+. Purple-tinged leaves, showy orange flowers.
'Jungle Flame'	5'+. Vivid orange fls have narrow petals, lush green leaves.
'Louis Cottin'	4'+. New leaves bronze; apricot fls.
'Mango Melange'	4-5'. Dark green shiny leaves; bright orange red flowers.
'Oiseau de Feu'	To 5'. Large dark green leaves, many bright red flowers.
'Peach Parfait'	To 3'+. Lush green leaves; fls. are shades of peach.
'Pretoria'	To 6'+. Huge yellow-lined leaves, bright orange flowers.
'Ra'	To 5'. Blue-green leaves, bright yellow flowers.
'Red Rocket'	5-6'. Dark green lvs w/ purple veins, flush. Large red fls.
'Red Stripes'	4-6'h. Huge dark leaves, dark red margins. Small orange fls.
'Richard Wallace'	To 5'. Green leaves; bright yellow flowers.
'Rosalita'	5'. Lush green leaves, bright coral pink flowers.
'Spotti'	5'. Wide green leaves; yellow fls speckled red.
'Stuttgart'	5'+. White and green lvs, pale orange flowers. Part shade.
'Sunshine'	5'. Lush green leaves, bright yellow fls, orange flecks.
'Taney'	Water canna. To 6'. Bluish leaves, dark orange flowers.
'Tropical Rose'	3'. Lush green leaves, bright rose pink flowers.
CANNOMOIS	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{SA} grandis	Clumps to 10'. Thick erect culms, drooping fine foliage.
CANTUA	Family: Polemoniaceae (Phlox Family) Plant Type(s): Shrubs
buxifolia 'Hot Pants'--staked	6'+; open habit; clusters of vivid "hot pink" tubular fls.
CAREX	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges
^{NZ} albula 'Frosted Curls'	New Zealand hair sedge; silvery green, 1'+ curly pigtail tip.
brunnea (elegantissima) 'Variegata'	To 1'+; dense clumps; cream-yellow variegated leaves.
^{NZ} comans 'Olive Oil'	Reddish hummocks to 1'. Long trailing stems.
divulsa	Eurasian grey sedge; to 2'; deep green leaves.
dolichostachya 'Kaga Nishiki'	Mounding; green leaves have golden edges.
elata 'Bowles' Golden'	Golden sedge. Dense, to 2'+. Yellow leaves, green centers.
flacca (glauca)	Blue sedge; to 1'+; leaves bright blue-grey, spreading.
laxiculmis 'Hobb' Bunny Blue TM	8-12". Evergreen, slowly spreading. Wide blue-green leaves.
morrowii 'Gold Band'	Wide, green leaves with gold edges have firm texture.
morrowii 'Ice Dance'	Shiny green lvs have cream edges; rhizomatous form.
oshimensis 'Evergold'	8-12" fountain. Soft yellow-variegated leaves.
^{CN} pansa	Low, dense, spreading native sedge. Glossy green leaves.
^{CN} praegracilis	Western meadow sedge. Rhizomatous, lawn substitute.
remota	European meadow sedge. Fine texture, for moist shade.
^{CN} spissa	San Diego sedge. Upright blue grey clumps to 4'+.
^{NZ} tenuiculmis	Clumping, 1'h/2'+w. Shiny bronze leaves with red highlights.
^{NZ} testacea	1'+ sedge. Olive green with orange tips.
^{NZ} trifida 'Rekohu Sunrise' PP#20512	2-3'. Evergreen. Green lvs, gold edges. Weeping habit.
^{CN} tumulicola	10". Dark green narrow leaves. True CA species.
CARPENTERIA	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs
^{CN} californica	Bush anemone. 6-12'h+w. Bushy. Fragrant white flowers.
^{CN} californica 'Elizabeth'	Bush anemone. 8-12'h. Clusters of many white fragrant fls.
CARYOPTERIS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
Hint of Gold PP#20608	2-3'. Yellow leaves, blue flowers midsummer.
CASSIA	Family: Fabaceae (Pea Family) Plant Type(s): Trees to Annuals
^{AU} phyllodinea	5-6'. Narrow silver leaves, yellow fls in spring.
CATANANCHE	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
^{ME} caerulea	Cupid's dart. 2" blue flowers on wiry stems, low leaves.

Name	Description
CAUTLEYA spicata	Family: Zingiberaceae (Ginger Family) Plant Type(s): Herbaceous Perennials Ginger ally; to 2' +; flowers red & yellow.
CEANOTHUS	Family: Rhamnaceae (Buckthorn Family) Plant Type(s): Shrubs and Small Trees
^{CN} 'Blue Cloud'	8-12'h/w. Shiny green leaves; sky blue fls are profuse.
^{CN} 'Blue Jeans'	Round, dense, to 6'. Small dark leaves, lavender fls.
^{CN} 'Blue Ray'	10' high, 15' wide. Dark textured leaves; deep blue fls. SCN.
^{CN} 'Centennial'	1'+x10'. Small dark leaves, vivid blue flowers.
^{CN} 'Concha'	Arching 6', dark narrow lvs; electric blue flowers, spring.
^{CN} cordulatus	Mountain whitethorn. Stiff spreading habit. White flowers.
^{CN} cuneatus--excellent form	Buckbrush. Stiff arching stems, tiny lvs, scented cream fls.
^{CN} 'Dark Star'	6'x12'; small leaves, masses of cobalt-blue flowers.
^{CN} dentatus 'Bluette'	3-5' +, spreading. Small lvs, slender stems, brt blue fls.
^{CN} foliosus 'Berryhill'	3'?; tiny, shiny leaves, small blue flower clusters.
^{CN} 'Frosty Blue'	8'+. Rounded shrub/small tree, blue fls in spring.
^{CN} 'Gloire de Versailles'	To 12'; open habit, large light blue fl clusters. Deciduous.
^{CN} gloriosus 'Anchor Bay'	To 3' h. Dense mound, lg. shiny leaves, lav. fls. in spring.
^{CN} gloriosus 'Heart's Desire'	Pt. Reyes cean.; 6"h/4-6'w, dark shiny leaves, lav-blue fls.
^{CN} gloriosus v. exaltatus 'Emily Brown'	3'h/10'w; mounding; holly-like leaves, purple flowers.
^{CN} gloriosus v. porrectus 'Mt. Vision'	Mounds to 1-2' high, 7' wide. Bright blue fls, rounded lvs.
^{CN} hearstiorum	6"h/10'w. Narrow, textured aromatic lvs, bright blue fls.
^{CN} impressus 'Puget Blue'	To 5' +, spreading. Small puckered lvs, lavender-blue fls.
^{CN} impressus 'Vandenberg'	WGN. 3'. Small-leaved selection. Bright blue flower puffs.
^{CN} 'Joan Mirov'	CA lilac. Dark blue flowers coat 3'h/10'w shrub.
^{CN} 'Joyce Coulter'	4'h/6'w. 3" medium blue fragrant flower clusters.
^{CN} 'Julia Phelps'	6'h/12'w; dense, with small leaves, electric blue flowers.
^{CN} maritimus 'Frosty Dawn'	2'h/3'w. Carpeting habit, greyish lvs., dark blue fl.
^{CN} maritimus 'Pt. Sierra'	2'h/3'w. Carpeting habit, greyish leaves, purple flowers.
^{CN} maritimus 'Valley Violet'	2' high, 4' wide. Vivid violet flowers, compact form.
^{CN} 'Midnight Magic'	3' high/5' + wide. Dark green leaves, deep blue fls. SCN hyb.
^{CN} papillosum [x thyriflorus]	8' high/wide. Small dark grn crinkled lvs, bright blue fls.
^{CN} 'Ray Hartman'	10-20'; large, dark leaves, masses of blue flowers.
^{CN} 'Ray Hartman'--staked columns	10-20'; large, dark leaves, masses of blue flowers.
^{CN} rigidus 'Sapphire'	4-6'. Dark blue fls coat sturdy branches, spring. Small lvs.
^{CN} rigidus 'Snowball'	Low, mounding; dense growth; small white flowers.
^{CN} 'Starbright'	6'+h/w. Dark grn textured 1" lvs, pink buds, vivid blue fls.
^{CN} 'Sunbird'	To 6'h/10'w. Dark shiny lvs, bright blue fls, heavy bloom.
^{CN} thyriflorus 'Arroyo de la Cruz'	WGN selection; mounding to 5'x10'; blue flowers.
^{CN} thyriflorus 'Skylark'	5' dome, late bloom, rich blue flowers.
^{CN} thyriflorus 'Snow Flurry'	6-20'; dense growth, shiny leaves, white flowers.
^{CN} thyr. var. griseus 'Carmel Creeper'	Spreading to 20' +; large shiny leaves, light blue flowers.
^{CN} thyr. var. griseus 'Diamond Heights'	1' high/4-5' wide. Yellow variegated lvs; light blue fls.
^{CN} thyriflorus var. griseus 'Kurt Zadnik'	5' high, 8-10' wide. Broad dark green leaves, deep blue fls.
^{CN} thyr. var. griseus 'Yankee Point'	3-5'h/8'+w. Dark green leaves, medium blue flowers.
^{CN} 'Tilden Park'	3'h/6'+w. Dark green leaves; medium blue flowers, spring.
^{CN} 'Wheeler Canyon'	4'h/8'w, dense; textured leaves, pink buds, blue flowers.
CENTRANTHUS	Family: Valerianaceae (Valerian Family) Plant Type(s): Herbaceous Perennials
^{ME} lecoqii	Valerian; bushy, to 3' +; blue-green lvs, lavender pink fls.
^{ME} ruber 'Albus'	Valerian; bushy, to 3' +; blue-green leaves, white fls.
^{ME} ruber 'Coccineus'	Valerian; bushy, grey-green leaves, profuse red flowers.
^{ME} ruber 'Rosenrot'	Valerian; greyish leaves, heads of rose pink flowers.
CERASTIUM	Family: Caryophyllaceae (Pink Family) Plant Type(s): Herbaceous Perennials
tomentosum	Snow-in-summer; fuzzy grey leaves, white flowers.
CERATOSTIGMA	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Shrubs and Perennials
griffithii	To 2', shrubby; blue-green leaves, sky-blue flowers.
plumbaginoides	Dwarf plumbago; 6-12"h, 4'+w. Intense blue flowers.
willmottianum	Chinese plumbago; 2-4'h/w, dark blue flowers.
CERCIDIPHYLLUM	Family: Cercidiphyllaceae (Cercidiphyllum F.) Plant Type(s): Trees
japonicum Claim Jumper TM	Katsura tree, to 20'. Golden leaves spring-fall.

Name	Description
CERCIS canadensis var. mexicana chinensis chinensis 'Avondale' ^{CN} occidentalis--dark Lake Co. strain	Family: Fabaceae (Pea Family) Plant Type(s): Trees and Shrubs Mexican redbud. Wavy edge leaves, dark pink fls in spring. 8-10'. Rosy pink flowers, lg. heart shaped leaves. To 8't/w. Bright magenta flowers, heart-shaped leaves. Redbud; deep colored magenta flowers, bushy.
CERCOCARPUS ^{CN} betuloides ^{CN} ledifolius	Family: Rosaceae (Rose Family) Plant Type(s): Trees and Shrubs Mountain mahogany. To 10'. Striking creamy seed plumes. Desert mtn. mahogany. White bark, small green lvs, to 10'+.
CESTRUM aurantiacum x cultum 'Cretan Purple' elegans 'Smithii' newellii nocturnum	Family: Solanaceae (Nightshade Family) Plant Type(s): Shrubs Orange cestrum. Lush foliage, tubular orange flowers. 6'+. Floriferous shrub; clusters of violet fls. out-facing. 6-10'. Open, w/oval lvs, drooping clusters of pink flowers. Sim. to C. elegans; dark purple tinged lvs, deep red fls. Night-blooming jasmine. Greenish night-fragrant flowers.
CHAENOMELES 'Cameo' 'Contorta' 'Contorta Orange' 'Kurokoji' 'Pink Lady'	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs Dwarf, spreading habit; large, soft pink flowers. 4-5'. Twisted branches. White & pink tinged flowers. To 2'+. Contorted branches, single orange flowers. Flowering quince. Bushy, with dark leaves, velvety red fls. Low, spreading. Vivid coral pink flowers in spring.
CHAMAECYPARIS ^{WE} lawsoniana 'Barry's Silver' ^{WE} lawsoniana 'Ellwoodii' ^{WE} lawsoniana 'Golden King' ^{WE} lawsoniana 'Imbricata Pendula' ^{WE} lawsoniana 'Pelt's Blue' obtusata 'Chabo-yadori' obtusata 'Fernspray Gold' obtusata 'Filicoides Compacta' obtusata 'Kosteri' obtusata 'Meroke' obtusata 'Nana' obtusata 'Nana Lutea' obtusata 'Split Rock' obtusata 'Wells' Special' pisifera 'Cyanoviridis' pisifera 'Filifera Aurea' pisifera 'Juniperoides Aurea' pisifera 'Minima' pisifera 'Tea Garden Form' pisifera 'Tsukumo' thyoides 'Red Star'	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs 5-6'h/4'w. Feathery, silver white tips/effect. Slow. 6-8'h/3'w. Dense column, bright blue green foliage. 10'h/5'w. Golden new leaves in wide flat sprays. Whipcord Lawson cypress. Grey slender drooping stems. 10'+. Pyramidal form; sprays of deep blue leaves. 5'+. Dense, upright habit; plumose blue-green leaves. 5'+. Arching sprays of gold fern-like foliage, dense. 6'. Dark green branches in flat, vertical fernlike sprays. 3-4'. Dark green foliage looks soft. Pyramidal habit. 3-5'. Golden new growth, erect form. To 3'. Dwarf Hinoki. Round, slow-growing, dark green. To 4'. Dwarf Hinoki. Golden new growth. Pyramidal form to 5'. Blue juvenile lvs, green at maturity. Hinoki cypress; dense, dark green clone. Slow, compact; fluffy blue-green foliage. 8'+. Golden threadbranch cypress. Weeping habit. 3'. Tight golden foliage on dense shrub. Slow-growing, tight; feathery grey-green foliage. Dense, upright-oval shrub; feathery yellow-green foliage. 18". Dense compact mound, dark green lvs. 25'. Columnar, blue green in summer, purple in winter.
CHEILANTHES ^{CN} argentea ^{CN} covillei ^{AU} lanosa ^{AU} sieberi ^{WE} sinuata	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns Silver cloak fern. Dark green fronds, silver undersides. Rock fern. Dense clumps, fuzzy, much-divided fronds. Rock fern from eastern U.S. Soft fuzzy grey-green fronds. Rock fern fr. Australia, New Zealand. Green lvs, dark stems. 6-18". Narrow dark green frilly fronds. Dryland fern.
CHILOPSIS ^{WE} linearis 'Purple Splendour'	Family: Bignoniaceae (Trumpet Vine Fam.) Plant Type(s): Trees and Shrubs Desert willow. Rounded. Large shaded purplish pink fls.
CHIMONANTHUS praecox 'Concolor'	Family: Calycanthaceae (Spicebush Family) Plant Type(s): Shrubs Wintersweet. To 10', yellow fragrant flowers in winter.
CHIMONOBAMBUSA marmorea marmorea 'Variegata'	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos 4-6't. Marbled bamboo. Dense thickets, shiny leaves. Marbled bamboo. Dark slender stems, narrow variegated lvs.

Name	Description
quadrangularis	20-30't. Square-stemmed bamboo. Dense, shiny leaves.
CHIMONOCALAMUS pallens	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Clumper. Upright, with dark green lvs, new stems blue-green.
CHIONOCHLOA NZ flavicans NZ rubra	Family: Poaceae (Grass Family) Plant Type(s): Grasses Tussock grass. To 4'+. Dense dark green clumps. Red tussock grass. To 4'+. Dense red brown clumps.
CHOISYA 'Aztec Pearl' 'Goldfingers' ternata ternata 'Sundance'	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs 4'. Narrow green lvs, white fls. C.arizonica x ternata hybr. 4'. Narrow golden lvs. C. arizonica x ternata hyb. Slow. 6'+. Mexican mock orange. Fragrant white flowers-spring. 6'+. Golden leaves; white flowers in spring.
CHONDROPETALUM (ELEGIA) SA elephantinum SA tectorum SA tectorum--red bract form	Family: Restionaceae Plant Type(s): Restio Allies Dark green clumps to 5'+. Chestnut bracts, dark fls. Tight clumps, dramatic 3-4' rush-like stems, brown fls. 3-4' green stems with especially shiny red-brown bracts.
CHORIZEMA AU 'Bush Flame'	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs UCSC/Koala. Flame pea; green lvs, magenta & orange fls.
CHRYSOCEPHALUM AU 'Silver and Gold'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials UCSC/Koala. Low, fast. Grey lvs, round golden fls.
CHUSQUEA circinata (Arthrostylidium sp.) CH culeou 'Bluebird' CH culeou--typical form CH cumingii gigantea (breviglumis) mimosa pittieri sulcata	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos 10-15'. Dark stems, brushes of narrow lvs, clumping. Dense clumps; blue stems 10-20', hardier than typical. Dense clumps; stems 10-20'h; brushes of dark narrow lvs. 6-10'. Densely held, short, sharp-tipped lvs, may clamber. To 15', arching. Large leafy sprays along yellowish stems. To 15'. Arching reddish stems, elegant sprays of small lvs. To 30'+. Arching stems, many drooping branchlets, 2" lvs. Clumping, to 15'; long, dark drooping leaves.
CISSUS striata--staked	Family: Vitaceae (Grape Family) Plant Type(s): Vines Divided deep green lvs. Glossy dark berries. Evergreen.
CISTUS ME x aguilarii--aka 'Blanche' ME x bornetianus 'Jester' ME x cyprius 'Troubadour' ME x gardianus ME hybridus (corbariensis) ME hybridus 'McGuire's Gold' PP#24535 ME incanus 'LASCA Select' ME incanus ssp. tauricus ME 'Jessamy Beauty' ME ladanifer 'Paladin' ME x obtusifolius ME x purpureus ME salviifolius 'Prostratus' ME 'Santa Cruz' ME x skanbergii ME x stenophyllus ME 'Sunset' ME 'Victor Reiter'	Family: Cistaceae (Rockrose Family) Plant Type(s): Shrubs Upright, to 5'+; leaves w/wavy edges, large white flowers. 3' h/w. Rounded mound; grey green lvs; medium pink fls. 4'. Dark green aromatic leaves, 3" white flowers, red spots. 1'high/2-3' wide. Crinkled grey lvs; 2" brt rose purple fls. 2-5' mound, white fls. with yellow center, green leaves. 2' mound. Vivid yellow leaves. White flowers. 3-4'h/5-6'w. Grey leaves, dark pink fls. Dense. Rockrose, to 3'. Grey green leaves, rose pink flowers. Dark green lvs; large white fls. with red spots. 2'h/6'w. 4'. Dark green aromatic leaves; 3"+ white fls, red spots. 3' high/wide. Masses of 2" white fls. in spring. Orchid rockrose. 4' compact mound. 3" purple flowers. Dense, prostrate rockrose; white fls. bloom spr-summer. 3' compact, grey-leaved; dark pink 2" flowers. 2-3' mound; soft grey leaves, clusters of pale pink flowers. 5-6'. Narrow dark green aromatic lvs; white fls, red spots. Semi-trailing; greyish leaves, dark pink flowers. To 5'h. Erect. Bright salmon-pink fls. have white centers.
CLEMATIS 'Arabella' 'Arctic Queen' armandii armandii 'Hendersonii Rubra'	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Vines and Perennials 4-6', peren. Dark blue fls. fade lighter. Long summer bloom. Double creamy white fls. to 6" wide blm. May-Aug. Evergreen clematis; large shiny lvs, white fragrant fls. Evergreen clematis; masses of light pink fls. in spring.

Name	Description
armandii 'Snowdrift'	Evergreen clematis; large shiny leaves, scented white fls.
'Ascotiensis'	Large lavender-blue fls midsummer to fall.
'Blue Angel' TM	Many pale blue 4" fls w/crinkled edges in summer. Prune low.
'Cardinal Wyszynski'	Many crimson fls, dark anthers. Blm midsummer to early fall.
chrysocoma v. sericea (C. spooneri)	Deciduous species; attractive foliage, profuse white flowers.
'Comtesse de Bouchaud'	Bright mauve-pink 4" flowers bloom July-Sept. To 10'.
'Daniel Deronda'	Semi-double blue purple fls, early spring; single fls. fall.
'Diamantina' TM	Double pom-pom blue flowers, spring and fall.
'Diana's Delight' TM	Shaded 6-7" medium blue fls. Spring, fall blm. Lt. prune.
'Duchess of Edinburgh'	Double white 4" flowers bloom May-Aug. To 8'.
'Elsa Spaeth'	6"+ medium blue fls, long bloom, late spring-fall.
'Ernest Markham'	Hyb. clematis; magenta 4" wide flowers bloom June-Sept.
ME flammula	Lacy leaves, masses of fragrant white flowers, summer.
'General Sikorski'	Floriferous. 6" purple fls, midsummer to fall.
'Gipsy Queen'	Many 6" velvety red-purple flowers, summer-fall.
'Henry'	6"+ large white fls, midsummer to mid-fall.
integrifolia 'Blue Ribbons'	18". Nodding indigo blue fls spring and summer.
x jackmanii	4" profuse dark velvet purple flowers. Jul-Sept.
x jackmanii 'Superba'	4" profuse dark velvet purple flowers. Jul-Sept.
CN Josephine PP#12912	Mauve-pink w/dark midrib, many smaller segments.
CN lasiantha	Chaparral clem; lacy lvs, clustered white fls, fluffy seeds.
CN ligusticifolia	Virgin's bower. 15'+. White fragrant flowers blm. summer.
'Little Mermaid'	4-6'. Semi-double salmon pink fls, spring, fall. Lt. prune.
mandshurica	Perennial, to 4'+. Masses of small white fls in summer.
'Marie Boisselot'	Long blm; white fls to 8" across, early summer to fall.
'Miss Bateman'	5"+ white fls. Free flowering, compact.
montana f. grandiflora	Vigorous; masses of scented white flowers in spring.
montana 'Mayleen'	20". Bronze new growth, scented pink fls. in spring.
montana 'Tetrarose'	Purple-tinged leaves; masses of large rose pink flowers.
'Mrs. Cholmondeley'	Classic variety. 7" lavender blue fls, late spring to fall.
'Mrs. N. Thompson'	Compact. 5-6" purple fls. w/rose stripes in spring, fall.
'Multi Blue'	Large dark lavender blue fls. with central doubled tuft.
'Niobe'	To 10'. Heavy flower prod., long season, deep purple-red.
Petit Faucon TM	2-3'. Rich blue fls, spring-summer. Non climbing.
'Pink Champagne'	Purple-pink 6" open flowers bloom May-June, Aug-Sept.
'Ramona'	Old favorite. 6" pale blue fls, red stamens. Long bloom.
Rebecca TM	Bright red 5-7" flowers spring and late summer. Lt. prune.
recta 'Purpurea'	4-5'. Red bronze leaves, many white fls, summer. Perennial.
'Rhapsody'	Compact, good in containers. 4-5" blue fls. age darker.
'Rouge Cardinal'	5-7" velvety deep red flowers, summer.
'Royalty'	5-6" dbl to semi-dbl purplish mauve flowers. Spring, fall.
Sapphire Indigo TM PP#17012	3-4' h/w. Dark purple 4" flowers age dark blue. Long blm.
tangutica	Dense growth; waxy yellow bells in summer, fluffy seeds.
terniflora	Sweet autumn clem. Masses of fragr. white flowers in fall.
'The President'	Large, deep purple-blue fls, late spring-fall. Compact.
'Victor Hugo'	Violet 3" flowers, free flowering. Summer bloom.
'Victoria'	Old favorite. Rosy mauve 5" fls. fade lighter. Summer bloom.
'Ville de Lyon'	4-6" rosy red flowers, pale petal ctrs. Bloom June-Sept.
ME viticella 'Polish Spirit'	Vigorous, many rich purple-blue 2" fls midsummer-fall.
'Vyvyan Pennell'	Double lilac-lav. blue fls in spring, sgl fls. late summer.
'Will Goodwin'	6" lavender blue fls. w/wavy margins, early summer-fall.

CLERODENDRUM

ugandense

Family: Lamiaceae (Mint Family) Plant Type(s): Trees, Shrubs, Vines
Upright, to 5-10'. Glossy leaves, blue & violet flowers.

CLEYERA

japonica--staked

Family: Theaceae (Tea Family) Plant Type(s): Shrubs
To 10'; large, shiny lvs. Small, ivory, v. fragrant flowers.

COLEONEMA

Corn lily; deep rose-colored flowers. Corn lily; large wavy leaves, tall stems, pink fragrant fls. 3'. Large fragrant fls are pale pink, with darker tips.
CROCOSMIA ^{SA} aurea 'Emily McKenzie' 'George Davidson' 'Lucifer' 'Malahide Castle' 'Paul Bunyan' TM 'Pink Carmin' TM 'Solfatare' 'Twilight Fairy Crimson' ^{SA} 'Vulcan'	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials To 3'; starry flowers are bright yellow orange. To 3'; flowers large, orange with red markings. To 2'+. Golden flowers have orange petal tips. Montbretia; 2-4' stems, sprays of scarlet flowers. 2-3'. Summer flowers in shades of orange. 3-4'. Tangerine orange fls, darker center. Mid-late summer. 2-3'. Bright coral red flowers in summer. 2'. Bronze-green leaves, sprays of warm apricot fls, summer. 16-20". Bronze leaves, red flowers in summer. Compact. 18-24". Compact form. Bright red flowers.
CROWEA ^{AU} exalata x saligna ^{AU} 'Parry's Hybrid'	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs 3-4'. Rounded habit. Narrow green lvs, starry dark pink fls. To 3', spreading. Dark narrow leaves; deep pink fls.
CRYPTOMERIA japonica 'Compressa' japonica 'Kelly's Fastigiata' japonica 'Sekkan-sugi'	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs Dense, round plant to 2'; dark, shiny needles. Narrow green conifer, dark green lvs, fluffy look. To 14'. Upright open habit. Cream new leaves, shoots.
CUPHEA 'David Verity'	Family: Lythraceae (Loosestrife Family) Plant Type(s): Herbaceous Perennials 4-6'. Leafy shrub with masses of tubular orange fls, summer.
CUPRESSUS cashmeriana (darjeelingensis)	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees Kashmir cypress. Elegant tree; weeping blue branches.
CUPRESSUS (HESPEROCYPARIS) ^{WE} arizonica 'Blue Pyramid'	Family: Cupressaceae Plant Type(s): Trees Arizona cypress. To 25'. Dense blue-grey pyramidal habit.

Name	Description
^{CN} guadalupensis ^{CN} macrocarpa ^{CN} macrocarpa 'Aurea' ^{CN} macrocarpa 'Citriodora' ^{CN} macrocarpa 'Saligna Aurea'	40'+. Chalky grey conifer from Guadalupe Island. 25'+h. Monterey cypress. Open habit, dark green leaves. 15'+. Lime yellow conifer, dense "flame shape" habit. Selected form; dense habit, golden foliage, lemon scent. To 30'. Weeping, with cord-like branches, yellow foliage.
CYCLAMEN ^{ME} graecum ^{ME} persicum--selected wild strains	Family: Myrsinaceae (Myrsine Family) Plant Type(s): Tuberous Perennials Low, dense. Beautifully patterned lvs, light pink fls. Old-time cyclamen; large patterned leaves, light pink fls.
CYPELLA coelestis (plumbea v. platensis)	Family: Iridaceae (Iris Family) Plant Type(s): Bulbous Perennials 2' iris-like stems, beautiful lavender blue flowers.
CYPERUS ^{SA} papyrus ^{SA} textilis	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges Papyrus. 6-10'. Good for poolside, containers. Graceful sedge. 4+ stems, umbrella tips.
CYRTANTHUS ^{SA} breviflorus--bright yellow ^{SA} sanguineus ^{SA} suaveolens	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Bright yellow tubular fls, very flared tips, long bloom. Fire lily. 3" bright orange red fls in summer over low lvs. 8". Clusters of tubular dusty dark red fragrant fls, spring.
CYTISUS ^{ME} 'Carla'	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs 5'. Non-seeding broom. Bright rose pink fls, spring.
DABOECIA cantabrica 'Alba' cantabrica 'William Buchanan'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs Irish heath; 2'; dark green leaves, white urn-shaped fls. Irish heath; matting, with rose purple urn-shaped flowers.
DAHLIA 'Aztec Sunshine' coccinea hybrids 'Dark Sun' 'Jungle Blaze' 'Kali' 'Night and Day' 'Night Fire'	Family: Asteraceae (Sunflower Family) Plant Type(s): Tuberous Perennials 5'. Bright yellow fls set on black stems; dark green lvs. To 4'+; dark or green lvs, yellow, red, orange, magenta fls. Dark purplish lvs; large single salmon orange fls. Long blm. 5'+. Dark green leaves, many single, vivid orange flowers. 4'. Many single deep red fls, dark red leaves. Long bloom. 4'+. Many rosy purple flowers with white & yellow center. 4'. Many single violet fls. with red centers, summer-fall.
DAMPIERA ^{AU} trigona 'Purple Wire'	Family: Goodeniaceae (Goodenia Family) Plant Type(s): Shrubs and Perennials 1-2'. Thin bright green stems, vivid blue fls. UCSC/Koala.
DANAE racemosa	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials 3'+. Arching stems with broad shiny green lvs, red berries.
DANTHONIA ^{CN} californica	Family: Poaceae (Grass Family) Plant Type(s): Grasses California oatgrass. Clumping, bright green lvs, dry shade.
DAPHNE Eternal Fragrance TM PP#18361 odora 'Leucanthe' odora 'Maejima' odora 'Marginata'	Family: Thymelaeaceae (Daphne Family) Plant Type(s): Shrubs 2'h/w. White very fragrant flowers in spring, reblooms. Winter daphne; vigorous clone; white & pink fragrant fls. 3'. Wide yellow edging on green lvs. Fragrant pink fls. Winter d. 4'h. Fragrant pink&white flowers, yel-margin lvs.
DARMERA ^{CN} peltata ^{CN} peltata 'Nana'	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials Indian rhubarb; huge umbrella leaves, pink flowers. Dwarf umbrella plant. 20", green umbrella lvs, pink fls.
DASYLIRION ^{WE} longissimum ^{WE} wheeleri	Family: Agavaceae (Agave Family) Plant Type(s): Herbaceous Perennials Mexican grass tree. Long narrow lvs, distinctive habit. 3' crowns, grey lvs,w/spiny edges; tall spikes of cream fls.
DELOSPERMA ^{SA} congestum	Family: Aizoaceae (Carpetweed Family) Plant Type(s): Succulent Perennials Hardy succulent. Tight green clump; bright yellow flowers.

Name	Description
^{SA} Fire Spinner TM	Flat, hardy. Bright fls orange w/ violet then ivory ctr.
^{SA} 'Jewel of Desert Moonstone' PP#23491	Pure white fls tipped yellow in center. Flat mat.
^{SA} 'Jewel of Desert Peridot' PP#23566	Low hardy mat. Small lvs, yellow fls with white center.
^{SA} 'Jewel of Desert Topaz' PP#23492	Matting, hardy. Small lvs, caramel fls with pale center.
^{SA} Mesa Verde TM 'Kelaidis' PP#13876	Salmon pink fls spring-fall. "Jelly bean" leaves, flat mat.
^{SA} 'Orange Wonder' PPAF	Flat growing, green lvs. Bright orange flowers.
^{SA} Red Mountain TM Flame	Vivid red-orange flowers in summer, flat mat.
DENDROMECON	Family: Papaveraceae (Poppy Family) Plant Type(s): Shrubs
^{CN} harfordii	Island bush poppy; 6-10'; grey-green lvs, bright yellow fls.
^{CN} rigida	Bush poppy; to 6'; grey-green lvs, bright yellow fls.
DESCHAMPSIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
cespitosa 'Goldgehaenge'	3' golden flower stems. Compact bright green bunchgrass.
cespitosa 'Northern Lights'	Compact bunchgrass. Short varieg. lvs, tall graceful stems.
DEUTZIA	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs
gracilis 'Nikko'	Dwarf, spreading selection; masses of pure white flowers.
'Magicien'	To 6' arching stems. Large fl. clusters pink w/white edge.
ningpoensis	Masses of pendant white flowers in clusters, spring.
'Rosalind'	To 6'. Slender arching stems, sprays of pink flowers.
scabra--pure white	Pure white flowers in spring on arching stems. To 6', dense.
DIANELLA	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{NZ} 'Blushy'	To 18"+. Narrow, arching cream-variegated leaves.
^{AU} caerulea 'Casitas Springs'	Tight low clumps. Blue-grey lvs, lt. blue fls, purple fruit.
^{AU} caerulea Cassa Blue TM PP#17998	18" clumps. Soft blue lvs, lt blue fls, lav-purple fruits.
^{NZ} intermedia	Turutu; narrow leaves, 2' stems, bright blue berries.
^{AU} tasmanica	To 4'; deep green leaves, light blue fls, dark blue berries.
^{NZ} tasmanica Blaze TM PP#23084	2'. Fans of narrow lvs green in summer, purplish winter.
^{AU} tasmanica 'Yellow Stripe'	To 4'. Yellow striped green leaves; blue berries.
DIANTHUS	Family: Caryophyllaceae (Pink Family) Plant Type(s): Perennials and Annuals
arenarius	Tight mound of narrow lvs, feathery white flowers, spring.
cruentus	Flower stem to 2', dense round head of dark cerise flowers.
^{ME} myrtinervis	Flat mat, with slender stems, vivid hot pink fls.
pavonius	Low mound, single bright pink fragrant fls, spring.
DIASCIA	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Herbaceous Perennials
^{SA} integerrima Coral Canyon TM	12-18". Brt coral fls in spikes. Spreading. Great edging.
DICENTRA	Family: Papaveraceae (Poppy Family) Plant Type(s): Herbaceous Perennials
^{CN} 'Adrian Bloom'	Bleeding heart. Blue-green leaves, pink fls, spicy scent.
^{CN} 'Bacchanal'	Bleeding heart. Vivid deep rose color fls, spicy scent.
eximia 'Alba'	Bleeding heart. Fernlike foliage, white flowers.
^{CN} formosa 'Tuolumne Rose'	Western bleeding heart; ferny foliage, rose pink fls, scent.
'Langtrees'	Soft blue grey lvs; white flowers. Floriferous.
'Luxuriant'	Densely clumping, floriferous. Large dark rose fls.
DICHELOSTEMMA	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
^{CN} capitatum--Santa Cruz Is. giant	To 3'. Large clusters of lavender blue fls in spring.
^{CN} multiflorum	Wild hyacinth. Tight clusters of lav. blue fls, spring.
DICHONDRA	Family: Convolvulaceae (Morning Glory F.) Plant Type(s): Herbaceous Perennials
sericea	Tight, low spreading mat; roundish very silver lvs. Evergrn.
DICHROA	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs
febrifuga	4-6'. Evergreen, dense. Clusters of blue fls, purple fruits.
DICKSONIA	Family: Dicksoniaceae (Dicksonia Family) Plant Type(s): Ferns
^{AU} antarctica	Tasmanian tree fern; 10-20'; neat vertical green fronds.
DIERAMA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} pendulum var. robustum	Grass-like 2' lvs. 3-4' wand holds broad pink hanging fls.

Name	Description
^{SA} pendulum var. robustum--white	Grassy-bell. Broad white flowers, stiff leaves.
^{SA} pulcherrimum 'Merlin'	Fairy wand. Large dark red purple fls on drooping stems.
^{SA} pulcherrimum--Slieve Donard strain	Fairy wand; large rose to deep reddish purple bells.
^{SA} pulcherrimum 'Summer Snow'	Fairy wand; large snowy white bells on arching stems.
^{SA} pulcherrimum x pauciflorum	Dwarf. Leaves to 12"; up-facing pink bells.
DIETES	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{SA} bicolor 'Liz's Selection'	Sturdy clumps to 2'. Creamy yellow fls, maroon petal spots.
^{SA} iridioides--gold variegated	3'. Green lvs with irregular yellow stripes; white flowers.
^{SA} iridioides 'Variegata'	Fortnight lily. Creamy-striped leaves, white & lav. fls.
^{SA} 'Wessel's Magic'	3'+. White fls with blue & yellow markings. Wide green lvs.
DIGITALIS	Family: Plantaginaceae (Plantain Family) Plant Type(s): Perennials to Annuals
^{ME} dubia	Foxglove. 12". Grey leaves, pale pink fls.
Goldcrest PP#20937	18". Dark green shiny leaves, apricot flower spikes, spring.
x mertonensis	Perennial foxglove; 2-3' stems; large dark pink flowers.
^{ME} obscura	Shrubby foxglove, to 20". Burnt orange fls. in spikes.
^{ME} trojana	2'+. Glossy green leaves. Spikes of cream/tan flowers.
DISTICTIS	Family: Bignoniaceae (Trumpet Vine Family) Plant Type(s): Vines
buccinatoria	12'+. Yellow throat, orange-red flowered trumpet vine.
DORONICUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
orientale 'Leonardo TM Compact'	Leopard's bane. 6-8". Many yellow daisies, early spring.
DORYCNIUM	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs
^{ME} hirsutum	2'+ mound. Furry grey leaves, small pale pink pea flowers.
DREPANOSTACHYUM	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
khasianum	12'. Clumping. White and maroon bands on internodes.
sengteanum (falconeri)	To 20', with slender stems, pendant narrow lvs, clumping.
sengteanum 'Ocean Spray'	Slender stems, darker green lvs, better winter tolerance.
DRIMYS	Family: Winteraceae (Winter's Bark Family) Plant Type(s): Trees and Shrubs
^{AU} lanceolata	To 10'+; dark red bark, narrow deep green leaves.
DRYOPTERIS	Family: Dryopteridaceae (Wood Fern Family) Plant Type(s): Ferns
erythrosora	Autumn fern; 1'; glossy; new fronds bronze.
DUDLEYA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
brittonii	1'+. Broad silvery-white rosette, succulent leaves. Baja.
^{CN} caespitosa	Dense clusters of succulent rosettes, yellow fls. Spreading.
^{CN} cymosa	Live-forever; succulent rosettes, red to yellow flowers.
^{CN} cymosa ssp. pumila	Petite grey to reddish rosettes, red to yellow flowers.
^{CN} edulis	Live-forever. Succulent green rosettes, cream fls.
^{CN} farinosa	Cliff lettuce. Green rosettes in clumps. Pale yellow fls.
^{CN} hassei	Live-forever; tightly clumping, cylindrical greyish leaves.
^{CN} lanceolata	Rosettes of narrow grey-white lvs; yellow fls.
^{CN} pulverulenta	Large crowns; broad, whitish, succulent leaves.
DYCKIA	Family: Bromeliaceae (Pineapple Family) Plant Type(s): Herbaceous Perennials
'Grape Jelly'	Prickly bromeliad, deep burgundy lvs. Orange fls, summer.
'Morris Hobbs'	4' fl. stems, orange fls. Prickly purplish succulent lvs.
'Pale Ryder'	1-2' rosette with narrow, silvery leaves w/sharp prickles.
ECHEVERIA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
'Afterglow'	12"+ rosettes with pinkish lavender lvs, rosy edges.
cante	12" high. Broad blue green rosette. Golden orange fls.
'Imbricata'	Broad blue-grey rosettes, pink edges. Coral/yellow fls.
ECHINACEA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
purpurea 'Magnus'	Purple cone flr; 2-4'; large red-purple flowers.
purpurea 'White Swan'	Cone flower; 2-4'; large white "daisies", orange cones.

Name	Description
ECHIUM ME fastuosum ME fastuosum 'Cielo del Sur' ME wildpretii	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs, Peren., Annuals Pride of Madeira; huge purple flower spikes. To 5'x8'. Long grey leaves, towers of bright blue flowers. Tower of jewels; massive pink flower spikes. Biennial.
EDGEWORTHIA chrysantha 'Akebono' chrysantha 'Gold Rush' COPF	Family: Thymelaeaceae (Daphne Family) Plant Type(s): Shrubs Clusters of warm orange fls on bare stems, early spring. Daphne-like. Grey-green lvs, clusters fragrant yellow fls.
ELEGIA SA capensis SA capensis 'Ginny's Giant' SA fenestrata SA fistulosa SA juncea	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies 5-8'h. Erect wiry green stems in thick clumps. 6-8'h. Large bracts on erect "horsetail" stems. Clumping. Dense erect clumps of wavy deep green stems; dark fls. 4-5'. Erect smooth dark green stems, golden flowers. 2'. Thin greyish green stems form dense clumps; gold fls.
ELEOCHARIS radicans	Family: Cyperaceae (Sedge Family) Plant Type(s): Rushlike Sedges Spreading, w/2-3" erect bright green stems. Needs moisture.
ELYMUS magellanicus--upright form	Family: Poaceae (Grass Family) Plant Type(s): Grasses Wide, shiny silver blue lvs. on a densely clumping grass.
ENCELIA CN californica 'El Dorado' CN farinosa	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs 2-3'. Clear yellow daisies on loose mound; spring-summer. Brittlebush. Oval silver leaves; bright yellow daisies.

Wide grey leaves, spreading stems. Scarlet flowers. California fuchsia. Bright grey lvs, tubular scarlet fls. 3-5'. Spreading. Bright orange fls, grey leaves. Long bloom. 8"+. Broad, bright grey leaves, orange-red tubular flowers. Matting; very narrow grey-green leaves, scarlet flowers. 1-2'. Greyish green lvs; scarlet fls. summer. RSABG intro. Wide cream edges on grey lvs; salmon orange flowers. To 1' high, spreading. Bright grey leaves, scarlet flowers. Calif. fuchsia; 1'+, bushy; many scarlet flowers. 6" high. Bright orange fls, summer. Plant Select. Calif. fuchsia; low habit, many brilliant scarlet fls. Calif. fuchsia; low mound, silvery leaves, scarlet fls.
EPIEDIUM x cantabrigiense davidii grandiflorum 'Rose Queen' leptorrhizum x perralchicum 'Frohnleiten' pinnatum ssp. colchicum pubigerum 'Orangekoningin' x rubrum	Family: Berberidaceae (Barberry Family) Plant Type(s): Herbaceous Perennials Pink-brown & yellow spring fls on 1' stems. Divided lvs. To 2'. Evergreen lvs, wiry stems. Yellow flowers, spring. Carpeting per.; divided leaves, pink flowers. 6-8". Evergreen. Veined leaves, rose pink flowers. Divided lvs. with wiry stems; large yellow fls. Wiry stems; broad, divided leaves; yellow flowers. Wiry stems, delicate leaves. Golden fls, spring. Lush carpets; bronze-tinged leaves; pink flowers.
EPIPACTIS CN gigantea	Family: Orchidaceae (Orchid Family) Plant Type(s): Herbaceous Perennials Stream orchid. Purple & green fls. CA native.
EQUISETUM hyemale var. robustum scirpoides	Family: Equisetaceae (Horsetail Family) Plant Type(s): Fernlike Perennials Horsetail. To 6'+. Stiff, upright, jointed stems. Miniature horsetail; 6" wiry, jointed stems, spreads.
ERICA carnea 'Loughrigg' carnea 'Purple Beauty' carnea 'Springwood White' x darleyensis 'Arthur Johnson' vagans 'Mrs. D.F. Maxwell'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs and Small Trees Low mound; dark green leaves, dk pink fls. winter-spring. Low, mounding; dark green lvs; dark purple fls, summer-fall. Low, mounding; dark green lvs; white fls. winter-spring. Low, widely spreading; bright pink flowers. Cornish heath. Low,dense; dark leaves, massed pink flowers.

Name	Description
^{SA} versicolor	4'+. Green needle lvs, red flowers with green tips, summer.
^{SA} verticillata	3-4'. Dark green narrow lvs; purplish pink fls. fall-winter.
^{SA} 'Winter Fire'	3-4'. Green needle lvs, bright red fls, winter-spring.
ERICAMERIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{CN} ericoides	Mock heather. Tiny grn lvs; bright yellow fls summer-fall.
ERIGERON	Family: Asteraceae (Sunflower Family) Plant Type(s): Perennials and Annuals
^{CN} glaucus 'Sea Breeze' PP#12076	Beach aster, tight clumps with bright rose-lavender flowers.
karvinskianus 'Profusion'	Trailing, slender stems; narrow leaves, white flowers.
x moerheimii	Low, mounding hbd; narrow leaves, lavender pink flowers.
^{CN} 'W. R.'	E. glaucus hbd; sprays of lavender flowers, long bloom.
ERIODICTYON	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs
^{CN} californicum	Yerba santa. 3-6'. Shiny dark green leaves, lilac fls.
ERIOGONUM	Family: Polygonaceae (Buckwheat Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} x blissianum	Hybrid to 3'. Grey lvs, white flat flower heads, summer.
^{CN} fasciculatum var. foliolosum	California buckwheat. To 2'+. Green lvs, many white flowers.
^{CN} fasciculatum var. polifolium	2'. Buckwheat. Grey narrow leaves, cream fl. heads. Erect.
^{CN} fasciculatum 'Warriner Lytle'	Low, carpeting. Narrow grey-green leaves, cream flowers.
^{CN} giganteum	5'+h/w. St. Catherine's Lace. Cream fl. head, oval grey lvs.
^{CN} grande var. rubescens	Red buckwheat; blue-grey leaves, bright rose pink flowers.
^{CN} latifolium	Chalk buckwheat. Grey leaves, round pinkish cream fl. heads.
^{CN} parvifolium 'Moss Landing'	Dense 2' mound; dark green lvs, masses of light pink fls.
^{CN} 'Rosy Cushion'	Rounded 5" tight mound. Rosy pink fls in tight heads.
^{CN} umbellatum [var. colvillei]	Low silvery leaves; bright yellow fls. on slender 6" stems.
^{CN} umb. polyanthum 'Shasta Sulfur'	Sulfur buckwheat; low green mound, bright yellow flowers.
^{WE} umbellatum [var. subalpinum]	Spreading flat green mat; cream fls. on 4-5" stems, spring.
^{CN} wrightii var. subscaposum	Native mat/low mound. Narrow grey leaves, lacy fl clust.
ERIOPHYLLUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} confertiflorum 'Lucia's Gold'	Golden yarrow. 2'h/w. Yellow fls, spring-summer. Grey lvs.
^{CN} lanatum 'Siskiyou'	1' high/4' wide. Grey green mat, many bright yellow daisies.
^{CN} staechadifolium	2'. Lizard tail. Aromatic grey lvs; yellow daisies in heads.
ERODIUM	Family: Geraniaceae (Cranesbill Family) Plant Type(s): Perennials and Annuals
^{ME} chamaedryoides 'Bishop's Form'	Cranesbill. Matting, green lvs, large rose pink flowers.
^{ME} cheilanthisfolium	Cranesbill; silvery, dissected lvs., white/lavender fls.
^{ME} chrysanthum	Cranesbill; silvery, dissected leaves, yellow flowers.
ERYNGIUM	Family: Apiaceae (Carrot Family) Plant Type(s): Perennials and Annuals
alpinum 'Blue Star'	Broad dk green basal lvs, thistle-like heads, lav-blue fls.
'Big Blue' PP#20636	30". Low green lvs, blue stems, 4" blue bracts, prickly fls.
planum 'Blaukappe'	To 2'. Basal lvs.; steely blue stems & round flower heads.
x zabelii 'Neptune's Gold' PPAF	2'. Yellow to lime green lvs, steely blue fls, summer.
ERYSIMUM	Family: Brassicaceae (Mustard Family) Plant Type(s): Perennials to Annuals
'Bowles' Mauve'	Wallflower. 3' mound, lavender purple fls. spikes.
^{CN} concinnum	Wallflower. Fragrant cream yellow fls, spring.
Glow TM 'Golden' PPAF	8"h/12"w. Mounding, with bright yellow fragrant fls, spring.
ERYTHRINA	Family: Fabaceae (Pea Family) Plant Type(s): Trees and Shrubs
x bidwillii 'Red Showers'	Herb Kelly selection. Coral tree, many bright red flowers.
crista-galli 'Red Lights'	SCN. Cockspur coral tree; vivid red fls, dark green lvs.
ESCALLONIA	Family: Escalloniaceae () Plant Type(s): Shrubs
bifida--compact form	To 5'+, bushy; dark shiny leaves, white flowers.
'Compacta'	Dense, mounding, to 3'; bright pink flowers.
'Fradesii'	Frades escallonia. 5-6' h + w. Pink flowers, glossy lvs.
'Iveyi'	5-6'. Deep green lvs; full clusters of pure white flowers.
laevis	Glossy lvs, pink buds, white fls in full clusters. Fast.
^{CH} rubra	6-15', glossy dark green leaves, red flower clusters.

Name	Description
ESCHSCHOLZIA CN californica [var. maritima]	Family: Papaveraceae (Poppy Family) Plant Type(s): Perennials and Annuals CA poppy. Low, blue-grey lvs; yellow fls, orange centers.
EUCOMIS SA autumnalis--purple leaf form SA comosa 'Sparkling Burgundy'	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Pineapple lily; wavy-edged dark purplish lvs, fls. w/dk crown. Pineapple lily; glossy red-purple leaves, spike/starry fls.

Needle lvs, new growth flushed purple. Spreading. 4', peren. Upright. Narrow green lvs. Vivid orange flowers. To 3'+; dark, narrow green lvs. w/red edge, chartreuse fls. 18". Cream edge on green leaves; reddish new growth. Low dome to 12". Long bloom, green fls w/red ctr. 2-3'. Erect succulent blue green stems, yellow fls. 8-12" stems in central crown. Blue-grey lvs, chartreuse fls. Moroccan mound. 2'. Succulent knobby blue-grn columns.
EURYOPS SA tysonii SA virgineus	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs 3' mound. Small green lvs; many yellow fls summer-fall. 4-5'. Tiny green lvs, flexible stems; bright yellow flowers.
FARFUGIUM japonicum 'Crispatum' japonicum 'Giganteum' japonicum 'Green Dragon'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Large, thick green lvs with crimped, ruffled edges. Rounded glossy green leaves with curled edges, yellow fls. 2'+. Darkest green lvs have distinctive irregular texture.
FARGESIA adpressa angustissima dracocephala 'Rufa' murielae nitida papyrifera robusta	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos 15'+. Open clumps with purplish green culms. 15'+. Arching pinkish culms w/ many narrow lvs. Clumping. To 10'+. Red orange leaf sheaths, deep green lvs, clumping. Umbrella bamboo; 8'+; dense brushes of leaves. 6-12'. Slender stems, blue-green leaves. New generation. To 10'+, clumping. Blue-green stems, large sprays. 10'+. Clumping, upright. Dark green culms, white sheaths.
X FATSHEDERA lizei	Family: Araliaceae (Ivy Family) Plant Type(s): Shrubs Upright to 5'+. Green leaves. Fatsia x hedera hybrid.
FEIJOA sellowiana sellowiana 'Unique'	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs Pineapple guava. Evergreen 10-18'. Red & white edible fls. Pineapple guava; to 8', self-fruitful, red flowers.
FERULA ME [communis]	Family: Apiaceae (Carrot Family) Plant Type(s): Herbaceous Perennials Low lacy green lvs, balls of yellow fls. on 5' stems.
FESTUCA amethystina 'Superba' CN californica CN californica 'Gabilan Blues' glauca 'Beyond Blue' PP#23307 glauca 'Elijah Blue'	Family: Poaceae (Grass Family) Plant Type(s): Grasses Dark blue-green foliage, 1-2' flower stems hold silver fls. Dense clumps to 2', deep green lvs, fl. stems to 4'. Seed strain with blue grey lvs; densely clumping. Blue fescue. Fine blue lvs in dense tuft. 8"+. Blue fescue. Med. textured soft powdery blue foliage.

Name	Description
<i>glauca</i> 'Siskiyou Blue'	Bunchgrass. Bright blue-green leaves, delicate flowers.
^{WE} <i>idahoensis</i> 'Clearwater Blue'	Idaho fescue. Dense clumps of bright blue lvs, airy fls.
^{CN} <i>idahoensis</i> 'Muse Meadow'	Dense clump. Fine blue-green leaves, silvery flowers.
^{CN} <i>idahoensis</i> 'Stony Creek'	Tilden Bot. Garden intro. 2'+, brightest blue leaves.
^{CN} <i>idahoensis</i> 'Tomales Bay'	Deep blue green bunchgrass; airy fls. in spring.
^{CN} <i>idahoensis</i> 'Warren Peak'	Compact tufts. Blue leaves, shiny stems & flower heads.
<i>mairei</i>	Atlas fescue. 2-3'. Narrow light green lvs, tidy clumps.
^{CN} <i>rubra</i> 'Jughandle'	Short sturdy stems form thick tuft. Chalky blue-green fls.
^{CN} <i>rubra</i> 'Molate'	8-10". Clumping, spreads slowly. Fine blue-green leaves.
^{CN} <i>rubra</i> 'Patrick's Point'	Creeping red fescue. Blue green lvs form loose mat.
FICUS	Family: Moraceae (Mulberry Family) Plant Type(s): Shrubs
<i>afghanistanica</i> 'Silver Lyre'	Afghan fig, to 12'. Cut silvery leaves, dense habit. Fast.
<i>carica</i> 'Lattarula'	Italian honey fig, to 10'. Sweet yellow fruits in summer.
<i>carica</i> 'Little Miss Figgy' PPAF	4-6'. Dwarf fig. Edible purple fruits. Ornamental leaves.
<i>carica</i> 'Little Ruby'	4-6'. Dwarf fig, slow. Red fruits. Great container plant.
<i>carica</i> 'Olympian'	4-8'. Hardy fig, with purple sweet fruits. Good on coast.
<i>carica</i> 'Violet de Bordeaux'	Negronne fig. 6-10'. Sweet dark fruits, can bear 2x a year.
<i>carica</i> x <i>pumila</i> --staked	Scandent shrub to 4-6'+. 3-4" lobed lvs, evergreen.
<i>pumila</i> (repens)--staked	Creeping fig. Heart shaped leaves turn oblong.
FRAGARIA	Family: Rosaceae (Rose Family) Plant Type(s): Herbaceous Perennials
'Chaval'	Lush carpet. Dark green foliage. White fls.
^{CN} <i>chiloensis</i> 'Green Pastures'	Trailing, with slender stems, small deep green leaves.
'Mara des Bois'	Everbearing, spreading strawberry. Red fruits.
<i>vesca</i> 'Alexandria'	Alpine strawberry. Clumping, white fls, tasty red fruits.
<i>vesca</i> 'Golden Alexandria'	Alpine strawberry. Golden lvs, red berries, white fls.
<i>vesca</i> 'Mignonette'	Alpine strawberry. Clumping, white fls, aromatic red fruits.
<i>vesca</i> 'Reine des Vallees'	Heirloom alpine strawb. White fls, tasty red fruits. Clumps.
^{CN} <i>vesca</i> ssp. <i>californica</i>	California form of alpine strawberry. Spreading groundcover.
<i>vesca</i> 'Yellow Wonder'	Alpine strawberry. Clumping, white fls, lt yellow fruits.
FRANCOA	Family: Melianthaceae (Honey Flower Fam.) Plant Type(s): Herbaceous Perennials
^{CH} <i>appendiculata</i>	Clumping, with pale green lvs. Tall stems, lt. lavender fls.
^{CH} <i>ramosa</i>	Tight clumps; scalloped leaves, 2' stems, white flowers.
FREMONTODENDRON	Family: Sterculiaceae (Malvaceae) Plant Type(s): Trees and Shrubs
^{CN} 'California Glory'	Flannel bush; 20'+ h/w. 3" cupped yellow flowers.
^{CN} <i>californicum</i>	Flannel bush; 8-20'; fuzzy leaves, yellow flowers.
^{CN} 'Ken Taylor'	Low-growing selection; orange-tinged flowers.
^{CN} 'San Gabriel'	Fremontia. To 30'. Deep lobed leaves. Golden flowers.
^{CN} 'Sungold Hybrids'	Variable forms. 1-5'h/4'+w. Gold/tawny orange fls.
FUCHSIA	Family: Onagraceae (Evening Primrose Fam.) Plant Type(s): Shrubs
'Campo Molina'	Hardy fuchsia. Dense growth, dainty crimson/purple fls.
<i>campos-portoi</i>	To 3'. Narrow leaves, fls. bright pink w/purple petals.
'Galfrey Lye'	4'. Light pink fls w/rose red "skirts". Mite resistant.
'Gartenmeister Bonstedt'	2-3't. Bright red-orange 2" tube flowers. Red-green lvs.
^{CH} <i>glazioviana</i>	6'+h/w. Narrow 1" long leaves, dainty purple&pink flowers.
^{CH} <i>magellanica</i> 'Aurea'	3-4'. Vivid gold & green leaves; light pink & lav. flowers.
^{CH} <i>magellanica</i> 'Hawkshead'	3-4'. Green leaves, many dainty white flowers.
^{CH} <i>magellanica</i> 'Pumila'	2-3't. Narrow 1" long lvs. Masses 1-1/2" purple & red fls.
^{CH} <i>magellanica</i> var. <i>molinae</i> 'Sharpitor'	6-8't. Cream variegated lvs., dainty soft pink fls.
^{NZ} <i>procumbens</i>	Low mat. Roundish leaves, pale orange fls, lg. red fruits.
<i>thymifolia</i>	3-8'. Bushy, hardy fuchsia. Tiny magenta-pink flowers.
<i>thymifolia</i> 'Variegata'	To 3'. Trailing, hardy. Variegated leaves, tiny magenta fls.
GAILLARDIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
x <i>grandiflora</i> 'Mesa Peach' TM	Blanket flower. 18". Many peach and golden flowers.
GALIUM	Family: Rubiaceae (Madder Family) Plant Type(s): Herbaceous Perennials
^{ME} <i>odoratum</i>	Sweet woodruff; trailing, narrow leaves, small white fls.
GALVEZIA (GAMBELIA)	Family: Plantaginaceae (Plantain Family) Plant Type(s): Shrubs
^{CN} <i>speciosa</i> ['Boca Rosa']	3'. Bushy, many red "snapdragon" fls, light green leaves.

ME x hybridus 'Red Lady'	Upright stems with many cupped pinkish red fls.
ME x hybridus 'Ruby Wine'	Winter Jewels series. Deep pinkish red flowers.
ME x hybridus 'Snow Dancer'	Bold evergreen leaves, large white flowers, winter.
ME x hybridus 'White Pearl'	Winter Jewels series. Large white flowers.
ME Ivory Prince PP#16199	18". Pink bud, creamy out-facing flowers, winter-spring.
ME lividus	1'+. Leaves with silver markings; pinkish green flowers.
ME x sternii 'Boughton Beauty'	2-3', toothed marbled leaves, pink flush on yellow fls.
ME x sternii 'Silver Dollar'	1-2', silvery leaves; pink buds, green fls, early spring.
ME 'White Magic'	Hellebore; broad, smooth leaves, white flowers.

Name	Description
HEMEROCALLIS	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
'Adrienne's Surprise'	2'. Light rose pink with darker markings.
'Arctic Snow'	2'. Creamy white, ruffled flowers over wide leaves.
'Aztec Chalice'	3'. Bright red fls over wide leaves, floriferous. Evergreen.
'Berrylicious'	Semi-evergreen. Red flowers with dark eye, edges.
'Betty Woods'	Evergreen, to 2'. Double yellow fls, long bloom.
'Buttercup Parade'	1-2'. Cupped lemon yellow flowers, firm texture.
'By Myself'	2-3'+, broad-petalled flowers of deep gold.
'Christmas Candles'	2-3'; broad-petalled, ruffled bright yellow flowers. Decid.
'Coming up Roses'	Rose pink flowers over lush, wide green leaves. Evergreen.
'Cranberry Baby'	Dwarf, floriferous; cranberry-colored fls. Semi-evergreen.
'Cranberry Eyes'	SCN. Dwarf, evergreen. Peach fls with cranberry centers.
'Frank Gladney'	Medium height; huge peach-pink flowers. Evergreen.
'Gentle Shepherd'	Evergreen hbd. Stems to 3', large cream-white flowers.
'Green Dragon'	3'h fl. stms. Pale green sepals+yellow petals. Semi-evergrn.
'Hearts of Fire'	2'+. Deep red flowers have green throat, ruffled edge. Evgrn.
'Hidden Riches'	2'. Bright lemon yellow fls. with frilled edges. Evergreen.
'Hyperion'	4" bright yellow flowers on 3' flower stem. Fragrant.
'Icecap'	Prolific, w/stems to 3'. Large cream flowers.
'Janice Brown'	Semi-evergreen, to 2'. Baby pink 4" fls, raspberry center.
'Java Sea'	Many 4" bright yellow flowers on 3' flower stem.
'Joan Senior'	2'. Large near white flowers, green throat. Evergreen.
'Little Miss Sunshine'	Seedling of 'Stella d'Oro'; more floriferous. Evergreen.
'Mister Lucky'	2-3'; ruffled brick red fls, maroon halo, green ctr. Evgrn.
'Mountain Violet'	2-3'; large, fragrant flowers; red-violet.
'My Reggae Tiger'	2'. Large vivid orange flowers with red centers.
'Orange Empire'	2-3'. Ruffled orange flowers, semi-evergreen.
'Snowy Eyes'	2'. Palest yellow flowers with purple center.
'Spacecoast Bold Scheme'	Peach fls, dark red-violet ctr, petal edges. Semi-everg.
'Stella d'Oro'	Dwarf. Free-blooming selection, bright yellow flowers.
'Sun's Face'	2'. Bright round gold flowers. Evergreen.
'Tropical Sherbet'	Dwarf habit; flower color pale peach.
'White Zircon'	3'; large, fragrant cream-colored flowers. Semi-evergrn.
'Wild Mustang'	2'. Rounded peach ruffled petals, reddish eye.
HEPTACODIUM miconioides	Family: Caprifoliaceae (Honeysuckle Family) Plant Type(s): Shrubs 10'+shrub. Shiny green lvs, white fls, showy pink fruits.
HERMANNIA ^{SA} flammae ^{SA} verticillata	Family: Sterculiaceae (Malvaceae) Plant Type(s): Shrubs 2' shrub. Orange red bells on upright stems. Honeybells; trailing under 2' high. Fragrant yellow bell-fls.
HESPERALOE parviflora parviflora--yellow	Family: Agavaceae (Agave Family) Plant Type(s): Herbaceous Perennials Red yucca. Dense clumps of grey leaves, coral red fls. Yellow fl. form of red yucca. Dense clumps of grey leaves.
HETEROCENTRON elegans	Family: Melastomataceae (Melastoma Family) Plant Type(s): Herbaceous Perennials Spanish shawl; lush mat; flowers deep magenta.

Deep reddish purple leaves, bright pink flowers. Shiny dark green lvs form mat; bright rose red fls. Low. SBBG. Dwarf hybrid. Rose-pink fls, small shiny green lvs. Dwarf. Small lvs form low mat; glittering pink & white fls.

Name	Description
^{CN} 'Canyon Melody' PP#13276	SBBG hybrid. Dwarf. Bright pink buds, tiny white petals.
^{CN} 'Canyon Pink'	SBBG. Dwarf hybrid; flowers pink with white centers.
^{CN} elegans 'Bella Blanca'	RSABG intro. Dwarf cushion, stems to 8", pure white flowers.
^{CN} 'Frosted Violet' PP#15085	Large purple lvs flushed silver, with dark veins. Pink fls.
^{CN} 'Genevieve'	RSABG hybrid; marbled leaves; stems 2'+; deep pink flowers.
^{CN} hirsutissima 'Santa Rosa'	Dwarf species; small leaves, red stems, small white flowers.
^{CN} maxima	Island alum root; large leaves; 2'+ stems, white flowers.
^{CN} micrantha	Tight low mat; clouds of tiny white fragrant fls, red stems.
^{CN} micrantha 'Martha Roderick'	Bright green lvs; 2'+ stems, lacy clusters of tiny pink fls.
^{CN} 'Obsidian' PP#14836	10". Shiny deepest purple leaves. Tiny white fls.
^{CN} 'Old La Rochette'	H. maxima hybrid. Large bold lvs. 2' stems, light pink fls.
^{CN} 'Pearl Blush'	Large leaves, 2' stems of cream fls from soft pink buds.
^{CN} 'Plum Pudding'	8". Silvery purple lvs, dark veins. White fls.
^{CN} 'Rosada'	Large green lvs, warm pink flowers on 2' stems.
^{CN} rubescens	Matting, with dark green lvs; white fls. on red stems to 8".
^{WE} sanguinea 'Firefly'	Coral bells; dwarf, floriferous; red flowers.
^{CN} 'Susanna'	RSABG intro. 2-3'. Dark red flowers on tall stems.
^{CN} villosa 'Brownies' PPAF	Large chocolate/green leaves, purple undersides.
^{CN} 'Wendy'	RSABG hybrid; stems 2'+; light pink flowers.
HEUCHERELLA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
'Blue Ridge' PP#22169	Striking silvery green lvs, burgundy veins. White fls.
HIBANOBAMBUSA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
tranquillans 'Shiroshima'	Elegant, slender-stemmed bamboo; cream-variegated leaves.
HIBBERTIA	Family: Dilleniaceae (Dillenia Family) Plant Type(s): Shrubs
^{AU} aspera	To 2'h/3'w. 1/2" bright yellow flowers year round.
HIBISCUS	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs
^{CN} lasiocarpus var. occidentalis	4-6' stems, soft green lvs, white fls w/red centers. Peren.
HIMALAYACALAMUS	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
asper (Neomicrocalamus)	Bamboo with slender reddish stems, clouds of narrow leaves.
falconeri 'Damarapa'	30'. Blue-green leaves. Pink&yellow stripes on new culms.
hookerianus 'Teague's Blue'	Blue bamboo. Dark stems, lacy blue-green lvs. Clumping.
porcatus	Nepalese blue bamboo. Tight clump, w/pale culms.
HIPPEASTRUM	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
papilio	Butterfly amaryllis. Lg green/ivory fls, bold red markings.
HOLODISCUS	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
^{CN} discolor	Sea foam. Veiny lvs, pendant airy cream fl clusters.
^{CN} microphyllus var. glabrescens	2-3'. Dense. Draping plumes of creamy fls. turn rusty.
HOSTA	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
'Corralitos Moon'	Plantain lily; large, broad, creamy yellow leaves.
HOULTUYNIA	Family: Saururaceae (Lizard's Tail Family) Plant Type(s): Herbaceous Perennials
cordata 'Chameleon'	Matting, with bright yellow, pink & green leaves.
HUMULUS	Family: Cannabaceae (Hemp Family) Plant Type(s): Vines
lupulus 'Aureus'--staked	Golden hops. Pale yellow leaves all season.
HYDRANGEA	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs and Vines
arborescens 'Annabelle'	Lg. brt. green lvs. 4'h. Flower clusters to 1', bloom June.
arborescens Lime Rickey TM PPAF	3-4'. Smooth hydrangea. Broad heads of green flowers.
macrophylla 'Glowing Embers'	Mop head. Dwarf, compact; dark leaves, deep red flowers.
macrophylla 'Jogasaki'	Lacecap. Double soft pink sterile fls. surround fertile fls.
macrophylla 'Mariesii Variegata'	Lacecap. Variegated leaves, light blue flowers.
macrophylla 'Nigra'	Mop head. To 5' h. Brt. pink clusters fls. Black stems.
macrophylla 'Nikko Blue'	Mop head. To 5'. Rounded head, blue fls. in acid soil.
macrophylla 'Pink Beauty'	Mop head. Round pink fl. heads, lvs flushed dark red.
macrophylla 'Selina'	Lacecap. 3'. Rosy red sterile flowers. New leaves red.

Name	Description
macrophylla 'Shooting Stars'	Long stalked white dbl. flowers, unique semi-lacecap.
macrophylla 'Teller Red'	Lacecap. To 5'+. Dark green lvs, huge red sterile fls.
macrophylla 'Teller Snow'	Lacecap. Bushy shrub to 5', white fls.
paniculata 'Webb's'	Peegee hydrangea; to 10'+. Large cone of white fls.
quercifolia 'Alice'	Oakleaf hydrangea. 6-8'+, large lobed leaves, white fls.
quercifolia 'Little Honey' PP#15477	3-4'. Golden new leaves mature pale green. Creamy fls.
quercifolia 'Ruby Slippers'	3-4'. Compact oakleaf hydrangea. Cream fls age deep pink.
quercifolia 'Sikes Dwarf'	Oakleaf hydrangea. To 4', compact. Lg lobed lvs, white fls.
serrata 'Preziosa'	4'+. Mophead. Fls. cream, red-lilac. Purplish lvs.
villosa (aspera var. villosa)	Bushy, to 6'. Long pointed furry lvs, lg clusters lav. fls.
HYPERICUM	Family: Hypericaceae (St. John's Wort Fam.) Plant Type(s): Shrubs
reptans	Low, matting; small light green leaves, large yellow fls.
HYPOCALYMMMA	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{AU} xanthopetalum	3'. Green lvs; yellow fluffy fls along stems. UCSC/Koala.
IBERIS	Family: Brassicaceae (Mustard Family) Plant Type(s): Herbaceous Perennials
^{ME} sempervirens 'Alexander's White'	6" shrublet. Narrow green leaves; clear white flowers.
ILEX	Family: Aquifoliaceae (Holly Family) Plant Type(s): Trees and Shrubs
crenata 'Sky Pencil'	Very narrow Japanese holly, 6' high, 10" wide. Green lvs.
ILLICIUM	Family: Illiciaceae (Illicium Family) Plant Type(s): Shrubs
floridanum	6-10'. Glossy fragrant leaves, many-parted deep red fls.
IMPATIENS	Family: Balsaminaceae (Balsam Family) Plant Type(s): Subshrubs to Annuals
'Zanzibar'	4-5'. Large flowers white then pale pink, magenta center.
IMPERATA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
cylindrica 'Rubra'	Blood grass; 1'; upright red-tinged leaves.
INCARVILLEA	Family: Bignoniaceae (Trumpet Vine Family) Plant Type(s): Herbaceous Perennials
arguta	Stems to 3'+h; divided green leaves, pink trumpets.
INDIGOFERA	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs
incarnata 'Alba'	To 3'. Divided leaves. Wisteria like white fls. in clusters.
INDOCALAMUS	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
tessellatus	Dense growth, 3-6' stems, huge dark, shiny leaves.
IOCHROMA	Family: Solanaceae (Nightshade Family) Plant Type(s): Shrubs
fuchsioides	Bushy, to 5'+; broad lvs, clusters of red-orange bell fls.
IPHEION	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
'Rolf Fiedler'	Spring star flower. 8" blue-green leaves, bright blue fls.
uniflorum 'Alberto Castillo'	Spring star fl. Pure white fls larger than type. Spring blm.
uniflorum ['Album']	Spring star flower. 8" blue-green leaves, pure white fls.
uniflorum 'Froyle Mill'	Spring star flower. 8" blue-green leaves, deep lav-blue fls.
IPOMOEA	Family: Convolvulaceae (Morning Glory F.) Plant Type(s): Vines, Peren., Annuals
acuminata	Blue dawn flower. Dark green leaves, large dark blue fls.
IRIS	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{CN} 'Ace of Spades'	SCN Pacifica hyb. Near black fls, pale center, violet veins.
^{CN} 'Black Frills'	SCN Pacifica hyb. Blackish violet fls, deep red eye.
^{CN} 'Canyon Sunshine'	18". Butter yellow fls. Santa Barbara Bot. Garden Pac. hyb.
^{CN} chrysophylla	10". Narrow blue-green leaves; lt yellow fls, dark veining.
^{CN} 'Dark Clouds'	SCN Pac.hybrid. Deep violet fls, narrow gold flash. Compact.
^{CN} 'Dark Delight'	18". Dark red violet flowers, shiny green leaves.
^{CN} douglasiana	Lavender, white & blue vein-patterned flowers.
^{CN} douglasiana 'Canyon Snow'	Dense clumps; dark, shiny leaves; large white flowers.
^{CN} douglasiana--Monterey blue	Lavender blue fls in spring, wide green leaves.

Name	Description
^{CN} douglasiana 'Point Reyes'	Wide green leaves; dark blue purple fls in spring.
^{CN} douglasiana 'Portuguese Beach'	Wide green leaves; purple fls in spring.
ensata 'Butterflies in Flight'	Japanese iris; 3' +; broad white fls with purple veins, styles.
ensata 'Chiyo No Haru'	Japanese iris; 3' +; fls. white with violet styles.
ensata 'Edged Delight'	Japanese iris; violet edge on white petals, standards.
ensata 'Electric Glow'	Japanese iris; 3' +; vivid blue violet with white veins.
ensata 'Flashing Koi'	Japanese iris; red violet fls., white margins, yellow ctr.
ensata 'Frisled Enchantment'	Japanese iris; 3' +. White flowers with fine rose margin.
ensata 'Gracieuse'	Japanese iris; 3', fls shaded lavender, edged purple.
ensata 'Haku Botan'	Japanese iris. Large white flowers, extra petals.
ensata 'Hekito'	Japanese iris. Rich medium blue fls., late bloom.
ensata 'Imperial Presence'	Japanese iris; 3' +; large pure white flowers.
ensata 'Picotee Princess'	Japanese iris; white fls. with violet flecks, edges.
ensata 'Rose World'	Japanese iris; large deep rose, white styles.
ensata 'Shogun'	Japanese iris; flowers red-violet with white center.
ensata 'Shoko'	To 2'. Japanese iris; flowers soft pink.
ensata 'Variegata'	Japanese iris. Cream variegated leaves; rich purple fls.
^{CN} 'Glacier Lake'	Pacifica iris. White with turquoise wash on falls.
^{CN} 'Golden Ruffles'	Pacifica hybrid. Ruffled golden yellow fls, spring.
gracilipes	Diminutive iris. Soft green lvs; crested lav. blue fls.
^{CN} innominata 'Ed Wood'	Small, slender-leaved dainty native. Purple flowers.
laevigata 'Variegata'	To 2' +, dense, upright. Cream-margined leaves, lavender fls.
^{CN} longipetala	To 2'. Fls. lavender with darker veins.
^{CN} macrosiphon 'Mt. Madonna'	Small, narrow-leaved native; dainty, purple fls.
^{CN} 'Madonna Three'	Grassy leaves, soft lavender blue fls. SCN Pac. hybrid.
^{CN} 'Madonna Too'	SCN Pacifica hybrid. Grassy leaves, bright lavender fls.
^{CN} 'Night Crossing'	Ghio Pac. hyb. Large deep blue purple fls, white markings.
^{CN} 'Ocean Blue'	Ghio Pac. hyb. Dark true blue flowers, white markings.
^{CN} Pacifica (Pacific Coast) Hybrids	Vigorous, clumping natives; many colors.
^{ME} pallida 'Variegata'	To 3'. Lavender blue flowers, cream & green leaves.
^{CN} 'Patrick's Gold'	SCN Pacifica hybrid. Bright golden yellow flowers, spring.
^{CN} 'Starry Nights'	SCN Pac. hyb. Deepest blue purple fls, bold white spray.
^{ME} unguicularis	Winter iris. Evergreen wide clumps; scented blue flowers.
^{CN} 'Violeta'	SCN Pacifica. Large vivid violet w/yellow & white spray.

ISCHYROLEPIS

^{SA} subverticillata

Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
4-6'. Erect, horsetail like stems and branches, clumping.

ISOMERIS (PERITOMA)

^{CN} arborea

Family: Cleomaceae (Spiderflower Family) Plant Type(s): Shrubs
Bladderpod. Silvery green divided leaves; yellow flowers.

ISOPLEXIS

^{ME} canariensis

Family: Plantaginaceae (Plantain Family) Plant Type(s): Shrubs
To 5'. Erect stems, long leaves, spikes of burnt orange fls.

ISOPOGON

^{AU} formosus

Family: Proteaceae (Protea Family) Plant Type(s): Shrubs
Drumsticks. 5'. Cut leaves, rose-lavender heads.

JASMINUM

^{SA} angulare

^{ME} azoricum

officinale

polyanthum

polyanthum 'Pepita'

x stephanense

Family: Oleaceae (Olive Family) Plant Type(s): Shrubs and Vines
South African jasm. Shiny green lvs, fragrant white flowers.
Moderate growth; dark foliage, fragrant white flowers.
White jasm. Fragrant white fls in summer, delicate green lvs.
15' +; dark green, divided leaves; pink & white flowers.
Bright pink fragrant flowers from rose pink buds, spring.
15' +; pink fls. in early summer, yellow new leaves.

JUNCUS

^{WE} 'Carman's Japanese'

effusus 'Bay Blue'

^{WE} effusus 'Quartz Creek'

^{CN} patens

^{CN} patens 'Elk Blue'

Family: Juncaceae (Rush Family) Plant Type(s): Rushes
Clumping, evergreen, fine textured leaves, tan seeds.
18". Dense clumps of blue grey leaves. Moist soils.
Dark green rush with stiffly erect form. Slowly spreading.
Native rush, stiff clumps; dark grey green stems to 3'.
Native rush. Dense clumps, blue grey stems to 18".

JUNIPERUS

communis 'Gold Cone'

horizontalis 'Blue Rug'

Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs
3-5'h/1-2'w. Gold new growth. Greener in winter.
6"h, 5-8'w. Dense blue spreading conifer, purple in winter.

Name	Description
squamata 'Blue Star'	1-3'h/w. Dense low mound, silvery blue-green.
KADSURA japonica 'Fukurin'	Family: Schisandraceae (Schisandra Family) Plant Type(s): Vines Climber w/glossy cream edged leaves; cream fls.
KECKIELLA ^{CN} cordifolia	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Shrubs and Subshrubs Arching shrub, to 6'+; dark shiny lvs, scarlet tubular fls.
KENNEDIA ^{AU} beckxiana 'Flamboyant'--staked ^{AU} coccinea--staked ^{AU} eximia--staked ^{AU} nigricans--staked ^{AU} prostrata--staked	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs and Vines 8'. Large pea fls. are hot orange w/lime ctr. UCSC/Koala. Carpeting pea-vine; flowers red, pink, yellow. Textured dark green lvs; bright red fls. Vine/groundcover. Lush vine with broad leaves, yellow & black flowers. Lush lvs.; bright scarlet pea fls. Climbing form.
KERRIA japonica 'Pleniflora' japonica--single orange/Myrtle Wolf	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs Arching, to 8'. Green stems & leaves, double gold flowers. Japanese rose. 8'h/6'w, single yellow-orange flowers.
KNIPHOFIA ^{SA} 'Alcazar' ^{SA} caulescens ^{SA} 'Christmas Cheer' ^{SA} 'Cool Knip' ^{SA} 'Dwarf Yellow' ^{SA} 'Green Jade' ^{SA} hirsuta 'Fire Dance' ^{SA} 'Ice Queen' ^{SA} 'Inferno' ^{SA} 'Little Maid' ^{SA} 'Malibu Yellow' ^{SA} multiflora ^{SA} 'Papaya Popsicle' PP#22915 ^{SA} 'Peachy Cheeks' PP#20313 ^{SA} 'Pineapple Popsicle' PP#22969 ^{SA} sarmentosa ^{SA} 'Shining Sceptre' ^{SA} thomsonii ^{SA} 'Tower of Gold' ^{SA} 'Yellow Cheer'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Red-hot poker; spikes of orange-red flowers, summer. Wide blue-grey lvs; thick fl. stem, coral/cream fls, summer. Red-hot poker, to 5'+. Large orange clusters in fall/winter. Wide grey-green lvs. Green buds to lt yellow fls, midsummer. Red-hot poker; 2' spikes of yellow flowers. 3-4'. Green buds open to pale yellow fls., midsummer. 20". Blue green leaves, large heads coral red to yellow fls. Pale yellow flowers on 4' stems, late spring. Large heads of bright orange fls. on 5'+ stems, summer. Cream-yellow flower clusters on 2' stems. Poker plant. Yellow fls. on 2' stems, mid summer. Spire-like fl. stem to 6'+, orange buds to stubby cream fls. 1-2'. Bright orange fls spring, summer. 2'. Soft orange buds open to cream flowers. Summer bloom. 2'. Yellow flowers, spring, summer. Blue-grey lvs, cream/orange fls, spikes to 4', fall bloom. Glowing light orange flowers on 3' stems, late spring. Fl. stems to 5'+. Curved apricot fls well spaced, long blm. Robust, to 5'+. Orange/yellow flowers, late summer. Bright golden orange flowers, late summer. To 5'+.
KOELREUTERIA paniculata	Family: Sapindaceae (Soapberry Family) Plant Type(s): Trees Golden rain tree. 30'. Divided lvs, panicles yellow fls.
LACHENALIA ^{SA} aloides 'Pearsonii' ^{SA} pendula	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Cape cowslip; pendant flowers gold with red & green. Cape cowslip; pendant coral red bells, winter. 8" stems.
LAMIASTRUM galeobdolon 'Herman's Pride'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials Trailing perennial. Silver-patterned leaves, yellow flowers.
LANTANA montevidensis (sellowiana) montevidensis 'Alba'	Family: Verbenaceae (Verbena Family) Plant Type(s): Shrubs Hardest. Dark green lvs, deep lavender flowers, trailing. Low spreading shrub. Green to dark lvs, white fls.
LAURUS ^{ME} nobilis 'Aureus' ^{ME} nobilis 'Aureus'--staked columns ^{ME} nobilis--compact form ^{ME} 'Saratoga'--bush form ^{ME} 'Saratoga'--staked columns	Family: Lauraceae (Laurel Family) Plant Type(s): Trees and Shrubs True bay. New growth pale gold then dark green lvs. True bay. New growth pale gold then dark green lvs. Grecian laurel. Dense, smaller-leaved selection. Male-no fruit. Robust. Cream flowers. To 6-15't. Male-no fruit. Cream flowers. Broad leaves. To 25'.
LAVANDULA ^{ME} angustifolia	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs English lav; 2' mound. Fragrant, lavender flowers, grey lvs.

Name	Description
^{ME} angustifolia 'Blue Cushion'	16" mound. Compact habit, deep blue fls.
^{ME} angustifolia 'Hidcote Superior'	Under 1'; bright grey leaves, dark purple flowers.
^{ME} angustifolia 'Maillette'	2'. Loose habit, grey-green lvs, violet fls. Very aromatic.
^{ME} angustifolia 'Martha Roderick'	1-1/2', dense; very aromatic; bright lavender flowers.
^{ME} angustifolia 'Royal Velvet'	Compact mound to 2'. Fragrant lvs; violet flowers.
^{ME} angustifolia 'Twickel Purple'	Low grey mound; fl. stems to 2', bright dark violet fls.
^{ME} angustifolia Violet Intrigue PP#15344	Mound to 18". Bright violet flowers on long stems to 30".
^{ME} 'Goodwin Creek Grey'	Bushy habit. Bright grey leaves. Disease resistant.
^{ME} x intermedia 'Fred Boutin'	Low, bushy; large grey leaves, typical lavender flowers.
^{ME} x intermedia 'Grosso'	Dense, shrubby. Grey-green lvs, 1-2' stems, dk lavender fls.
^{ME} x intermedia 'Phenomenal' PP#24193	2-3'. Lavender fls. Selected for disease/winter resistance.
^{ME} x intermedia 'Provence'	Hybrid lavender. Bushy, grey, fragrant. Stems to 3'+.
^{ME} 'Lisa Marie'	1'. Soft grey lvs. Fragrant brt lavender fls. Ken Montgomery.
^{ME} 'Silver Frost'	2'+. Thick white leaves, dense growth, bright lav.-blue fls.
^{ME} 'Silver Sands'	White furry leaves, spikes of purple fls. L. lanata hybrid.
^{ME} stoechas 'Otto Quast'	Upright, dense. Dark bracts, dark lavender flowers.
^{ME} stoechas 'Silver Anouk' PP#20068	Spanish lavender, to 18". Very silver leaves, purple fls.
^{ME} stoechas 'Wings of Night'	Bushy, to 2'+; grey leaves, large/dark flower bracts.
^{ME} stoechas ssp. pedunculata 'Avonview'	2'+. Spanish lavender, long fl. stems, purple bracts.
^{ME} stoechas ssp. ped. 'Dedication' PPAF	Spanish lavender. Long flower stems, violet flags.
LAVATERA (MALVA)	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs and Perennials
^{CN} assurgentiflora--dark-flowered form	Tree mallow; large lobed leaves, dark purp-red fls w/white.
^{ME} bicolor	Bushy, w/greyish leaves, large purple-centered flowers.
LAVATERA	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs and Perennials
^{ME} x clementii 'Barnsley'	To 8', bushy; grey-green leaves, pale pink fls, rose ctr.
^{ME} x clementii 'Kew Rose'	8'+. Bushy. Deep rose fls, long bloom. Grey-green leaves.
LEDEBOURIA	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{SA} socialis	6-8" clumps. Silver-grey lvs w/green spots, purple backs.
LEONOTIS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals
^{SA} leonurus	Lion's tail; 6'; bright orange flower clusters in fall.
^{SA} menthifolia 'Savannah Sunset'	3-4'. Crinkled lt. green lvs, whorls of soft orange flowers.
LEPECHINIA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{CN} fragrans	Soft grey-green furry, fragrant lvs., large pink fls.
^{CN} fragrans 'El Tigre'	4-5'. Soft green, furry, fragrant lvs, large pink fls.
LEPTOSPERMUM	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs
^{AU} continentale 'Horizontalis'	1'h/6'w. Green triangular lvs covered w/white fls in spring.
^{AU} laevigatum 'Reevesii Compactum'	3-4', slow, compact; congested blue-green leaves.
^{NZ} scoparium 'Apple Blossom'	Double light pink fls change to white. Lvs darken in winter.
^{NZ} scoparium 'Burgundy Queen'	Tea tree. Double dark red flowers, maroon leaves.
^{NZ} scoparium 'Candy Cane'	Tea tree. Flowers semidbl, light pink with dark outline.
^{NZ} scoparium 'Gaiety Girl'	Tea tree. Double deep pink-lilac tint flowers.
^{NZ} scoparium 'Helene Strybing'	10'h. Tea tree. Single deep pink flowers.
^{NZ} scoparium 'Nanum Tui'	Tea tree; dense, 4'h/8'w, pink to white flowers.
^{NZ} scoparium 'Pink Cascade'	8"h/12'w. Dense mounds, bright pink & white flowers.
^{NZ} scoparium 'Pink Pearl'	Tea tree. Double white-blush pink flowers.
^{NZ} scoparium 'Ruby Glow'	Tea tree. 3/4" double deep red fls, purple-tinged leaves.
^{NZ} scoparium 'Silver & Rose'	Grey lvs, billowy form. Light rose pink single fls in spring.
^{NZ} scoparium 'Wiri Kerry'	3'. Rounded form, shiny dark red lvs. Double rose red fls.
^{NZ} scoparium 'Wiri Shelly'	6'. Green leaves; single rose pink flowers, dark centers.
^{AU} turbinatum 'Flat Rock'	To 6'. Glossy dark green lvs., bright white fls., spring.
LESSERTIA	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs
^{SA} montana	4'h/w. Grey divided lvs, bright red pea fls, summer.
LESSINGIA (CORETHROGYNE)	Family: Asteraceae Plant Type(s): Herbaceous Perennials
^{CN} filaginifolia 'Silver Carpet'	SBBG intro. Low, with grey leaves, pink daisies.
LEUCADENDRON	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{SA} discolor 'Pom Pom'	6-8'. Winter-spring "fls" have creamy lvs, red center.

Name	Description
^{SA} 'Ebony' PP#23258	3-4'+. Purplish black leaves, dark red bracts winter-spring.
^{SA} 'Rising Sun'	6'. Sturdy stems with pinkish red bracts winter-spring.
^{SA} 'Safari Sunset'	6'+. Dark narrow lvs, red floral bracts for months.
^{SA} salignum 'Summer Red'	4' high, 6' wide. Narrow red leaves; cream/red fls.
^{SA} salignum 'Winter Red'	3-4' high, 6' wide. Short lvs, dark burgundy in winter.
^{SA} 'Sylvan Red'	6-7'. Bright red bracts in winter-spring.
^{SA} 'Wilson's Wonder'	To 8'. Green leaves; bright yellow bracts winter-spring.
^{SA} 'Yaeli'	To 8'+, bushy, upright. Narrow lt. green lvs, yellow bracts.
LEUCANTHEMUM	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
x superbum 'Broadway Lights'	2'. Shasta daisy. Single pale yellow flowers.
x superbum 'Esther Read'	2'. Shasta daisy; Double white flowers, long bloom.
x superbum 'Real Glory' PPAF	2'. Shasta daisy. White fls, full tufted pale yellow center.
LEUCOSPERMUM	Family: Proteaceae (Protea Family) Plant Type(s): Trees and Shrubs
^{SA} cordifolium	Pincushion. Spectacular red or golden fls spring.
LEWISIA	Family: Portulacaceae (Montiaceae) Plant Type(s): Succulent Perennials
^{CN} 'Dark Cloud'	SCN seed strain; flowers deep rose.
^{CN} 'Pink Cloud'	SCN, 8" fl. sprays. Large bright pink fls.
^{CN} 'Rainbow'	Single to semi-double flowers, white, pink, red, yellow.
^{CN} 'White Cloud'	SCN. Succulent rosettes, sprays of white flowers.
LEYMUS (ELYMUS)	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} condensatus 'Canyon Prince'	Thicketing grass, to 2'; grey-green leaves.
^{CN} triticoides 'Grey Dawn'	Colonizing grass with narrow soft grey erect stems to 2'+.
^{CN} triticoides 'Lagunita' TM	Spreading, thickets; slender stems to 1'+; bright green lvs.
LIATRIS	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
spicata 'Kobold'	Gayfeather; grassy leaves; 2-3' spikes; pink flowers.
LIBERTIA	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials
^{NZ} grandiflora	2-3', Iris-like plant; sprays of white flowers.
^{NZ} ixioides	1' clumps; white fls. in summer, golden leaf tips in winter.
^{NZ} peregrinans	Iris-like; striking orange-tinted lvs, small white fls.
LILIUM	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{CN} 'Corralitos Hybrids'	WGN native hybrids. 3'+ stem. Fragrant fls. rose to scarlet.
^{CN} 'Firefly'	4'+. Red fls in summer. From Corralitos hybrids.
^{CN} pardalinum	Leopard lily. To 6'+; dark foliage, large orange flowers.
^{CN} pardalinum 'Gualala Giant'	Leopard Lily; 6'+; flowers dark orange & yellow.
^{CN} parryi	Lemon lily. Wonderfully fragrant yellow fls. in summer.
^{CN} 'Pumpkin'	4'+. Orange fls in summer. From Corralitos hybrids.
LIMONIUM	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Herbaceous Perennials
^{ME} perezii	To 3'. Sea lavender. Purple and white flowers.
LINUM	Family: Linaceae (Flax Family) Plant Type(s): Herbaceous Perennials
^{WE} lewisii	Blue flax. Slender stems, narrow leaves, sky blue flowers.
LIRIOPE	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
muscaria 'Big Blue'	2'h. Big blue lily turf. Dark violet flowers.
muscaria--giant purple	Lily turf. To 2', dense. Purple-blue flowers.
muscaria 'Monroe White'	12". Lily turf. Dark green leaves, white flowers.
muscaria 'PeeDee Ingot'	12"+. Lily turf with golden leaves, purple flowers.
muscaria 'Royal Purple'	Lily turf. 12-15". Lush, dark leaves, deep purple flowers.
spicata 'Silver Dragon'	Robust form, to 18". Cream-variegated leaves.
LITHODORA	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials
^{ME} diffusa 'Blue Star'	Starry fls are dark blue with wide white petal edges.
^{ME} diffusa 'Grace Ward'	Fuzzy dark green mat; bright true-blue flowers.
LOBELIA	Family: Campanulaceae (Bellflower Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} cardinalis	Bright true red flowers on 2' spike. Low green leaves.

Name	Description
excelsa fulgens laxiflora	Clumping, with stems to 4-5'. Narrow orange&yellow fls. Mexican cardinal flower. Purplish leaves, red flowers. Mexican lobelia; shiny leaves, red & yellow flowers.
LOMANDRA	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{NZ} confertifolia 'Finescape'	18" high, wide. Very narrow green leaves, clumping.
^{NZ} confertifolia 'Seascape' PP#20010	1-2'h/2-3'w. Narrow dark blue grey lvs, arching. Clumping.
^{NZ} longifolia 'Breeze' PP#15420	2-3'. Deep green leaves, clumping. Dry shade.
^{NZ} longifolia 'Lime Tuff' PP#23034	2-3'. Rich green lvs, clumping. Spikes of tiny fragrant fls.
LONICERA	Family: Caprifoliaceae (Honeysuckle Family) Plant Type(s): Shrubs and Vines
[x americana]	Creamy yellow fls, bright rose buds. Profuse bloom, summer.
caerulea 'Borealis' TM	Honeyberry. 4-5'. Fat blue edible fruits.
caerulea 'Tundra' PP#11747	Honeyberry. 4-5'. Edible blue fruits in summer.
hildebrandiana	Burmese honeysuckle; large shiny leaves, huge flowers.
^{CN} hispidula	Native vine with blue-green leaves, pink fls., red berries.
^{CN} interrupta	Shrubby native. Lt. green lvs, soft yellow fls, red berries.
japonica 'Halliana'--staked	15'+. Vigorous. White & yellow fragrant flowers.
japonica 'Purpurea'--staked	Japanese honeysuckle. Purplish leaves. White&lilac flowers.
nitida 'Baggesen's Gold'	Bushy, spreading. Small leaves, bright yellow new growth.
nitida 'Lemon Beauty'	Compact, spreading selection; small yellow-margin lvs.
LOPHOMYRTUS	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{NZ} x ralphii 'Kathryn'	6'+. Bushy. Crinkled purple-tinged leaves.
^{NZ} x ralphii 'Sundae'	8'+. Compact, upright. Leaves marbled with yellow.
LOROPETALUM	Family: Hamamelidaceae (Witch Hazel Fam.) Plant Type(s): Shrubs
chinense	3-6'; soft bright green leaves, spidery white flowers.
chinense 'Burgundy'	Spreading growth. Dark oval leaves. Dark pink fls.
LOTUS (HOSACKIA)	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} crassifolius var. otayensis	Soft grey furry erect stems, clusters of purple & white fls.
^{CN} formosissimus (H. gracilis)	Matting perennial; bright pink & yellow fls, spring-summer.
LUCULIA	Family: Rubiaceae (Madder Family) Plant Type(s): Shrubs
[intermedia]--Qiqui	Prob. to 10', bushy. Large dark leaves, fragrant pink fls.
LUMA	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs and Small Trees
^{CH} apiculata	12'+. Dark green shiny leaves, white flowers, blue fruit.
^{CH} apiculata 'Glanleam Gold'	To 6'+. Wide gold edges on light green lvs, new lvs reddish.
LUPINUS	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{CN} albifrons--selected strains	Silver bush lupine, to 5'. Spikes of scented violet fls.
^{CN} albifrons var. collinus	Matting plant with silvery leaves, lav. blue 8" fl. spikes.
^{CN} albifrons var. douglasii	Bush lupine w/silvery green narrow lvs, blue purple fls.
^{CN} arboreus--lavender	Bush lupine; 6'+; grey-green leaves, lavender blue flowers.
^{CN} arboreus--yellow	Bush lupine. 6'. Grey-green leaves. Fragrant yellow flowers.
^{CN} polyphyllus var. burkei	2-3', perennial. Lush green lvs; lavender blue fls, summer.
LYGEUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} spartum	False esparto grass. 2-3'. Fine grey lvs, distinctive fls.
LYONOTHAMNUS	Family: Rosaceae (Rose Family) Plant Type(s): Trees
^{CN} floribundus ssp. asplenifolius	25'. Catalina ironwood. Lacy leaves. Clusters white flowers.
LYSIMACHIA	Family: Myrsinaceae (Myrsine Family) Plant Type(s): Herbaceous Perennials
clethroides	To 3'. Dense spikes, white flowers. Large leaves.
MACLEAYA	Family: Papaveraceae (Poppy Family) Plant Type(s): Herbaceous Perennials
microcarpa 'Kelway's Coral Plume'	Plume poppy, to 8'+. Grey lobed lvs, feathery coral pink fls.
MAHONIA (BERBERIS)	Family: Berberidaceae (Barberry Family) Plant Type(s): Shrubs
^{WE} aquifolium	Oregon grape. Shiny div'd lvs, brt yellow fls, blue berries.
^{WE} aquifolium 'Compacta'	2-3'. Evergreen holly-like leaves. Yellow flowers, clumper.

Name	Description
^{CN} 'Golden Abundance'	Robust, to 8'. Large dark leaves, masses of gold fls.
^{CN} nevinii	6'+; bushy growth; prickly blue-grey lvs, red berries.
^{CN} 'Skylark'	6', bushy; glossy leaves, red new growth, yellow fls.
MAIANTHEMUM	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials
^{CN} dilatatum	6"h, spreads. Heart-shaped leaves. White fls.&red berries.
MALACOTHAMNUS	Family: Malvaceae (Mallow Family) Plant Type(s): Shrubs
^{CN} clementinus	Santa Clemente bushmallow. Pink fls. in spring, summer.
^{CN} fasciculatus 'Casitas'	Upright to 8'. Large lobed grey leaves, cupped pink fls.
^{CN} fremontii	Upright to 6', thicketing. Grey leaves, pink mallow flowers.
^{CN} palmeri 'Hanging Valley'	4-6'; open growth. Large lobed, grey lvs, heads of pink fls.
^{CN} palmeri 'Jolon'	Santa Lucia bush mallow. Green leaves, white fls., to 4'.
^{CN} palmeri var. lucianus	Lobed green-grey leaves, heads of light pink flowers.
MANDEVILLA	Family: Apocynaceae (Dogbane Family) Plant Type(s): Vines
laxa	Chilean jasmine; deciduous; fragrant white flowers.
laxa 'White Star'	Chilean jasmine. Floriferous selection; fragrant white fls.
MARRUBIUM	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{ME} bourgaei 'All Hallows Green'	18" high/wide. Low, dense. Light green furry leaves.
MEEHANIA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals
cordata	Creeping mint for shade. Lavender blue fls, soft green lvs.
MELALEUCA	Family: Myrtaceae (Myrtle Family) Plant Type(s): Trees and Shrubs
^{AU} decussata	6'. Slender stems, small green lvs. Puffs of lavender fls.
^{AU} incana	6-7'h/8'w; soft, fuzzy grey leaves, cream flowers.
MELIANTHUS	Family: Melianthaceae (Honey Flower Fam.) Plant Type(s): Shrubs
^{SA} major	Honey flower. To 10', with lg toothed, divided blue green lvs.
MELICA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} imperfecta	Clumping bright green CA bunchgrass; fl. stem to 2'.
MELINIS (RHYNCHELYTRUM)	Family: Poaceae Plant Type(s): Grasses
^{SA} nerviglumis	Ruby grass. Fine textured grey-green lvs; silky pink fls.
MICHELIA	Family: Magnoliaceae (Magnolia Family) Plant Type(s): Trees and Shrubs
doltsopa	30'. Large white fragrant flowers in spring.
figo	6'+. Banana shrub. Dark shiny leaves, fragrant cream fls.
figo 'Port Wine'	6'+. Banana shrub. Dk. purple-red fragrant fls. Glossy lvs.
yunnanensis 'Snowbird'	SCN. Spreading habit. Floriferous, large fragrant white fls.
MICROMYRTUS	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{AU} ciliata--spreading form	UCSC intro. Flat topped shrub; pink buds open to white fls.
MIMULUS	Family: Phrymaceae (Lopseed Family) Plant Type(s): Shrubs to Annuals
^{CN} aurantiacus	Monkeyflower; golden orange flowers on erect stems.
^{CN} aurantiacus 'Afterglow'	Tall selection, to 3'+. Many lt. golden orange fls.
^{CN} aurantiacus 'Electric Pumpkin'	Erect habit, with masses of brt orange fls in spring.
^{CN} aurantiacus 'Pine Canyon'	Monkeyflower; bushy, narrow lvs, ruffled soft yellow fls.
^{CN} bifidus 'Cone Peak'	Mock azalea. Bushy, with orange fls. edged white.
^{CN} bifidus--creamy yellow	Mock azalea; bushy, narrow leaves, ruffled flowers.
^{CN} bifidus 'Junipero Serra'	Mock azalea. Bushy, to 18". Large orange fls, marked white.
^{CN} cardinalis	Scarlet monkeyflower; 1'+, soft, lush; scarlet tubular fls.
^{CN} cardinalis 'Santa Cruz Island Gold'	Golden orange tubular flowers; soft lush leaves.
^{CN} 'Fiesta Marigold' PPAF	Jelly Beans series. Frilly red flowers, gold petal edges.
^{CN} 'Jack'	Dark green lvs., large bright purplish red fls.
^{CN} 'Jelly Beans Cinnamon' PPAF	Large burnt orange flowers fade lighter. Long bloom.
^{CN} 'Jelly Beans Crimson' PPAF	Large rich purplish red flowers, long bloom.
^{CN} 'Jelly Beans Lava' PPAF	Brt, lg brick red fls fade to tawny orange. Persoff hybrid.
^{CN} 'Jelly Beans Scarlet' PPAF	2'+. Bright red flowers set among fresh green leaves.
^{CN} 'Jelly Beans Tangerine' PPAF	Vivid orange flowers, long bloom. Persoff hybrid.

Name	Description
^{CN} longiflorus ssp. calycinus	Monkeyflower. Pale yellow fls, light green leaves.
^{CN} 'Pamela'	Bifidus type. Pale gold fls have white edging on petals.
^{CN} 'Rosy Belle'	1-2'. Cardinalis x lewisii. Lush pink fls, for moist spots.
^{CN} 'Ruby Slippers'	18-24". Bright ruby red fls, green leaves. Long bloom.
^{CN} 'Valentine'	Monkeyflower. Vibrant red flowers, bright green leaves.
^{CN} 'Yellow Belle'	Yellow fls over soft lush lvs. Moist growing, lewisii hyb.
MISCANTHUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{SA} junceus	5-6'. Stiff starburst form, blue green lvs. Evergreen.
sinensis 'Cabaret'	6'+. Lush green and creamy white lvs. Fls late summer.
sinensis 'Gold Bar' PP#15193	4-5'. Green leaves with many gold bands. Fall flowers.
sinensis 'Morning Light'	Japanese silver grass. Narrow leaves with white varieg.
sinensis 'Yaku Jima'	Japanese silver grass. 3' t., compact. Leaves turn red-fall.
transmorrisonensis	Formosa maiden grass. 4-5'h. Evergreen leaves, drooping fls.
MONARDELLA	Family: Lamiaceae (Mint Family) Plant Type(s): Subshrubs, Perennials
^{CN} macrantha 'Marian Sampson'	Scarlet monardella; shiny lvs, loose mat; long red tube fls.
^{CN} villosa	Coyote mint. 12" shrublet. Lavender fls in dense heads.
^{CN} villosa var. obispoensis	Coyote mint. Shrublet; furry, aromatic lvs; lavender fls.
^{CN} villosa x purpurea	Coyote mint; 1', bright green leaves, purple fl. heads.
^{CN} viminea	Slender shrublet. Heads of bright violet fls, aromatic lvs.
MORAEA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} ramosissima	Shiny, grasslike plant; sprays of yellow flowers.
MORUS	Family: Moraceae (Mulberry Family) Plant Type(s): Shrubs
nigra 'Dwarf Everbearing'	Black mulberry. 4-6'. Dark sweet fruits, self fertile.
MUHLENBERGIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
capillaris	Hairy awn muhly. Airy rose flower panicles, late summer.
capillaris 'White Cloud'	Erect clumps 3-4'. Airy white flower panicles, late summer.
^{WE} dubia	3' fl. spikes, foliage to 18". Dwarf deer grass. Tan flowers.
^{WE} dumosa	Bamboo muhly. 3-6' high; slender stems, fine leaves.
^{WE} emersleyi	To 2'. Grey-green, tightly clumping; purplish-grey fls.
^{WE} lindheimeri	Lindheimer muhly; 4' clump; bluish leaves, silvery fls.
'Pink Flamingo'	3'+ clump. Narrow grey-grn lvs; showy pink plumes, summer.
pubescens	Wide blue-grey blades are softly hairy; dense 2' clump.
^{CN} rigens	Deer grass. Flower stems to 5'+. Dense rounded clumps.
MYOPORUM	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Shrubs
^{AU} parvifolium 'Putah Creek'	1't/8'w. Vigorous spreader. Green leaves, white flowers.
^{AU} parvifolium--red leaf form	Matting, with narrow red-tinged leaves, white flowers.
MYRICA (MORELLA)	Family: Myricaceae (Wax Myrtle Family) Plant Type(s): Shrubs
^{CN} californica	12'+. Wax myrtle. Bushy native with narrow leaves.
MYRSINE	Family: Myrsinaceae (Myrsine Family) Plant Type(s): Shrubs
^{SA} africana	To 6'. African boxwood. Shiny round lvs. Red-purple fruits.
MYRTEOLA	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
nummularia	12-18". Green round leaves, white fls, large pink fruits.
MYRTUS	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs
^{ME} communis	To 15'. True myrtle. Fragrant leaves, white fls., blue fruits.
^{ME} communis 'Boetica'	10'. Twisted branches. Fragrant green lvs, white fls.
^{ME} communis 'Compacta'	4-6' h. Dwarf myrtle. Dense. Fragrant shiny green leaves.
^{ME} communis 'Compacta Variegata'	Compact, to 5'. Dense yellow-variegated foliage.
^{ME} communis 'Variegata'	To 5'+; dense growth, light yellow-variegated leaves.
NANDINA	Family: Berberidaceae (Barberry Family) Plant Type(s): Shrubs
domestica 'Gulf Stream'	Dense, to 3'. Lvs, branches ascending. Gold/green/red.
NARCISSUS	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
^{ME} bulbocodium	Hoop petticoat daffodil. 6-12" dainty clumps. Yellow fls.

Name	Description
NASSELLA (SEE STIPA) ^{CN} species	Family: Poaceae (Grass Family) Plant Type(s): Grasses
NEOMARICA caerulea	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials To 4'+; Iris-like leaves; large purple fls. with markings.
NEPETA x faassenii x faassenii 'Blue Wonder' x faassenii 'Snowflake' x faassenii 'Walker's Low' 'Joanna Reed' 'Pink Pixie' 'Six Hills Giant'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials Catmint; 1' mound; fragrant grey-green leaves, lavender fls. Catmint; low grey-green mound; blue purple flowers. Catmint. 1' mound. Grey-green aromatic lvs, white fls. Catmint. 18" mound. Grey-green aromatic lvs, lav-blue fls. 2'. Grey green leaves, dark violet fls. Sterile hybrid. Dwarf catmint to 10". Grey-green leaves, pink fls. Catmint. Similar to N. x faassenii, larger.
NEPHROLEPIS biserrata 'Macho'	Family: Nephrolepidaceae (Boston Fern Fam.) Plant Type(s): Ferns Boston fern; lush bright green erect fronds to 3-4'+.
NERINE ^{SA} bowdenii 'Wayne's Rose'	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials 2'; Amaryllis ally; large deep pink flowers, late summer.
NOLINA ^{WE} microcarpa	Family: Agavaceae (Agave Family) Plant Type(s): Herbaceous Perennials 3'. Tough green arching lvs, clumping. Spikes of cream fls.
OENOTHERA ^{CN} caespitosa fruticosa 'Fyrverkeri' missouriensis missouriensis 'Greencourt Lemon' rosea speciosa 'Rosea'	Family: Onagraceae (Evening Primrose F.) Plant Type(s): Perennials and Annuals Densely clumping. Long narrow lvs, huge white fragrant fls. 1-2'. Purplish lvs, clumping. Bright yellow fls., red buds. Missouri evening primrose; low, with large yellow flowers. Missouri evening primrose; very large, pale yellow flowers. Matting, with shiny green leaves. 1" brt rose pink flowers. 18"+. Mexican evening primrose. Large pink flowers.
OLEA ^{ME} europaea 'Montra' ^{ME} europaea 'Skylark Dwarf'	Family: Oleaceae (Olive Family) Plant Type(s): Trees and Shrubs Very compact, to 6-8'. Green leaves, few fruits. Shrubby, compact, to 12'. Grey leaves, few fruits.
OMPHALODES cappadocica	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials Forget-me-not; compact clumps, dark lvs; bright blue flowers.
OPHIOPOGON japonicus 'Gyoku Ryu' planiscapus 'Nigrescens'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Mondo grass. Very low, dense carpet, purple berries. 6-8". Black mondo. Narrow black-tinged leaves.
ORBEXILUM ^{WE} pedunculatum	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials Low, spreading. Dark 3-parted leaves, purple pea flowers.
ORIGANUM ^{ME} 'Buckland' ^{ME} 'Green Goddess' ^{ME} 'Kent Beauty' ^{ME} 'Norton Gold' ^{ME} 'Rose Beauty' ^{ME} rotundifolium ^{ME} 'Santa Cruz' ^{ME} 'Virginia Saso'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials 1'. Fuzzy blue-grey leaves, rose pink bracts. Densely matting; nodding creamy bracts, fl. stems to 12". Matting. Round leaves; large pink bracts with flowers. Low mats of golden foliage, clusters of pink flowers. 8"+. Mats of aromatic stems, wide rosy bracts. Matting, with round leaves, large pale green bracts. Clumps to 1'+. Airy sprays, pink bracts, lavender fls. Matting. Round leaves; large rose bracts with flowers.
ORTHROSANTHUS chimboracensis v. centroamericanus	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials 1't. Iris-like clump. Showy sky blue flowers.
OSMANTHUS x burkwoodii fragrans forma aurantiacus	Family: Oleaceae (Olive Family) Plant Type(s): Trees and Shrubs Compact, evergreen shrub, white fragrant fls in spring. Upright shrub; large, dark leaves; fragrant orange flowers.

Name	Description
fragrans 'Nanjing's Beauty' heterophyllum 'Illicifolius' heterophyllum 'Variegatus'	COPF. 12'h. Leathery lvs. Fragrant creamy fls. blm 6 months. 6-20'. Toothed holly-leaves. Fragrant white flowers. 4-5' t. Creamy-edged leaves. Fragrant flowers.
OTATEA acuminata ssp. aztecorum acuminata ssp. aztecorum 'Chica' glauca	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos To 10'+ t. Mexican weeping bamboo. Lacy, narrow leaves. SCN. Mexican weeping bamboo; dwarf sel., profusely clumping. 15'+. Narrow weeping leaves. Silvery white culms. Clumping.
OXALIS SA bowiei brasiliensis SA hirta CN oregana 'Klamath Ruby' CN oregana 'Smith River'	Family: Oxalidaceae (Wood Sorrel Family) Plant Type(s): Shrubs, Peren., Annuals 1', robust; large bright green leaves, large pink flowers. Clumping, to 1'; fresh green leaves, rose flowers. 8", bright green leaves; vivid rose pink fls. in fall. Redwood sorrel. Red violet backed leaves. Light pink fls. Redwood sorrel. Light green leaves, carpeting. White fls.
OZOTHAMNUS NZ coralloides AU ledifolius NZ 'Sussex Silver'	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs 1-2'. Dense thick "whipcord" grey-white stems. 3-4'. Small yellow-green lvs on stiff upright stems. Tidy. 4-6'. Short grey lvs, with erect habit. White flowers.
PANDOREA AU jasminoides 'Alba' AU jasminoides 'Rosea Superba' AU jasminoides 'Variegata' AU pandorana AU pandorana 'Golden Showers'	Family: Bignoniaceae (Trumpet Vine Family) Plant Type(s): Vines Bower vine; dark, shiny leaves; clusters white trumpets. Bower vine; clusters large pink trumpets&dark centers. Lush growth; cream-margined leaves; pink flowers. Wonga wonga vine; large shiny leaves, cream flowers. Glossy green leaves; masses of clear yellow fls. in spring.
PAPAVER pilosum	Family: Papaveraceae (Poppy Family) Plant Type(s): Perennials and Annuals 1-2'; fuzzy basal leaves; bright orange flowers.
PARAHEBE NZ linifolia	Family: Plantaginaceae (Plantain Family) Plant Type(s): Herbaceous Perennials To 1'. Upright stems in loose mound; white flowers.
PAROCHETUS communis	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials Blue shamrock. Matting, lush green lvs, bright blue fls.
PARROTIA persica	Family: Hamamelidaceae (Witch Hazel Fam.) Plant Type(s): Shrubs and Small Trees To 15', tiered branches, reddish fl. tassels, fall color.
PARTHENOCISSUS 'Hacienda Creeper' henryana 'Green Velvet' quinquefolia 'Purple Falls'	Family: Vitaceae (Grape Family) Plant Type(s): Vines Similar to Virginia creeper, but more evergreen. Clings. Velvety deep green lvs; blue berries, red fall color. Shade. SCN. Virginia creeper. Large div'd lvs; purple fall color.
PASSIFLORA 'Blue Horizon' TM 'Coral Glow' 'Donna Brigham' TM edulis 'Black Knight' edulis 'Frederick' edulis 'Possum Purple' 'Elizabeth' 'Lavender Lady' 'Lemon' manicata 'Linda Escobar' mollissima hybrid 'Purple Tiger' 'Quasar' TM 'Raspberries & Cream' sanguinolenta 'Maria Rosa' 'Susan Brigham' trisecta vitifolia	Family: Passifloraceae (Passion Vine Family) Plant Type(s): Vines Showy P. Worley hybrid; white petals, purple-blue corona. Passionflower; huge deep coral flowers. Textured dark green lvs, bright pink fls. P. Worley hybrid. 2" white flowers. Large black fruit, excellent flavor. Intricate white flowers; large lav.-purple edible fruits. White frilly flowers, purple edible fruits. Vigorous, w/large shiny lvs, huge purple fls. P. Worley hyb. Dark, narrowly lobed leaves; purple flowers. P. Worley hyb. Large flowers have light violet petals, blue filaments. P. Worley selection; lush foliage, brilliant red flowers. Lobed lvs, brt lt. pink drooping fls, yellow edible fruits. P. Worley hybrid. Lush lvs; red violet fls/banded filaments. P. Worley hybrid. Pure white petals and filaments. 20'+. Many 3" pink fls. Filaments pink with white tips. Dense growth, wing-like leaves, flared coral flowers. Passionflower; huge deep pink flowers. P. Worley hybrid. Night blooming passion vine, with 4" white flowers. Bright true red fls. among lvs. with rusty hairs. Tender.

Name	Description
'Witchcraft' TM	Dense growth; sm. dark lvs; 3" violet fls. P. Worley hyb.
PATERSONIA AU fragilis	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials Australian iris ally; stiff narrow lvs to 1', lav-blue fls.
PELARGONIUM SA sidoides SA tomentosum 'Chocolate Mint' 'Veronica Contreras'	Family: Geraniaceae (Cranesbill Family) Plant Type(s): Shrubs Low, spreading. Lobed grey-green leaves, dark magenta fls. Peppermint ger. Lg furry green aromatic lvs, chocolate ctr. To 2'+, rounded, dense. Light pink fls, vivid pink ctr.
PENNISETUM alopecuroides 'Little Bunny' alopecuroides 'Moudry' 'Fairy Tails' orientale orientale 'Tall Tails' setaceum 'Cupreum' setaceum 'Eaton Canyon' setaceum 'Fireworks' PP#18504 spathiolum (sphacelatum?) setaceum 'Sky Rocket' PP#21497	Family: Poaceae (Grass Family) Plant Type(s): Grasses Dwarf fountain grass, fls to 18". Yellow foliage in fall. Black-flowering pennisetum; 18-26" h/w. 3-5'. Glossy green leaves; tan plumes, summer. Sterile. Oriental fountain grass; 18" h/w, pink foxtails. Stems to 6', fluffy fl. heads droop; bright green leaves. Fountain grass; 2'+; bronze leaves & stems. Low clumps, purplish foliage, pink feathery flowers. New lvs red/green/pink/white, older lvs red. Burgundy fls. Evergreen, clumping. Lvs to 18", slender fl. stems to 2-3'. Fountain grass. Green lvs with white edge. Pink plumes.

PEROVSKIA 'Filigran' 'Longin'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials To 3', bushy. Dissected leaves, lavender-blue flowers. 2'+. Furry purple flower calyx, lavender fls., grey leaves.
PERSICARIA amplexicaulis 'Orange Field' PP#18344 amplexicaulis 'Taurus'	Family: Polygonaceae (Buckwheat Family) Plant Type(s): Herbaceous Perennials 3'h/ 5'w. Long, narrow spikes of salmon rose fls in fall. 3'h/5'2. Narrow spikes of crimson red fls, fall.
PHACELIA CN bolanderi	Family: Boraginaceae (Borage Family) Plant Type(s): Shrubs, Peren., Annuals Low grey-green leaves; heads of lavender blue flowers.

Name	Description
^{CN} californica	18". Neat clumps blue-grey lvs, coiled heads of lilac fls.
PHILADELPHUS	Family: Hydrangeaceae (Hydrangea Family) Plant Type(s): Shrubs
'Belle Etoile'	Mock orange. Large 2"+ single fls/lavender center. Fragrant.
'Galahad'	To 6'. Small leaved, dense, fragrant white blooms summer.
^{CN} lewisii 'Covelo'	WGN. 4-8'h/w. Bushy with arching stems. Fragrant white fls.
^{CN} lewisii 'Goose Creek'	Native mock-orange; fragrant double white flowers.
PHILOTHECA	Family: Rutaceae (Rue Family) Plant Type(s): Shrubs
^{AU} myoporoides 'Galaxy'	UCSC/Koala. 4', rounded. Pink buds open to starry white fls.
^{AU} myoporoides 'Profusion'	Rounded, bushy. Masses of starry white fls. Aromatic lvs.
PHLOMIS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs and Perennials
cashmeriana	Perennial. Lg. grey-grn lvs, spikes of soft pink fls. to 2'.
^{ME} cretica	18"h/3'w. Fuzzy yellowish leaves, bright yellow fls.
^{ME} fruticosa	Jerusalem sage; 4+; large fuzzy leaves, yellow flowers.
^{ME} lanata	To 3'+h. Furry stems & 1" leaves. Orange-yellow fls.
^{ME} monocephala	To 4', dense. Golden leaves; yellow flowers.
^{ME} purpurea	To 5', bushy. Grey-green lvs, lavender pink fls.
^{ME} russeliana	Large heart-shaped lvs. Clumper. Fl stems to 3';yellow fls.
PHLOX	Family: Polemoniaceae (Phlox Family) Plant Type(s): Herbaceous Perennials
'Chattahoochee'	8-12". Clusters of light blue fls have red eye. Spreading.
PHORMIUM	Family: Agavaceae (Agave Family) Plant Type(s): Herbaceous Perennials
^{NZ} 'Apricot Queen'	3'; leaves banded with yellow; apricot flush.
^{NZ} 'Black Rage'	4'. Dark chocolate lvs, bluish undersides.
^{NZ} 'Bronze Baby'	3-5'. Dwarf New Zealand flax. Compact, bronze leaves.
^{NZ} 'Carousel'	To 3'. Bronze lvs w/pink flush, lt orange edges.
^{NZ} colensoi 'Chocolate Baby'	To 2-3', with drooping chocolate-brown leaves.
^{NZ} colensoi 'Cream Delight'	N.Z. flax; dwarf; leaves cream, margined green.
^{NZ} colensoi 'Platt's Black'	To 2-3', narrow, dark reddish brown leaves. Compact.
^{NZ} colensoi 'Tricolour'	2-3'; leaves striped green, cream + pink.
^{NZ} 'Dark Delight'	5'+. Bold, broad leaves colored deep reddish purple.
^{NZ} 'Duet'	To 2', green lvs with creamy yellow edges.
^{NZ} 'Dusky Chief'	4-5'. Narrow deep reddish purple lvs. w/greyish backing.
^{NZ} 'Golden Ray'	4-5'. New lvs pinkish orange flush, then gold edges.
^{NZ} 'Green Glow'	4-5'. Wide lush green leaves. Robust.
^{NZ} 'Guardman'	7'h. Leaves 1-1/2" bronze-maroon & red margin. Upright.
^{NZ} 'Lady in Red'	SCN. 4-5'. Reddish bronze wide lvs; graceful drooping tips.
^{NZ} 'Lime Crush'	3'. Shiny lime yellow leaves with green edge.
^{NZ} 'Margaret Jones'	3'+. Arching fans of soft rose leaves have bronze edges.
^{NZ} 'Pancho's Sport'	4'. Chocolate-green center, cream edges. Erect habit.
^{NZ} 'Parfait'	4'+. Leaves have salmon pink center, green margins.
^{NZ} 'Pink Stripe'	N.Z. flax. To 6'. Bushy. Bronze-green with pink edges.
^{NZ} 'Rainbow Chief'	To 4' h. Bronze leaves with rosy pink margin & streaks.
^{NZ} 'Sundowner'	5-6'; green central stripe, pink margins.
^{NZ} tenax 'Variegatum'	N.Z. flax. To 5'+. Leaves green with yellow edge.
^{NZ} 'Tom Thumb'	1-2'. Dwarf, tight. Arching green leaves, chocolate edges.
^{NZ} 'Wings of Gold'	2-3'. Olive green leaves with yellow margins.
^{NZ} 'Yellow Wave'	To 4', dense; bright yellow-variegated leaves.
PHYGELIUS	Family: Scrophulariaceae (Figwort Family) Plant Type(s): Herbaceous Perennials
^{SA} Candy Drops TM Red	12-18". Compact, spikes of bright red tubular flowers.
^{SA} Candy Drops TM Tangerine	12-18". Compact, with spikes of warm orange tubular fls.
^{SA} 'Rosy Cheeks' PPAF	10-14". Compact, with spikes of vivid rose flowers, summer.
PHYLLOSTACHYS	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
aurea	Golden bamboo. 20'+; dense thickets.
aurea 'Koi'	Selected clone with green stripes on gold stems.
aureosulcata	To 15'+; lush growth; stems grooved with gold.
aureosulcata 'Spectabilis'	Vigorous, hardy; culms yellow with green groove.
bambusoides	Timber bamboo; dark green stems to 50'+; large leaves.
bambusoides 'Castillon'	Up to 40'. Yellow stems with dark green groove, lush fol.
bambusoides 'Castillon Inversa'	To 35'. Spreading. Green stems have yellow groove.

Name	Description
bambusoides 'Holochrysa'	Up to 40'. Golden yellow stems. Spreading.
bambusoides 'Violascens'	Timber bamboo. Dark lvs, striped stems turning purplish.
bissettii	20-30'. Dark green culms 1" wide. Spreading, cold hardy.
bissettii 'Dwarf'	18'. Dense habit. Green 2" culms, dark green lvs. Spreading.
decora	Beautiful bamboo. 30'+. Shiny leaves, spreading 2.5" culms.
dulcis	Basal proliferation-mid-culm. To 40' high. Hardy.
edulis (P. pubescens) 'Shining Light'	Moso bamboo; stems to 30'+; sprays of large, shiny leaves.
mannii	To 20', slender stems, dense brushes of dark green lvs.
nigra	Black bamboo; 15'; blackish stems; bright green leaves.
nigra 'Bory'	10-20'+. Spotted stems. Open sprays of green leaves.
nigra 'Hale'	Black bamboo. Culms turn black faster than regular. Spreads.
nigra 'Henon'	To 50'+. Dark green stems to 3" diameter.
nigra 'Super Black'	Black bamboo; very shiny black stems; bright green leaves.
viridis 'Robert Young'	20'; yellow-green stems with dark stripe.
vivax	Timber bamboo; dark green stems to 60'+; large shiny leaves.
PHYSOCARPUS	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs
^{CN} capitatus 'Siskiyou Beauty'	Ninebark. Leafy shrub to 6'; heads of white fls. CA native.
PIERIS	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs
'Flaming Silver'	Cream edged leaves; red new growth, white flowers.
japonica 'Christmas Cheer'	3'; billowy growth; masses of pink flowers.
japonica 'Katsura' PP#15452	5'. Shiny deep red new leaves keep color, rose pink flowers.
japonica 'Mountain Fire'	3'+, compact; bright red new growth; white flowers.
japonica 'Pygmaea'	To 1 h/w. Small leaves give feathery effect; white fls.
japonica 'Shojo'	4'. Compact. Deep red buds, very dark pink flowers.
japonica 'Valley Valentine'	8'. Upright. Flowers deep rose pink.
japonica 'Variegata'	Compact. Cream-variegated leaves flushed pink.
ryukyuensis 'Temple Bells'	4'. Compact. Masses white flowers, heavy-textured leaves.
'Snowdrift'	Bushy, to 6'+. Dark leaves, masses of white flowers.
PINUS	Family: Pinaceae (Pine Family) Plant Type(s): Trees
^{CN} ponderosa	Ponderosa pine, western yellow pine. Distinctive bark.
PIPTOCHAETIUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{WE} fimbriatum	Pinyon ricegrass. Fine texture bunchgrass for dry shade.
PITTIOSPORUM	Family: Pittosporaceae (Pittosporum Family) Plant Type(s): Trees and Shrubs
^{NZ} eugenioides 'Variegata'	Grey-green lvs. have cream margins; yellow new growth.
^{NZ} tenuifolium	30't. Evergreen. Dense, 1" dark green leaves.
^{NZ} tenuifolium 'Elfin' PP#21822	2-3'+. Compact mound, light green leaves darken with age.
^{NZ} tenuifolium 'Gerd's Form'	15'+. Glossy, dark green leaves, black stems.
^{NZ} tenuifolium 'Gold Star'	6'+. Dark green lvs with gold center, black stems.
^{NZ} tenuifolium 'Harley Botanica'	8-15'. Small leaves have lime center, darker edges.
^{NZ} tenuifolium 'Irene Patterson'	6-8'+. Green leaves, heavy irregular frosty white speckling.
^{NZ} tenuifolium 'Marjorie Channon'	10'+, compact upright shrub; cream variegation.
^{NZ} tenuifolium 'Mrs. Gorman'	SCN intro. 3-4'. Very dense, dwarf globe. Dark green leaves.
^{NZ} tenuifolium 'Pirouette' PP#22024	15'+, sturdy. Upswept branches, lg pale yellow-varieg. lvs.
^{NZ} tenuifolium 'Silver Magic'	Erect shrub; small lvs. grey with cream, pink margins.
^{NZ} tenuifolium 'Silver Nugget'	4'. Small grey-green leaves, very dense habit.
^{NZ} tenuifolium 'Silver Sheen'	8'+. Small round grey-green leaves. Dark stems.
^{NZ} tobira 'Shima'	30". Large light green lvs with creamy white edges. Dense.
PLECTRANTHUS	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{AU} argentatus	2-3' mound. Thick broad furry silvery leaves.
PLEIOBLASTUS	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
chino 'Akebono'	3'h. Dense 6" long lvs. Sporadic cream stripe. Spreader.
chino 'Murakamianus'	Thicketing, to 3'+. Narrow dark leaves, cream new growth.
distichus	1-2'h. Delicate appearing. Strong spreader. Dark leaves.
fortunei (variegatus)	Dwarf bamboo; cream-variegated leaves.
gramineus	6-12', dense; slender stems, grasslike leaves.
hindsii 'Yasui'	Distinctive dark green, upright leaves, spreading.
linearis	Thicketing bamboo, to 8'; dark narrow leaves.
shibuyanans 'Tsuboi'	To 6'. Broad cream stripes on 6" leaves, spreading.

Name	Description
viridistriatus var. chrysophyllus	Dwarf bamboo; leaves bright yellow shading chartreuse.
PLUMBAGO ^{SA} auriculata 'Purple Robe'	Family: Plumbaginaceae (Leadwort Family) Plant Type(s): Shrubs Cape plumbago; deeper blue flowers.
POA ^{NZ} cita	Family: Poaceae (Grass Family) Plant Type(s): Grasses To 2'. Dense tawny green clumps, arching fl. stems.
PODOCARPUS ^{SA} henkelii	Family: Podocarpaceae (Yellowwood Family) Plant Type(s): Trees and Shrubs Long leaf yellow-wood. Dark green narrow lvs. Tree/shrub.
POLIOMINTHA longiflora	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs Mexican oregano; aromatic, shiny lvs, lavender flowers.
POLYGALA ^{SA} chamaebuxus 'Purpurea' ^{SA} x dalmaisiana ^{SA} fruticosa 'Petite Butterfly' ^{SA} myrtifolia 'Grandiflora'	Family: Polygalaceae (Milkwort Family) Plant Type(s): Shrubs, Peren., Annuals Under 1', mounding; dark green lvs; pink & yellow fls. Sweet-pea shrub. To 5' h/w. Many purple flowers. Compact shrub. Mauve purple fls. with fringed lip. Bushy, to 6'. Oval dark green leaves, white&purple flowers.
POLYGONATUM kingianum odoratum (japonicum) 'Variegatum'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials To 5'. Slender stems; dangling orange & green bells. Solomon's seal; lily-like grn, wht&pink leaves, white bells.
POLYPODIUM ^{CN} aureum 'Glaucum' ^{CN} californicum 'Sarah Lyman' guttatum	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns Hare's foot fern. To 4', upright. Large grey-green fronds. Native fern; dissected-leaf selection. Summer-deciduous. From Mexico; 8-12" thick, evergreen fronds.
POLYSTICHUM ^{WE} andersonii braunii ^{CN} luctuosum ^{CN} munitum polyblepharum setiferum	Family: Dryopteridaceae (Wood Fern Family) Plant Type(s): Ferns 2-3'. Dark green fronds with bulblet at frond tip. 2-3'. Semi-evergreen sword fern. Dark green fronds. Sword fern. 1' high. Evergreen, silvery green fronds. Western sword fern; large, thick dark green fronds. Tassel fern. Dense, lacy, 2'. Dark green fronds. 2'+. Crowns of finely dissected fronds.
POTENTILLA (DASIPHORA) fruticosa 'Apricot Whisper' fruticosa 'Silver Schilling'	Family: Rosaceae Plant Type(s): Shrubs, Peren., Annuals Bushy shrub. Div'd lvs, soft apricot pink fls. in summer. Low, bushy habit. Divided grey leaves, bright yellow fls.
PROSTANTHERA ^{AU} linearis ^{AU} ovalifolia 'Variegata' ^{AU} rotundifolia 'Rosea'	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs To 5'+. Narrow green leaves, red stems, purple flowers. Mint bush. To 5'+. Cream-variegated lvs., bright purple fls. Mint bush; 4'. Dense, small round fragrant leaves, pink fls.
PRUNELLA grandiflora 'Loveliness'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials 8"+. Lilac blue flowers held over spreading mats.
PRUNUS ^{CN} ilicifolia ^{CN} ilicifolia var. lyonii ^{ME} lusitanica ^{CN} virginiana var. demissa	Family: Rosaceae (Rose Family) Plant Type(s): Trees and Shrubs 8'+. Holly-leaf cherry. Shiny green lvs, white flowers. Catalina cherry. 10-20't. Evergreen glossy leaves. Portugal laurel. Evergreen. 10-30' t. Dense habit. Western chokecherry. Thicketing shrub to 8'. White flowers.
PSEUDOSASA japonica	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Bamboo with slender upright stems; large dark leaves.
PUNICA ^{ME} granatum 'Nana' ^{ME} granatum--peach fl. ^{ME} granatum 'Wonderful'	Family: Lythraceae (Loosestrife Family) Plant Type(s): Trees and Shrubs Dwarf pomegranate; dense to 3', red fruits, orange fls. Pomegranate; to 10'; double pale peach flowers, large fruit. Pomegranate; to 10'; red flowers, large fruit.

Name	Description
PUYA CH alpestris mirabilis	Family: Bromeliaceae (Pineapple Family) Plant Type(s): Herbaceous Perennials Bromeliad w/crowns of long spiny lvs, deep blue-green fls. Bromeliad w/crowns of long narrow lvs, 3" tubular green fls.
PYRETHROPSIS ME hosmariensis	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Dense mound. Grey leaves, white "daisies" on short stems.
PYRROSIA hastata lingua lingua--crested lingua 'Eboshi' lingua 'Variegata'	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns Felt fern; creeping, with thick 3-lobed fronds. Felt fern; thick, undivided fronds, cinnamon backing. Felt fern; thick fronds splayed at ends. Felt fern. 6-8"; short, broad, very contorted fronds. Felt fern; dark green fronds with irregular yellow lines.
QUERCUS CN berberidifolia CN chrysolepis--shrubby form CN durata CN lobata	Family: Fagaceae (Beech Family) Plant Type(s): Trees and Shrubs Scrub oak, to 10'. Prickly evergreen lvs, shrub or tree. Mounding to 8'; dark green lvs, stout stems, evergreen. Leather oak. Evergreen shrub to 12'. Valley oak. 40'+. Lobed 3" leaves. Deciduous.
RANUNCULUS CN californicus ME cortusifolius	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials Fl. stems to 2'. Low lvs, shiny yellow fls in early spring. 2'+. Large round lvs, satiny yellow fls/clusters, spring.
RAOULIA NZ australis	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Dense, hard mat; tiny grey leaves, yellow flowers.
REHMANNIA elata 'Rose Glow' elata 'Snow Glow'	Family: Orobanchaceae (Broomrape Family) Plant Type(s): Herbaceous Perennials SCN. 2'+; coarse basal lvs; large foxglove-like magenta fls. SCN. Basal lvs; large white bells, lined yellow in throat.
RESTIO SA quadratus SA similis AU tetraphyllus	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies 5-6'h/10'+w. Feathery draping habit. Square stems. 18". Dark green draping fine texture clump. 3-6' rushlike plant with puffs of threadlike branches.
RHAMNUS ME alaternus 'John Edwards' ME alaternus 'John Edwards'--stk columns ME alaternus 'Variegatus' ME alaternus 'Variegatus'--staked columns	Family: Rhamnaceae (Buckthorn Family) Plant Type(s): Trees and Shrubs Italian buckthorn. Angled branches, dark green leaves. Italian buckthorn; dense, with glossy leaves. Creamy-white leaf edges. Twiggy. Red berries. Dense, well-branched. Small cream-margined leaves.
RHAMNUS (FRANGULA) CN californica 'Eve Case' CN californica 'Leatherleaf' CN californica 'Mound San Bruno' CN californica 'Seaview Improved' CN californica ssp. crassifolia CN californica ssp. occidentalis CN californica ssp. tomentella	Family: Rhamnaceae (Buckthorn Family) Plant Type(s): Trees and Shrubs Coffeeberry. 6', compact; lg. dark lvs; red-tinged berries. Coffeeberry. 4-5'+. Round, tight form. Shiny, deep green lvs. 4-5'+. Coffeeberry. Dense, mounding, dark green leaves. Coffeeberry. 16". Prostrate, slow-growing. Dark satiny lvs. Coffeeberry; 8'+; grey-felted leaves, red-black berries. 2-5'h/4-5'w. Dk green leaves, red to black fruits. Coffeeberry; 8'+; narrow dark green lvs, red-black berries.
RHAPHIOLEPIS umbellata 'Minor'	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs To 5'. Evergreen leaves-copper spring & fall. White flowers.
RHODANTHE AU anthemoides 'Paper Star'	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials UCSC/Koala. Low. Light green lvs, pink buds, white daisies.
RHODOCOMA SA arida SA capensis SA foliosa	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies 5-6'. Columnar with thin blue stems, clumping. 5-8'. Erect, fluffy very dark green stems, drooping tips. To 5'. Dense feathery green clumps; lacy fls. Good cut fol.

Name	Description
RHODODENDRON 'Fragrantissimum' CN occidentale--Goat Mtn. strain CN occidentale--Smith River strain 'Snow Lady'	Family: Ericaceae (Heath Family) Plant Type(s): Trees and Shrubs Open habit. Large white, very fragrant flowers in spring. Western azalea; 6'+; fragrant white fls, purplish leaves. Western azalea; 6'+; lg fragrant white fls w/pink & yellow. 3', compact; fuzzy leaves; white fls., light fragrance.
RHODOHYPOXIS SA baurii 'Albrighton' SA baurii 'Dark Lights' SA baurii 'Glitterbug' SA baurii 'Great Scott' SA baurii 'Picta' SA baurii 'Pintado' SA baurii 'Tetra Red' SA baurii var. platypetala SA baurii 'Wintergreen Red'	Family: Hypoxidaceae (Star Grass Family) Plant Type(s): Cormous Perennials 4"; dense tuft; grassy leaves; deepest red fls. 4". Rose red starry flowers over short leaves, spring. SCN. 4". Large bright pink flowers age lighter pink. 3"; dense tuft; grassy leaves; many dark pink flowers. 4"; grassy tuft; many white flowers, marked red. 4". Grassy tufts. Fragrant pale pink fls., tipped deep red. 3"; dense grassy tuft; many large flowers. 3"grassy tuft. White flowers, outlined in deep pink. 4" h. Profuse growth, grassy leaves, red flowers.
RHODOPHALA bifida	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials 1'. Amaryllis ally. Red flowers in summer.
RHUS CN integrifolia	Family: Anacardiaceae (Sumac Family) Plant Type(s): Trees and Shrubs Lemonade berry. 5-10'. Great bank cover. Sturdy green lvs.

Plant Type(s): Shrubs Golden currant. Bright yellow fragrant fls, red fruits. Hillside gooseberry. 4-6'. Bushy, spiny. Dk red & white fls. To 6'. Clusters of bright pink fls, winter-spring. 5-7'. Long drooping clusters, pink buds, white fls, winter. Chaparral currant. Furry lobed leaves, cherry-red flowers. Mountain pink currant. 4-6'. Light pink fls, lobed lvs. 3-4'. Lobed leaves, spiny stems, dark red & white flowers. Red currant. 3-5' h/w. Clusters of edible fruits. 8'. Flowering currant. Bushy, deep pink-red clustered fls. 3'+. Golden leaves age chartreuse, pink fls spring. Pink flowering currant. To 6'+. Long pink fl. clusters. Pink flowering currant; 6', long pink flower tresses. To 8'. Currant. UBC's profuse, clusters 8"+ white flowers. 6'+. Fuchsia-fl. gooseberry. Spiny shrub; dangling red fls. 2'+. Low spreading form of spiny shrub; dangling red fls. 6'. Fuchsia-fl. gooseberry. Spiny, w/pendant bright red fls. Gooseberry. 4-6'. Lg green to pink edible berries, summer. 2-4'. Catalina perfume. Dark shiny leaves. Spreader.
ROHDEA japonica 'Mure Suzume' japonica--selected form japonica--variegated	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials 8-10". Green leaves marbled and striped creamy white. 2'. Glossy wide, firm textured dark green leaves, shade. 3'. Basal leaf rosette, yellow edges. Red fruit, yellow fls.
ROMNEYA CN coulteri	Family: Papaveraceae (Poppy Family) Plant Type(s): Shrubs to Subshrubs Matilija poppy; perennial to 8'; huge white flowers.
ROMULEA SA subfistulosa	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Grassy lvs; vivid rose purple fls., yellow/dark centers.
ROSA 'Altissimo'--staked banksiae 'Alba Plena'--staked 'Betty Prior' CN californica 'First Dawn' chinensis 'Mutabilis' 'Climbing Iceberg' 'Hermosa' 'Iceberg'	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs Stiff stems to 10'+; large sgl lacquer-red fls. Orange hips. White Lady Banks' rose. 20'+. Double wht. fragrant fls. 5'. 2-tone carmine-pink single-petal, hardy. Thicketing native, to 6'; single creamy pink flowers. 6'+h/12'w. China rose. Flowers open salmon, change to rose. Double white fls. for a long season; disease resistant lvs. To 3'. Many cupped light pink, double fls; repeat bloom. 5'h. Profuse clusters of white flowers. Disease resistant.

Name	Description
^{CN} 'Marjorie Fair' minutifolia	4'h. Spreader. Large trusses small single red flowers. Ensenada rose. Thorny canes, tiny leaves, single rose fls.
moschata 'Will Scarlet'	Musk rose. To 8', arching. Bright red fls. & white centers.
'Phyllis Bide'--staked	Clusters of salmon to yellow fls; long bloom. Climber.
polyantha 'Cecile Brunner'--bush	Sweetheart rose;bush. Double soft pink fragrant fls.
polyantha 'Climbing Cecile Brunner'	25'. Climber. Many fragrant soft pink buds + flowers.
'Ralph's Creeper'	2-3'h/3-5'w. Dark green leaves, scarlet fls/yellow ctr.
'Sally Holmes'--bush	To 5'+h. Clustered large pink to white flowers.
'Sally Holmes'--staked	8-10'. Clustered large pink to white flowers.
'Sea Foam'	Spreads 6-10'. Dense. Pink buds, dbl. white flowers.
'Sombreuil'--staked	Climber. Old rose. Very double creamy white fls, scented.
'Surrey'	3' mound; bright, clean leaves, double bright pink fls.
'The Fairy'	4'h/w. Cascading. Profuse double pastel pink flowers.
'Westerland'--staked	6'. Purplish new leaves; lg. apricot to coppery fls. Repeat.
^{CN} woodsii ssp. ultramontana	5'+. Mountain wood r. Fragrant single pink fls. Red hips.

ROSMARINUS

	Family: Lamiaceae (Mint Family)	Plant Type(s): Shrubs
^{ME} officinalis 'Blue Spire'	5'h/4'w. Upright, branching at base. Medium blue flowers.	
^{ME} officinalis 'Collingwood Ingram'	2-3'h/4'w. Flowers rich, bright blue-violet.	
^{ME} off. 'Huntington Blue' ('H. Carpet')	18"h/6'w. Pale blue flowers. Groundcover. Fragrant leaves.	
^{ME} officinalis 'Irene'	1'h/6'w. Trailing, prostrate habit. Blue-violet flowers.	
^{ME} officinalis 'Ken Taylor'	18"h/8'w. Trailing. Deep blue. Center remains dense.	
^{ME} officinalis 'Mozart'	2'h/4'w. Congested lvs., stiff stems; vivid violet blue fls.	
^{ME} officinalis 'Roseus'	4-5'. Green aromatic leaves, soft rose pink flowers.	
^{ME} officinalis 'Tuscan Blue'	Rosemary; 4', bushy; dark blue flowers.	

RUBUS

	Family: Rosaceae (Rose Family)	Plant Type(s): Shrubs
^{CN} calycinoides 'Emerald Carpet' COPF	6"h/6'w. Carpet of fuzzy lobed leaves, white flowers.	
^{CN} parviflorus	Thimbleberry. Soft green lvs, edible red fruits, white fls.	
^{CN} spectabilis	Salmonberry. Suckering, with edible red fruits. Pink fls.	

RUDBECKIA

	Family: Asteraceae (Sunflower Family)	Plant Type(s): Herbaceous Perennials
fulgida v. sullivantii 'Goldsturm'	Dense clumps; 1-2' stems; flowers yellow, black centers.	
hirta 'Indian Summer'	Black eyed Susan, to 3'. 4" gold daisies. Furry leaves.	

RUPELLIA

	Family: Acanthaceae (Acanthus Family)	Plant Type(s): Herbaceous Perennials
macrantha	To 3', erect. Large paired leaves, 2" deep pink bells.	

RUSCUS

	Family: Liliaceae (Lily Family)	Plant Type(s): Herbaceous Perennials
^{ME} aculeatus 'Wheeler's Variety'	Butcher's broom. Pointed leaves, bright red berries.	
^{ME} hypoglossum	Butcher's broom. Thicketing. 18" h. Blue-green foliage.	

RUTA

	Family: Rutaceae (Rue Family)	Plant Type(s): Herbaceous Perennials
^{ME} graveolens 'Jackman's Blue'	Rue. 2'. Silvery blue aromatic lvs, yellow fls.	

SALIX

	Family: Salicaceae (Willow Family)	Plant Type(s): Trees and Shrubs
^{CN} laevigata	Red willow. 10-25'. Green lvs, red twigs. Good/butterflies.	
^{CN} lasiolepis	Arroyo willow. To 10', spreads. Benefits bees/butterflies.	

SALVIA

	Family: Lamiaceae (Mint Family)	Plant Type(s): Shrubs to Annuals
^{CN} 'Allen Chickering'	Native hybrid sage; 4'+; grey leaves, lavender flowers.	
'Amistad' PP#23578	4-5'. Spikes of purple fls, black calyx. Long bloom.	
^{CN} apiana	White sage. Short branches, nearly white lvs, tall fl. stem.	
^{ME} argentea	Huge white furry leaves; creamy flowers on 2' stem.	
azurea var. grandiflora	2-3'; slender stems; greyish leaves; true blue flowers.	
^{CN} 'Bedazzle'	1'. Grey lvs, thick fl spike, rose bracts, bright blue fls.	
^{CN} 'Bee's Bliss'	Broad carpet; fragrant grey-green leaves, lavender flowers.	
'Big Swing'	Upright to 5'+. Large green lvs, long spikes deep blue fls.	
blepharophylla	Bushy, upright to 2'+. Dark foliage, bright red flowers.	
^{CN} brandegei 'Pacific Blue'	CA sage with dark green leaves, light blue fls. 5'h/w.	
'Bright Eyes' PP#22491	2'+. Very large deep red fls, white "eye". Greggii type.	
^{CN} 'Celestial Blue'	3-5'. CA native hyb. Light rose bracts & calyces, blue fls.	
chamaedryoides	Low, bushy; small grey leaves, bright blue flowers.	
chiapensis	Shiny green leaves, dark magenta flowers. 2' mound.	
'Christine Yeo'	2'+. Textured green lvs; blue purple fls. Dense, spreads.	

Name	Description
^{CN} clevelandii 'Alpine'	3'. Grey-green aromatic leaves; whorls of blue fls. summer.
^{CN} clevelandii 'Deer Spring Silver'	4'+. Aromatic grey lvs; bright blue fls., summer.
corrugata	4-6'. Dark green lvs, rusty undersides. Deep blue flowers.
'Costa Rica Blue'	5'+; broad, dark leaves, spikes of bright blue flowers.
curviflora 'Tubular Bells' PPAF	4'. Deep green textured lvs; spikes of purplish rose fls.
'Dancing Dolls' PP#19820	New SCN intro; clouds of rose & cream fls, dark stems.
'Dancing Embers' TM	SCN. Dark shiny leaves, huge "hot red" fls, dark stems.
'Dancing Lights' TM	SCN. Microphylla type has vivid rose red & light pink fls.
'Dancing Shadows' TM	SCN. Painted icy pink and white flowers, red violet stems.
^{CN} 'Dara's Choice'	18"+h/3'+w. Carpeting. Green leaves, lav-blue flowers.
darcyi Vermillion Bluffs TM	Plant Select. 4'. Red flowers on tall spikes all summer.
'Dark Dancer'	WGN. Bushy, with large, vivid plum purple fls.
'Debbie's Rose' TM	2'+. Large fls, warm coral lip, rose tube. Microphylla hyb.
'Fancy Dancer' PP#24088	SCN. Creamy pink & raspberry fls, compact. Greggii type.
'Fire Dancer' TM	SCN. Bushy greggii type. Large coral-red flowers.
'Flamenco Rose' TM	SCN. Microphylla type. Bushy, very large bright pink fls.
'Full Moon' TM	18". SCN. Creamy lower lip, rose tube, black stems. Dense.
^{CN} 'Gayle Nielson'	3-4'. Hybrid of CA species. Bright blue fls, grey lvs.
'Golden Girl' PP#23997	SCN. Very compact. Bright golden yellow fls, greggii type.
^{WE} greggii 'Furman's Red'	Selection with deep, glowing red flowers.
^{WE} greggii 'Moonlight'	WGN selection; dense, with moonlight-yellow fls.
^{WE} greggii--white	2'+, bushy; small oval leaves, many white flowers.
guaranitica 'Black and Blue'	Upright stems to 4'+, dark blue fls. set on black stems.
guaranitica 'Van Remsen'	Upright stems to 6'+, bright blue fls. Not spreading.
'Indigo Spires'	3'. Long spikes of dark blue purple fls. summer-fall.
x jamensis 'Cienega de Oro'	2'+. Sage. Masses of bright yellow flowers.
x jamensis 'Coral Sunrise'	3'. Bushy. Deep coral fls. turn pale coral. Near-black stems.
x jamensis 'Sierra San Antonio'	Sage. Many flowers of soft orange & moonlight yellow.
'Jean's Purple Passion'	5'+. Lush green leaves, bright purple flowers. Long blm.
'Lemon Light' PP#24105	18". Compact habit; clear lemon yellow fls.
leucantha Danielle's Dream PP#21734	3'. Mexican sage with silver white fuzz, bright pink fls.
leucantha--purple-flowered form	Mexican sage; white stems, rosy buds, purple flowers.
leucantha 'White Mischief'	3'. White flowers set in fuzzy white calyx.
^{CN} leucophylla 'Amethyst Bluff'	SBBG intro. 2'h/6'w; grey, furry lvs., bright lavender fls.
^{CN} leucophylla 'Figuroa'	3-4'. Native sage. White leaves. Pink flowers.
'Marine Blue'	2-3'. Blue-green leaves, bright blue fls. S. chamaed. hyb.
melissodora	Bushy, to 6'. Green foliage, grape-scented lavender flowers.
^{CN} mellifera 'Sweet Honey'	3-4'. Sweetly aromatic green lvs; dense habit.
'Mesa Azure'	Microphylla/greggi hybrid. 2'. Light purple flowers.
mexicana 'Limelight'	To 6'+, bushy. Lg. dark leaves, bright blue fls, lime calyx.
microphylla--Belize form	Bushy, to 3'+; bright green leaves, large bright red fls.
microphylla 'Cerro Potosi'	Bushy, to 2'. Bright magenta red fls, long bloom.
microphylla 'Hot Lips'	Bushy, to 3'. Small dark lvs, red and white fls.
microphylla 'Rosie O'Grady'	2' high, 3-4' wide. Small dark leaves, many pink flowers.
moorcroftiana x indica	Low blue grey leaves, profuse light blue fls in spring.
nana 'Curling Waves'	12-16". Low, spreading. Green leaves, bright blue flowers.
nemorosa 'Caradonna'	1-2'. Dark blue flowers with dark stems.
nemorosa 'New Dimension Blue'	1-2'. Low green leaves, spikes of dark blue flowers.
'Neon Dancer' TM	SCN. Bushy greggii type, wild purplish-red flowers.
'Nuevo Leon'	Like S. greggii in form, smaller lvs; many blue purple fls.
^{ME} officinalis 'Berggarten'	Sage; spreading, 6-10"h, aromatic leaves.
^{ME} officinalis 'Icterina'	Kitchen sage. Matting. Yellow leaf margins.
^{ME} officinalis 'Purpurea'	Kitchen sage. To 12"h x 3'w. New leaves purple.
^{ME} officinalis 'Tricolor'	Kitchen sage. Grey-green, cream, pink & purple lvs.
'Orchid Glow' PP#22520	SCN. Large vivid purplish magenta fls. Microphylla type.
^{CN} pachyphylla	3'. Silver leaves; heads w/rose bracts, deep blue flowers.
'Playa Rosa'	2'. Greggii type. Large lavender pink fls, wide lower lip.
^{CN} 'Pozo Blue'	Clevelandii hybrid, to 4'+. Fragrant lvs, lavender blue fls.
prunelloides	1'. Round green leaves; blue purple fls. on spikes.
pulchella x involucrata	3' h, 5' w. Spikes of furry magenta fls, large green lvs.
'Purple Majesty'	5'+; lush dark green leaves; 1-2' stems of purple flowers.
reptans (S. leptophylla)	To 2'+; slender leaves & dark stems; dark blue flowers.
^{WE} reptans 'Willow Veil'	To 2'+; erect slender leaves & dark stems; deep blue fls.
'Scarlet Spires'	2-3'. Bright red flowers, summer to fall. S. darcyi hybrid.
semiatrata	3-4' shrub. Rich green leaves, blue and black fls.
'Shell Dancer' PP#20680	SCN. Microphylla type, vigorous. Bright rose & salmon fls.

Name	Description
^{CN} 'Shirley's Creeper' sinaloensis	3-4'h/6'+w. Textured green leaves, cream flowers. Dwarf habit; purple-tinged leaves, deep blue flowers.
^{CN} sonomensis 'Fremont's Carpet'	Carpeting subshrub. Narrow furry leaves, purple fls.-spring.
^{CN} sonomensis 'Pine Canyon'	Compact Sonoma sage. Rounded grey-green lvs, blue flowers.
^{CN} spathacea	Dense spreading clumps of fragrant leaves. Magenta flowers.
^{CN} spathacea 'King Crimson'	2-3', large basal lvs; dark magenta fls. on tall stalks.
^{CN} 'Starlight'	CA native hyb. Grey leaves, long wands of white flowers.
x superba 'Blue Hills'	Intense violet blue flowers on stems to 2'. Low green lvs.
x superba 'May Night'	1-2', full foliage clumps. Leafy stems, violet blue fls.
'Tangerine Ballet' TM	SCN. Greggii type. Upright, with large tangerine flowers.
uliginosa	4-6'; slender, upright stems; bright blue flowers.
'Ultra Violet' PP#21411	Greggii hybrid. Vivid purple pink fls. Compact habit.
^{CN} 'Whirly Blue'	Clevelandii hyb. Bright lavender-blue fls, aromatic lvs.
'Yellow Bird' TM	To 2'+. Upr growth, dark leaves, large lt yellow fls. SCN.
SAMBUCUS	Family: Adoxaceae (Adoxa Family) Plant Type(s): Trees and Shrubs
canadensis 'Aurea'	Thicket, to 8'h. Large divided golden lvs, white flowers.
^{CN} mexicana (nigra ssp. caerulea)	Blue elderberry. White flowers, blue berries. CA native.
nigra 'Purpurea'	To 8'+. Large divided, purple-tinged leaves, cream flowers.
[nigra]--threadleaf form	Threadlike leaves make very unusual texture.
racemosa 'Sutherland Gold'	Golden elderberry. Finely cut golden leaves; white fls.
SANGUISORBA	Family: Rosaceae (Rose Family) Plant Type(s): Perennials and Annuals
hakusanensis 'Lilac Squirrel'	18-24". Blue-green divided lvs; plumes of lilac fls, summer.
officinalis 'Chocolate Tip'	Burnet. Ferny low lvs; thin stems w/round dk red fl heads.
officinalis 'Tanna'	18". Dwarf burnet. Low ferny lvs, round wine-red fl. heads.
SANTOLINA	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs
^{ME} chamaecyparissus	Lavender cotton; 2'+, dense; small grey leaves.
^{ME} chamaecyparissus 'Nana'	Lavender cotton; less than 1', tight; w/small grey leaves.
^{ME} ericoides	Green santolina. Dense. Creamy yellow flowers.
^{ME} virens 'Lemon Fizz' PPAF	1-2'. Tufts of narrow chartreuse leaves in a dense mound.
SAPONARIA	Family: Caryophyllaceae (Pink Family) Plant Type(s): Herbaceous Perennials
ocymoides	Flat mat, small green leaves, masses pink fls, spring.
SARCOCOCCA	Family: Buxaceae (Boxwood Family) Plant Type(s): Shrubs
ruscifolia	4-6'h/3-7'w. Dense, waxy leaves, fragrant fls., red fruit.
SASA	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos
megalophylla 'Densa'	Thicketing, to 2', large shiny leaves.
veitchii	1-3', thicketing bamboo; large dark green leaves.
SATUREJA (CLINOPODIUM)	Family: Lamiaceae Plant Type(s): Herbaceous Perennials
^{CN} douglasii	Yerba buena; trailing, with small aromatic leaves.
SATUREJA	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials
^{ME} thymbra	Shrublet to 18". Hairy aromatic green leaves, lt. pink fls.
SAXIFRAGA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
'Peter Pan'	"Mossy" type; dense mats; pink-tinged flowers.
SCABIOSA	Family: Caprifoliaceae (Honeysuckle Family) Plant Type(s): Herbaceous Perennials
'Vivid Violet' PP#19260	12" mound. Violet fl. heads spring-fall. Mildew resistant.
SCAEVOLA	Family: Goodeniaceae (Goodenia Family) Plant Type(s): Herbaceous Perennials
^{AU} 'Mauve Clusters'	Lush carpet; bright green leaves; small mauve flowers.
SCHIZACHYRIUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{WE} scoparium 'The Blues'	Little bluestem. Clumping to 2-4', erect form.
SCIRPUS (ISOLEPIS)	Family: Cyperaceae (Sedge Family) Plant Type(s): RushlikeSedges
cernuus	Fiber optics grass; vivid light green threadlike stems.

Name	Description
SCLERANTHUS ^{AU} biflorus	Family: Caryophyllaceae (Pink Family) Plant Type(s): Perennials and Annuals Australian astroturf. Tight green mound to 6" high, 2" wide.
SCUTELLARIA ^{CN} siphocampyloides	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials Spreading peren.to 12" high. Blue purple fls, slender stems.
SEDUM acre 'Elegans' album album 'Coral Carpet' album 'Nigra' 'Bertram Anderson' cauticola 'Lidakense' forsterianum 'Oracle' hakonense 'Chocolate Ball' ^{CN} lanceolatum 'Lime Zinger' PP#24632 makinoi 'Ogon' 'Matrona' oaxacanum pachyclados reflexum 'Blue Spruce' 'Rose Glow' rupestre 'Angelina' sieboldii ^{CN} spathulifolium 'Cape Blanco' ^{CN} spathulifolium 'Purpureum' spectabile 'Brilliant' spurium 'John Creech' spurium 'Voodoo' telephium 'Autumn Joy' 'Vera Jameson'	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials 3"h/1'w mat. Tiny green lvs w/cream variegation. Yellow fls. Flat growing, dense. Green "jelly bean" leaves, white fls. New "jelly bean" lvs coral then green, red in winter. 4" high. Small fat green leaves darken in winter. Cream fls. Thick purplish leaves make low mass; dark pink fls. summer. 6". Round blue-grey lvs, heads of dark rose fls, fall. 4-5". Narrow grey-green leaves, dense. Gold fls, summer. 6-8"h/1-2'w. Chocolate lvs flushed reddish, yellow fls. Matting succulent; narrow grey leaves; yellow fls. 6". Round blue-green leaves edged rose. Heads of pink fls. Very low golden mat; yellow flowers. Broad purplish grey lvs+ stems. Soft pink fl. heads, summer. 3"h/1-2'w. Small, fat green leaves on red stems, yellow fls. Low evergreen mat; round blue-green lvs; cream fls. Blue narrow leaves form low mat, yellow fls in summer. Low, spreading. Purple-tinged leaves, purplish rose fls. Spreading, with narrow bright yellow lvs, flowers. Low, spreading. Scalloped leaves, rosy flowers, fall. Matting succulent; rosettes of grey leaves. Tight mat; purple-tinged leaves, yellow flowers. To 2'. Thick stems, large lvs, broad clust. bright pink fls. Matting succulent; green leaves, pink flowers. Matting, dark red lvs, deep rose pink flowers. To 20" flower stem. Fall-blooming coppery-rose flowers. Low, spreading. Large purple-tinged leaves, rosy flowers.
SEMIQUILEGIA ecalcarata	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials Clumping, to 8". Lacy leaves, cupped purplish pink fls.
SEMIARUNDINARIA fastuosa fastuosa 'Viridis' yashadake	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Narihira bamboo; erect to 25'; dark stems,makes dense hedge. Green temple bamboo. Fast, lush screen, to 25'. Spreading. 15'. Erect habit, spreading. Green stems may redden.
SEMPERVIVUM ^{ME} arachnoideum 'Cebenes' 'Black Prince' 'Blue Boy' 'Commander Hay' 'Flamingo' 'Gizmo' 'Green Wheel' 'Jungle Shadows' 'Pistachio' 'Rita Jane' 'Rubicon' 'Serena' 'Spring Beauty' tectorum 'Greenii'	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials Cobweb houseleek; prolific selection; large crowns. Red violet rosettes have grey-green tips. Pink fls. Blue grey rosettes, rose tinted leaf edges. Broad rosettes, red purple centers, green tips. Pink fls. Lightly furry greyish rosettes, pinkish flush esp. backlit. Dark olive grey rosettes with red tips. Red violet fls. Tight tidy rosettes to 4" across of rich medium green lvs. Broad grey rosettes, burgundy tips. Deep burgundy/winter. Very broad blue-green rosettes, pink fls. summer. Houseleek. Dense clusters of rosettes w/red tips&colder lvs. Very glossy red purple smallish rosettes; subtle green tips. Tight blue green rosettes, pink tips, rose pink fls. Bright light green rosettes; rose pink flowers. Tight, round rosettes; green leaves tipped shiny red.
SENECIO confusus--staked ^{SA} mandraliscae palmeri ^{SA} talinoides 'Jolly Gray'	Family: Asteraceae (Sunflower Family) Plant Type(s): Trees to Annuals Mexican flame vine; lush, with 2" orange-red flowers. Blue pickle. Succulent round leaves, spreading. White fls. 2-3'. White stems, lvs. Clusters of bright yellow daisy fls. Succulent 5" grey lvs erect; spreading stems. Cream fls.
SEQUOIA ^{CN} sempervirens 'Aptos Blue'	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees Coast redwood. 100'+. Pyramidal. Blue-green leaves.

Name	Description
^{CN} sempervirens 'Soquel'	Coast redwood. 100'+. Dense, whorled dark green leaves.
SESLERIA ^{ME} autumnalis caerulea 'Greenlee Hybrid'	Family: Poaceae (Grass Family) Plant Type(s): Grasses Autumn moor grass. 18"; compact; light green. Blue moor grass; low clumps, green & silvery blue leaves. 1'. Low tidy blue green clumps, pinkish fls.
SIDALCEA ^{CN} malvaeflora--selected form ^{WE} oregana 'Brilliant'	Family: Malvaceae (Mallow Family) Plant Type(s): Herbaceous Perennials Checkerbloom. Low hummocks. Showy dark pink fls. Clumping, with stems to 2'+ with carmine pink flowers.
SIDERITIS ^{ME} cypria	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials Thick white leaves, dark fl. stems have chartreuse bracts.
SINOAMBUSA tootsik 'Albostriata'	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Temple bamboo. Dense thicket. Dark cream-varieg. leaves.
SISYRINCHIUM ^{WE} [angustifolium] ^{CN} bellum 'Arroyo de la Cruz' ^{CN} bellum 'Ft. Bragg' ^{CN} bellum 'Occidental' ^{CN} bellum 'Rocky Point' ^{CN} bellum 'Wild Night' ^{CN} californicum ^{WE} 'Wayne's Dwarf'	Family: Iridaceae (Iris Family) Plant Type(s): Herbaceous Perennials Compact clumps; heavy spr. & summer bloom; blue fls. Blue-eyed grass. Selected for large, dark flowers. Dwarf plant. Flowers lavender with violet center. 1'; vigorous heavy-blooming clone; large purple flowers. Dwarf, dense selection. Purple-blue flowers. Blue-eyed grass. Deepest blue-purple fls, spring. Yellow-eyed grass. Iris-like leaves, yellow flowers. About 4"; dense clumps; purple flowers.
SMALLANTHUS sonchifolius	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials Yacon. 6'+ Large furry green leaves, edible roots.
SOLANUM ^{CH} crispum 'Glasnevin' ^{CH} crispum 'Glasnevin'--staked jasminoides--staked species--Navidad, Jalisco ^{CN} umbelliferum v. incanum 'Indians Grey' ^{CN} umbelliferum v. incanum 'Spring Frost' ^{CN} xanti 'Mountain Pride'	Family: Solanaceae (Nightshade Family) Plant Type(s): Shrubs, Vines, Perennials Semi-vining, to 15'; bright green leaves, lavender flowers. Semi-vining, to 15'; bright green leaves, lavender flowers. Potato vine; dark green stems & leaves, white flowers. Semi-vining; furry leaves, fragrant lavender blue flowers. Native subshrub. Grey leaves & stems, bright lavender fls. Native subshrub. Grey leaves & stems, white flowers. Purple nightshade. Vivid royal purple fls, soft green lvs.
SOLIDAGO shortii 'Solar Cascade' ^{CN} velutina ssp. californica	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials 2'. Late summer gold fls along arching stems. Spreading; erect stems to 2'+. Yellow fls in summer.
SOLLYA ^{AU} heterophylla (fusiformis)	Family: Pittosporaceae (Pittosporum Family) Plant Type(s): Shrubs Australian bluebell creeper. Climbs 6'+, bloom sum-fall.
SPHAERALCEA ^{CN} fulva 'La Luna' ^{WE} incana ^{WE} incana--dark pink	Family: Malvaceae (Mallow Family) Plant Type(s): Herbaceous Perennials SBBG. Baja native, to 2'+. Light green lvs, silky white fls. Erect stems to 3'+. Grey-green leaves, orange flowers. Erect stems to 3'+. Silvery grey leaves, dark pink flowers.
SPIRAEA x bumalda 'Goldflame' cantoniensis 'Flore Pleno' ^{CN} densiflora (splendens) 'Trinity Rose' ^{CN} douglasii	Family: Rosaceae (Rose Family) Plant Type(s): Shrubs Compact, with golden new growth, rose-pink flowers. Bridal wreath. Bushy, with dark lvs., double white flowers. 2-3' native; blue-green leaves; rose-pink flowers. Western spiraea. To 6', bushy. Rose-lavender flowers.
SPOROBOLUS ^{CN} airoides ^{WE} wrightii 'Windbreaker'	Family: Poaceae (Grass Family) Plant Type(s): Grasses Alkali dropseed. Clumps to 2'+; airy fl. clusters. Los Lunas form. 8-10'+. Especially robust.
STACHYS ^{CN} bullata byzantina 'Helene von Stein'	Family: Lamiaceae (Mint Family) Plant Type(s): Herbaceous Perennials Hedge nettle. Bright dark pink fls; widely spreading. Lamb's ears. Matting, with large furry leaves.

Name	Description
byzantina 'Primrose Heron' byzantina 'Silver Carpet' monieri monieri 'Snowy'	Selected form. Leaves pale yellow when new. Lamb's ears; Woolly 1-2' stems, lavender-pink flowers. To 1'+, quilted lvs; bright mauve purple fls. in heads. To 2', quilted lvs; bright white fls. in dense heads.
STIPA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} cernua (Nassella c.)	Nodding feather grass. 2'h/w. Airy flowers.
^{CN} coronata (Achnatherum c.)	CA bunch grass. Green lvs; narrow fl. stems to 4'+, erect.
^{ME} gigantea	Giant needle grass; 4-6' golden fl. stems.
^{ME} gigantea 'Little Giant'	SCN sel. Clumps to 1'; fl. stem to 3'. Shiny golden flowers.
^{CN} hymenoides (Achnatherum h.)	Indian ricegrass. Low clumps; distinctive fl. heads.
ichu	2-3'. Fine green lvs, erect clump. Fluffy cream flowers.
^{CN} lepida (Nassella l.)	Foothill needlegrass. 1-2'h/w. Narrow lvs, clumps. Airy fls.
^{CN} pulchra (Nassella p.)	Purple needlegrass. 2'h/w. Strong clumps, airy fls.
STYRAX	Family: Styracaceae (Storax Family) Plant Type(s): Trees and Shrubs
^{CN} redivivus	Snowdrop bush; white-flowered western native.
SWAINSONA	Family: Fabaceae (Pea Family) Plant Type(s): Shrubs, Peren., Annuals
^{AU} galegifolia 'UCSC White'	3' pea-shrub; finely divided leaves, white flowers.
SYMPHORICARPOS	Family: Caprifoliaceae (Honeysuckle Fam.) Plant Type(s): Shrubs
^{CN} albus 'Tilden Park'	Snowberry. To 4', bushy. Bright green leaves, white berries.
SYMPHYTUM	Family: Boraginaceae (Borage Family) Plant Type(s): Herbaceous Perennials
'Goldsmith'	Comfrey. Lt. green leaves, with wide yellow edges. Shade.
'Wisley Blue'	Low, spreads. Green lvs. Pink buds to lt. blue to white fls.
TAGETES	Family: Asteraceae (Sunflower Family) Plant Type(s): Shrubs, Peren., Annuals
lemmonii	Mexican marigold; to 8'; bright orange flowers.
TECOMA	Family: Bignoniaceae (Trumpet Vine Family) Plant Type(s): Shrubs
^{WE} stans	Clusters of yellow trumpet fls, summer to fall. Likes heat.
^{WE} stans Bells of Fire Esperanza PP#24170	3-5'h/w. Glossy green lvs, red trumpet flowers summer-fall.
TELLIMA	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials
^{CN} grandiflora	Fringe-cups; heuchera-like plant; light red flowers.
TEUCRIUM	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs and Perennials
^{ME} chamaedrys	Germander. Low hummock. Dark lvs., small dark pink fls.
^{ME} chamaedrys 'Prostratum'	Germander; dark green mat; dense pink flower heads.
^{ME} cossonii (aka majoricum)	Low mound with narrow grey leaves, lavender flowers.
^{ME} fruticans	Bush germander. Silvery leaves. Lavender-blue flowers.
^{ME} fruticans 'Azureum'	Bush germander. 3-4'h/4-5'w. Silver lvs, dark blue flowers.
^{ME} fruticans 'Compactum'	Bush germander; 2-3', compact; blue flowers.
^{ME} marum	1' mound; wiry stems; pungent grey leaves; pink flowers.
^{ME} polium--pink fl.	Dense, low white mound. Fat buds, pink flowers.
THALICTRUM	Family: Ranunculaceae (Buttercup Family) Plant Type(s): Herbaceous Perennials
^{CN} fendleri var. polycarpum	Meadow rue; fernlike lvs, tall stems; delicate green fls.
rochebrunianum	5'. Similar to T. dipt. Larger leaves+flowers. Lavender fls.
THAMNOCALAMUS	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos
aristatus	Tight clumps; slender erect stems, narrow drooping lvs.
^{SA} spathiflorus ssp. nepalensis	15'. Lush bright green 4" leaves; clumping.
tesselatus	To 12', upright. White-bracted stems, narrow dark green lvs.
THAMNOCHORTUS	Family: Restionaceae (Restio Family) Plant Type(s): Restio Allies
^{SA} bachmannii	2-3'. Interlaced green stems. Papery gold fl. clusters.
^{SA} cinereus	Rushlike plant w/feathery branchlets, silvery bracts.
^{SA} insignis	Wiry dk green stems to 5'+ from dense clump. Dark gold fls.
THEMEDA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
triandra Blu Roo TM PPAF	8" high, spreading clumps. Arching wide blue green leaves.

Name	Description
THERMOPSIS CN macrophylla WE montana	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials 2-4'. California false lupine. Furry lt grn lvs, yellow fls. 2-3'. False lupine. Silky lvs. Yellow fls. Rounded habit.
THUJA occidentalis 'Rheingold' occidentalis 'Yellow Ribbon'	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs 4-6'. Conical form. Golden bronze, tight leaves. 8-10'h/2-3'w. Yellow gold lvs, pyramidal habit.
THUJOPSIS dolabrata 'Variegata'	Family: Cupressaceae (Cypress Family) Plant Type(s): Trees and Shrubs Deerhorn cedar; flat, shiny leaves, cream variegation.
THUNBERGIA alata 'Arizona Dark Red' alata 'Mary Lou Heard' battiscombei gregorii 'Sunlady'	Family: Acanthaceae (Acanthus Family) Plant Type(s): Shrubs, Vines, Peren. 10'. Fuzzy leaves, deep red fls with dark eye. 10'+; fuzzy leaves, tubular orange flowers, black eye. 3-6'; large polished leaves, bright lavender-blue flowers. 10'+; fuzzy leaves, large bright tubular orange flowers. 10'+; fuzzy leaves, tubular yellow flowers, dark eye.
THYMUS ME caespititius 'Tuffet' ME x citriodorus 'Lime' ME x citriodorus 'Sweet Greens' ME x citriodorus 'Variegatus' ME hirsutus 'Pink Chintz' ME pseudolanuginosus ME pulegioides 'Foxley' 'Rose Williams' serpyllum var. albus serpyllum 'Coccineus' serpyllum 'Elfin' ME vulgaris 'Silver Posie'	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs and Perennials Flat mat. Light green leaves; soft pink flowers. 4-12". Lime thyme. Dense, low. Lime-green leaves. SCN. Lush, low dark green mounds. Lavender pink fls. 6-12". Lemon thyme. Dense, variegated, aromatic. Soft grey-green lightly hairy lvs stay low; pink flowers. 3" high. Tight, tiny-leaved mat. Profuse bright pink fls. Woolly thyme. Tight mats, grey leaves. Lav.-pink flowers. 8" high, spreading. Cream & green leaves, dk pink flowers. Dense low aromatic shrublet; grey-green lvs, light pink fls. Mother-of-thyme; flat green mat; white flowers. Mother-of-thyme; dark green mat; purple-pink flowers. Mother-of-thyme. Dense mat, tiny green leaves, pink flowers. 12". Woody shrublet. White edged aromatic lvs, lavender fls.
TIBOUCHINA organensis organensis 'Blue Moon' urvilleana (semidecandra)	Family: Melastomataceae (Melastoma Family) Plant Type(s): Shrubs Glory bush. Fuzzy leaves; rich purple flowers. Glory bush. Shiny mauve purple flowers, fuzzy leaves. Princess flower; large fuzzy leaves; 3" purple flowers.
TOLMIEA CN menziesii 'Cool Gold' PP#15948	Family: Saxifragaceae (Saxifrage Family) Plant Type(s): Herbaceous Perennials Piggyback plant. Bright gold leaves, great in shade.
TORREYA CN californica	Family: Taxaceae (Yew Family) Plant Type(s): Trees and Shrubs Calif. nutmeg. To 30'+. Dark sharp needles, odd fruits.
TRADESCANTIA virginiana 'Sweet Kate'	Family: Commelinaceae (Spiderwort Family) Plant Type(s): Herbaceous Perennials Virginia spiderwort; 1-2'; gold leaves, blue-purple fls.
TRICHOSTEMA CN lanatum 'Midnight Magic' TM	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs, Peren., Annuals Woolly blue curls; 4' +; aromatic green lvs, blue flowers. 3-4'. Large purple fls, long bloom. T. lanatum x purpusii.
TRICYRTIS hirta 'Miyazaki' hirta--pure white hirta 'Variegata' macranthopsis	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Toad lily. Leafy stems, purple-spotted flowers. Toad lily. Fresh green leaves; pure white flowers, fall. Toad lily. Cream-margined leaves, spotted flowers. 2'. Shiny lvs; clear yellow bells with red spots in fall.
TRIFOLIUM repens 'Atropurpureum'	Family: Fabaceae (Pea Family) Plant Type(s): Herbaceous Perennials Low, vigorous. Chocolate lvs tipped green. White fls.
TRITELEIA CN hyacinthina CN laxa 'Queen Fabiola'	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials CA native bulb to 2'+. Dense clusters white bowl-shaped fls. Ithuriel's spear. To 1'+; large blue purple trumpets.

Name	Description
^{CN} peduncularis	Long-rayed brodiaea; starburst clusters of white flowers.
TROPAEOLUM tuberosum--staked	Family: Tropaeolaceae (Nasturtium Family) Plant Type(s): Tuberous Perennials Rounded lvs; bright orange fls. summer-fall. Edible tubers.
TULBAGHIA ^{SA} 'Fairy Star' ^{SA} natalensis--pink fl. ^{SA} violacea ^{SA} violacea--giant form ^{SA} violacea 'Silver Lace'	Family: Liliaceae (Lily Family) Plant Type(s): Herbaceous Perennials Low green clumps; delicate pink fls on 8-10" stems. 1'. Dense low grey-green clumps; pink fls. Society garlic; blue-green leaves, lavender-pink flowers. Robust form of society garlic. Grey lvs, lavender fls. Society garlic; cream-margined leaves, lavender flowers.
TWEEDIA caerulea	Family: Asclepiadaceae (Milkweed Family) Plant Type(s): Herbaceous Perennials Twining; fuzzy greyish leaves, light blue flowers.
UGNI ^{CH} molinae ^{CH} molinae 'Flambeau'	Family: Myrtaceae (Myrtle Family) Plant Type(s): Shrubs Chilean guava. 6'; dense, dark shiny lvs, frag, edible fruit Grey-green lvs with cream edge, new lvs pink flushed. Slow.
VACCINIUM 'Jubilee' 'Misty' moupinense 'O'Neal' ^{CN} ovatum 'Blue Madonna' ^{CN} ovatum 'Indians Wanderer' ^{CN} ovatum 'Wunderlich' 'Pink Lemonade' 'Sunshine Blue'	Family: Ericaceae (Heath Family) Plant Type(s): Shrubs Southern highbush blueberry. To 5'. Tasty blue fruits. Southern highbush blueberry. 4-6'. Hot pink fls, sweet fruit. To 2'. Chinese dwarf huckleberry. White fls, purple fruits. Southern highbush blueberry. To 5'. Early blue fruits. Huckleberry; blue-green lvs., small white fl., blue berries. Low, thickening sel.; reddish stems, dark narrow leaves. Huckleberry. Shiny leaves, blue fruit, bronze new leaves. 4-5'h/w. Glossy lvs, deep pink sweet fruits. Low chill. Southern highbush blueberry. 3'. Blue new lvs, sweet fruits.
VANCOUVERIA ^{CN} chrysantha ^{CN} hexandra	Family: Berberidaceae (Barberry Family) Plant Type(s): Herbaceous Perennials Yellow fls. held over fernlike lvs, slowly spreading. Carpeting, with deciduous, fernlike leaves, white flowers.
VELTHEIMIA ^{SA} viridifolia	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Large bulb. Long, wavy leaves, many coral-pink tubular fls.
VERBENA bonariensis 'Homestead Purple' lilacina 'De la Mina' peruviana 'Red Devil' rigida 'Polaris' 'Tapien Blue Violet'	Family: Verbenaceae (Verbena Family) Plant Type(s): Subshrubs to Annuals Erect to 4'+; narrow leaves, dark purple flowers. Fast cover. Dark green lvs, lg. purple fl. heads. Long blm. 18"+. Pale green dissected lvs; heads of lavender fls. Baja. Tight, low mat. Dark, clean leaves, bright red flowers. 18-20". Rough lvs, spikes of lavender fls. Erect, spreading. Dense, low mat. Dissected leaves, blue violet flowers.
VERONICA peduncularis 'Georgia Blue' 'Waterperry' 'Whitewater' PP#22783	Family: Plantaginaceae (Plantain Family) Plant Type(s): Herbaceous Perennials Slender trailing stems, dark round lvs, bright blue flowers. Speedwell. Prostrate, with masses of light blue flowers. Speedwell. Prostrate, with masses of bright white flowers.
VETIVERIA zizanioides	Family: Poaceae (Grass Family) Plant Type(s): Grasses Clumping, to 6'. Used in perfumes, medicine, baskets.
VIBURNUM x burkwoodii davidii opulus 'Notcutt's' opulus 'Roseum' ('Sterile') sargentii 'Onondaga' ^{ME} tinus 'Spring Bouquet'	Family: Adoxaceae (Adoxa Family) Plant Type(s): Shrubs and Small Trees To 8'+; dark leaves, fragrant white flowers. 3-5'; large deeply veined leaves; dark blue berries. To 12'h. Cranberry bush. Larger red berries + fall color lvs. 8-12' h. Common snowball. Showy white flower clusters. 6'. Rounded. Decid. New leaves-maroon; white&purple fls. Laurustinus. 4-6', dense. Dark pink buds, white flowers.
VIOLA ^{CN} adunca ^{ME} corsica	Family: Violaceae (Violet Family) Plant Type(s): Herbaceous Perennials Matting native; dark green leaves, purple flowers. Clumping, to 8" h. Many violet fls. marked yellow or white.

Name	Description
'Etain' labradorica 'Rebecca' walteri 'Silver Gem'	Pale yellow petals with violet margins. Long bloom. Broad mat; purple-tinged leaves, purple fls. Self-seeds. Fragrant creamy fls, irreg. violet petal edges. Long blm. Matting, with deep silvery green leaves, lavender fls.
VITEX	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{ME} agnus-castus 'Pink Sensation'	Chaste tree. Arching growth, clear pink flower spikes.
^{ME} agnus-castus 'Sensational'	Chaste tree. Large leaves; purple fls. in very long spikes.
trifolia var. purpurea	Spreading, w/purple-backed lvs, clustered purple flowers.
VITIS	Family: Vitaceae (Grape Family) Plant Type(s): Vines
amurensis	New shoots pink. Lg. lobed lvs., vigorous. Red fall color.
^{CN} californica	California wild grape. Selected for vigor, abundant fruit.
^{CN} californica 'Walker Ridge'	WGN. Native grape; large shiny leaves; good fall color.
^{CN} girdiana	Southern grape. Large grey-green leaves, small "grapes".
'Roger's Red'	Grape, hybrid w/CA native. Vigorous; vivid red fall color.
^{ME} vinifera 'Purpurea'	To 15'. Green leaves age purple; dark fruits.
WATSONIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} beatricis 'Coral Spires'	Evergreen, to 4'; coral-orange flowers.
^{SA} beatricis--West Hills Hybrids	Evergreen clumps; summer flowers, dark red, orange, to pink.
^{SA} gladioloides	2'. Erect green lvs; large orange trumpets.
^{SA} humilis	6-12"; broad leaves; bright pink flowers, dark centers.
^{SA} intermedia	1-2', profuse; bright pink flowers with dark centers.
WEDELIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Herbaceous Perennials
trilobata	Ox-eye daisy. Fast groundcover with yellow flowers.
WEIGELA	Family: Diervillaceae (Diervilla Family) Plant Type(s): Shrubs
florida 'Bristol Snowflake'	To 5'h. Green leaves, pure white flowers in spring.
'Red Prince'	To 6', bushy. Dark green leaves, red flowers. Deciduous.
'Variegata Nana'	3'+, bushy; cream variegated leaves, pink flowers.
WESTRINGIA	Family: Lamiaceae (Mint Family) Plant Type(s): Shrubs
^{AU} fruticosa	To 6', spreading; silvery leaves, white flowers.
^{AU} fruticosa Blue Gem TM PP#25674	5-6'. Grey leaves, violet blue fls. Rounded form.
^{AU} fruticosa Grey Box TM PP#25675	2' high/3' wide. Light grey leaves, rounded habit. White fls.
^{AU} fruticosa 'Jervis Gem'	Rounded, to 2'+, with dark grey lvs; lilac fls., long bloom.
^{AU} fruticosa Low Horizon TM PPAF	1' high, 4' wide. Grey leaves, white fls in spring.
^{AU} fruticosa 'Morning Light'	Compact shrub, to 4'+; cream yellow-margined leaves.
^{AU} fruticosa Mundi TM PP#24042	3' high, 5' wide. Dark grey leaves, white fls. Compact.
^{AU} fruticosa Small Ball TM PPAF	3' high/ wide. Greener leaves, tight habit. Lilac fls.
^{AU} fruticosa 'Smokey'	2-3'. Light, creamy grey rounded shrub; white flowers.
^{AU} 'Wynyabbie Gem'	To 5'+, spreading. Silvery leaves, lavender flowers.
WISTERIA	Family: Fabaceae (Pea Family) Plant Type(s): Vines
'Cooke's Special Purple'	Masses of fragrant 10" dark purple flower clusters.
floribunda 'Hon-beni'	12-18" long fl. clusters pink-lavender with yellow blotch.
floribunda 'Issai'	Japanese wisteria; 2-tone lavender flowers.
floribunda 'Kyushaku' ('Macrobotrys')	Masses of 3'+ clusters. Flowers w/purple keel, lilac banner.
floribunda 'Lavender Lace'	Fragrant. Lavender & white flower tresses to 3' long.
floribunda 'Longissima Alba'	Japanese wisteria. Long-tasseled fragrant white flowers.
flor. 'Purple Patches' ('Kyushaku?')	Japanese wist. Very long tresses of purple & white flowers.
floribunda 'Snow Showers'	Japanese wisteria; long tresses of white flowers.
floribunda 'Tea Garden Form'	Large divided leaves, long tresses, purple&white flowers.
floribunda 'Violacea Plena'	2' tresses. Double violet blooms marked with white&yellow.
floribunda 'White with Blue Eye'	Long tresses of white flowers with greyish blue calyces.
frutescens	6" clusters of lightly fragrant lavender fls. in summer.
frutescens 'Nivea'	American wist. 6" clusters of fragrant white fls. in summer.
'Kofuji'	2-3' h. Dwarf shrub, occasional bright lavender fls.
sinensis 'Amethyst'	Chinese wisteria. Masses of fragrant, mauve purple flowers.
sinensis 'Blue Sapphire'	Chinese wisteria; to 15'. 1' long lilac blue fl. clusters.
sinensis 'Caroline'	Chinese wisteria; masses of lavender & white fls.
venusta 'Alba'	Silky wisteria. 1' white fls on 1' fat cluster. Fragrant.

Name	Description
WOODWARDIA ^{CN} fimbriata unigemmata	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns Giant chain fern; coarsely cut 4-10' fronds. 3'h/7'w. Arching leathery fronds, red when new, then green.
XANTHOSOMA 'Lime Zinger'	Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials Colocasia ally. Large arrow shaped lime yellow leaves.
YUCCA 'Bright Edge' desmetiana 'Blue Boy' flaccida 'Ivory Tower' flaccida 'Yellow Stripe' 'Garland Gold' ^{WE} rostrata	Family: Agavaceae (Agave Family) Plant Type(s): Trees to Perennials 2'+. Golden leaf margins-green center & cream white bells. Spanish bayonet. Purplish lvs 2'+ long, white fls in spikes. Crowns of soft blue-green leaves; large ivory flowers. 1'+. Leaves edged green, with yellow striping. Showy selection with broad yellow band on leaves. Spine-tip blue grey lvs. Dense, slow, to 15' high.
YUCCA (HESPEROYUCCA) ^{CN} whipplei	Family: Agavaceae (Agave Family) Plant Type(s): Trees to Perennials Lord's candle. Large crowns, sharp spines, white fls.
YUSHANIA anceps 'Pitt White' chungii maling	Family: Poaceae (Grass Family) Plant Type(s): "Walking" Bamboos Close thickets, arching stems to 15', dark narrow leaves. Spreading clumps, to 12'. Dark green lvs dense. Green culms. Clumping, upright to 15'+; light stem bracts, stiff dark lvs.
ZAUSCHNERIA (SEE EPILOBIUM) species	Family: Onagraceae Plant Type(s): Herbaceous Perennials
ZEPHYRANTHES candida flavissima 'La Bufa Rosa' 'Prairie Sunset'	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Rain lily; dark green grassy leaves, white flowers. Glossy dark green lvs; bright golden yellow fls, summer. Rain lily with blue green lvs, lg. light pink fls, summer. Rain lily. Glossy green leaves, salmon to peach flowers.
Bamboos	
ARUNDINARIA gigantea	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Canebrake bamboo. Eastern U.S. native to 15', lush leaves.
BAMBUSA glaucescens 'Alphonse Karr' glaucescens 'Golden Goddess' glaucescens 'Green Alphonse Karr' glaucescens 'Rivierorum' oldhamii textilis tuldojides ventricosa	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Tightly clumping; stems striped with orange & pink. 8'+t. Tightly clumping, with yellowish stems, small leaves. Tightly clumping; dark green stems striped lighter green. 6-8' high. Arching 1/4" culms, tiny leaves. Clumping timber bamboo; to 40'; large dark leaves. 15-20't. Clumping. Blue-green culms to 2" wide. 8" lvs. 15-40'. Punting pole bamboo, clumping. Green culms to 2" wide. Buddha's belly bamboo; 20-40' high. Culms to 2" diameter.
BORINDA boliana	Family: Poaceae (Grass Family) Plant Type(s): "Walking" Bamboo Loose clumps; to 20'+; blue stems, lacy sprays of lvs.
BORINDA (FARGESIA) fungosa 'Chocolate' fungosa 'Maroon' fungosa 'Oficina'	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos To 10', fountainlike. Chocolate stems, lush sprays of lvs. To 10', fountainlike. Maroon stems, lush sprays of lvs. To 10'+, clumping; fountainlike, with dark stems. Lush.
CHIMONOBAMBUSA marmorea marmorea 'Variegata' quadrangularis	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos 4-6't. Marbled bamboo. Dense thickets, shiny leaves. Marbled bamboo. Dark slender stems, narrow variegated lvs. 20-30't. Square-stemmed bamboo. Dense, shiny leaves.

Name	Description
CHIMONOCALAMUS pallens	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Clumper. Upright, with dark green lvs, new stems blue-green.
CHUSQUEA circinata (Arthrostylidium sp.) CH culeou 'Bluebird' CH culeou--typical form CH cumingii gigantea (breviglumis) mimosa pittieri sulcata	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos 10-15'. Dark stems, brushes of narrow lvs, clumping. Dense clumps; blue stems 10-20', hardier than typical. Dense clumps; stems 10-20'h; brushes of dark narrow lvs. 6-10'. Densely held, short, sharp-tipped lvs, may clamber. To 15', arching. Large leafy sprays along yellowish stems. To 15'. Arching reddish stems, elegant sprays of small lvs. To 30'+. Arching stems, many drooping branchlets, 2" lvs. Clumping, to 15'; long, dark drooping leaves.
DREPANOSTACHYUM khasianum sengteeatum (falconeri) sengteeatum 'Ocean Spray'	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos 12'. Clumping. White and maroon bands on internodes. To 20', with slender stems, pendant narrow lvs, clumping. Slender stems, darker green lvs, better winter tolerance.
FARGESIA adpressa angustissima dracocephala 'Rufa' murielae nitida papyrifera robusta	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos 15'+. Open clumps with purplish green culms. 15'+. Arching pinkish culms w/ many narrow lvs. Clumping. To 10'+. Red orange leaf sheaths, deep green lvs, clumping. Umbrella bamboo; 8'+; dense brushes of leaves. 6-12'. Slender stems, blue-green leaves. New generation. To 10'+, clumping. Blue-green stems, large sprays. 10'+. Clumping, upright. Dark green culms, white sheaths.
HIBANOBAMBUSA tranquillans 'Shiroshima'	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Elegant, slender-stemmed bamboo; cream-variegated leaves.
HIMALAYACALAMUS asper (Neomicrocalamus) falconeri 'Damarapa' hookerianus 'Teague's Blue' porcatus	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Bamboo with slender reddish stems, clouds of narrow leaves. 30'. Blue-green leaves. Pink&yellow stripes on new culms. Blue bamboo. Dark stems, lacy blue-green lvs. Clumping. Nepalese blue bamboo. Tight clump, w/pale culms.
INDOCALAMUS tessellatus	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Dense growth, 3-6' stems, huge dark, shiny leaves.
OTATEA acuminata ssp. aztecorum acuminata ssp. aztecorum 'Chica' glauca	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos To 10'+ t. Mexican weeping bamboo. Lacy, narrow leaves. SCN. Mexican weeping bamboo; dwarf sel., profusely clumping. 15'+. Narrow weeping leaves. Silvery white culms. Clumping.
PHYLLOSTACHYS aurea aurea 'Koi' aureosulcata aureosulcata 'Spectabilis' bambusoides bambusoides 'Castillon' bambusoides 'Castillon Inversa' bambusoides 'Holo-chrysa' bambusoides 'Violascens' bissettii bissettii 'Dwarf' decora dulcis edulis (P. pubescens) 'Shining Light' mannii nigra nigra 'Bory' nigra 'Hale'	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Golden bamboo. 20'+; dense thickets. Selected clone with green stripes on gold stems. To 15'+; lush growth; stems grooved with gold. Vigorous, hardy; culms yellow with green groove. Timber bamboo; dark green stems to 50'+; large leaves. Up to 40'. Yellow stems with dark green groove, lush fol. To 35'. Spreading. Green stems have yellow groove. Up to 40'. Golden yellow stems. Spreading. Timber bamboo. Dark lvs, striped stems turning purplish. 20-30'. Dark green culms 1" wide. Spreading, cold hardy. 18'. Dense habit. Green 2" culms, dark green lvs. Spreading. Beautiful bamboo. 30'+. Shiny leaves, spreading 2.5" culms. Basal proliferation-mid-culm. To 40' high. Hardy. Moso bamboo; stems to 30'+; sprays of large, shiny leaves. To 20', slender stems, dense brushes of dark green lvs. Black bamboo; 15'; blackish stems; bright green leaves. 10-20'+. Spotted stems. Open sprays of green leaves. Black bamboo. Culms turn black faster than regular. Spreads.

Name	Description
nigra 'Henon' nigra 'Super Black' viridis 'Robert Young' vivax	To 50'+. Dark green stems to 3" diameter. Black bamboo; very shiny black stems; bright green leaves. 20'; yellow-green stems with dark stripe. Timber bamboo; dark green stems to 60'+; large shiny leaves.
PLEIOBLASTUS chino 'Akebono' chino 'Murakamianus' distichus fortunei (variegatus) gramineus hindsii 'Yasui' linearis shibuyanus 'Tsuboi' viridistriatus var. chrysophyllus	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos 3'h. Dense 6" long lvs. Sporadic cream stripe. Spreader. Thicketing, to 3'+. Narrow dark leaves, cream new growth. 1-2'h. Delicate appearing. Strong spreader. Dark leaves. Dwarf bamboo; cream-variegated leaves. 6-12', dense; slender stems, grasslike leaves. Distinctive dark green, upright leaves, spreading. Thicketing bamboo, to 8'; dark narrow leaves. To 6'. Broad cream stripes on 6" leaves, spreading. Dwarf bamboo; leaves bright yellow shading chartreuse.
PSEUDOSASA japonica	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Bamboo with slender upright stems; large dark leaves.
SASA megalophylla 'Densa' veitchii	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Thicketing, to 2', large shiny leaves. 1-3', thicketing bamboo; large dark green leaves.
SEMIARUNDINARIA fastuosa fastuosa 'Viridis' yashadake	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Narihira bamboo; erect to 25'; dark stems, makes dense hedge. Green temple bamboo. Fast, lush screen, to 25'. Spreading. 15'. Erect habit, spreading. Green stems may redden.
SINOAMBUSA tootsik 'Albostriata'	Family: Poaceae (Grass Family) Plant Type(s): Running Bamboos Temple bamboo. Dense thicket. Dark cream-varieg. leaves.
THAMNOCALAMUS aristatus spathiflorus ssp. nepalensis ^{SA} tesselatus	Family: Poaceae (Grass Family) Plant Type(s): Clumping Bamboos Tight clumps; slender erect stems, narrow drooping lvs. 15'. Lush bright green 4" leaves; clumping. To 12', upright. White-bracted stems, narrow dark green lvs.
YUSHANIA anceps 'Pitt White' chungii maling	Family: Poaceae (Grass Family) Plant Type(s): "Walking" Bamboos Close thickets, arching stems to 15', dark narrow leaves. Spreading clumps, to 12'. Dark green lvs dense. Green culms. Clumping, upright to 15'+; light stem bracts, stiff dark lvs.

Bulbous, Cormous and Tuberous Perennials

^{SA} ALBUCA shawii	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials 18". Yellow nodding fls. Grassy green low leaves.
^{CN} ALLIUM senescens 'Blue Twister' unifolium	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Dwarf species; twisted grey leaves, pink flowers. Showy native; 1-2' stems, dark pink flowers, spring.
ALSTROEMERIA aurea 'Casablanca' 'Coral Dwarf' 'Diana' 'Henry's Violet' 'Hermana Chica' hookeri hybrid--coral pink hybrid--orange with yellow	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials Stems to 3'+. Golden yellow flowers. Robust, to 3'+. Large white flowers, dark markings. Dense, to 18-24". Large coral flowers, white margins. Dwarf, to 12-18". Large creamy buff fls, pink markings. Florists' type; 2-3'; broad leaves, large bicolored flowers. 12". Lush lvs, large white fls, pink markings, flush. 4-8" flower stem. Dwarf, narrow leaves, broad pink flowers. 3'. Abundant clusters of bright coral pink flowers. Vivid light orange flowers, yellow blotch. 3'+.

Name	Description
hybrid--red hybrid--white w/rose 'Indian Summer' PPAF 'Jupiter' 'Meyer's Red' 'Meyer's White' pelegrina 'Rosea' 'Rachel' 'Red Valley' 'Sussex Gold' 'The Third Harmonic' 'Tricolor'	3'+. Peruvian lily. Bright red flowers. White flowers, with rose pink blotches, bold striping. Red and yellow fls. over chocolate brown leaves. Tall, prolific. Large vivid purplish rose flowers. To 3'+; lush fol.; large rose-red flowers. F. Meyer hbd.; large white flowers with black markings. 3'. Soft rose pink flowers in summer. F. Meyer hbd; lush foliage; large violet flowers. 3'. Vivid orange red flowers, yellow throat. 3'+h. Large orange flowers w/dk.markings, glossy foliage. Robust, to 4'+; flowers orange & buff. Peruvian lily. Fls. light & dark pink, with yellow.
ARUM ^{ME} palaestinum	Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials Calla relative; to 18"; large dark lvs, deep maroon spathe.
ASPHODELINE ^{ME} lutea	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials 2-4' stems; narrow, drooping leaves; yellow starry flowers.
BEGONIA boliviensis	Family: Begoniaceae (Begonia Family) Plant Type(s): Shrubs and Perennials Vivid orange fls in summer on 2' stems. Tuberous.
BRODIAEA ^{CN} californica ^{CN} elegans	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials Tall, to 2'. Bright violet flowers spring-summer. Harvest brodiaea. 8-18" stems; blue purple fls, spring.
BULBINELLA ^{SA} robusta	Family: Liliaceae (Lily Family) Plant Type(s): Tuberous Perennials Shiny narrow leaves, bright yellow "torches" winter-spring.
CALOSTEMMA ^{AU} purpureum	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Garland lily. Evergreen clumps; clusters of red purple fls.
CANNA 'Australia' 'Black Knight' 'Blushing Bride' x ehemannii 'Electric Rose' 'Harvest Moon' 'Intrigue' 'Jungle Flame' 'Louis Cottin' 'Mango Melange' 'Oiseau de Feu' 'Peach Parfait' 'Pretoria' 'Ra' 'Red Rocket' 'Red Stripes' 'Richard Wallace' 'Rosalita' 'Spotti' 'Stuttgart' 'Sunshine' 'Taney' 'Tropical Rose'	Family: Cannaceae (Canna Family) Plant Type(s): Tuberous Perennials 5'+. Deep red-purple leaves; vivid orange-red flowers. To 5'+. Dark chocolate leaves; red flowers in summer. To 5'+. Green leaves, warm pink fls, fine yellow edge. 6'. Lush green leaves, pendant dark rose bell flowers. 3-4'. Bright rose pink flowers held over lush green leaves. 5'+. Lush green leaves; lemon yellow flowers. To 8'+. Purple-tinged leaves, showy orange flowers. 5'+. Vivid orange fls have narrow petals, lush green leaves. 4'+. New leaves bronze; apricot fls. 4-5'. Dark green shiny leaves; bright orange red flowers. To 5'. Large dark green leaves, many bright red flowers. To 3'+. Lush green leaves; fls. are shades of peach. To 6'+. Huge yellow-lined leaves, bright orange flowers. To 5'. Blue-green leaves, bright yellow flowers. 5-6'. Dark green lvs w/ purple veins, flush. Large red fls. 4-6'h. Huge dark leaves, dark red margins. Small orange fls. To 5'. Green leaves; bright yellow flowers. 5'. Lush green leaves, bright coral pink flowers. 5'. Wide green leaves; yellow fls speckled red. 5'+. White and green lvs, pale orange flowers. Part shade. 5'. Lush green leaves, bright yellow fls, orange flecks. Water canna. To 6'. Bluish leaves, dark orange flowers. 3'. Lush green leaves, bright rose pink flowers.
COLOCASIA esculenta 'Black Magic' esculenta 'Chicago Harlequin' esculenta 'Fontanesii' esculenta 'Illustris' esculenta 'Metallica'	Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials 6'. Darkest stems and leaves; new leaves green, dark veins. 6'. Velvety blue green leaves; stems cream/green/pink. Incredible aroid with black stems, huge purple-tinged lvs. Imperial taro. Large dark leaves, vivid green veins, stems. Taro. Large velvety blue-green leaves; dark shiny stems.
CRINUM ^{SA} bulbispermum	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Corn lily; long bluish leaves; dark pink flowers.

Name	Description
^{SA} 'Ellen Bosanquet'	Corn lily; deep rose-colored flowers.
^{SA} moorei	Corn lily; large wavy leaves, tall stems, pink fragrant fls.
^{SA} 'Pink Perfume'	3'. Large fragrant fls are pale pink, with darker tips.
CROCOSMIA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} aurea	To 3'; starry flowers are bright yellow orange.
'Emily McKenzie'	To 3'; flowers large, orange with red markings.
'George Davidson'	To 2'+. Golden flowers have orange petal tips.
'Lucifer'	Montbretia; 2-4' stems, sprays of scarlet flowers.
'Malahide Castle'	2-3'. Summer flowers in shades of orange.
'Paul Bunyan' TM	3-4'. Tangerine orange fls, darker center. Mid-late summer.
'Pink Carmin' TM	2-3'. Bright coral red flowers in summer.
'Solfatare'	2'. Bronze-green leaves, sprays of warm apricot fls, summer.
'Twilight Fairy Crimson'	16-20". Bronze leaves, red flowers in summer. Compact.
^{SA} 'Vulcan'	18-24". Compact form. Bright red flowers.
CYCLAMEN	Family: Myrsinaceae (Myrsine Family) Plant Type(s): Tuberous Perennials
^{ME} graecum	Low, dense. Beautifully patterned lvs, light pink fls.
^{ME} persicum--selected wild strains	Old-time cyclamen; large patterned leaves, light pink fls.
CYPELLA	Family: Iridaceae (Iris Family) Plant Type(s): Bulbous Perennials
coelestis (plumbea v. platensis)	2' iris-like stems, beautiful lavender blue flowers.
CYRTANTHUS	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
^{SA} breviflorus--bright yellow	Bright yellow tubular fls, very flared tips, long bloom.
^{SA} sanguineus	Fire lily. 3" bright orange red fls in summer over low lvs.
^{SA} suaveolens	8". Clusters of tubular dusty dark red fragrant fls, spring.
DAHLIA	Family: Asteraceae (Sunflower Family) Plant Type(s): Tuberous Perennials
'Aztec Sunshine'	5'. Bright yellow fls set on black stems; dark green lvs.
coccinea hybrids	To 4'+; dark or green lvs, yellow, red, orange, magenta fls.
'Dark Sun'	Dark purplish lvs; large single salmon orange fls. Long blm.
'Jungle Blaze'	5'+. Dark green leaves, many single, vivid orange flowers.
'Kali'	4'. Many single deep red fls, dark red leaves. Long bloom.
'Night and Day'	4'+. Many rosy purple flowers with white & yellow center.
'Night Fire'	4'. Many single violet fls. with red centers, summer-fall.
DICHELOSTEMMA	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials
^{CN} capitatum--Santa Cruz Is. giant	To 3'. Large clusters of lavender blue fls in spring.
^{CN} multiflorum	Wild hyacinth. Tight clusters of lav. blue fls, spring.
DIERAMA	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials
^{SA} pendulum var. robustum	Grass-like 2' lvs. 3-4' wand holds broad pink hanging fls.
^{SA} pendulum var. robustum--white	Grassy-bell. Broad white flowers, stiff leaves.
^{SA} pulcherrimum 'Merlin'	Fairy wand. Large dark red purple fls on drooping stems.
^{SA} pulcherrimum--Slieve Donard strain	Fairy wand; large rose to deep reddish purple bells.
^{SA} pulcherrimum 'Summer Snow'	Fairy wand; large snowy white bells on arching stems.
^{SA} pulcherrimum x pauciflorum	Dwarf. Leaves to 12"; up-facing pink bells.
EUCOMIS	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials
^{SA} autumnalis--purple leaf form	Pineapple lily; wavy-edged dark purplish lvs, fls.w/dk crown.
^{SA} comosa 'Sparkling Burgundy'	Pineapple lily; glossy red-purple leaves, spike/starry fls.
HABRANTHUS	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
brachyandrus	12". Large light rose pink fls have purple throat, summer.
robustus	Shiny, narrow leaves; 4" pink trumpets.
HAEMANTHUS	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
^{SA} albiflos	Clumping. Large thick leaves, brushes of white fls, winter.
^{SA} katherinae	Blood lily; long veiny leaves, lg. balls of orange red fls.
HIPPEASTRUM	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials
papilio	Butterfly amaryllis. Lg green/ivory fls, bold red markings.

Name	Description
IPHEION 'Rolf Fiedler' uniflorum 'Alberto Castillo' uniflorum ['Album'] uniflorum 'Frøyle Mill'	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Spring star flower. 8" blue-green leaves, bright blue fls. Spring star fl. Pure white fls larger than type. Spring blm. Spring star flower. 8" blue-green leaves, pure white fls. Spring star flower. 8" blue-green leaves, deep lav-blue fls.
LACHENALIA ^{SA} aloides 'Pearsonii' ^{SA} pendula	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Cape cowslip; pendant flowers gold with red & green. Cape cowslip; pendant coral red bells, winter. 8" stems.
LEDEBOURIA ^{SA} socialis	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials 6-8" clumps. Silver-grey lvs w/green spots, purple backs.
LILIUM ^{CN} 'Corralitos Hybrids' ^{CN} 'Firefly' ^{CN} pardalinum ^{CN} pardalinum 'Gualala Giant' ^{CN} parryi ^{CN} 'Pumpkin'	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials WGN native hybrids. 3'+ stem. Fragrant fls. rose to scarlet. 4'+. Red fls in summer. From Corralitos hybrids. Leopard lily. To 6'+; dark foliage, large orange flowers. Leopard Lily; 6'+; flowers dark orange & yellow. Lemon lily. Wonderfully fragrant yellow fls. in summer. 4'+. Orange fls in summer. From Corralitos hybrids.
MORAEA ^{SA} ramosissima	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Shiny, grasslike plant; sprays of yellow flowers.
NARCISSUS ^{ME} bulbocodium	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Hoop petticoat daffodil. 6-12" dainty clumps. Yellow fls.
NERINE ^{SA} bowdenii 'Wayne's Rose'	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials 2'; Amaryllis ally; large deep pink flowers, late summer.
OXALIS ^{SA} bowiei ^{SA} brasiliensis ^{SA} hirta	Family: Oxalidaceae (Wood Sorrel Family) Plant Type(s): Shrubs, Peren., Annuals 1', robust; large bright green leaves, large pink flowers. Clumping, to 1'; fresh green leaves, rose flowers. 8", bright green leaves; vivid rose pink fls. in fall.
RHODOHYPOXIS ^{SA} baurii 'Albrighton' ^{SA} baurii 'Dark Lights' ^{SA} baurii 'Glitterbug' ^{SA} baurii 'Great Scott' ^{SA} baurii 'Picta' ^{SA} baurii 'Pintado' ^{SA} baurii 'Tetra Red' ^{SA} baurii var. platypetala ^{SA} baurii 'Wintergreen Red'	Family: Hypoxidaceae (Star Grass Family) Plant Type(s): Cormous Perennials 4"; dense tuft; grassy leaves; deepest red fls. 4". Rose red starry flowers over short leaves, spring. SCN. 4". Large bright pink flowers age lighter pink. 3"; dense tuft; grassy leaves; many dark pink flowers. 4"; grassy tuft; many white flowers, marked red. 4". Grassy tufts. Fragrant pale pink fls., tipped deep red. 3"; dense grassy tuft; many large flowers. 3"grassy tuft. White flowers, outlined in deep pink. 4" h. Profuse growth, grassy leaves, red flowers.
RHODOPHALA bifida	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials 1'. Amaryllis ally. Red flowers in summer.
ROMULEA ^{SA} subfistulosa	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Grassy lvs; vivid rose purple fls., yellow/dark centers.
TRITELEIA ^{CN} hyacinthina ^{CN} laxa 'Queen Fabiola' ^{CN} peduncularis	Family: Liliaceae (Lily Family) Plant Type(s): Cormous Perennials CA native bulb to 2'+. Dense clusters white bowl-shaped fls. Ithuriel's spear. To 1'+; large blue purple trumpets. Long-rayed brodiaea; starburst clusters of white flowers.
TROPAEOLUM tuberosum--staked	Family: Tropaeolaceae (Nasturtium Family) Plant Type(s): Tuberous Perennials Rounded lvs; bright orange fls. summer-fall. Edible tubers.
VELTHEIMIA ^{SA} viridifolia	Family: Liliaceae (Lily Family) Plant Type(s): Bulbous Perennials Large bulb. Long, wavy leaves, many coral-pink tubular fls.

Name	Description
WATSONIA ^{SA} beatrix 'Coral Spires' ^{SA} beatrix--West Hills Hybrids ^{SA} gladioloides ^{SA} humilis ^{SA} intermedia	Family: Iridaceae (Iris Family) Plant Type(s): Cormous Perennials Evergreen, to 4'; coral-orange flowers. Evergreen clumps; summer flowers, dark red, orange, to pink. 2'. Erect green lvs; large orange trumpets. 6-12"; broad leaves; bright pink flowers, dark centers. 1-2', profuse; bright pink flowers with dark centers.
XANTHOSOMA 'Lime Zinger'	Family: Araceae (Arum Family) Plant Type(s): Tuberous Perennials Colocasia ally. Large arrow shaped lime yellow leaves.
ZEPHYRANTHES candida flavissima 'La Bufa Rosa' 'Prairie Sunset'	Family: Amaryllidaceae (Amaryllis Family) Plant Type(s): Bulbous Perennials Rain lily; dark green grassy leaves, white flowers. Glossy dark green lvs; bright golden yellow fls, summer. Rain lily with blue green lvs, lg. light pink fls, summer. Rain lily. Glossy green leaves, salmon to peach flowers.

Ferns and Fernlike Perennials

ADIANTUM ^{CN} capillus-veneris ^{CN} pedatum venustum	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns Southern maidenhair; lacy fronds to 1'+. Five-finger fern; large hand-like fronds. Himalayan maidenhair; lacy fronds to 1'+, semi-evergreen.
ASPARAGUS ^{SA} densiflorus 'Myers' ^{SA} 'Tidy Tim' ^{SA} virgatus	Family: Liliaceae (Lily Family) Plant Type(s): Fernlike Perennials 2' stiff stems, brushes of needle-like fluffy foliage. 12". Tight green fluffy tufts. Compact groundcover. 3'. Feathery evergreen perennial, smooth stems. Spreading.
ASPLENIUM scolopendrium 'Undulatum'	Family: Aspleniaceae (Spleenwort Family) Plant Type(s): Ferns Hart's tongue fern; fronds straplike to 18", wavy edges.
ATHYRIUM 'Ghost' 'Godzilla' niponicum 'Regal Red' niponicum 'Ursula's Red'	Family: Woodsiaceae (Cliff Fern Family) Plant Type(s): Ferns 30". Upright silvery fronds mature grey. Hybrid. Deciduous. 3'h/6'w. Erect silvery fronds. Hybrid of Jap. painted fern. Painted fern; Silvery fronds, red violet near stems. COPF. Painted fern; 1' red-purple, green + silvery fronds.
BLECHNUM ^{CH} chilense ^{NZ} occidentale ^{NZ} penna-marina ^{CN} spicant	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns To 3'+. Dark green fronds, creeping rhizomes. Evergreen. 1-2'. New fronds salmon pink, spreading clumps. To 6"h. Bronze new fronds. Small-leaves, carpeting. Deer fern; dark green narrow fronds+erect fertile fronds.
CHEILANTHES argentea ^{CN} covillei lanosa ^{AU} sieberi ^{WE} sinuata	Family: Pteridaceae (Brake Family) Plant Type(s): Ferns Silver cloak fern. Dark green fronds, silver undersides. Rock fern. Dense clumps, fuzzy, much-divided fronds. Rock fern from eastern U.S. Soft fuzzy grey-green fronds. Rock fern fr. Australia, New Zealand. Green lvs, dark stems. 6-18". Narrow dark green frilly fronds. Dryland fern.
DICKSONIA ^{AU} antarctica	Family: Dicksoniaceae (Dicksonia Family) Plant Type(s): Ferns Tasmanian tree fern; 10-20'; neat vertical green fronds.
DRYOPTERIS erythrosora	Family: Dryopteridaceae (Wood Fern Family) Plant Type(s): Ferns Autumn fern; 1'; glossy; new fronds bronze.
EQUISETUM hyemale var. robustum scirpoides	Family: Equisetaceae (Horsetail Family) Plant Type(s): Fernlike Perennials Horsetail. To 6'+. Stiff, upright, jointed stems. Miniature horsetail; 6" wiry, jointed stems, spreads.

Name	Description
NEPHROLEPIS biserrata 'Macho'	Family: Nephrolepidaceae (Boston Fern Fam.) Plant Type(s): Ferns Boston fern; lush bright green erect fronds to 3-4' +.
POLYPODIUM aureum 'Glaucum' ^{CN} californicum 'Sarah Lyman' guttatum	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns Hare's foot fern. To 4', upright. Large grey-green fronds. Native fern; dissected-leaf selection. Summer-deciduous. From Mexico; 8-12" thick, evergreen fronds.
POLYSTICHUM ^{WE} andersonii braunii lucuosum ^{CN} munitum polyblepharum setiferum	Family: Dryopteridaceae (Wood Fern Family) Plant Type(s): Ferns 2-3'. Dark green fronds with bulblet at frond tip. 2-3'. Semi-evergreen sword fern. Dark green fronds. Sword fern. 1' high. Evergreen, silvery green fronds. Western sword fern; large, thick dark green fronds. Tassel fern. Dense, lacy, 2'. Dark green fronds. 2'+. Crowns of finely dissected fronds.
PYRROSIA hastata lingua lingua--crested lingua 'Eboshi' lingua 'Variegata'	Family: Polypodiaceae (Polypody Family) Plant Type(s): Ferns Felt fern; creeping, with thick 3-lobed fronds. Felt fern; thick, undivided fronds, cinnamon backing. Felt fern; thick fronds splayed at ends. Felt fern. 6-8"; short, broad, very contorted fronds. Felt fern; dark green fronds with irregular yellow lines.
WOODWARDIA ^{CN} fimbriata unigemmata	Family: Blechnaceae (Deer Fern Family) Plant Type(s): Ferns Giant chain fern; coarsely cut 4-10' fronds. 3'h/7'w. Arching leathery fronds, red when new, then green.

Grasses, Sedges, and Rushes

ACHNATHERUM (SEE STIPA) species	Family: Poaceae	Plant Type(s): Grasses
ANEMANTHELE ^{NZ} lessoniana (Stipa arundinacea)	Family: Poaceae (Grass Family)	Plant Type(s): Grasses Graceful, evergreen orange and green grass, 2' +.
ARISTIDA ^{WE} purpurea	Family: Poaceae (Grass Family)	Plant Type(s): Grasses Clumps w/narrow blue-green lvs., airy purplish fls.
ARUNDO donax 'Golden Chain'	Family: Poaceae (Grass Family)	Plant Type(s): Grasses 5-7'. Lush erect grass, gold edge, green center leaves.
BAUMEA rubiginosa 'Variegata'	Family: Cyperaceae (Sedge Family)	Plant Type(s): Sedges To 18". Stiff, narrow yellow-striped lvs. Erect, spreading.
BOTHRIOCHLOA ^{CN} barbinodis	Family: Poaceae (Grass Family)	Plant Type(s): Grasses Cane bluestem. Clumping, with bluish lvs; silvery fl. tufts.
BOUPELOUA ^{WE} curtispendula ^{WE} gracilis ^{WE} gracilis 'Blonde Ambition' PP#22049	Family: Poaceae (Grass Family)	Plant Type(s): Grasses Clumping dryland grass with fine textured leaves, flowers. Blue grama. Leaves to 8". Grey eyelash-like flowers. Blue grama, larger. Lvs to 1', fl stems to 30". Blonde fls.
BRIZA media media 'Variegata'	Family: Poaceae (Grass Family)	Plant Type(s): Grasses Quaking grass; dense green clumps, ornamental fls. Quaking grass; cream striped lvs, "rattlesnake" flowers.
CALAMAGROSTIS acutiflora 'Karl Foerster' ('Stricta')	Family: Poaceae (Grass Family)	Plant Type(s): Grasses Very green grass, erect stems of purplish fls.

Name	Description
acutiflora 'Overdam'	Feather reed grass. To 2'+; white-variegated leaves.
brachytricha	To 30". Bright green lvs., clumping. Yellow in fall.
CN foliosa	Low blue-green clumps about 1'; arching fl. stems.
CN nutkaensis	Pacific reed grass. Wide bright green lvs, clumping, to 4'.
CAREX	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges
NZ albula 'Frosted Curls'	New Zealand hair sedge; silvery green, 1'+ curly pigtail tip.
brunnea (elegantissima) 'Variegata'	To 1'+; dense clumps; cream-yellow variegated leaves.
NZ comans 'Olive Oil'	Reddish hummocks to 1'. Long trailing stems.
divulsa	Eurasian grey sedge; to 2'; deep green leaves.
dolichostachya 'Kaga Nishiki'	Mounding; green leaves have golden edges.
elata 'Bowles' Golden'	Golden sedge. Dense, to 2'+. Yellow leaves, green centers.
flacca (glauca)	Blue sedge; to 1'+; leaves bright blue-grey, spreading.
laxiculmis 'Hobb' Bunny Blue TM	8-12". Evergreen, slowly spreading. Wide blue-green leaves.
morrowii 'Gold Band'	Wide, green leaves with gold edges have firm texture.
morrowii 'Ice Dance'	Shiny green lvs have cream edges; rhizomatous form.
oshimensis 'Evergold'	8-12" fountain. Soft yellow-variegated leaves.
CN pansa	Low, dense, spreading native sedge. Glossy green leaves.
CN praegracilis	Western meadow sedge. Rhizomatous, lawn substitute.
remota	European meadow sedge. Fine texture, for moist shade.
CN spissa	San Diego sedge. Upright blue grey clumps to 4'+.
NZ tenuiculmis	Clumping, 1'h/2'+w. Shiny bronze leaves with red highlights.
NZ testacea	1'+ sedge. Olive green with orange tips.
NZ trifida 'Rekohu Sunrise' PP#20512	2-3'. Evergreen. Green lvs, gold edges. Weeping habit.
CN tumulicola	10". Dark green narrow leaves. True CA species.
CHIONOCHLOA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
NZ flavicans	Tussock grass. To 4'+. Dense dark green clumps.
NZ rubra	Red tussock grass. To 4'+. Dense red brown clumps.
CYPERUS	Family: Cyperaceae (Sedge Family) Plant Type(s): Sedges
SA papyrus	Papyrus. 6-10'. Good for poolside, containers.
SA textilis	Graceful sedge. 4'+ stems, umbrella tips.
DANTHONIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
CN californica	California oatgrass. Clumping, bright green lvs, dry shade.
DESCHAMPSIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
cespitosa 'Goldgehaenge'	3' golden flower stems. Compact bright green bunchgrass.
cespitosa 'Northern Lights'	Compact bunchgrass. Short varieg. lvs, tall graceful stems.
ELEOCHARIS	Family: Cyperaceae (Sedge Family) Plant Type(s): Rushlike Sedges
radicans	Spreading, w/2-3" erect bright green stems. Needs moisture.
ELYMUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
magellanicus--upright form	Wide, shiny silver blue lvs. on a densely clumping grass.
FESTUCA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
amethystina 'Superba'	Dark blue-green foliage, 1-2' flower stems hold silver fls.
CN californica	Dense clumps to 2', deep green lvs, fl. stems to 4'.
CN californica 'Gabilan Blues'	Seed strain with blue grey lvs; densely clumping.
glauca 'Beyond Blue' PP#23307	Blue fescue. Fine blue lvs in dense tuft.
glauca 'Elijah Blue'	8"+. Blue fescue. Med. textured soft powdery blue foliage.
glauca 'Siskiyou Blue'	Bunchgrass. Bright blue-green leaves, delicate flowers.
WE idahoensis 'Clearwater Blue'	Idaho fescue. Dense clumps of bright blue lvs, airy fls.
CN idahoensis 'Muse Meadow'	Dense clump. Fine blue-green leaves, silvery flowers.
CN idahoensis 'Stony Creek'	Tilden Bot. Garden intro. 2'+, brightest blue leaves.
CN idahoensis 'Tomales Bay'	Deep blue green bunchgrass; airy fls. in spring.
CN idahoensis 'Warren Peak'	Compact tufts. Blue leaves, shiny stems & flower heads.
mairei	Atlas fescue. 2-3'. Narrow light green lvs, tidy clumps.
CN rubra 'Jughandle'	Short sturdy stems form thick tuft. Chalky blue-green lvs.
CN rubra 'Molate'	8-10". Clumping, spreads slowly. Fine blue-green leaves.
CN rubra 'Patrick's Point'	Creeping red fescue. Blue green lvs form loose mat.
HAKONECHLOA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
macra 'Albovariegata'	2'+. Drooping green leaves with cream striping; clumping.

Name	Description
macra 'All Gold'	To 2'. Drooping golden leaves; graceful clumps.
macra 'Aureola'	Elegant small grass; leaves pink, yellow, green.
macra 'Fubuki' PP#21757	To 2'. Green & white lvs, new growth flushed pink.
HARPOCHLOA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{SA} falx	African caterpillar grass. Clumping, green lvs, black fls.
HELICTOTRICHON	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} sempervirens	Blue oat grass. 18" t. Feathery flower heads, blue foliage.
^{ME} sempervirens 'Sapphire'	Blue oat grass. 18" foliage mound. Blue-grey leaves.
IMPERATA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
cylindrica 'Rubra'	Blood grass; 1'; upright red-tinged leaves.
JUNCUS	Family: Juncaceae (Rush Family) Plant Type(s): Rushes
'Carman's Japanese'	Clumping, evergreen, fine textured leaves, tan seeds.
^{WE} effusus 'Bay Blue'	18". Dense clumps of blue grey leaves. Moist soils.
^{WE} effusus 'Quartz Creek'	Dark green rush with stiffly erect form. Slowly spreading.
^{CN} patens	Native rush, stiff clumps; dark grey green stems to 3'.
^{CN} patens 'Elk Blue'	Native rush. Dense clumps, blue grey stems to 18".
LEYMUS (ELYMUS)	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} condensatus 'Canyon Prince'	Thicketing grass, to 2'; grey-green leaves.
^{CN} triticoides 'Grey Dawn'	Colonizing grass with narrow soft grey erect stems to 2'+.
^{CN} triticoides 'Lagunita' TM	Spreading, thickets; slender stems to 1'+; bright green lvs.
LYGEUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} spartum	False esparto grass. 2-3'. Fine grey lvs, distinctive fls.
MELICA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} imperfecta	Clumping bright green CA bunchgrass; fl. stem to 2'.
MELINIS (RHYNCHELYTRUM)	Family: Poaceae Plant Type(s): Grasses
^{SA} nerviglumis	Ruby grass. Fine textured grey-green lvs; silky pink fls.
MISCANTHUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{SA} junceus	5-6'. Stiff starburst form, blue green lvs. Evergreen.
sinensis 'Cabaret'	6'+. Lush green and creamy white lvs. Fls late summer.
sinensis 'Gold Bar' PP#15193	4-5'. Green leaves with many gold bands. Fall flowers.
sinensis 'Morning Light'	Japanese silver grass. Narrow leaves with white varieg.
sinensis 'Yaku Jima'	Japanese silver grass. 3' t., compact. Leaves turn red-fall.
transmorrissonensis	Formosa maiden grass. 4-5'h. Evergreen leaves, drooping fls.
MUHLENBERGIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
capillaris	Hairy awn muhly. Airy rose flower panicles, late summer.
capillaris 'White Cloud'	Erect clumps 3-4'. Airy white flower panicles, late summer.
^{WE} dubia	3' fl. spikes, foliage to 18". Dwarf deer grass. Tan flowers.
^{WE} dumosa	Bamboo muhly. 3-6' high; slender stems, fine leaves.
^{WE} emersleyi	To 2'. Grey-green, tightly clumping; purplish-grey fls.
^{WE} lindheimeri	Lindheimer muhly; 4' clump; bluish leaves, silvery fls.
'Pink Flamingo'	3'+ clump. Narrow grey-grn lvs; showy pink plumes, summer.
pubescens	Wide blue-grey blades are softly hairy; dense 2' clump.
^{CN} rigens	Deer grass. Flower stems to 5'+. Dense rounded clumps.
NASELLA (SEE STIPA)	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} species	
PENNISETUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
alopecuroides 'Little Bunny'	Dwarf fountain grass, fls to 18". Yellow foliage in fall.
alopecuroides 'Moudry'	Black-flowering pennisetum; 18-26" h/w.
'Fairy Tails'	3-5'. Glossy green leaves; tan plumes, summer. Sterile.
orientale	Oriental fountain grass; 18" h/w, pink foxtails.
orientale 'Tall Tails'	Stems to 6', fluffy fl. heads droop; bright green leaves.
setaceum 'Cupreum'	Fountain grass; 2'+; bronze leaves & stems.

Name	Description
setaceum 'Eaton Canyon'	Low clumps, purplish foliage, pink feathery flowers.
setaceum 'Fireworks' PP#18504	New lvs red/green/pink/white, older lvs red. Burgundy fls.
spathiolum (sphacelatum?)	Evergreen, clumping. Lvs to 18", slender fl. stems to 2-3'.
setaceum 'Sky Rocket' PP#21497	Fountain grass. Green lvs with white edge. Pink plumes.
PIPTOCHAETIUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{WE} fimbriatum	Pinyon ricegrass. Fine texture bunchgrass for dry shade.
POA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{NZ} cita	To 2'. Dense tawny green clumps, arching fl. stems.
SCHIZACHYRIUM	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{WE} scoparium 'The Blues'	Little bluestem. Clumping to 2-4', erect form.
SCIRPUS (ISOLEPIS)	Family: Cyperaceae (Sedge Family) Plant Type(s): RushlikeSedges
cernuus	Fiber optics grass; vivid light green threadlike stems.
SESLERIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{ME} autumnalis	Autumn moor grass. 18"; compact; light green.
caerulea	Blue moor grass; low clumps, green & silvery blue leaves.
'Greenlee Hybrid'	1'. Low tidy blue green clumps, pinkish fls.
SPOROBOLUS	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} airoides	Alkali dropseed. Clumps to 2'+; airy fl. clusters.
^{WE} wrightii 'Windbreaker'	Los Lunas form. 8-10'+. Especially robust.
STIPA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
^{CN} cernua (Nassella c.)	Nodding feather grass. 2'h/w. Airy flowers.
^{CN} coronata (Achnatherum c.)	CA bunch grass. Green lvs; narrow fl. stems to 4'+, erect.
^{ME} gigantea	Giant needle grass; 4-6' golden fl. stems.
^{ME} gigantea 'Little Giant'	SCN sel. Clumps to 1'; fl. stem to 3'. Shiny golden flowers.
^{CN} hymenoides (Achnatherum h.)	Indian ricegrass. Low clumps; distinctive fl. heads.
ichu	2-3'. Fine green lvs, erect clump. Fluffy cream flowers.
^{CN} lepidia (Nassella l.)	Foothill needlegrass. 1-2'h/w. Narrow lvs, clumps. Airy fls.
^{CN} pulchra (Nassella p.)	Purple needlegrass. 2'h/w. Strong clumps, airy fls.
THEMEDA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
triandra Blu Roo TM PPAF	8" high, spreading clumps. Arching wide blue green leaves.
VETIVERIA	Family: Poaceae (Grass Family) Plant Type(s): Grasses
zizanioides	Clumping, to 6'. Used in perfumes, medicine, baskets.

Succulent Perennials and Shrubs

AEONIUM	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{ME} arboreum 'Purpureum'	Round red-purple rosettes on sturdy stems. Yellow fls.
^{ME} haworthii	Pinwheel. 1-2'. Many blue-green 3" rosettes, well branched.
AGAVE	Family: Agavaceae (Agave Family) Plant Type(s): Succulent Perennials
bracteosa 'Calamar'	18" pale green rosette. 3-5' spike, white fls. Slow.
^{WE} gracilipes	2'h/3'w. Grey green tooth-edged rosettes, hardy.
x leopoldii	1'h/w. Lvs edged with curly white hairs. Tight habit.
nizandensis	12-18". Narrow green lvs, central yellow stripe. Green fls.
^{WE} parryi	Century plant. Grey green toothed rosettes, 10'+ fl. stem.
vilmoriniana	Octopus agave. Large, low fleshy rosettes, flower stem 10'.
ALOE	Family: Aloaceae (Aloe Family) Plant Type(s): Succulent Peren., Shrubs
^{SA} arborescens	Torch aloe. To 6'. Spikes of orange flowers in winter.
^{SA} arborescens--yellow fl.	Torch aloe. To 6'. Spikes of yellow fls in winter.
^{SA} 'Blue Elf'	15-18" clump. Blue green leaves, orange red flowers.

Name	Description
^{SA} cooperi	Grass aloe, to 18". Coral fls. in summer, low green leaves.
^{SA} fosteri	2' rosette, streaked green lvs. Fl. stem to 5', orange fls.
^{SA} humilis	Spider aloe. 8" rosette, bumpy grey-green lvs. Orange fls.
^{SA} 'Johnson's Hybrid'	To 1'. Bright orange fl. spikes for many months, spreading.
^{SA} striatula	To 5'; clumping; dark green lvs, yellow fl. spikes, summer.
'White Fox'	To 20" h/w. Pale green rosettes streaked shining white.
BULBINE	Family: Liliaceae (Lily Family) Plant Type(s): Succulent Perennials
^{SA} frutescens	Clumping succulent, narrow green lvs; spikes of yellow fls.
^{SA} frutescens 'Hallmark'	Many trailing stems. Succulent leaves. Orange flowers.
COTYLEDON	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{SA} orbiculata var. oblonga	Succulent broad grey lvs; clusters of tubular orange fls.
^{SA} 'Silver Storm' TM	18"h/w. Wide silver leaves on densely branching shrublet.
CRASSULA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{SA} ovata 'Hummel's Sunset'	2-3'. Green/gold leaves with red edge. Cream fls.
DELOSPERMA	Family: Aizoaceae (Carpetweed Family) Plant Type(s): Succulent Perennials
^{SA} congestum	Hardy succulent. Tight green clump; bright yellow flowers.
^{SA} Fire Spinner TM	Flat, hardy. Bright fls orange w/ violet then ivory ctr.
^{SA} 'Jewel of Desert Moonstone' PP#23491	Pure white fls tipped yellow in center. Flat mat.
^{SA} 'Jewel of Desert Peridot' PP#23566	Low hardy mat. Small lvs, yellow fls with white center.
^{SA} 'Jewel of Desert Topaz' PP#23492	Matting, hardy. Small lvs, caramel fls with pale center.
^{SA} Mesa Verde TM 'Kelaidis' PP#13876	Salmon pink fls spring-fall. "Jelly bean" leaves, flat mat.
^{SA} 'Orange Wonder' PPAF	Flat growing, green lvs. Bright orange flowers.
^{SA} Red Mountain TM Flame	Vivid red-orange flowers in summer, flat mat.
DUDLEYA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
brittonii	1'+. Broad silvery-white rosette, succulent leaves. Baja.
^{CN} caespitosa	Dense clusters of succulent rosettes, yellow fls. Spreading.
^{CN} cymosa	Live-forever; succulent rosettes, red to yellow flowers.
^{CN} cymosa ssp. pumila	Petite grey to reddish rosettes, red to yellow flowers.
^{CN} edulis	Live-forever. Succulent green rosettes, cream fls.
^{CN} farinosa	Cliff lettuce. Green rosettes in clumps. Pale yellow fls.
^{CN} hassei	Live-forever; tightly clumping, cylindrical greyish leaves.
^{CN} lanceolata	Rosettes of narrow grey-white lvs; yellow fls.
^{CN} pulverulenta	Large crowns; broad, whitish, succulent leaves.
ECHEVERIA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
'Afterglow'	12"+ rosettes with pinkish lavender lvs, rosy edges.
cante	12" high. Broad blue green rosette. Golden orange fls.
'Imbricata'	Broad blue-grey rosettes, pink edges. Coral/yellow fls.
EUPHORBIA	Family: Euphorbiaceae (Spurge Family) Plant Type(s): Trees to Annuals
^{SA} mauritanica	2-3'. Erect succulent blue green stems, yellow fls.
resinifera	Moroccan mound. 2'. Succulent knobby blue-grn columns.
X GASTERALOE	Family: Aloaceae (Aloe Family) Plant Type(s): Succulent Perennials
'Green Ice'	To 6". Cupped green leaves w/white streaks, edges. Dense.
GRAPTOPETALUM	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
paraguayense	Ghost plant. Spreading, peachy grey green rosettes.
GRAPTOSEDUM	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
'Vera Higgins'	Tidy succulent, 6"high, reddish bronze rosettes. Yellow fl.
GRAPTOVERIA	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
'Debbie'	Blue-grey/smokey purple rosettes, peach fls.
LEWISIA	Family: Portulacaceae (Montiaceae) Plant Type(s): Succulent Perennials
^{CN} 'Dark Cloud'	SCN seed strain; flowers deep rose.
^{CN} 'Pink Cloud'	SCN, 8" fl. sprays. Large bright pink fls.
^{CN} 'Rainbow'	Single to semi-double flowers, white, pink, red, yellow.

Name	Description
^{CN} 'White Cloud'	SCN. Succulent rosettes, sprays of white flowers.
SEDUM	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
acre 'Elegans'	3"h/1'w mat. Tiny green lvs w/cream variegation. Yellow fls.
album	Flat growing, dense. Green "jelly bean" leaves, white fls.
album 'Coral Carpet'	New "jelly bean" lvs coral then green, red in winter.
album 'Nigra'	4" high. Small fat green leaves darken in winter. Cream fls.
'Bertram Anderson'	Thick purplish leaves make low mass; dark pink fls. summer.
cauticola 'Lidakense'	6". Round blue-grey lvs, heads of dark rose fls, fall.
forsterianum 'Oracle'	4-5". Narrow grey-green leaves, dense. Gold fls, summer.
hakonense 'Chocolate Ball'	6-8"h/1-2'w. Chocolate lvs flushed reddish, yellow fls.
^{CN} lanceolatum	Matting succulent; narrow grey leaves; yellow fls.
'Lime Zinger' PP#24632	6". Round blue-green leaves edged rose. Heads of pink fls.
makinoi 'Ogon'	Very low golden mat; yellow flowers.
'Matrona'	Broad purplish grey lvs+ stems. Soft pink fl. heads, summer.
oaxacantum	3"h/1-2'w. Small, fat green leaves on red stems, yellow fls.
pachyclados	Low evergreen mat; round blue-green lvs; cream fls.
reflexum 'Blue Spruce'	Blue narrow leaves form low mat, yellow fls in summer.
'Rose Glow'	Low, spreading. Purple-tinged leaves, purplish rose fls.
rupestre 'Angelina'	Spreading, with narrow bright yellow lvs, flowers.
sieboldii	Low, spreading. Scalloped leaves, rosy flowers, fall.
^{CN} spathulifolium 'Cape Blanco'	Matting succulent; rosettes of grey leaves.
^{CN} spathulifolium 'Purpureum'	Tight mat; purple-tinged leaves, yellow flowers.
spectabile 'Brilliant'	To 2'. Thick stems, large lvs, broad clust. bright pink fls.
spurium 'John Creech'	Matting succulent; green leaves, pink flowers.
spurium 'Voodoo'	Matting, dark red lvs, deep rose pink flowers.
telephium 'Autumn Joy'	To 20" flower stem. Fall-blooming coppery-rose flowers.
'Vera Jameson'	Low, spreading. Large purple-tinged leaves, rosy flowers.
SEMPERVIVUM	Family: Crassulaceae (Stonecrop Family) Plant Type(s): Succulent Perennials
^{ME} arachnoideum 'Cebanese'	Cobweb houseleek; prolific selection; large crowns.
'Black Prince'	Red violet rosettes have grey-green tips. Pink fls.
'Blue Boy'	Blue grey rosettes, rose tinted leaf edges.
'Commander Hay'	Broad rosettes, red purple centers, green tips. Pink fls.
'Flamingo'	Lightly furry greyish rosettes, pinkish flush esp. backlit.
'Gizmo'	Dark olive grey rosettes with red tips. Red violet fls.
'Green Wheel'	Tight tidy rosettes to 4" across of rich medium green lvs.
'Jungle Shadows'	Broad grey rosettes, burgundy tips. Deep burgundy/winter.
'Pistachio'	Very broad blue-green rosettes, pink fls. summer.
'Rita Jane'	Houseleek. Dense clusters of rosettes w/red tips&colder lvs.
'Rubicon'	Very glossy red purple smallish rosettes; subtle green tips.
'Serena'	Tight blue green rosettes, pink tips, rose pink fls.
'Spring Beauty'	Bright light green rosettes; rose pink flowers.
tectorum 'Greenii'	Tight, round rosettes; green leaves tipped shiny red.
SENECIO	Family: Asteraceae (Sunflower Family) Plant Type(s): Trees to Annuals
^{SA} mandraliscae	Blue pickle. Succulent round leaves, spreading. White fls.
^{SA} talinoides 'Jolly Gray'	Succulent 5" grey lvs erect; spreading stems. Cream fls.
